INFORMATION ABOUT THE 2018 ANNUAL MEETING AND VOTING

The Annual Meeting

The annual meeting will be held on June 7, 2018 at our corporate office, 10706 Beaver Dam Road, Hunt Valley, Maryland 21030 at 10:00 a.m. local time.

This Proxy Solicitation

For most of our shareholders, we are furnishing proxy materials including this proxy statement and our 2017 annual report to shareholders, which includes our Annual Report on Form 10-K for the year ended December 31, 2017, to each person who was an owner of our common shares as of the close of business on March 15, 2018 by providing access to such documents on the Internet instead of mailing printed copies unless you previously requested to receive these materials by mail or e-mail. On or about April 26, 2018, we mailed to most of our shareholders who have not previously requested to receive these materials by mail or e-mail a “Notice of Internet Availability of Proxy Materials” (“Notice”) containing instructions on how to access and review this proxy statement and our annual report and how to submit votes on the Internet or by telephone. You cannot vote by marking the Notice and returning it. If you received the Notice by mail, you will not automatically receive a printed copy of our proxy materials or annual report unless you follow the instructions for requesting these materials included in the Notice.

We are sending you this proxy statement because our Board of Directors is seeking a proxy to vote your shares at the annual meeting. This proxy statement is intended to assist you in deciding how to vote your shares. Proxy materials are also available at <http://www.astproxyportal.com/ast/26141>.

We are paying the cost of soliciting these proxies. Our directors, officers and employees may request proxies in person or by telephone, mail, or letter. We will reimburse brokers and other nominees for their reasonable out-of-pocket expenses for forwarding proxy materials to beneficial owners of our common shares.

Voting Your Shares

Shareholders of Record. You may vote your shares at the annual meeting either in person or by proxy. To vote in person, you must attend the annual meeting and obtain and submit a ballot. Ballots for registered shareholders to vote in person will be available at the annual meeting. If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the registered holder of those shares. As the registered stockholder, you can ensure your shares are voted at the meeting by completing, signing, dating and returning the enclosed proxy card in the envelope provided.

If you complete the proxy card, except for the voting instructions, then your shares will be voted FOR each of the director nominees identified on the proxy card and FOR ratification of the selection of PricewaterhouseCoopers, LLP as our independent registered public accounting firm for 2018.

We have described in this proxy statement all the proposals that we expect will be made at the annual meeting. If either a shareholder or we properly present any other proposal at the meeting, we will use your proxy to vote your shares on the proposal in our best judgment.

Your proxy card will be valid only if you sign, date and return it in time for it to be received by us before the annual meeting scheduled to be held on June 7, 2018.

Beneficial Owners. Most of our stockholders hold their shares through a broker, bank, trustee or another nominee, rather than registered directly in their name (which is often referred to as “street name”). In that case, you are considered

the beneficial owner of shares held in street name, and the proxy materials, including a notice enabling you to receive proxy material through the mail, are being forwarded to you by your broker, bank, trustee or nominee. As the beneficial owner, you are entitled to direct the voting of your shares by your intermediary. Brokers, banks and nominees typically offer telephonic or electronic means by which the beneficial owners of shares held by them can submit voting instructions, in addition to the traditional mailed voting instruction cards. If you are a beneficial owner of shares, you cannot vote in person at the annual meeting unless you have a proper power of attorney from your broker. Votes directed through a broker must be received by us before the annual meeting.

If you hold your shares in street name with a broker and you do not tell your broker how to vote or provide the broker with a voting instruction form, your broker cannot vote on your behalf for the election of director nominees (Proposal 1).

Revoking Your Proxy

If you decide to change your vote, you may revoke your proxy at any time before it is voted at the annual meeting. You may revoke your proxy by any one of three ways:

you may notify our Secretary in writing that you wish to revoke your proxy at the following address: Sinclair Broadcast Group, Inc., 10706 Beaver Dam Road, Hunt Valley, Maryland, 21030, Attention: J. Duncan Smith, Vice President and Secretary. We must receive your notice before the time of the annual meeting;

you may submit a proxy dated later than your original proxy; or

you may attend the annual meeting and vote, but merely attending the annual meeting will not by itself revoke a proxy; you must: (i) obtain a ballot and vote your shares to revoke the proxy; and (ii) in the case of shares held in street name, you must obtain a proper power of attorney from your broker to vote your shares.

Vote Required for Approval

Shares Entitled to Vote. On March 15, 2018 (the record date), the following shares were issued and outstanding and had the votes indicated:

76,509,574 shares of Class A Common Stock, each of which is entitled to one vote on each of the proposals; and
25,670,684 shares of Class B Common Stock, each of which is entitled to ten votes on each of the proposals.

Quorum. A majority of the outstanding shares of common stock entitled to vote, or a “quorum,” must be present at the annual meeting in order to transact business. A quorum will be present if 166,608,208 votes are represented at the annual meeting, either in person (by the shareholders) or by proxy. If a quorum is not present, a vote cannot occur. In deciding whether a quorum is present, abstentions and broker non-votes (where a broker or nominee is not permitted to vote on a matter and has not received voting instructions from the beneficial owner) will be counted as shares that are represented at the annual meeting.

Votes Required. The votes required on each of the proposals are as follows:

Proposal 1: Election of Eight Directors	The eight nominees for director who receive the most votes will be elected. This is called a “plurality.” If you indicate “withhold authority to vote” for a particular nominee on your proxy card, your vote will not count either for or against the nominee. Broker non-votes are not counted as votes cast for nominees for director and will not affect the outcome of the proposal.
Proposal 2: Ratification of Selection of Independent Registered Public Accounting Firm	The affirmative vote of a majority of the votes cast at the annual meeting is required to ratify the Audit Committee’s selection of the independent registered public accounting firm. If you abstain from voting, your abstention will not count as a vote cast for or against the proposal.
Additional Information	

We are making available our annual report for the year ended December 31, 2017, including consolidated financial statements, to all shareholders entitled to vote at the annual meeting together with this proxy statement. The annual report includes details on how to get additional information about us. The annual report does not constitute a part of the proxy solicitation material. Proxy materials are also available to registered shareholders and to beneficial owners at <http://www.astproxyportal.com/ast/26141>.

PROPOSAL 1: ELECTION OF DIRECTORS

Nominees for election to the Board of Directors are:

David D. Smith
Frederick G. Smith
J. Duncan Smith
Robert E. Smith
Howard E. Friedman
Daniel C. Keith
Martin R. Leader
Lawrence E. McCanna

Each director will be elected to serve for a one-year term, unless he resigns or is removed before his term expires, or until his replacement is elected and qualified. Each of the nominees listed above is currently a member of the Board of Directors and each of them has consented to serve as a director if elected. More detailed information about each of the nominees is available in the section of this proxy statement titled Directors, Executive Officers and Key Employees.

If any of the nominees cannot serve for any reason (which is not anticipated), the Board of Directors may designate a substitute nominee or nominees. If a substitute is nominated, we will vote all valid proxies for the election of the substitute nominee or nominees. Alternatively, the Board of Directors may also decide to leave the board seat or seats open until a suitable candidate or candidates are located, or it may decide to reduce the size of the Board.

The Amended and Restated Certificate of Incorporation provides that our business shall be managed by a Board of Directors of not less than three and not more than thirteen directors with the number of directors to be fixed by the Board of Directors from time to time. The Board of Directors has presently established the size of the Board at eight members. Proxies for the annual meeting may not be voted for more than eight nominees.

Messrs. David D. Smith, J. Duncan Smith, Robert E. Smith and Dr. Frederick G. Smith (collectively, the "Controlling Shareholders") are brothers and have entered into a stockholders' agreement pursuant to which they have agreed to vote for each other as candidates for election to the Board of Directors until December 31, 2025. The Controlling Shareholders own collectively 74.8% of the total voting power as of March 31, 2018.

The Board of Directors recommends a vote FOR each of the nominees to the Board of Directors.

PROPOSAL 2: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has sole responsibility for the selection of our independent registered public accounting firm and has appointed PricewaterhouseCoopers, LLP (PricewaterhouseCoopers) as our independent registered public accounting firm for the fiscal year ending December 31, 2018. The Board of Directors recommends ratification of this appointment by the shareholders. If the shareholders do not ratify the appointment of PricewaterhouseCoopers, the Audit Committee will reevaluate the engagement of the independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee, in its discretion, may nevertheless appoint another independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the shareholders. PricewaterhouseCoopers audited the Company's financial statements for the fiscal year ended December 31, 2017.

A representative of PricewaterhouseCoopers is expected to attend the annual meeting. The PricewaterhouseCoopers representative will have the opportunity to make a statement if he or she desires to do so and will be able to respond to appropriate questions from shareholders.

The Board of Directors recommends a vote FOR ratification of the appointment of PricewaterhouseCoopers, LLP.

By virtue of a stockholders' agreement by and among David D. Smith, Dr. Frederick G. Smith, J. Duncan Smith and Robert E. Smith, each of the Smith brothers is required to vote all of his Class A and Class B Common Stock in favor of the other Smith brothers to cause their election as directors. Consequently, each of the Smith brothers may (a) be deemed to beneficially own the shares of common stock individually owned by the other Smith brothers. Nevertheless, each of the Smith brothers disclaims beneficial ownership of the shares owned by the other Smith brothers.

Percent of Class A Common Stock beneficially owned is the number of shares of Class A Common Stock beneficially owned divided by the sum of (i) number of shares of Class A Common Stock outstanding plus (ii) any (b) Class B Common Stock individually held plus (iii) any options and stock-settled stock appreciation rights (SARs). The percentage of beneficial ownership assumes Class B Common Stock individually held plus any options and SARs are outstanding for the respective party, but not any other party.

Holders of Class A Common Stock are entitled to one vote per share and holders of Class B Common Stock are entitled to ten votes per share except for votes relating to "going private" and certain other transactions. The Class A Common Stock and the Class B Common Stock vote together as a single class except as otherwise may be required (c) by Maryland law on all matters presented for a vote. Holders of Class B Common Stock may at any time convert their shares into the same number of shares of Class A Common Stock. This column sets forth the voting power each reporting person has on the matters on which shares of Class B Common Stock have ten votes per share, and the voting power the reporting persons as a group have on such matters.

Includes 7,211,072 shares of Class B Common Stock beneficially owned, each of which is convertible into one share of Class A Common Stock, 119,592 shares of Class A Common Stock issued upon the exercise of 200,000 SARs on March 22, 2017, and 10,847 shares of Class A Common Stock held in the 401(k) Plan. Also includes 366,560 shares of Class A Common Stock held in custodial accounts and irrevocable trusts established by David D. Smith for the benefit of family members, of which he is a custodian or co-trustee, 161,353 shares in a limited liability company controlled by David D. Smith, 354,000 held in trust for the David Smith Family Foundation, and shares of Class A Common Stock related to 2,835,000 outstanding SARs with exercise prices ranging from \$11.68 to \$35.70. The number of shares of Class A Common Stock that would be issued upon exercise of the SARs is (d) determined by dividing the amount from the difference between the aggregate market value of the shares underlying the SARs and the aggregate exercise price of the SARs by the market share price on the date of exercise. There would have been 753,390 shares of Class A Common Stock issued, assuming that all of the outstanding SARs were exercised on March 31, 2018 based on the closing value of Class A Common Stock on April 2, 2018, the first trading day after March 31, 2018, of \$30.00 and the underlying exercise prices of the SARs. The shares of Class B Common Stock include 1,000,000 shares, held in irrevocable trusts established by David D. Smith for the benefit of family members. David D. Smith also holds 59,172 unvested restricted shares at March 31, 2018.

Includes 7,073,466 shares of Class B Common Stock beneficially owned, each of which is convertible into one share of Class A Common Stock, 185 shares of Class A Common Stock, and 9,987 shares in the 401(k) Plan. The shares of Class A Common Stock include 22,580 shares, held in custodial accounts established by J. Duncan Smith (e) for the benefit of family members, of which he is the custodian. The shares of Class B Common Stock include 637,154 shares, held in irrevocable trusts established by J. Duncan Smith for the benefit of family members, of which he is a co-trustee.

Includes 6,474,806 shares of Class B Common Stock beneficially owned, each of which is convertible into one share of Class A Common Stock, 12,000 shares of Class A Common Stock, 4,000 shares of Class A Common (f) Stock in a jointly held account with immediate family members, and 654 shares of Class A Common Stock held in the 401(k) Plan. The shares of Class B Common Stock include 145,000 shares held in an irrevocable trust established by Robert E. Smith for the benefit of family members, of which he is the trustee.

Includes 4,000,000 shares of Class B Common Stock beneficially owned, each of which is convertible into one (g) share of Class A Common Stock, 50,153 shares of Class A Common Stock, and 10,046 shares of Class A Common Stock in the 401(k) Plan.

Includes 375,000 outstanding stock options with exercise prices ranging from \$27.36 to \$33.85, 458 shares of Class A Common Stock held in the 401(k) Plan, and shares of Class A Common Stock related to 225,000 outstanding SARs with an exercise price of \$33.80. The number of shares of Class A Common Stock that would be (h) issued upon exercise of the SARs is determined by dividing the amount from the difference between the aggregate market value of the shares underlying the SARs and the aggregate exercise price of the SARs by the market share price on the date of exercise. There would have been no shares of Class A Common Stock issued, assuming that all of the

outstanding SARs were exercised on March 31, 2018 based on the closing value of Class A Common Stock on April 2, 2018, the first trading day after March 31, 2018, of \$30.00 and the underlying exercise prices of the SARs. See Compensation Discussion and Analysis, Employment Agreements, for more information. Christopher S. Ripley also holds 59,172 unvested restricted shares at March 31, 2018.

CORPORATE GOVERNANCE

Board of Directors and Committees. In 2017, the Board of Directors held a total of nine meetings. All directors attended at least 78% of the meetings of the Board of Directors and all committees of the Board of Directors on which they served. All directors, with the exception of Messrs. McCanna and Friedman, attended the Annual Meeting held on June 1, 2017. It is the Board's policy that the directors should attend our annual meeting of shareholders, absent exceptional cause.

The committees of the Board of Directors include an Audit Committee and a Compensation Committee and from time to time special committees formed by the Board of Directors as may be necessary.

Board Leadership Structure and Risk Oversight. David D. Smith served as both the Chairman of the Board of Directors and Executive Chairman during 2017. Mr. Smith's performance is reviewed annually by the Compensation Committee, which reports results to the Board of Directors. The Compensation Committee consists of four directors, all of whom are independent pursuant to the Nasdaq Stock Market rules (the Nasdaq listing requirements). The Board of Directors appoints an independent director to preside over special committee meetings; however, no lead independent director of the Board of Directors exists. The Company deems this leadership structure appropriate for our Controlled Company (see Controlled Company Determination below) as it promotes efficient communication between management and the Board of Directors as well as between the various board committees and the Board of Directors while monitoring effective independent board oversight over the Executive Chairman, Chief Executive Officer and the Company's risks. While the Company's management is charged with managing the Company's day-to-day risks, the Company's financial risk oversight is primarily conducted by the Audit Committee, which consists entirely of independent directors for purposes of Nasdaq listing requirements and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act). The Audit Committee reports financial risk oversight matters to the Board of Directors based on committee assessments and periodic reports from management. The Compensation Committee provides risk oversight concerning our compensation policies and practices. The Board of Directors with the assistance of management is responsible for all other risk oversight measures.

Risk Assessment of Compensation Policies and Practices. One of the Company's primary sources of revenue is advertising which it sells to a large variety of customers. The Company does not pay a significant amount of incentive compensation to employees with the ability to take significant risks which could have a material adverse effect on the Company. Incentive compensation is primarily paid to sales personnel who are not executive officers of the Company and do not have the ability or authority to engage in significant risk taking activity. While we pay incentive compensation to certain of our executive officers, it is not significant to the Company as a whole and we believe it is designed to minimize unnecessary risk taking by aligning each executive's interests with those of our shareholders and by emphasizing long-term performance rather than promoting short-term risk taking at the expense of long-term returns. Our sales personnel and executive officers are incentivized to generate revenues and cannot participate in material speculative transactions or put material amounts of capital at risk without Board approval. As a result, the Company's management, in consultation with the Company's Compensation Committee, determined that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Controlled Company Determination. Our Board has determined that we are a "Controlled Company" for purposes of the Nasdaq listing requirements. A "Controlled Company" is a company of which more than 50% of the voting power is

held by an individual, a group or another company. Certain Nasdaq listing requirements do not apply to a “Controlled Company,” including requirements that: (1) a majority of its board of directors must be comprised of “independent” directors as defined in the Nasdaq listing requirements; and (2) the compensation of officers and the nomination of directors be determined in accordance with specific rules, generally requiring determinations by committees comprised solely of independent directors or in meetings at which only the independent directors are present. Our Board of Directors has determined that we are a “Controlled Company” based on the fact that the Smith brothers hold more than 50% of our voting power and are parties to a stockholders’ agreement that obligates them to vote for each other as candidates for election to the Board of Directors. The Smith brothers have been our executive officers and/or directors at all times since we became a publicly traded company in 1995. Currently, David D. Smith, Frederick G. Smith and J. Duncan Smith are executive officers and directors and Robert E. Smith is a director.

Director Independence. The Board has determined that Messrs. McCanna, Keith, Leader, and Friedman have no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that they otherwise meet the independence criteria under the Nasdaq listing requirements. The Board has also determined that Messrs. McCanna, Keith and Leader satisfy the additional independence requirements of Rule 10A-3 under the Exchange Act, enabling them to serve on the Audit Committee. In making its independence determination, the Board of Directors considered any transactions, relationships and arrangements as required by our independence guidelines. In particular, with respect to each of the most recent completed three fiscal years, the Board evaluated Mr. Keith, the type and amount of investment advisory services provided by the firm where he serves as an executive officer to our Controlling Shareholders and family members of our Controlling Shareholders.

Audit Committee. The members of the Audit Committee are Messrs. McCanna, Keith and Leader. The Audit Committee is governed by a written charter approved by the Board of Directors and available on our website at www.sbgi.net. The Audit Committee formally met five times during the year ended December 31, 2017.

The Board of Directors has determined that all audit committee members are financially literate under the Nasdaq listing requirements and that Lawrence E. McCanna qualifies as an “audit committee financial expert” as defined by the SEC rules adopted pursuant to the Exchange Act.

The Nasdaq listing requirements require that audit committees have at least three directors and that all directors be independent, as defined in the Nasdaq listing requirements and Rule 10A-3 under the Exchange Act. The Board has determined that Messrs. McCanna, Keith and Leader meet the independence criteria established in the Nasdaq listing requirements and the Exchange Act.

The Audit Committee assists the Board of Directors in its oversight of financial reporting practices and the quality and integrity of the financial reports of Sinclair including compliance with legal and regulatory requirements, the independent auditors’ qualifications and independence and the performance of Sinclair’s internal control function. The Audit Committee is responsible for the appointment of Sinclair’s independent auditors, whose appointment may be ratified by the shareholders. The Audit Committee oversees all of our internal controls and risk management policies and meets with our independent auditor and management regarding our internal controls and other matters. The Audit Committee is responsible for reviewing compliance with Sinclair’s ethics policy and has established procedures for the receipt, retention and treatment of complaints received by Sinclair regarding accounting controls or auditing matters and the confidential, anonymous submission by Sinclair’s employees of concerns regarding questionable accounting or auditing matters. The Audit Committee is also responsible for approving or ratifying related person transactions pursuant to Sinclair’s related person transaction policy. This policy is described in this proxy statement under the caption Related Person Transactions.

Compensation Committee. Nasdaq listing requirements require that compensation of executive officers be determined, or recommended to the Board of Directors for determination, either by a majority of the independent directors or a compensation committee comprised solely of independent directors. As a “Controlled Company,” we are not subject to this listing requirement. However, the Compensation Committee during 2017 and as of today consists entirely of Messrs. Keith, Friedman, McCanna, and Leader, all of whom meet the independence criteria established by the Nasdaq listing requirements. These independent directors also meet the criteria to be outside directors under Section 162(m) of the Internal Revenue Code of 1986 (“Section 162(m)”) and are responsible for compensation intended to qualify as “performance-based compensation” exempt from the \$1 million deduction limit under Section 162(m). Although the Compensation Committee does not have a written charter, the Compensation Committee is charged with the responsibility for setting executive compensation, reviewing certain compensation programs, administering our equity incentive plans, recommending for inclusion in this proxy statement the Compensation Discussion and Analysis which is included in this proxy statement, preparing the compensation committee report required by SEC rules which is included in this proxy statement, and making other recommendations to the Board of Directors. The Compensation Committee formally met nine times during the year ended December 31, 2017.

Each year, the Compensation Committee reviews the prior performance of each named executive officer, reviews the effectiveness of past compensation objectives and approves the compensation policies and plans for the next fiscal year. The Compensation Committee assesses each named executive officer's operational abilities, leadership skills, and potential to contribute to long-term shareholder value. The Compensation Committee provides risk oversight concerning our compensation policies and practices for executive officers. Executive officers have access to the Compensation Committee to present and discuss their own performance and compensation plan. At times, the Compensation Committee may specifically request meetings with executive officers to gain a full understanding and exploration of assessed attributes. Our Executive Chairman, David D. Smith, and our CEO, Christopher S. Ripley, consult with the Compensation Committee on appropriate compensation for executive officers. In addition, our Senior Vice President, Human Resources, Donald H. Thompson, presents information and recommendations to the Compensation Committee based on market evaluations. The Compensation Committee does not use outside consultants to set compensation.

Director Nominations. The Board does not have a standing nominating committee and there is no formal nominating committee charter, although the Board has adopted a resolution addressing the director nominations process. Instead, the directors who are determined to be “independent” under the Nasdaq listing requirements perform the functions of a nominating committee. The Board believes it is appropriate not to maintain a standing nominating committee primarily because the relatively small number of independent directors on the Board makes it unnecessary to separate the nominating function into a committee structure.

Our independent directors are primarily responsible for identifying and recommending nominees to the Board of Directors for approval of membership on the Board. The independent directors’ primary responsibilities in recommending nominees are to: (1) establish criteria for the selection of new directors to become members of the Board, which criteria shall be approved by the Board; (2) lead the search for and identify individuals qualified to become members of the Board and conduct the necessary and appropriate inquiries into the backgrounds and qualifications of possible nominees; (3) consider questions of independence and possible conflicts of interest of members of the Board and executive officers, and whether a candidate has special interests or a specific agenda that would impair his or her ability to effectively represent the interest of all shareholders; (4) consider recommendations for director nominees from current directors and executive officers, shareholders and other parties they deem appropriate; (5) have the authority to retain and terminate a search firm to identify director candidates at our expense; (6) determine each proposed nominee’s qualifications for service on the Board; (7) consult with the Executive Chairman and Chairman of the Board during the process of identifying director nominees; and (8) identify and recommend annually, or as vacancies or newly created positions occur, director nominees for approval by the Board of Directors. Further, while the Board has no formal diversity policy, the independent directors regularly review the composition and size of the Board in order to ensure that the Board is comprised of members reflecting the proper expertise, skills, attributes, diverse perspectives and personal and professional backgrounds for service as one of our directors.

The independent directors will consider nominees proposed by shareholders. Although there is no formal policy regarding shareholder nominees, the Board of Directors believes that shareholder nominees should be viewed in substantially the same manner as other nominees. The consideration of any candidate for director will be based on an assessment of the individual’s background, skills and abilities, and if such characteristics qualify the individual to fulfill the needs of the Board at that time. To recommend a prospective nominee for consideration, shareholders should submit the candidate’s name, contact information, biographical material and qualifications in writing to Corporate Secretary, Sinclair Broadcast Group, Inc., 10706 Beaver Dam Road, Hunt Valley, Maryland 21030. DIRECTOR COMPENSATION FOR 2017

The following table sets forth certain information regarding compensation for services rendered by our non-employee directors during the year ended December 31, 2017.

Name (a)	Fees Earned or Paid in Cash	Stock Awards (b)	All Other Compensation	Total
Robert E. Smith	\$51,000	\$131,540	—	—(c) \$182,540
Howard E. Friedman	64,500	131,540	—	196,040
Daniel C. Keith	85,000	131,540	—	216,540
Martin R. Leader	79,000	131,540	—	210,540
Lawrence E. McCanna	84,500	131,540	—	216,040

(a) Compensation for David D. Smith, our Chairman of the Board and Executive Chairman, is reported in the Summary Compensation Table included in this proxy statement. Frederick G. Smith and J. Duncan Smith are omitted from this table, as they serve as executive officers, but are not named executive officers and do not receive additional compensation for services provided as directors.

(b) On the date of our annual meeting, each non-employee director received a grant of 4,000 shares of Class A Common Stock pursuant to the 1996 Long-Term Incentive Plan for services rendered during the preceding year. The amount presented represents the grant date fair value of the stock award computed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718.

(c) Robert E. Smith is a participant in our company sponsored health care plan. Mr. Smith pays standard premiums pursuant to the plan; however, unlike a typical company participant, he is required to reimburse the Company for any health care costs in excess of \$100,000. During 2017, Mr. Smith's health care costs did not exceed \$100,000, nor did they exceed the premiums he paid; therefore, we did not have to pay for any costs during the year.

Non-employee directors receive \$35,000 for their services as a director. The Audit Committee Chairman receives an additional \$7,500 annually and the Compensation Committee Chairman receives an additional \$6,000 annually. Non-employee directors also receive \$2,000 for each Board of Directors meeting attended, \$2,500 for each audit committee meeting and special committee meeting, if any, attended and \$1,500 for each compensation committee meeting attended. We reimburse our directors for any business-related travel expenses. Additionally, each non-employee director is granted unrestricted shares of Class A Common Stock upon election to the board on the date of our annual meeting of shareholders.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction. In this section, we discuss certain aspects of our compensation program as it pertains to our Executive Chairman, Vice Chairman, President and CEO, Senior Vice President / Chief Financial Officer (CFO), and Executive Vice President / General Counsel in 2017. These individuals represent our principal executive officer, our principal financial officer and our next three most highly compensated executive officers during 2017. We refer to these five persons throughout this proxy statement as the “named executive officers.” Our discussion focuses on compensation and practices relating to our most recently completed fiscal year.

We believe that the performance of each of the named executive officers has the potential to impact both our short-term and long-term profitability. Our Board of Directors has established a Compensation Committee that is responsible for establishing and administering our named executive officers’ and other key employees’ compensation. The Compensation Committee consists of four non-employee directors, all of whom are independent under the Nasdaq listing requirements.

General Philosophy, Objectives and Design. We believe that our people are our most valuable resource and that the dedication and quality of our named executive officers are vital to the long-term interests of our shareholders. We have established a compensation program for our executive officers that is competitive and designed to support our strategic goals. The primary objectives of our compensation program are to attract and retain the best available people while efficiently utilizing available resources, to enhance the executive officers’ overall performance, to align the long-term interests of our executive officers with those of our shareholders, to improve our overall business performance and to reward individual performance. This is accomplished through a combination of base salary, long-term incentive compensation and cash bonus designed to be competitive with comparable employers in the television broadcast industry. The Compensation Committee considers both the Company’s overall performance and the individual’s performance when setting compensation levels. However, there are no set guidelines or policies outlining the weight of each, as the Compensation Committee assesses each factor at its discretion.

Shareholder Say on Pay Considerations. We provide our stockholders with the opportunity to cast an advisory vote ever three years to approved our executive compensation (also known as “Say on Pay”). In 2017, approximately 96% of our shareholders that voted approved our executive compensation. Our Board and our Compensation Committee considered the strong voting results as a shareholder endorsement of our executive compensation policies and practices, and we intend to continue to emphasize our pay-for-performance compensation philosophy that aligns long-term interests of our executives with those of our shareholders.

Compensation Process. Each year, the Compensation Committee reviews the prior performance of each executive officer, reviews the effectiveness of past compensation objectives and approves the compensation policies and plans for the next fiscal year. The Compensation Committee assesses each executive officer’s operational abilities, leadership skills, and potential to contribute to long-term shareholder value. Executive officers have access to the Compensation Committee to present and discuss their own performance and compensation plan. At times, the Compensation Committee may specifically request meetings with executive officers to gain a full understanding and exploration of assessed attributes. Messrs. Smith and Ripley consult with the Compensation Committee on appropriate compensation for executive officers other than themselves. In addition, our Senior Vice President, Human Resources, Donald H. Thompson, presents information and recommendations to the Compensation Committee based on market evaluations. In determining the amount of executive officer compensation each year, the Compensation Committee reviews competitive market data from the broadcast and media industry as well as other similarly sized companies comparable to us, including those companies we have determined to be in our peer group. The Compensation Committee does not benchmark executive officer compensation against competitive market data or our peer group. However, when determining the levels of base salary, cash bonuses and equity awards of our executive officers, our Compensation Committee uses market data in combination with an analysis of other factors including company and individual performance and executive officer responsibilities.

For 2017, the Compensation Committee determined that our peer group consisted of the following companies in our industry:

- | | | |
|-----------------------------|--------------------------|---------------------------------------|
| - Gray Television, Inc. | - Meredith Corporation | - E.W. Scripps |
| - Cumulus Media, Inc. | - Tegna, Inc. | - Scripps Network Interactive |
| - Nexstar Media Group, Inc. | - Tribune Media | - IAC/Interactive Corp |
| - iHeartMedia Inc. | - MDC Partners Inc. | - The New York Times Company |
| - Pandora Media, Inc. | - Scholastic Corporation | - Clear Channel Outdoor Holdings Inc. |

In addition, the Compensation Committee considers information from salary surveys to evaluate compensation for similar positions taking into account geographic location and the companies' revenue size. These surveys included Salary.com / CompAnalyst / Kenexa, Towers Watson and Mercer reports. While we review these surveys, we do not formally engage outside compensation consultants.

All final compensation decisions regarding executive officers are made by the Compensation Committee, which is comprised of independent directors.

Primary Elements of Compensation. We provide a competitive mix of compensation elements that align executive officer compensation with shareholder value. Our compensation program includes both short and long-term compensation in the form of base salary, long-term incentive compensation and cash bonus as discussed below. We believe that these compensation components provide an appropriate mix of fixed and variable pay, balance short-term operational performance with long-term shareholder value and encourage executive recruitment and retention, which aligns with our compensation philosophy and objectives.

Base Salary. Base salaries are not objectively determined, but instead reflect levels that we concluded were appropriate based upon our general experience. Base salary is designed to provide competitive levels of compensation to our executive officers based upon their experience, professional status, accomplishments, duties and scope of responsibility. As noted above under Compensation Process, also taken into consideration when establishing base salaries are salaries paid by our competitors for similar positions within the television broadcast industry, as well as salaries paid by companies outside of our industry for comparable positions. In addition to market comparisons, the Compensation Committee considers individual performance when determining base salary.

Long-Term Incentive Compensation. Our compensation program includes long-term incentive compensation, paid in the form of restricted stock awards, stock-settled appreciation rights (SARs), stock options, and other long-term incentive cash bonuses including a Special Longevity Bonus payable to certain executive officers pursuant to their respective employment agreements (see Employment Agreements below). We have elected to pay long-term incentive compensation in order to provide an incentive for our executive officers to provide strong returns to our shareholders, to better align the interests of our executive officers with those of our shareholders, to continue long-term leadership in the service of the Company and to ensure a competitive compensation program given the market prevalence of equity compensation.

Our restricted Class A Common Stock awards are granted pursuant to the Company's 1996 Long-Term Incentive Plan (the LTIP) and are time-based awards requiring the executive officer to remain employed by the Company in order for the restricted stock to vest, which is generally over two years.

SARs granted pursuant to the LTIP, have a 10-year term and are fully vested upon grant. Upon exercise of SARs, the holder would receive a number of shares of Class A Common Stock, equal in value to the difference between the SARs' base value and the per share closing price of the Company's Class A Common Stock on the date of exercise for the number of SARs being exercised.

Stock options granted pursuant to the LTIP, have a 10-year term and have exercise prices equal to the fair value of the Class A Common Stock on the date of grant, and may or may not have certain vesting conditions.

When granting equity awards, consideration is given to company and employee performance, but awards are made at the discretion of the Compensation Committee under no objective guidelines. Grants of equity awards are valued only at the closing price of our stock on the date of grant. We try to make grants of equity awards at times when they will not be influenced by scheduled releases of information or while we otherwise do not possess material, non-public information, but we have no formal policy as to the timing of equity grants.

Certain executive officers are entitled to a Special Longevity Bonus, as defined in their respective employment agreements, providing for a single lump sum cash payment due to the executive officer at a specified future date. These Special Longevity Bonuses are time-based awards requiring the executive officer to remain employed by the Company for the term of the award.

Cash Bonus. Our compensation philosophy is to primarily award cash bonuses to those that have a direct influence on our ongoing revenue and television operating performance. Based on this criteria, in early 2017, the Compensation Committee determined that Mr. Ripley, our President and Chief Executive Officer; Mr. Smith, who oversees the development, implementation, and globalization of ATSC 3.0, expansion of our news franchise, and public policy as

it relates to the broadcast industry; and Mr. Faber, who oversees distribution and network partner relationships, would each be eligible to receive a performance-based cash bonus for 2017 performance. The purpose of Messrs. Ripley, Smith and Faber's cash bonus is to promote the attainment of specific financial goals and reward achievement of those goals. We favor an objective approach when measuring the cash bonus. The Compensation Committee determines at its discretion the maximum bonus amounts paid.

For 2017, Mr. Ripley's and Mr. Smith's cash bonus consisted of two components, a semi-annual cash bonus and an annual cash bonus. Messrs. Ripley and Smith were eligible for maximum semi-annual bonus amounts of \$625,000 per semi-annual period and for a maximum annual bonus of \$625,000, dependent on the generation of certain earnings before interest, taxes, depreciation and amortization (EBITDA) targets. EBITDA is a non-GAAP measure reflective of the operating performance of the entire company. EBITDA is calculated as GAAP operating income plus research and development expenses, stock-based compensation, depreciation and amortization, impairments, other non-cash charges less non-cash revenue and cash film payments. We believe this measure best captures Mr. Ripley's and Mr. Smith's ability to drive the performance of the Company. Semi-annual bonuses were earned pro rata from zero starting at 92% to 100%. Messrs. Ripley and Smith were eligible to receive the maximum amount of the available semi-annual bonus payments for the year when 100% of the annual targeted EBITDA was met even though on a six month basis the semi-annual targeted EBITDA was not met. Annual bonuses were earned pro rata from zero starting at 100% to 108%. For 2017, Messrs. Ripley and Smith's targeted EBITDA for the first half, second half, and full year of 2017 was \$399.4 million, \$448.7 million, and \$848.1 million, respectively. During the first half of 2017, 93.8% of the budgeted YTD EBITDA of \$399.4 million was achieved and Messrs. Ripley and Smith were each paid \$140,625.

In the event that certain events take place that were not contemplated at the time the targets were determined, the Compensation Committee can adjust the targets to exclude the effect of these events. Examples of such events include acquisitions, dispositions and changes in accounting rules. In addition, we target the amount of EBITDA used in individual bonus determinations at amounts commensurate with the executive's sphere of influence.

Additionally, Mr. Ripley received a discretionary bonus of \$400,000 for his performance during 2017 as determined by the Compensation Committee.

For 2017, Mr. Faber's cash bonus consisted of a maximum annual bonus of \$350,000, dependent on reaching 50 million Tennis channel paying subscribers at the end of the year or reaching an average of at least 50 million subscribers for the 12-month period. For 2017, Mr. Faber was paid his maximum \$350,000 bonus and a \$100,000 discretionary bonus, as determined by the Compensation Committee.

For 2017, Ms. Rutishauser's and Mr. Amy's cash bonus consisted of a \$200,000 and \$10,000 discretionary bonus, respectively, as determined by the Compensation Committee.

Formula Plan. In 2017, our Board of Directors adopted the Executive Performance Formula and Incentive Plan (Formula Plan), which provides an award pool, equal to not more than 10% of the Company's EBITDA for the plan period, in which awards consisting of cash, shares, equity awards, or a combination thereof are awarded to designated key executives by the Compensation Committee.

Participants in the Formula Plan are awarded a percentage of the award pool at the beginning of the plan period, with no one participant being awarded more than 50% of the award pool for any given plan period. The Compensation Committee may, at its discretion, reduce, but not increase, the maximum award for any participant and the size of the award pool.

All shares used to pay equity awards are granted under, and made subject to the terms of, the LTIP or any other Company equity compensation plan. For purposes of determining the number of shares subject to such equity awards, the Compensation Committee will value awards in the form of restricted stock, restricted stock units or other

full-value share awards at the fair market value of the shares underlying the grant on the date of the equity award and will value awards in the form of options and stock appreciation rights at their fair value on the date of the equity award, as expensed by the Company under applicable accounting rules for purposes of the Company's financial statements.

During 2017, no awards were made under the Formula Plan.

Retirement Plans. Our compensation program includes retirement plans designed to provide income following a named executive officer's retirement. Our executive officers can participate in The Sinclair Broadcast Group, Inc. 401(k) Profit Sharing Plan and Trust (the 401(k) Plan). Contributions made to the 401(k) Plan are matched by the Company, typically in the form of our Class A Common Stock. The match is discretionary and is typically equal to

50% of elective deferrals, up to 4% of each executive officer's total cash compensation subject to Internal Revenue Service regulations. Beginning in 2018, the match is calculated as 100% on the first 3% of compensation contributed plus 50% on the next 2% of compensation contributed. In addition, the Compensation Committee has the ability to make additional discretionary contributions to the 401(k) Plan for the benefit of all employees including executive officers. Calculations of targeted overall compensation for executive officers do not include the benefits expected to be received under the 401(k) Plan. Executive officers participate in the 401(k) Plan on the same terms as all other employees.

Deferred Compensation Plan. Effective January 1, 2014, we established a nonqualified executive benefit plan (the Deferred Compensation Plan) provided to a select group of highly compensated employees as determined by the Company. The plan is a voluntary program that allows participants to defer eligible compensation for a minimum of five years up to normal retirement age, and make investment elections for the deferred compensation. Employees may defer up to 80% of their compensation and/or 100% of certain bonuses. Participants may receive an employer discretionary match on their deferral, or other discretionary employer contributions. Elective deferrals are 100% vested upon contribution. Any employer discretionary contributions vest in increments of 25% each year of service, and are fully vested after four years of service, with all prior service credited towards vesting, or upon disability, death, or attainment of age 65.

Perquisites and Other Benefits. Perquisites and other benefits represent a minimal amount of the executive officers' compensation. The Compensation Committee annually reviews the perquisites that executive officers receive. The primary perquisites for executive officers are tickets to sporting events and certain business entertainment events and related expenses.

Executive officers also participate in our other benefit plans on the same terms as all other employees. These other plans include medical, dental and vision insurance, disability and life insurance and the employee stock purchase plan. Employment Agreements. We do not have an employment agreement with David D. Smith. Below is a description of the employment agreements we have entered into with our other named executive officers:

In September 1998, we entered into an employment agreement with David B. Amy, which was amended and restated in November 2011. The agreement does not have any specified termination date and we have the right to terminate the employment of Mr. Amy at any time, with or without cause. Payment due upon termination, in addition to any earned but unpaid normal compensation and benefits as of the termination date, in the event of death or disability is equal to the current base salary through the end of the month in which termination occurs. In the event of termination without cause or for good reason, Mr. Amy will also receive one additional month of base salary. Mr. Amy received a base salary for 2017 of \$904,000. The agreement also contains non-competition and confidentiality restrictions on Mr. Amy.

In March 2014, we entered into an employment agreement with Christopher S. Ripley, which was amended and restated in August 2017. The agreement does not have any specified termination date and we have the right to terminate the employment of Mr. Ripley at any time, with or without cause. Mr. Ripley joined the Company effective April 1, 2014. Mr. Ripley received a base salary for 2017 of \$1,250,000. Under the agreement, Mr. Ripley has the right to earn an annual performance bonus, which may include a cash portion thereof up to 150% of his base salary for the year in which such performance bonus is paid, at the discretion of the Company's Compensation Committee (the "Performance Bonus"). Mr. Ripley's employment agreement provides that in the event his employment is terminated by the Company without cause or by Mr. Ripley for good reason, Mr. Ripley will be entitled to a payment equal to the sum of (i) his annual base salary, (ii) the average of any cash portions of Performance Bonuses paid to him for the two calendar years immediately preceding the effective date of the termination, and (iii) the sum of any incentive compensation, including cash bonus, common stock grants, common stock option grants, and SARs grants, made to him for the year immediately preceding the effective date of the termination. The severance payment due upon death or disability is equal to the current base salary through the end of the month in which termination occurs and one month of base salary for each full year of continuous employment, in addition to any earned but unpaid vacation time as of the termination date. The agreement also contains non-competition and confidentiality restrictions on Mr.

Ripley.

In August 2004, we entered into an employment agreement with Barry M. Faber which was most recently amended in March 2017. The agreement does not have any specified termination date and we have the right to terminate the employment of Mr. Faber at any time, with or without cause. Mr. Faber received a base salary for 2017 of \$950,000. Payment due upon termination, in addition to any earned but unpaid normal compensation and benefits as of the termination date, in the event of death or disability is equal to the current base salary through the end of the month in which termination occurs. In the event of termination without cause or for good reason, Mr. Faber will also receive

twelve additional months of base salary plus any unpaid bonus (other than a discretionary bonus or the Longevity Bonus). The agreement also contains non-competition and confidentiality restrictions on Mr. Faber.

In March 2001, we entered into an employment agreement with Lucy A. Rutishauser, which was amended and restated in August 2017. The agreement does not have any specified termination date and we have the right to terminate the employment of Ms. Rutishauser at any time, with or without cause. Ms. Rutishauser received a base salary for 2017 of \$800,000. Effective August 2017, Ms. Rutishauser is entitled to a Special Longevity Bonus, as defined in the agreement, providing for a single lump sum cash payment of \$2,500,000 due at the earlier of December 8, 2023 or upon a change-in-control or a termination of employment by the Company without cause or by the employee with good reason. Additionally, upon termination of employment as a result of death or disability, a percentage of the Special Longevity Bonus will be paid, determined by the total cumulative days of service divided by total days of service that would have been provided through December 8, 2023. Payment due upon termination, in addition to the Special Longevity Bonus discussed above and any earned but unpaid normal compensation and benefits as of the termination date, in the event of death or disability, termination without cause, or termination by employee for good reason, is equal to the current base salary through the end of the month in which termination occurs and one month of base salary for each full year of continuous employment. The agreement also contains non-competition and confidentiality restrictions on Ms. Rutishauser.

Accounting and Tax Consideration. In designing our compensatory programs, we take into account the various tax and accounting rules associated with the various forms of compensation. In addition, Section 162(m) of the Code (Section 162(m)) places a limit of \$1 million per year on the amount of compensation paid to certain of our executive officers that the Company may deduct from our federal income tax return for any single taxable year. There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements, although this exception is severely limited beginning in 2018, as described below. The material terms of the LTIP were previously approved by shareholders in 2013 for purposes of Section 162(m), which allowed us to grant certain long-term incentive awards that are designed to meet the definition of performance-based compensation under Section 162(m) in order to qualify for the performance-based exception to the \$1 million deduction limit. However, to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals in the best interest of the Company, the Compensation Committee did not previously limit executive compensation to amounts deductible under Section 162(m) if the Compensation Committee determined that doing so is in the best interests of the Company.

The Tax Cuts and Jobs Act, enacted on December 22, 2017, substantially modifies Section 162(m) and, among other things, eliminates the performance-based exception to the \$1 million deduction limit effective as of January 1, 2018. As a result, beginning in 2018, compensation paid to certain executive officers in excess of \$1 million will generally be non-deductible, whether or not it is performance-based. In addition, beginning in 2018, the executive officers subject to Section 162(m) (the “Covered Employees”) will include any individual who served as the chief executive officer (the CEO) or chief financial officer (the CFO) at any time during the taxable year and the three other most highly compensated officers (other than the CEO and CFO) for the taxable year, and once an individual becomes a Covered Employee for any taxable year beginning after December 31, 2016, that individual will remain a Covered Employee for all future years, including following any termination of employment.

The Tax Cuts and Jobs Act includes a transition rule under which the changes to Section 162(m) described above will not apply to compensation payable pursuant to a written binding contract that was in effect on November 2, 2017 and is not materially modified after that date. To the extent applicable to our existing contracts and awards, the Compensation Committee may avail itself of this transition rule. However, because of uncertainties as to the application and interpretation of the transition rule, no assurances can be given at this time that our existing contracts and awards, even if in place on November 2, 2017, will meet the requirements of the transition rule. Moreover, to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals in the best interest of the company, the Compensation Committee does not limit its actions with respect to executive

compensation to preserve deductibility under Section 162(m) if the Compensation Committee determines that doing so is in the best interests of the Company.

Executive Compensation Actions After December 31, 2017. For 2018, compensation was set by the Compensation Committee as follows:

Name	Base Salary	Maximum Annual Bonus Potential
		(a)
David D. Smith	\$ 1,275,000	\$ 1,912,500 (b)
Christopher S. Ripley	1,275,000	1,912,500 (b)
Lucy A. Rutishauser	1,000,000	200,000 (c)
David B. Amy	922,080	—
Barry M. Faber	969,000	—

Excludes bonuses that may be awarded at the discretion of the Compensation Committee, the amounts of which (a) were not previously defined or agreed upon. Messrs. Ripley, Amy, and Faber and Ms. Rutishauser were awarded \$400,000, \$10,000, \$100,000, and \$200,000 discretionary bonuses, respectively, for their services during 2017.

Mr. Smith's and Mr. Ripley's Maximum Annual Bonus Potential will be categorized in two components: a semi-annual bonus and an annual bonus. The semi-annual bonus will be earned pro rata from zero starting at 92% to 100%. However, when 100% of the annual targeted EBITDA is met, even though on a semi-annual basis the (b) quarterly targeted EBITDA was not met, they will be eligible to receive a maximum amount of available semi-annual bonus payments for the year. The annual bonus will be earned pro rata from zero starting at 100% to 108%.

Ms. Rutishauser's Maximum Annual Bonus Potential will be categorized in one component: a quarterly bonus. The (c) quarterly bonus will be earned pro rata from zero starting at 92% to 100%. However, when 100% of the annual targeted EBITDA is met, even though on a quarterly basis the quarterly targeted EBITDA was not met, she will be eligible to receive a maximum amount of available quarterly bonus payments for the year.

In February 2018, the Compensation Committee also granted restricted stock awards to named executive officers in accordance with the discussion under “Long-Term Incentive Compensation” above. Messrs. Smith, Ripley, Amy, and Faber, and Ms. Rutishauser were granted restricted stock awards of 59,172, 59,172, 15,953, 16,765, and 5,882 shares, respectively. Additionally, the Compensation Committee granted both Mr. Smith and Mr. Ripley SARs awards of 225,000.

CEO PAY RATIO FOR 2017

Item 402(u) of Regulation S-K requires us to disclose the ratio of the annual total compensation of our Chief Executive Officer (CEO), Christopher S. Ripley, to the median of the annual total compensation of all other employees.

The annual total compensation of our CEO, as disclosed in the Summary Compensation Table within Compensation Discussion and Analysis above, was \$1,836,332 for the year ended December 31, 2017. The annual total compensation of our median employee was \$47,927 for the year ended December 31, 2017. Annual total compensation, for both our CEO and median employee, was calculated in accordance with Item 402(c)(2)(x) of Regulation S-K.

Based on the foregoing, our estimate of the ratio of our CEO's annual total compensation to the median of the annual total compensation of all other employees was 38:1 for the year ended December 31, 2017.

We identified our median employee by gathering the 2017 gross pay, including salary and bonus, for all employees, excluding our CEO, employed by the Company on December 31, 2017. We included all full-time, part-time, and seasonal employees. We made pro rata adjustments for full-time employees which were hired during the year. We believe gross pay is a reasonable, consistently-applied compensation measure by which to determine our median employee.

Given the different methodologies that various public companies will use to determine an estimate of their pay ratio, the estimated ratio reported above should not be used as a basis for comparison between companies.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, requires our officers (as defined in the SEC regulations), directors and persons who beneficially own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of copies of such reports of ownership furnished to us, or written representations that no forms were necessary, we believe that during the past fiscal year our officers, directors and greater than ten percent beneficial owners complied with all applicable filing requirements with four exceptions. Howard E. Friedman did not file a Form 4 reporting the disposal of Class A Common Stock. The report on Form 4, originally due September 2, 2016, was filed with the SEC on October 3, 2017. David D. Smith did not file a Form 4 reporting the acquisition of Class A Common Stock for custodial accounts and irrevocable trusts established by David D. Smith for the benefit of family members, of which he is a custodian or co-trustee. This report on Form 4, originally due May 17, 2016, was filed with the SEC on June 13, 2017. David D. Smith did not file a Form 4 reporting the grant of stock-settle appreciation rights (SARs). This report on Form 4, originally due February 16, 2017, was filed with the SEC on February 17, 2017. David D. Smith did not file a Form 4 reporting the acquisition of Class A Common Stock for irrevocable trusts established by David D. Smith for the benefit of family members, of which he is a co-trustee, a limited liability company controlled by David D. Smith, and a trust for the David Smith Family Foundation. This report on Form 4, originally due January 20, 2016, was filed with the SEC on January 18, 2017.

RELATED PERSON TRANSACTIONS

Our related person transaction policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which the Company was or is to be a participant, wherein the amount involved exceeds \$120,000 and a related person had or will have a direct or indirect material interest. The Board of Directors has determined that certain transactions falling within the characteristics above do not create a material direct or indirect interest on behalf of the related person, and are, therefore, not deemed to be related person transactions.

The Audit Committee of the Board of Directors reviews all material related person transactions and may approve or ratify the related person transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, the best interests of the Company. The Audit Committee may, in its sole discretion, impose such conditions as it deems appropriate on the Company or the related person in connection with approval of the related person transaction.

Any related person transaction previously approved by the Audit Committee or otherwise already existing that is ongoing in nature shall be reviewed by the Committee annually to ensure that such related person transaction has been conducted in accordance with the previous approval granted by the Committee, if any, and that all required disclosures regarding the related person transaction are made.

Prior to the adoption of our related person transaction policy, consistent with the Nasdaq listing requirements and the Audit Committee charter, the Audit Committee reviewed or approved all related person transactions requiring disclosure under SEC regulations to the extent such transactions were entered into or amended since February 2004. Certain of the following transactions were not approved pursuant to the current related person transaction policy because they were entered into before the policy's existence.

For further information regarding related person transactions, see Note 11. Related Person Transactions to our consolidated financial statements in our 2017 Annual Report on Form 10-K.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that applies to all of our directors, officers and employees (including our chief executive officer, chief financial officer, chief accounting officer and corporate controller and any person performing similar functions). We have made the Code of Business Conduct and Ethics available on our website at www.sbgi.net. We will disclose promptly any waiver from or amendment to the Code of Business Conduct and Ethics for our executive officers or directors as required by law, SEC regulations or Nasdaq listing requirements, by posting such disclosure on our website.

AUDIT COMMITTEE, AUDIT FEES AND AUDITOR INDEPENDENCE

Report of the Audit Committee

The information contained in this report shall not be deemed to be “soliciting material” or to be “filed” with the SEC, nor shall such information be incorporated by reference into any previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, except to the extent that the Company incorporated it by specific reference.

The Audit Committee has received from Sinclair’s independent registered public accounting firm, PricewaterhouseCoopers LLP (PwC), written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board, regarding PwC’s independence, including communications between PwC and us regarding PwC’s independence, and has discussed with PwC its independence. The Audit Committee has discussed whether the provision of non-audit services by PwC is compatible with maintaining PwC’s independence. PwC has stated that it believes that it is in full compliance with all of the independence standards established under generally accepted auditing standards and the rules of the SEC. The Audit Committee concurs, and has approved all non-audit services provided by PwC in 2017. The Audit Committee also has discussed with PwC the matters required to be discussed by the applicable standards of the Public Company Accounting Oversight Board, including the selection of and changes in Sinclair’s significant accounting policies, the basis for management’s accounting estimates, PwC’s conclusions regarding the reasonableness of those estimates and the disclosures included in the financial statements.

The Audit Committee met with management and representatives of PwC in connection with PwC’s audit of Sinclair’s consolidated financial statements and related schedule for the year ended December 31, 2017, and reviewed and discussed such financial statements with management. The Audit Committee also reviewed management’s report on its assessment of the effectiveness of Sinclair’s internal control over financial reporting and the independent registered public accounting firm’s report on the effectiveness of Sinclair’s internal control over financial reporting. Based on such review and discussion with management, and based on the Audit Committee’s reviews and discussions with PwC regarding its independence and the matters required to be discussed under Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 16, Communications with Audit Committees (AS 16), the Audit Committee recommended to the Board of Directors that the audited financial statements and management’s assessment of the effectiveness of Sinclair’s internal control over financial reporting be included in Sinclair’s Annual Report on Form 10-K and the Board has approved that recommendation.

The Audit Committee has reviewed and discussed the fees paid to PwC during the last year for audit and non-audit services, which are set forth in this proxy statement under “Disclosure of Fees Charged by Independent Registered Public Accounting Firm,” and has determined that the provision of the non-audit services is compatible with PwC’s independence.

Audit Committee maintains a pre-approval policy that provides guidelines for the audit, audit-related, tax and other permissible non-audit services that may be provided by the independent registered public accounting firm (the independent auditors) in order to ensure that the provision of such services does not impair the auditor's independence. Under this policy, which remains in effect, the Audit Committee annually pre-approves the audit fee and terms of the engagement, as set forth in the engagement letter, along with a specified list of audit-related and tax services. If any service to be provided by the independent auditors has not received pre-approval during this annual process, it will require specific pre-approval by the Audit Committee and the independent auditors may not begin work on any engagement without confirmation of the Audit Committee pre-approval from the Chief Accounting Officer or his or her delegate. In accordance with this policy, the Chairman of the Audit Committee has been authorized by the Committee to pre-approve any audit-related, tax or other permissible non-audit service engagements of the independent auditors.
