OFFICIAL STATEMENT

Mumbai, March 29, 2017:The decision by Hon'ble Supreme Court to ban sale of all BSIII vehicles from April 1, 2017 is an unexpected and unprecedented move that will have a material impact on the entire automotive industry, OEM's and dealer network.

The industry had planned the current transition into BSIV in line with the accepted past practice of stopping production of earlier emission standard vehicles effective from the transition date. In the context of this previous experience, this decision by the apex court is a 'penalty' to the entire automotive industry.

Tata Motors as a leading player in the automotive industry has always been strongly committed to bringing stringent emission control regulations and has made significant investments in technology, product development and operations. We have been producing BSIV compliant vehicles across our entire product range of passenger and commercial vehicles and are fully BSIV ready with effect from April 1, 2017.

Tata Motors is assessing the impact of the Order on the BSIII inventory that are lying unsold on April 1st, at both company and dealerships.

About Tata Motors
