Ball Corporation
Current Report on Form 8-K
Dated July 27, 2017

Item 2.05. Costs Associated with Exit or Disposal Activities.

On July 27, 2017, and as a follow up to its March 2, 2017, press release, the Company confirms that it will cease production at its Recklinghausen, Germany, facilities on July 31, 2017. Additionally, an agreement with the facilities' Works Council(s) has been reached allowing for the permanent closure of the Recklinghausen beverage container and end production facilities, which employ approximately 360 individuals.

As a result of the closures, an after-tax charge of approximately €62 million is expected to be recorded in the Company's results. Approximately 80% of the charge will be for employee severance, placement, pension and other employee benefit costs, approximately 10% will be for equipment removal and cleanup costs and approximately 10% will be for accelerated depreciation and write-downs to net realizable value of certain fixed assets, related spare parts and inventory. All charges are expected to be incurred through the end of the second quarter of 2018.
