Share Award Scheme

The board of directors of PCCW Limited is pleased to announce that it has approved the establishment of the Share Award Scheme. The purpose of the Share Award Scheme is to recognize the contributions of certain of the Group's employees to retain them for the continued operation and development of the Group, and to attract suitable personnel for the further development of the Group.

Directors will not be entitled to participate in the Share Award Scheme. The

number of Shares to be issued under the Share Award Scheme (and other similar schemes operated by the Company including the Purchase Scheme) is limited to one per cent of the issued share capital of the Company (excluding Shares which have already been transferred to employees on vesting).

### Infrastructure Division

Following recent press speculation, the Company wishes to clarify that no decision has been made to sell or spin off its Infrastructure Division nor does the Company have any immediate plans to do so.

### Purpose of the Share Award Scheme and Eligible Participants

The purpose of the Share Award Scheme is to recognize the contributions of certain of the Group's employees to retain them for the continued operation and development of the Group, and to attract suitable personnel for the further development of the Group. The Company also currently operates the Purchase Scheme for a similar purpose (the Purchase Scheme utilizes Shares purchased in the market rather than new Shares). Directors will not be entitled to participate in the Share Award Scheme. Directors of the Company's Subsidiaries may, however, be granted awards under the Purchase Scheme (and any other incentive schemes of a similar nature operated by the Company from time to time).

1

### Operation of the Share Award Scheme

The Share Award Scheme has been approved by the Company and the Participating Subsidiaries will shortly enter into the Trust Deed with the Trustee, adopt the Scheme Rules and thereby establish the Share Award Scheme. Under the Scheme Rules, the Share Award Scheme will be administered by the Committee. The Committee will determine those employees of the Group (other than Directors) which it wishes to incentivise. Awards made by the Committee will either specifically consist of a number of Shares, or will make reference to a notional cash amount. If the latter, a number of Shares referable to that notional cash amount will be calculated based on the market price of Shares on the date of the award, and that number of Shares will form the basis of the award. Following the making of an award, the Trustee will subscribe for the relevant number of Shares.

The Trustee will hold the Shares until they vest in accordance with the timetable determined by the Committee. While the Trustee holds the Shares it may vote them as it sees fit (and the Company has no power to influence how the Trustee should exercise this discretion) and the Company will have no interest in those Shares.

Vesting of the Shares will be conditional on the selected employee remaining an employee of a Group Company until the vesting date. The Committee also has the discretion to stipulate at the time an award is made that such other conditions as it deems appropriate in respect of a particular employee will apply to the vesting of the Shares. Additionally, an award will lapse where the company employing the selected employee or the business division by which a selected employee is employed ceases to be part of the Group. When an employee selected for participation in the Share Award Scheme has satisfied any and all such conditions specified by the Committee at the time of making the award and becomes entitled to the Shares forming the subject of the award, the Trustee will transfer the relevant vested Shares to that employee at no cost. Where Shares do not vest or are not acquired by employees in accordance with the

above procedure, the Trustee will hold such Shares for the benefit of all other selected employees of the Group (other than Directors) as it determines in its discretion, after having taken into account the recommendations of the Committee.

### Other provisions

The Share Award Scheme does not constitute a share option scheme or an arrangement analogous to a share option scheme for the purposes of Chapter 17 of the Listing Rules. The Company will continue to operate its share option scheme but the Board considers that the Share Award Scheme will give it additional flexibility in regards to recognizing the contributions of certain of the Group's employees, retaining them for the continued operation and development of the Group, and attracting suitable personnel for the Group's further development. The Share Award Scheme will comply with all applicable disclosure and other regulations including those set out in the Listing Rules. The Scheme Rules state that the number of Shares which may be subscribed under the Share Award Scheme (excluding Shares which have already been transferred to employees on vesting) and any other similar schemes (including the Purchase Scheme) may not exceed one per cent of the issued share capital of PCCW (232,450,293 Shares based on the current total issued share capital of the Company). The Committee has a discretion to alter this limit (in which case the Company will issue an appropriate announcement), however, the Board believes that this limit is sufficient for the purpose of operating the Share Award Scheme and other incentive schemes of a similar nature operated by the Company from time to time. Shares will be issued pursuant to the general mandate to issue shares granted to the Board by ordinary resolution of the Company from time to time.

### Infrastructure Division

The Company has noted recent speculation in the press relating to its Infrastructure Division. The Company wishes to clarify that no decision has been made by the Company to sell or spin off its Infrastructure Division nor does the Company have any immediate plans to do so. However, if the right market conditions and opportunity were to arise, the Company would not rule out this possibility at some time in the future (in which event the transaction would be subject to all necessary consents and the relevant requirements of the Listing Rules).
