**MasterCard Announces Plans for  
New Governance and Ownership  
Moves to Broaden Ownership and  
Create a Board with a Majority of Independent Directors**

**Purchase, NY, August 31, 2005** - MasterCard Incorporated today announced plans for a new corporate governance and open ownership structure that will include the appointment of a new board of directors comprised of a majority of independent directors, the establishment of a charitable foundation and a transition to being a publicly traded company.

Under the new corporate governance and ownership structure, MasterCard's current shareholders, approximately 1,400 financial institutions worldwide, are expected to retain a 41% equity interest in MasterCard Incorporated through their ownership of non-voting Class B common stock. In addition, existing shareholders will receive Class M common stock that will have no economic rights but will provide them with certain rights, including the right to elect several directors from financial institutions around the world.

MasterCard also intends to issue shares of voting Class A common stock to public investors through an initial public offering. Upon successful completion of the offering, these public investors will hold shares representing an expected 49% of the company's equity and 83% of its voting rights. Additional shares of Class A common stock, representing an expected 10% of the company's equity and the remainder of its voting rights, will be issued to a new MasterCard charitable foundation.

MasterCard intends to use a portion of the net proceeds from the proposed initial public offering to redeem shares of Class B common stock from its existing financial institution shareholders. Implementation of the new corporate governance and ownership structure is subject to various contingencies, including shareholder approval and the requisite regulatory filings.

This press release is not an offer to sell, nor a solicitation of an offer to buy, any securities. Any offer will be made only by means of a prospectus contained in a registration statement that will be filed with the U.S. Securities and Exchange Commission.
