LLP and the authorization of audit committee determination of their remuneration.

What shares can I vote at the meeting?

You may vote all of the shares you owned as of April 9, 2010, the record date, including shares held directly in your name as the *shareholder of record* and all shares held for you as the *beneficial owner* through a broker, trustee or other nominee such as a bank.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholders of Record. If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company, you are considered, with respect to those shares, the *shareholder of record*, and these proxy materials are being sent directly to you by us. As the *shareholder of record*, you have the right to vote in person at the meeting or direct the proxyholder how to vote your shares on your behalf at the meeting by fully completing, signing and dating the enclosed proxy card and returning it to us in the enclosed postage-paid return envelope.

Beneficial Owner. If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held *in street name*, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee to vote your shares as you instruct in the voting instruction card. The broker, trustee or other nominee may either vote in person at the meeting or grant a proxy and direct the proxyholder to vote your shares at the meeting as you instruct in the voting instruction card. You may also vote in person at the meeting, but only after you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote your shares at the meeting. Your broker, trustee or nominee has enclosed or provided a voting instruction card for you to use in directing the broker, trustee or nominee how to vote your shares.

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the shareholder of record or as a beneficial owner, you may direct how your shares are voted without attending the meeting by completing and returning the enclosed proxy card or voting instruction card. If you provide specific instructions with regard to items of business to be voted on at the meeting, your shares will be voted as you instruct on those items. Proxies properly signed, dated and submitted to us that do not contain voting instructions and are not revoked prior to the meeting will be voted **FOR** the election of each of the director nominees who are not outside directors identified in this proxy statement, **FOR** the election of Amal M. Johnson and Thomas J. Riordan as our outside directors, **FOR** the appointment of Eyal Waldman as the chairman

of the board of directors, **FOR** the increase in the annual base salary of Mr. Waldman and the cash bonus previously paid to Mr. Waldman, **FOR** the ratification and approval of equity awards previously granted to Mr. Waldman, **FOR** the ratification and approval of perquisites paid to Mr. Waldman, **FOR** the changes to non-

employee director cash compensation, **FOR** the changes to non-employee director equity award grants, **FOR** the amendment to the indemnification undertaking, **FOR** the ratification and approval of liability insurance for the directors and officers of the company and its subsidiaries, and **FOR** the appointment of PricewaterhouseCoopers LLP and the authorization of audit committee determination of their remuneration.

Voting by Telephone or over the Internet. You may also vote by telephone or over the Internet by following the instructions included on the enclosed proxy card or voting instruction card. You may vote by telephone or over the Internet until 11:59 p.m. EST the day before the meeting.

How can I vote my shares in person at the meeting?

Shares held in your name as the shareholder of record may be voted in person at the meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares at the meeting. You should be prepared to present photo identification for admittance. Please also note that if you are not a shareholder of record but hold shares through a broker, trustee or nominee, you will need to provide proof of beneficial ownership as of the record date, such as your most recent brokerage account statement, a copy of the voting instruction card provided by your broker, trustee or nominee or other similar evidence of ownership. The meeting will begin promptly at 5:00 p.m. local Israeli time (10:00 a.m. Eastern Daylight Time). Check-in will begin at 4:00 p.m. local Israeli time. ***Even if you plan to attend the meeting, we recommend that you also complete, sign and date the enclosed proxy card or voting instruction card and return it promptly in the accompanying postage-paid return envelope in order to ensure that your vote will be counted if you later decide not to, or are unable to, attend the meeting.***

Can I change my vote or revoke my proxy?

You may change your vote or revoke your proxy at any time prior to the vote at the meeting. If you are the shareholder of record, you may change your vote by granting a new proxy bearing a later date, which automatically revokes the earlier proxy, by providing a written notice of revocation to our corporate secretary prior to your shares being voted, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. If you are a beneficial owner, you may change your vote by submitting a new voting instruction card to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Is my vote confidential?

Proxy cards, voting instructions, ballots and voting tabulations that identify individual shareholders are not secret; however, all such materials will be handled in a manner intended to reasonably protect your voting privacy. Your vote will not be disclosed, except as required by law and except as required to American Stock Transfer and Trust Company, our

transfer agent, to allow for the tabulation of votes and certification of the vote and to facilitate a successful proxy solicitation.

What is a broker non-vote ?

Under the rules that govern brokers and banks that have record ownership of our ordinary shares that are held in street name for their clients such as you, who are the beneficial owners of the shares, brokers and banks have the discretion to vote such shares on routine matters. With the exception of the election of directors (including outside directors) and the approval of the changes to non-employee director equity award grants, all items of business proposed to be considered at the annual general meeting are considered routine matters. Therefore, if you do not otherwise instruct your broker or bank, the broker or bank may vote your shares on these matters. A *broker non-vote* occurs when a broker or bank expressly instructs on a proxy card that it is *not* voting on a matter, whether routine or non-routine.

Under recent changes to the rules applicable to brokers, **the election of directors is no longer considered a routine matter**. The ratification and approval of equity awards previously granted to Mr. Waldman and the approval of the changes to non-employee director equity award grants are also **NOT** considered to be routine matters. This means that brokers may **NOT** vote your shares on the election of directors, the ratification and approval of equity awards previously granted to Mr. Waldman, or the approval of the changes to non-employee director equity award grants in the absence of your specific instructions as to how to vote. We encourage you to provide instructions to your broker regarding the voting of your shares; otherwise, if you do not provide instructions to your broker or bank regarding how to vote your shares on the election of directors, the ratification and approval of equity awards previously granted to Mr. Waldman, and the approval of the changes to non-employee director equity award grants, then your shares will **NOT** be voted on these important shareholder proposals.

How are broker non-votes counted?

Broker non-votes will be counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business, but they will **NOT** be counted in tabulating the voting result for any particular proposal.

How are abstentions counted?

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented by your proxy will be counted as present for the purpose of determining the presence of a quorum present.

What happens if the meeting is adjourned?

Assuming the presence of a quorum, if our annual general meeting is adjourned to another time and place, no additional notice will be given of the adjourned meeting if the time and place of the adjourned meeting is announced at the annual general meeting, unless the adjournment is for more than 21 days, in which case a notice of the adjourned meeting will be given to each shareholder of record as of April 9, 2010 entitled to vote at the adjourned meeting. At the adjourned meeting, we may transact any items of business that might have been transacted at the annual general meeting.

Who will serve as inspector of elections? A representative of American Stock Transfer and Trust Company, our transfer agent, will tabulate the votes and act as inspector of elections at the meeting.

Requirements for Outside Directors under the Companies Law

Under the Companies Law, companies incorporated under the laws of the State of Israel with shares listed on an exchange, including The NASDAQ Global Market, must appoint at least two outside directors. Directors Amal M. Johnson and Thomas J. Riordan qualify as outside directors under the Companies Law. The Companies Law provides that a person may not be appointed as an outside director if the person, or the person's relative, partner, employer or any entity under the person's control, has or had during the two years preceding the date of appointment any affiliation with the company or any entity controlling, controlled by or under common control with the company. The term affiliation includes:

an employment relationship;

a business or professional relationship maintained on a regular basis;

control; and

service as an office holder, excluding service as a director in a private company prior to the first offering of its shares to the public if such director was appointed as a director of the private company in order to serve as an outside director following the public offering.

Office holder is defined in the Companies Law as a director, general manager, chief business manager, deputy general manager, vice general manager, executive vice president, vice president, other manager directly subordinate to the general manager or any other person assuming the responsibilities of any of the foregoing positions, without regard to such person's title.

No person can serve as an outside director if his or her position or other business interests create, or may create, a conflict of interest with his or her responsibilities as an outside director or may otherwise interfere with his or her ability to serve as an outside director.

Our outside directors are required to possess professional qualifications as set out in regulations promulgated under the Companies Law. In addition, our board of directors is required to determine how many of our outside directors should be required to have financial and accounting expertise. In determining such number the board of directors must consider, among other things, the type and size of the company and the scope and complexity of its operations.

Under the Companies Law, each of our outside directors must also serve on the audit committee. Ms. Johnson and Mr. Riordan are both currently members of the audit committee.

Table of Contents

Until the lapse of two years from termination of office, we may not engage an outside director to serve as an office holder and cannot employ or receive services from that person, either directly or indirectly, including through a corporation controlled by that person.

Outside directors will be elected by the approval of the holders of a majority of the voting power represented at the meeting in person or by proxy or by written ballot, provided that either:

at least one-third of the shares of non-controlling shareholders voted at the meeting are voted in favor of the election of the outside director (disregarding abstentions); or

the total number of shares of non-controlling shareholders voted against the election of the outside director does not exceed one percent of the aggregate voting rights in the company.

The initial term of an outside director is three years, and he or she may be reelected to one additional term of three years. If elected, both Ms. Johnson and Mr. Riordan will be elected to their second three-year terms as directors. Thereafter, each director may be reelected by our shareholders for additional periods of up to three years each, in each case provided that the audit committee and the board of directors confirm that, in light of the outside director's expertise and special contribution to the work of the board of directors and its committees, the reelection for such additional period(s) is beneficial to the company. An outside director may be removed only by the same percentage of shareholders as is required for his or her election, or by a court, and then only if he or she ceases to meet the statutory requirements for his or her appointment or if he or she violates the duty of loyalty to the company.

The audit committee and the board of directors have approved the following revised cash compensation amounts to be received by each non-employee member of our board of directors for their annual board services:

\$35,000 per year for service as a board member;

\$25,000 per year for service as chairperson of the audit committee and \$7,000 per year each for service as chairperson of the compensation and of the nominating and corporate governance committees;

\$5,000 per year for service as a member of the audit committee and \$3,000 per year each for service as a member of the compensation and of the nominating and corporate governance committees; and

No fees to be paid for each board or committee meeting attended; provided that non-employee directors are reimbursed by the company for expenses incurred in connection with attending such meetings.

In the event our shareholders approve this proposal, the revised cash compensation amounts will be paid starting in calendar year 2010, effective retroactively from January 1, 2010, except with respect to outside directors under the Companies Law, for whom this change will be effective only from the date of their reappointment as outside directors.

Board of Directors Recommendation

THE BOARD OF DIRECTORS, FOLLOWING THE RECOMMENDATION OF THE AUDIT COMMITTEE, RECOMMENDS THAT YOU VOTE *FOR* THE INCREASE IN ANNUAL RETAINER FEES PAID TO NON-EMPLOYEE DIRECTORS AND TO ELIMINATE THE FEES PAID TO NON-EMPLOYEE DIRECTORS FOR EACH BOARD OR COMMITTEE MEETING ATTENDED, AS DESCRIBED IN THIS PROPOSAL SEVEN.

PROPOSAL EIGHT APPROVAL OF CHANGES TO NON-EMPLOYEE DIRECTOR EQUITY AWARD GRANTS

Under Israeli law, the terms of service of the members of the board of directors of a public company require the approval of the shareholders following the approval of the audit committee and the board of directors. Each of the members of our audit committee and board of directors has approved certain changes to the equity awards to be granted to non-employee directors (including outside directors) pursuant to our Non-Employee Director Option Grant Policy.

In addition to the cash compensation described in Proposal Seven above, prior to the proposed changes, each member of our board of directors who was not our employee received the following equity compensation for board services pursuant to our Non-Employee Option Grant Policy, which was established under our Global Share Incentive Plan (2006):

Each new non-employee director received an option to purchase 57,142 ordinary shares as of the date he or she first became a non-employee director; and

Thereafter, following the date of each annual general meeting, each individual who continued to serve as a non-employee director on such date received an automatic option grant to purchase 11,428 ordinary shares.

These option grants vested in equal monthly installments over three years following their respective dates of grant, provided the director continued to serve as a non-employee director on our board of directors.

The audit committee and the board of directors have approved the following changes to the initial and annual, automatic, non-discretionary grants pursuant to our Non-Employee Director Option Grant Policy:

Each new non-employee director will receive an option to purchase 50,000 ordinary shares as of the date he or she first becomes a non-employee director, which will vest in equal monthly installments over three years following their respective dates of grant, provided the director continues to serve as a non-employee director on our board of directors; and

Table of Contents

Thereafter, following the date of each annual general meeting, each individual who continues to serve as a non-employee director on such date will receive an award of 5,000 restricted stock units, which will vest in equal monthly installments over the one-year period following the date of grant, provided the director continues to serve as a non-employee director on our board of directors.

In the event our shareholders approve this proposal, the changes to the initial and annual, automatic, non-discretionary grants pursuant to our Non-Employee Director Option Grant Policy will become effective as of the date of the 2010 annual general meeting to be held on May 17, 2010 pursuant to the notice provided with this proxy statement.

Board of Directors Recommendation

THE BOARD OF DIRECTORS, FOLLOWING THE RECOMMENDATION OF THE AUDIT COMMITTEE, RECOMMENDS THAT YOU VOTE *FOR* THE CHANGES TO THE NON-EMPLOYEE DIRECTOR OPTION GRANT POLICY, AS DESCRIBED IN THIS PROPOSAL EIGHT.

PROPOSAL NINE APPROVAL OF AMENDMENT TO INDEMNIFICATION UNDERTAKING

The Companies Law and our articles of association authorize us, subject to the receipt of requisite corporate approvals, to indemnify our directors and officers, subject to certain conditions and limitations. We believe that it is in the company's best interest to provide indemnification to our officers and directors, to enable us to attract and retain highly qualified individuals. For more details relating to indemnification of our directors and officers, please see our Registration Statement on Form S-1, Compensation Discussion and Analysis Exculpation, Insurance and Indemnification of Directors and Officers.

Pursuant to the company's amended indemnification undertaking agreement with each of its directors and officers, as approved by shareholders at the company's annual general meeting held on May 18, 2009, and filed with the SEC on August 6, 2009 as Exhibit 10.1 to the company's Quarterly Report on Form 10-Q, the company is obligated to indemnify its directors and officers who are, or who may become, parties to such agreement to the fullest extent permitted by law up to certain maximum amounts.

Pursuant to the proposed amendment to the indemnification undertaking agreement, a new section 2.6 will be added to the indemnification undertaking which will provide, among other things, for certain indemnification rights of venture capital funds that are or were affiliated with or represented by the individual party to the indemnification undertaking, and will further provide that the company is the indemnitor of first resort relative to such venture capital funds and its affiliates. The text of the proposed amendment follows:

2.6 Indemnification of Venture Capital Funds.

(a) If (i) Indemnitee is or was a representative of or affiliated with one or more VC Funds that has invested in the Company, (ii) the VC Fund is, or is threatened to be made, a party to or a participant in any Fund Proceeding (as hereinafter defined), and (iii) the VC Fund's involvement in the Fund Proceeding arises out of facts or circumstances that are the same or substantially similar to the facts and circumstances that form the basis of claims that have been or could be brought against the Indemnitee in a Proceeding, regardless of whether the legal basis of the claims against the Indemnitee and the VC Fund are the same or similar, then the VC Fund shall be entitled to all of the indemnification rights and remedies under this Agreement pursuant to this Agreement as if the VC Fund were the Indemnitee.

(b) The Company hereby acknowledges that Indemnatee has certain rights to indemnification, advancement of expenses and/or insurance provided by one or more VC Funds and certain of its or their affiliates (collectively, the Fund Indemnitors). The Company hereby agrees (i) that it is the indemnitor of first resort (i.e., its obligations to Indemnatee are primary and any obligation of the Fund Indemnitors to advance expenses or to provide indemnification for the same expenses or liabilities incurred by Indemnatee are secondary), (ii) that it shall be required to advance the full amount of expenses incurred by Indemnatee and shall be liable for the full amount of all Expenses, judgments, penalties, fines and amounts paid in settlement to the extent legally permitted and as required by the terms of this Agreement and the Articles of Association of the

Table of Contents

Company (or any other agreement between the Company and Indemnatee), without regard to any rights Indemnatee may have against the Fund Indemnitors, and, (iii) that it irrevocably waives, relinquishes and releases the Fund Indemnitors from any and all claims against the Fund Indemnitors for contribution, subrogation or any other recovery of any kind in respect thereof. The Company further agrees that no advancement or payment by the Fund Indemnitors on behalf of Indemnatee with respect to any claim for which Indemnatee has sought indemnification from the Company shall affect the foregoing and the Fund Indemnitors shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of Indemnatee against the Company. The Company and Indemnatee agree that the Fund Indemnitors are express third party beneficiaries of the terms of this Section 2.6.

No other amendments are proposed to the current version of indemnification undertaking except the amendment set forth in this proposal. The proposed amendment was approved by our audit committee and board of directors on March 4, 2010. We are seeking the ratification and approval of the proposed amendment to the indemnification undertaking agreement by our shareholders pursuant to the formalities of Israeli law.

Board of Directors Recommendation

THE BOARD OF DIRECTORS, FOLLOWING THE RECOMMENDATION OF THE AUDIT COMMITTEE, RECOMMENDS THAT YOU VOTE *FOR* THE AMENDMENT TO THE CURRENT FORM OF INDEMNIFICATION UNDERTAKING AS DESCRIBED IN THIS PROPOSAL NINE.

PROPOSAL TEN RATIFICATION AND APPROVAL OF LIABILITY INSURANCE FOR THE DIRECTORS AND OFFICERS OF THE COMPANY AND ITS SUBSIDIARIES

We are seeking the ratification and approval of our purchase of liability insurance for directors by our shareholders pursuant to the formalities of Israeli law.

The ratification and approval of shareholders requested pursuant to this Proposal Ten is subject to the following terms:

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE *FOR* THE RATIFICATION AND APPROVAL OF LIABILITY INSURANCE FOR THE DIRECTORS AND OFFICERS OF THE COMPANY AND ITS SUBSIDIARIES, AS DESCRIBED IN THIS PROPOSAL TEN.

**PROPOSAL ELEVEN APPROVAL OF APPOINTMENT

audit committee of our board of directors believes that such appointment is appropriate and in the best interests of the company and its shareholders. Subject to the approval of this proposal, the audit committee will fix the remuneration of PricewaterhouseCoopers LLP in accordance with the volume and nature of their services to the company.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual general meeting of shareholders. They will have an opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions from our shareholders.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE *FOR* THE APPROVAL OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2010 AND THE AUTHORIZATION OF OUR AUDIT COMMITTEE TO DETERMINE THEIR REMUNERATION IN ACCORDANCE WITH THE VOLUME AND NATURE OF THEIR SERVICES AS DESCRIBED IN THIS PROPOSAL ELEVEN.

Audit and Non-Audit Services

Subject to shareholder approval of the audit committee's authority to determine remuneration for their services, the audit committee is directly responsible for the appointment, compensation and oversight of our independent auditors. In addition to retaining PricewaterhouseCoopers LLP to audit our consolidated financial statements for the fiscal year ending 2009, the audit committee retained PricewaterhouseCoopers LLP to provide other non-audit and advisory services in 2009. The audit committee has reviewed all non-audit services provided by PricewaterhouseCoopers LLP in 2009, and has concluded that the provision of such non-audit services was compatible with maintaining PricewaterhouseCoopers LLP's independence and that such independence has not been impaired.

The aggregate fees billed by PricewaterhouseCoopers LLP for audit and non-audit services in 2009 and 2008 were as follows:

Service Category	Fiscal Year Ended December 31,	
	2009	2008
Audit Fees	\$ 708,000	\$ 799,761
Audit-Related Fees	168,414	3,000
Tax Fees	116,518	169,503
All Other Fees		10,000
Total	\$ 992,932	\$ 982,264

In the above table, in accordance with the SEC's definitions and rules, audit fees are fees for professional services for the audit and review of our annual consolidated financial statements, as well as fees for issuance of consents and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements except those not required by statute or regulation; audit-related fees are fees for assurance and related services that were reasonably related to the performance of the audit or review of our financial statements, including attestation services that are not required by statute or regulation, due diligence and any services related to acquisitions;

tax fees are fees for tax compliance, tax advice and tax planning; and all other fees are fees for any services not included in the first three categories.

REPORT OF THE AUDIT COMMITTEE¹

The audit committee, which currently consists of Messrs. Federman, Riordan and Weatherford and Ms. Johnson, evaluates audit performance, manages relations with our independent registered public accounting firm and evaluates policies and procedures relating to internal accounting functions and controls. The board of directors adopted a written charter for the audit committee in December 2000 and most recently amended it in April 2008, which charter details the responsibilities of the audit committee. This report relates to the activities undertaken by the audit committee in fulfilling such responsibilities.

The audit committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The audit committee oversees the company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and reporting process, including the company's systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed with management the audited financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2009. This review included a discussion of the quality and the acceptability of the company's financial reporting and controls, including the clarity of disclosures in the financial statements.

The audit committee also reviewed with the company's independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of the company's audited financial statements with generally accepted accounting principles, its judgments as to the quality and the acceptability of the company's financial reporting and such other matters required to be discussed with the audit committee under generally accepted auditing standards in the United States including Statement on Auditing Standards No. 114.

The audit committee has received the written disclosures and the letter from the company's independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm its independence.

The audit committee further discussed with the company's independent registered public accounting firm the overall scope and plans for its audits. The audit committee meets periodically with the independent registered public accounting firm, with and without management present, to discuss the results of the independent registered public accounting firm's examinations and evaluations of the company's internal controls, and the overall quality of the company's financial reporting.

The Sarbanes-Oxley Act of 2002 and the auditor independence rules of the SEC require all issuers to obtain pre-approval from their respective audit committees in order for their independent registered public accounting firms to provide professional services without impairing independence. As such, the audit committee has a policy and has established procedures by which it pre-approves all audit and other permitted professional services to be provided by the company's independent registered public accounting firm. From time to time, the company may desire additional permitted professional services for which specific pre-approval is obtained from the audit committee before provision of such services commences. The audit committee has considered and determined that the provision of the services other than audit services referenced above is compatible with maintenance of the auditors' independence.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations be included in the Annual Report on Form 10-K for the year ended December 31, 2009 and be filed with the SEC.

REPORT OF THE COMPENSATION COMMITTEE²

Our compensation committee reviews and recommends our programs, policies and practices relating to the compensation and benefits of our officers and employees. Our compensation committee, in consultation with our chief executive officer, or our CEO, and our board of directors and our audit committee with respect to our CEO's compensation, decides how much cash compensation should be part of each of our officer's total compensation by benchmarking to a peer group of companies, which we refer to as our Peer Group Companies, and considers the relative importance of short-term incentives. In addition, our compensation committee, in consultation with our CEO, makes recommendations to our board of directors regarding equity-based compensation to align the interests of our management with shareholders, considering each named executive officer's equity holdings. Our compensation committee also manages the granting of options to purchase our ordinary shares and other awards under our Global Share Incentive Plan (2006). Our compensation committee will review and evaluate, at least annually, our incentive compensation plans. All members of our compensation committee are independent under the applicable rules and regulations of the SEC, the NASDAQ Stock Market and the U.S. Internal Revenue Service.

Our compensation committee has reviewed and discussed the Compensation Discussion and Analysis, or CD&A, for the year ended December 31, 2009 with management. In reliance on the reviews and discussion referred to above, our compensation committee recommended to our board of directors, and our board of directors has approved, that the CD&A be included in the proxy statement for the year ended December 31, 2009 for filing with the SEC.

The foregoing report is provided by the undersigned members of our compensation committee.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Objectives

We invest our resources to grow our business in a manner that we believe will increase shareholder value. To further this objective, our compensation committee oversees our compensation program to support and reward the achievement of our financial goals and to promote the attainment of other key business objectives. In order to conduct our business effectively, we must attract, motivate and retain highly qualified executive officers. Our compensation program is designed to reward high performance and innovation, to promote accountability and to ensure that executive interests are aligned with the interests of our shareholders.

Our named executive officers for 2009 were Eyal Waldman, chairman of our board of directors, CEO and president; Michael Gray, chief financial officer; Marc Sultzbaugh, vice president of worldwide sales; Michael Kagan, chief technology officer and vice president of architecture; and Shai Cohen, vice president of operations and engineering.

Our executive compensation program has three primary components: (i) base compensation or salary, (ii) annual cash bonuses and (iii) equity awards, including stock option grants and awards of restricted stock units. Our program is designed to provide incentives and rewards for both our short-term and long-term performance, and is structured to motivate the company's named executive officers to meet our strategic objectives, thereby maximizing total return to shareholders. In addition, we provide our named executive officers with benefits that we also generally make available to all salaried employees in the geographic location where they are based. In Israel, we make contributions on behalf of most of our employees, including our named executive officers, to an education fund and also to a fund known as Managers' Insurance, which provides a combination of retirement plan, insurance and severance pay benefits to Israeli employees, and permit employees to participate in the company's automobile leasing program, under which we pay for gas, maintenance, insurance and the cost of normal wear and tear of the vehicle over the life of the lease. In the United States, we make matching 401(k) plan contributions in an amount up to 4% of base salary for all employees, including our U.S.-based named executive officers.

Our executive compensation program is administered by our compensation committee, which is comprised of four independent members of, and reports to, our board of directors. Operating under its charter, our compensation committee reviews, in consultation with management and the board of directors, and evaluates the compensation plans, policies and programs of the company. In addition, our compensation committee reviews and recommends to our audit committee and board of directors the approval of our CEO's compensation (including base salary, cash bonuses and equity awards, including stock option grants and awards of restricted stock units). Our compensation committee also annually evaluates and approves certain elements of our other named executive officers' compensation. These annual evaluations include: (i) consideration of the current levels and components of compensation paid to our named executive officers, (ii) consideration of the mix of cash incentives and long-term equity awards and (iii) a review of compensation paid by our Peer Group Companies conducted by our compensation committee (and our board of directors and audit committee, with respect to our CEO's compensation), as described below, to executives in positions comparable to those held by our named executive officers.

In March 2009, our board of directors approved a one time offer to exchange options whereby our employees, including each of our named executive officers, were able to elect to exchange stock options having an exercise price in excess of \$13.65 per share for new stock options to purchase fewer shares having an exercise price equal to \$10.23 per share. The new options granted in the exchange have a ten year term from the date of grant and are subject to new vesting requirements. We made the offer to exchange because a considerable number of our eligible employees and contractors, including our named executive officers, had options with exercise prices significantly above the

then-recent trading prices of our ordinary shares. These options were originally granted to give employees and contractors a stake in the growth and success of our company and to provide them with an additional financial incentive to remain employees and contractors of Mellanox, and our intent was that the offer to exchange would

Table of Contents

realign the interests of our employees and contractors, including our named executive officers, with the interests of our shareholders.

In making compensation decisions, our compensation committee and board of directors reference third-party surveys that provide compensation data. These compensation surveys allow our compensation committee and board of directors to be better informed in determining the key elements of our compensation program. In reviewing base salaries of our named executive officers, our compensation committee reviewed 2008 salary surveys prepared by Radford Surveys + Consulting, an Aon Consulting Company, or Radford, for named executive officers in the United States and Tali Atzmon for named executive officers in Israel. To determine competitive bonus levels for services provided in 2009 and paid in 2010, our compensation committee and board of directors utilized data from the 2008 Radford Executive Survey U.S., an independent third-party national compensation survey covering more than 1,100 high-tech companies in the United States, and the Radford International Survey Israel, an independent third-party survey of compensation practices by high-tech companies in Israel, which, together, we refer to as the Radford Surveys. The industry data from the Radford Surveys consists of salaries and other compensation paid by companies to executives in positions comparable to those held by our named executive officers. Specifically, we reviewed data on named executive officer positions in the United States from the Radford Executive Survey U.S. and for positions in Israel from the Radford International Survey Israel.

In reviewing the data from the Radford Surveys, we focused on compensation data for the 25th, 50th and 75th percentiles of our Peer Group Companies, which participate in the Radford Surveys and are similar to us with respect to industry sector, revenue, market capitalization and headcount or operate in industry sectors in which we typically compete for senior management talent. For 2009, our Peer Group Companies in the 2008 Radford Executive Survey U.S. consisted of the following companies:

3PAR, Inc.
Actel Corp.
BigBand Networks, Inc.
California Micro Devices Corp.
Cirrus Logic, Inc.
Cray, Inc.
Digi International, Inc.
EMCORE Corp.
Endwave Corp.

NetScout Systems, Inc.
Occam Networks, Inc.
Pericom Semiconductor Corp.
PLX Technology, Inc.
Rambus, Inc.

For 2009, our Peer Group Companies within the 2008 Radford International Survey Israel consisted of the following:

Applied Materials, Inc.
BMC Software, Inc.
Broadcom Corporation
Cadence Design Systems, Inc.
Conexant Systems, Inc.
Dune Networks
KLA-Tencor Corporation

Marvell Technology Group Ltd.
Polycom, Inc.

Table of Contents

We did not engage a compensation consultant during 2009 because our compensation committee determined that it had received sufficient information from the compensation consultant used in 2008, Radford, to make compensation decisions in fiscal year 2009.

Throughout the fiscal year, our CEO provides our compensation committee with his assessment of the performance levels of the company and our named executive officers (other than himself) and his recommendations with respect to compensation of our named executive officers (other than himself). Our compensation committee believes it is important to consider and evaluate our CEO's input on matters concerning compensation of other named executive officers. The compensation committee believes that our CEO's input regarding our other named executive officers' individual performances, as well as the expected contributions and future potential of each of them, is useful because each other named executive officer reports directly to our CEO, and our CEO interacts with our other named executive officers on an ongoing basis throughout the year.

While our compensation committee considers our CEO's recommendations, our compensation committee is responsible for setting the base salary and annual cash bonus for our executive officers, other than our CEO, and for recommending to the Board of Directors for final approval the equity awards, including stock option grants and awards of restricted stock units made to our executive officers. Our compensation committee also makes all final recommendations on base salary, cash bonus awards and equity compensation matters concerning our CEO to our audit committee and to our board of directors, which approves the compensation of our CEO. In addition, under Israeli law, our CEO's compensation is subject to approval by the company's shareholders at each annual general meeting.

Compensation Philosophy and Objectives

Our compensation philosophy includes compensating our executives at levels that are competitive with our Peer Group Companies in order to attract and retain talented executives and to provide equity incentives that align the interests of our executives with the interests of our shareholders.

Since our initial public offering, we have paid base salaries to our named executive officers that were less than base salaries paid to executive officers of our Peer Group Companies because we believed that the lower base salaries we paid were partially offset by the potential value of stock option grants awarded to our named executive officers and, to a lesser extent, by annual cash bonus awards earned by our named executive officers.

As we have grown and matured as a public company, our compensation objectives continue to evolve. Base salaries for our named executive officers were increased in 2008 so that they would approximate the 50th percentile for named executive officers in the United States and between the 50th and 75th percentile for named executive officers in Israel, in each case, as compared to the companies participating in the salary surveys for each region reviewed by our compensation committee in November 2007. In March 2009, our named executive officers voluntarily reduced their base salaries by 15% in light of the economic conditions at that time. As the economy improved, our named executive officers' base salaries were increased back to their original levels with 7.5% of their base salaries restored in both July and October. Bonus awards for 2008 were set in reference to the 25th percentile of our Peer Group Companies, and these bonus levels were maintained for 2009. In addition to base salary and cash bonuses, we continue to believe that the opportunity to share in the creation of shareholder value through equity compensation is critical for retaining our executive officer talent and for providing appropriate incentives to drive our company's performance and to ensure that we maximize long-term shareholder value. In March 2009, our board of directors approved a one time offer to exchange options whereby our employees, including our named executive officers, were able to elect to exchange stock options having an exercise price in excess of \$13.65 per share for replacement options to purchase fewer shares having an exercise price equal to \$10.23 per share subject to additional vesting.

Historically, we have sought to align the interests of our executives and other employees with the interests of our shareholders by granting our executives and other employees stock options, which will not have any value

Table of Contents

unless our share price increases. In January 2010, our compensation committee used restricted stock units that have value regardless of whether our share price increases or decreases from the date we make any such awards. Our compensation committee believes that restricted stock units can provide value certainty in a turbulent economic environment while continuing to align the interests of our executives and other employees with the interests of our shareholders. Our compensation committee expects to continue to consider awarding restricted stock units when it determines such awards may be necessary as an incentive to motivate and retain our executives and other employees and/or may provide a better alignment of the interests of our executives and other employees with those of our shareholders.

In order to provide our named executive officers security so that they can remain focused on our business in the event of a potential change in control, we have entered into executive severance benefits agreements with each of our named executive officers that provide for certain payments and other severance benefits in the event their service is terminated following a change in control of our company. We believe that these executive severance benefits agreements help attract and retain talented executives by ensuring their efforts remain focused on our shareholders long term interests rather than the individual executive's short term employment-related interests.

We believe that the cash compensation (including base salary and annual cash bonus awards) and equity award grants we provide, including those stock options granted in the option exchange, along with the security provided by restricted stock units and executive severance benefits agreements, create a competitive total compensation package for our named executive officers in light of the economic climate in 2009 and the compensation packages provided by our Peer Group Companies in 2008.

Base Salary

We design base salaries to fall within a competitive range of the companies against which we compete for executive talent. In 2008, the base salaries of our named executive officers fell near the 50th percentile, in the case of named executive officers in the United States, and between the 50th and 75th percentile, in the case of named executive officers in Israel, of the companies that participated in salary surveys using our Peer Group Companies prepared by Radford for named executive officers in the United States and Tali Atzmon for named executive officers in Israel. Generally, the base salary established for an individual named executive officer reflects many inputs, including our CEO's assessment of the named executive officer's performance, the level of responsibility of the named executive officer, and competitive pay levels based on salaries paid to employees with similar roles and responsibilities at our Peer Group Companies.

Our CEO's base salary is the highest base salary at the company because he has the central management role, which is consistent with our review of CEO salaries in the salary surveys referenced above. Our Chief Financial Officer's base salary is higher than that of other named executive officers because of the importance of retaining consistency and quality financial expertise as a public company, which is also consistent with our review of chief financial officer salaries in the salary surveys referenced above. The base salaries of other named executive officers are determined based on their overall duties and responsibilities within the company, their experience and qualifications and the base salaries paid by the companies participating in the salary surveys for similar roles.

In early 2009, our compensation committee decided not to increase the base salaries of our named executive officers because of the general economic climate at that time. Effective March 1, 2009 each of our named executive officers voluntarily elected to reduce his base salary by 15% in light of continued economic uncertainty. As the economy began to improve during the year, our named executive officers' base salaries were increased back to their original levels with 7.5% of the original base salary restored on each of July 1, 2009 and October 1, 2009.

Table of Contents

Annual Discretionary Cash Bonus Program

We structure our annual discretionary cash bonus award program to reward named executive officers for our company's successful performance, measured on the basis of our operating income (determined on a GAAP basis), and for each individual's contribution to that performance. We initiated our annual discretionary cash bonus program in 2005 and since then, other than with respect to our CEO, annual cash bonuses have not constituted a significant portion of our named executive officers' total compensation because we primarily rely on equity awards to provide incentives to our named executive officers. With respect to 2009, our board of directors, following the recommendation of the audit committee, has recommended that our CEO be awarded a significant bonus (relative to his base salary) in light of his significant leadership contributions to our company in 2009 associated with the company's financial performance despite the economic climate in 2009.

Under our annual discretionary cash bonus award program, our employees in good performance standing, including our named executive officers, are eligible to receive an award from a bonus pool in an amount that is determined annually. The annual bonus pool amount is determined by our compensation committee based on its assessment of our achievement of our operating plan and company profitability. For 2009, the aggregate discretionary cash bonus pool was set at 10% of our fiscal year 2009 operating income, as measured on a GAAP basis. Based on consultation with our CEO, the compensation committee determined and approved the amount of each named executive officer's bonus award from this pool. The amount of the bonus award to each named executive officer is not tied to individual performance objectives. No specific performance targets for our named executive officers were established in connection with the determination of the aggregate amount of the bonus pool for the year ended December 31, 2009, or the portion of the pool allocated to our named executive officers.

Our compensation committee then determined the allocation of the bonus pool based, in part, on information gathered from the 2008 Radford Executive Survey – U.S. (no data was available from the Radford International Survey – Israel) which indicated that the 25th percentile of our Peer Group provide target annual bonus opportunities in 2008 ranging from 30% to 45% of base salaries for the named executive officer positions. Consistent with our approach of placing a greater emphasis on equity compensation, our compensation committee awarded bonuses under the company's annual discretionary cash bonus compensation program in February 2010 for services performed in the year ended December 31, 2009 that ranged from 18% to 21% of each named executive officer's base salary paid during 2009. Specifically, Mr. Gray was awarded \$40,000, which represents 18% of his base salary; Mr. Kagan was awarded \$32,000, which represents 21% of his base salary; Mr. Sultzbaugh was awarded \$40,000, which represents 20% of his base salary; and Mr. Cohen was awarded \$33,000, which represents 21% of his base salary. Payments under the annual discretionary cash bonus program are contingent upon continued employment through the actual date of payment, which was February 26, 2010 in the United States and March 1, 2010 in Israel.

Also, subject to shareholder approval at our 2010 annual general meeting of shareholders, upon the recommendation of our Compensation Committee and the approval of our audit committee, on February 17, 2010, our Board of Directors approved a cash bonus to our CEO, Eyal Waldman, in the amount of \$142,000, which represents 47% of his base salary paid during 2009, for services performed in the year ended December 31, 2009 pursuant to the Company's annual discretionary cash bonus compensation program. Because no annual bonus data was available from the 2008 Radford International Survey – Israel, this amount was determined by our compensation committee, audit committee and board of directors largely based on data from the 2008 Radford Executive Survey – U.S., which indicates that the 25th percentile of our Peer Group Companies provide a target bonus opportunity of 75% of base salary for chief executive officers.

Policies with Respect to Equity Compensation Awards

As described above, stock options and restricted stock units are the only types of equity award we currently grant to our named executive officers from our equity incentive plan. Restricted stock units may have some value regardless of whether our share price increases or decreases from the date we make any such awards.

Table of Contents

We grant stock options and restricted stock units to our named executive officers in order to align their interests with the interests of our shareholders by tying the value delivered to our named executive officers to the value of our ordinary shares. We also believe that stock option and restricted stock unit grants to our named executive officers provide them with long-term incentives that will aid in retaining executive talent by providing opportunities to be compensated through the company's performance and rewarding executives for creating shareholder value over the long-term. Our compensation committee believes that granting stock options, restricted stock units and/or other equity awards on an annual basis to existing named executive officers and employees provides an important incentive to retain executives and employees and rewards them for short-term company performance while also creating long-term incentives to sustain that performance. We may also make grants of stock options and restricted stock units at the discretion of our board of directors and the compensation committee in connection with the hiring or promotion of new named executive officers.

We grant stock options with exercise prices equal to the closing price of our ordinary shares on the date of the grant; therefore, the options only have value if our share price increases. Stock option grants to newly hired employees, including our named executive officers, generally vest over four years, with 25% of the shares subject to the grant vesting on the one-year anniversary of employment, and 1/48 of the shares vesting during each subsequent month of employment. Annual stock option grants made to existing employees, including named executive officers, generally vest over four years, with 25% of the shares subject to the grant vesting on the one-year anniversary of the grant date, and 1/48th of the shares vesting during each subsequent month of employment. Annual awards of restricted stock units made to existing employees in January 2010, including named executive officers, vest over four years at the rate of 13/48 of the shares on February 1, 2011, and thereafter at the rate of 3/48 of the original number of shares on the first day of each quarterly period of May, August, November and February commencing May 1, 2011, with the last 2/48 of the original number of shares vesting on January 1, 2014, so long as the optionee remains an officer or employee of the Company. We set these vesting schedules in order to provide an incentive to our employees, including our named executive officers, to continue their employment with us over the long term and, with respect to the restricted stock units, to provide them the opportunity to sell their vested shares during a period following the public release of our prior quarter's fiscal operating results.

Generally, we determine the size of each equity award to a named executive officer after reviewing long-term incentive compensation data from the compensation surveys and after considering the role of each named executive officer within our company, the criticality of their function within the organization and the named executive officer's current equity position from previous equity awards. Since long-term incentive compensation levels fluctuate from year to year (depending on each company's granting patterns, valuation assumptions, and stock price) and given the relatively low trading price of our ordinary shares, we generally review surveys using long-term incentive information from our Peer Group Companies under both a value approach, which is based on the fair value of long-term incentive awards, and a percentage of common shares outstanding approach, which compares the number of shares subject to each long-term incentive award to the number of shares outstanding for each company.

In addition to the annual equity awards granted to each of our named executive officer and to our CEO in 2009, in March 2009, our board of directors approved a one time offer to exchange options whereby our employees, including our named executive officers, were able to elect to exchange underwater stock options for stock options to purchase fewer ordinary shares and having a lower exercise price. Stock options eligible for exchange had an exercise price in excess of \$13.65 per share. The option exchange was designed to be cost neutral to our company and thus underwater stock options were exchanged for replacement options to purchase fewer of our ordinary shares. For exchanged options having a per share exercise price of \$13.66 to \$16.99, the ratio of options exchanged for replacement options was 1.1 to 1 and for exchanged options having a per share exercise price of \$17.00 or higher, the ratio of options exchanged for replacement options was 1.21 to 1. The replacement options had a per share exercise price equal to \$10.23, which was the closing trading price of our ordinary shares on April 22, 2009, the last day of the exchange. The vesting schedules of the replacement options granted in the exchange depended on whether the exchanged options

were originally granted in 2007 or 2008. The replacement options granted in exchange for options originally granted in 2007 vest with respect to 1/3 of the ordinary shares subject thereto on April 22, 2010 and then in equal monthly installments thereafter over two years. The replacement options granted in exchange for options originally granted in 2008 vest with respect to 1/4 of the ordinary shares subject thereto on

Table of Contents

April 22, 2010 and then in equal monthly installments thereafter over three years. Our named executive officers were granted options to purchase the following number of ordinary shares in the option exchange: Mr. Waldman 40,972, Mr. Gray 30,577, Mr. Sultzbaugh 117,354, Mr. Kagan 24,793 and Mr. Cohen 30,578.

In January 2010, our board of directors granted each of our named executive officers restricted stock units as follows: Mr. Waldman 45,000, Mr. Gray 12,000, Mr. Sultzbaugh 12,000, Mr. Kagan 11,000 and Mr. Cohen 12,000. In accordance with Proposal Five, our board of directors has recommended that the shareholders ratify and approve the previous grant of 45,000 restricted stock units to Mr. Waldman. These restricted stock units vest in accordance with the schedule described above in this section Policies with Respect to Equity Compensation Awards. The initial determinations with respect to the number of restricted stock units granted to each named executive officer and the vesting terms were made by our compensation committee in consultation with our CEO (except for his own grant). Our compensation committee and CEO reviewed the 2008 Radford Executive Surveys U.S. and the 2008 Radford International Survey Israel in the process of determining the size of stock option grants but did not target a particular percentile or engage in any benchmarking. Our compensation committee and our CEO (except with respect to his own grant) recommended the number of restricted stock units and the vesting terms to our board of directors.

The company does not have any equity ownership guidelines that require any of our directors or executive officers to hold a stated number or fixed percentage of our ordinary shares.

Change of Control Severance Arrangements

In November 2006, we entered into executive severance benefits agreements with each of our named executive officers, some of which were amended in 2008 to ensure compliance with, or exemption from, Section 409A of the U.S. Internal Revenue Code.

Each of the executive severance benefit agreements to which we are a party provide that if the executive's employment with our company is terminated without cause or if the executive is constructively terminated (as these terms are defined in the agreements), in each case during the 12-month period following a change of control (as defined in the agreements) of our company, then the executive is entitled to receive the following payments and benefits:

Continuation of the named executive officer's salary for six months at a per annum rate of 120% of the executive's annual base salary in effect on the termination date.

In the case of a named executive officer who resides in the United States, if the named executive officer elects COBRA coverage under our group health plan, payment for the cost to continue COBRA coverage for the named executive officer and his eligible dependents for up to 12 months following the termination date.

Accelerated vesting and immediate exercisability of the named executive officer's outstanding and unvested stock awards as to 50% of the total number of unvested shares subject to such outstanding and unvested stock option awards.

We determined the amount of these payments and benefits prior to our initial public offering by reference to the general practices of public companies in our industry at that time.

The benefits payable under the severance agreements are in addition to payments or other benefits, if any, that any named executive officer who resides in Israel may be entitled to receive under applicable Israeli law. Israeli law generally requires severance pay equal to one month's salary for each year of employment upon the retirement, death or termination without cause (as defined in the Israeli Severance Pay Law) of an employee. To satisfy this requirement, we make contributions on behalf of most of our Israeli-based employees to a fund known as Managers

Insurance. This fund provides a combination of pension plan, insurance and severance pay benefits to the employee,

Table of Contents

giving the employee or his or her estate payments upon retirement or death and securing the severance pay, if legally entitled, upon termination of employment. Each full-time Israeli employee, including each of our Israeli-based named executive officers, is entitled to participate in the plan, and each employee who participates contributes an amount equal to 5% of his or her salary to the pension plan and we contribute between 13.33% and 15.83% of his or her salary (consisting of 5% to the pension plan, 8.33% for severance payments and up to 2.5% for insurance).

Within the context of our compensation philosophy, the compensation committee believes the terms of our executive severance agreements with our named executive officers will encourage their continued attention and dedication to their assigned duties through and following any change of control of our company. We believe that the terms of these agreements will further ensure that each of our named executive officers will continue to remain focused on the long-term objective of delivering shareholder value during and following a change of control event if they are assured that their long-term employment interests are reasonably provided for with a competitive market severance arrangement. We believe that these executive severance agreements thus help ensure the best interests of our shareholders.

The potential payments under the executive severance benefits agreements as of December 31, 2009 are set forth below under the heading Potential Payments Following a Change in Control.

Perquisites

Historically, from time to time, our compensation committee and board of directors have provided certain of our named executive officers with perquisites that we believe are reasonable. We do not view perquisites as a significant element of our comprehensive compensation structure, but do believe they can be useful in attracting, motivating and retaining the below named executive officers. We believe that these additional benefits may assist our executive officers in performing their duties and provide time efficiencies for our executive officers in appropriate circumstances, particularly when we require frequent or lengthy travel, and we may consider providing additional perquisites in the future. In 2009, our named executive officers received the perquisites set forth in the table below, which our compensation committee determined were appropriate in order to facilitate each named executive officer's efforts on behalf of our company while at our California headquarters.

Name	Perquisite
Eyal Waldman	Housing and housing-related expense reimbursement Tax reimbursement related to perquisites provided
Michael Gray	Select travel reimbursement Housing-related expense reimbursement Tax reimbursement related to perquisites provided
Marc Sultzbaugh	Housing and housing-related expense reimbursement Car expense reimbursement Tax reimbursement related to perquisites provided Select travel reimbursement

The table above does not include automobile-related expense reimbursement, insurance reimbursement, retirement fund contributions, severance fund contributions and education fund contributions, all of which are provided to all of our employees, including our named executive officers, who are based in Israel.

In the future, we may provide additional perquisites to our named executive officers as an element of their overall compensation structure. We do not expect these perquisites to be a significant element of our compensation structure. All future practices regarding perquisites will be approved and subject to periodic review by our compensation

committee and/or board of directors.

Table of Contents**Tax Considerations**

Section 162(m) of the U.S. Internal Revenue Code, establishes a limitation on the deductibility of compensation payable in any particular tax year to our named executive officers. Section 162(m) generally provides that publicly-held companies cannot deduct compensation paid to certain named executive officers to the extent that such compensation exceeds \$1 million per officer. Compensation that is performance-based compensation within the meaning of the U.S. Internal Revenue Code does not count toward the \$1 million limit. While the compensation committee may consider Section 162(m) in making its compensation decisions, historically, the deductibility of compensation under Section 162(m) has not been a factor in the compensation committee's determination process. The compensation committee will monitor the level of compensation paid to the company's named executive officers and may act in response to the provisions of Section 162(m).

SECURITY OWNERSHIP**Security Ownership of Certain Beneficial Owners and Management**

The following table provides information relating to the beneficial ownership of our ordinary shares as of January 31, 2010, by:

each shareholder known by us to own beneficially more than 5% of our ordinary shares (based on information supplied in Schedules 13D and 13G filed with the SEC, as indicated);

each of our executive officers named in the summary compensation table on page 33 (our principal executive officer, our principal financial officer and our three other most highly compensated executive officers);

each of our directors and nominees for director; and

all of our directors and executive officers as a group.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power of that security, and includes options that are currently exercisable or exercisable within 60 days of January 31, 2010. Except as indicated by footnote, and subject to community property laws where applicable, we believe the persons named in the table have sole voting and investment power with respect to all ordinary shares shown as beneficially owned by them.

- (1) The applicable percentage ownership for members of our board of directors and named executive officers is based on 32,681,773 ordinary shares outstanding as of January 31, 2010, together with applicable options for such shareholder. The applicable percentage ownership for the beneficial owners listed in the table is based on the number of outstanding shares as of December 31, 2009, as indicated in the relevant 13G filings described in footnotes 2 and 3 below. Beneficial ownership is determined in accordance with the rules of the SEC, based on factors including voting and investment power with respect to shares. Ordinary shares subject to the options currently exercisable, or exercisable within 60 days of January 31, 2010, are deemed outstanding for computing the percentage ownership of the person holding such options, but are not deemed outstanding for computing the percentage ownership of any other person.
- (2) This information is based on Amendment No. 3 of the Schedule 13G/A filed with the SEC on February 16, 2010 by FMR LLC (FMR), Fidelity Management & Research Company (Fidelity), Fidelity Growth Company Fund (Fidelity Growth) and Edward C. Johnson 3d, pursuant to a joint filing agreement. Fidelity, a wholly-owned subsidiary of FMR and an investment adviser, is the beneficial owner of 3,881,300 as a result of acting as investment adviser to various investment companies. The ownership of one investment company, Fidelity Growth, amounted to 3,023,300 ordinary shares. Edward C. Johnson 3d and FMR, through its control of Fidelity, and the funds each has sole power to dispose of the 3,881,300 shares owned by FMR funds. Members of the family of Edward C. Johnson 3d, chairman of FMR, are the predominant owners, directly or through trusts, of Series B voting common shares of FMR, representing 49% of the voting power of FMR. The Johnson family group and all other Series B shareholders of FMR have entered into a shareholders' voting agreement under which

all Series B voting common shares of FMR will be voted in accordance with the majority vote of Series B voting common shares of FMR. Accordingly, through their ownership of voting common shares and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR. Neither FMR nor Edward C. Johnson 3d, chairman of FMR, has the sole power to vote or direct the voting of the shares owned directly by the Fidelity funds, which power resides with the funds' Boards of Trustees. Fidelity carries out the voting of the

shares under written guidelines established by the funds' Boards of Trustees. Fidelity, FMR and Fidelity Growth have their principal business office at 82 Devonshire Street, Boston, Massachusetts 02109.

- (3) This information is based on Amendment No. 3 to the Schedule 13G/A filed with the SEC on January 28, 2010 by Alger Associates, Inc. and Fred Alger Management, Inc. Compliance with Section 16(a) Filing Requirements

Section 16(a) of the Exchange Act requires directors, executive officers and persons who own more than 10% of a registered class of our equity securities to file initial reports of ownership and reports of changes in ownership with the SEC and The NASDAQ Stock Market. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of copies of such forms received with respect to the fiscal year 2009 and the written representations received from certain reporting persons that no other reports were required, we believe that all directors, executive officers and persons who own more than 10% of our ordinary shares have complied with the reporting requirements of Section 16(a), except that Form 4s reporting share options granted to Messrs. Ashuri, Cohen, Gray, Kagan, Sultzbaugh and Waldman on April 22, 2009 pursuant to the company's one time offer to exchange certain outstanding options were filed one day late on April 27, 2009.

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS MATTERS

Director Independence

The board of directors consists of six directors. Our board of directors has determined that each of our current directors other than Eyal Waldman, our president, chief executive officer and chairman of the board, are independent under the director independence standards of The NASDAQ Stock Market.

Board Leadership Structure

Eyal Waldman is a co-founder of the company and has served as our chief executive officer, president and chairman of the board of directors since March 1999. The board of directors has determined that this is the most effective leadership structure for the company at the present time, taking into consideration the efficiencies associated with the company's co-founder and chief executive officer serving as chairman of the board and the active role of the remaining directors, each of whom is independent. As the chief executive officer, Mr. Waldman's has detailed knowledge of the risks, opportunities and challenges facing the company and is, therefore, the most appropriate person to identify strategic priorities and to develop an agenda that ensures that the board of director's time and attention are focused on critical matters. The combined role also facilitates the flow of information between management and the board of directors and ensures clear accountability for the execution of the company's strategy.

The board of directors acts independently of management. In March 2010, the board of directors designated Irwin Federman as lead independent director, which we believe will further contribute to the board's independence. The board of directors regularly holds independent director sessions of the board without members of management present. In addition, each of the committees of the board of directors comprises only independent directors.

Risk Oversight

The board of directors oversees the company's risk exposures and risk management of various parts of the business, including appropriate guidelines and policies to minimize business risks and major financial risks and the steps management has undertaken to control them. In its risk oversight role, the board of directors reviews annually the company's strategic plan, which includes an assessment of potential risks facing the company. While the board of directors has the ultimate oversight responsibility for the risk management process, various committees of the board also have responsibility for risk management. In particular, the audit committee focuses on financial risk, including internal controls, as described below under the section titled Audit Committee. In addition, in setting compensation, the compensation committee strives to create incentives that do not encourage risk-taking behavior that is inconsistent with the company's business strategy. Each committee regularly reports to the full board of directors.

Table of Contents**Committees of the Board of Directors**

Our board of directors has three standing committees: the audit committee, the compensation committee and the nominating and corporate governance committee. From time to time, the board of directors may also create various ad hoc committees for special purposes. The membership of each of the three standing committees of the board of directors as of December 31, 2009 is set forth below:

Name of Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Glenda Dorchak		Member	Member
Irwin Federman	Member	Member	
Thomas Riordan	Member	Chairman	
Amal M. Johnson	Member	Member	Chairman
Thomas Weatherford	Chairman		Member

Mr. Waldman is not a member of any committee of our board of directors.

Audit Committee

Our board of directors must appoint an audit committee comprised of at least three directors including all of the outside directors, but excluding the chairman of our board of directors, our general manager, our chief executive officer, any controlling shareholder, any relative of the foregoing persons and any director employed by the company or who provides services to the company on a regular basis.

Our audit committee oversees our corporate accounting and financial reporting process. Among other matters, our audit committee evaluates the independent auditors' qualifications, independence and performance, determines the engagement of the independent auditors, reviews and approves the scope of the annual audit and the audit fee, discusses with management and the independent auditors the results of the annual audit and the review of our quarterly financial statements, approves the retention of the independent auditors to perform any proposed permissible non-audit services, monitors the rotation of partners of the independent auditors on the Mellanox engagement team as required by law, reviews our critical accounting policies and estimates, oversees our internal audit function, reviews, approves and monitors our code of ethics and whistleblower procedures for the treatment of reports by employees of concerns regarding questionable accounting or auditing matters and annually reviews the audit committee charter and the committee's performance.

Our audit committee must approve specified actions and transactions with office holders and controlling shareholders. A controlling shareholder is a shareholder who has the power to direct the company's operations, other than by virtue of being a director or other office holder of the company, and includes a shareholder who holds 50% or more of our voting rights or, if we have no shareholder who owns more than 50% of the voting rights, then a controlling shareholder also includes any shareholder who holds 25% or more of the voting rights. Our audit committee may not approve any action or a transaction with a controlling shareholder or with an office holder unless, at the time of approval, our two outside directors are serving as members of the audit committee and at least one of them is present at the meeting at which the approval is granted.

Additionally, under the Companies Law, the role of the audit committee is to identify any irregularities in the business management of the company in consultation with the company's independent accountants and internal auditor and to suggest an appropriate course of action. Our audit committee charter allows the committee to rely on interviews and consultations with our management, our internal auditor and our independent public accountant, and does not obligate the committee to conduct any independent investigation or verification. We designated an internal auditor during the fiscal year ended December 31, 2008.

Table of Contents

All members of our audit committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and The NASDAQ Stock Market. Our board has determined that Mr. Weatherford is an audit committee financial expert as defined by the SEC rules and has the requisite financial sophistication as defined by The NASDAQ Stock Market rules and regulations. Our board has determined that Amal Johnson, as an outside director, has the requisite financial and accounting expertise required under the Companies Law. Our board has also determined that each of the members of our audit committee is independent within the meaning of the independent director standards of The NASDAQ Stock Market and the SEC. Our board of directors has adopted a written charter for the audit committee. A copy of the charter is available on our website at www.mellanox.com under Investor Relations Corporate Governance.

Compensation Committee

Our compensation committee reviews and recommends our programs, policies and practices relating to compensation and benefits of our officers and employees. The compensation committee, in consultation with our chief executive officer and our board of directors, decides how much cash compensation should be part of each officer's total compensation by comparing the officer's compensation against a peer group of companies listed in the survey data we utilize and considering the relative importance of short-term incentives. In addition, the compensation committee, in consultation with our chief executive officer, makes recommendations to our board of directors regarding equity-based compensation to align the interests of our management with shareholders, considering each officer's equity holdings. The compensation committee also manages the issuance of share options and other awards under our equity incentive plans. The compensation committee will review and evaluate, at least annually, the goals and objectives of our incentive compensation plans and monitors the results against the approved goals and objectives. All members of our compensation committee are independent under the applicable rules and regulations of the SEC, The NASDAQ Stock Market and the U.S. Internal Revenue Code. Our board of directors has adopted a written charter for the compensation committee. A copy of the charter is available on our website at www.mellanox.com under Investor Relations Corporate Governance.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is responsible for making recommendations to the board of directors regarding candidates for directorships and the composition and organization of our board. In addition, the nominating and corporate governance committee is responsible for overseeing our corporate governance guidelines and reporting and making recommendations to the board concerning governance matters. We believe that the composition of our nominating and corporate governance committee meets the criteria for independence under, and the functioning of our nominating and corporate governance committee complies with, the applicable rules and regulations of the SEC and The NASDAQ Stock Market. Our board of directors has adopted a written charter for the nominating and corporate governance committee. A copy of the charter, as amended to date, is available on our website at www.mellanox.com under Investor Relations Corporate Governance.

Meetings Attended by Directors

The board of directors held a total of eleven meetings during 2009. The audit committee, compensation committee and nominating and corporate governance committee held nine, seven and four meetings, respectively, during 2009. During 2009, each of our directors attended or participated in at least 75% of the aggregate of the total number of meetings of the board of directors and the total number of meetings held by the committee(s) of the board of directors on which he or she served, except that Rob S. Chandra, who retired from the board of directors on May 19, 2009, attended one meeting of the board of directors and three meetings of the compensation committee, and Ms. Dorchak, who was appointed to the board of directors on July 20, 2009 and to the compensation committee and nominating and corporate governance committee on October 20, 2009, attended six meetings of the board of

Table of Contents

directors, two meetings of the compensation committee and no meetings of the nominating and corporate governance committee.

Our directors are encouraged to attend our annual general meeting of shareholders although we do not maintain a formal policy regarding director attendance at the annual general meeting of shareholders. In 2009, Mr. Waldman was the sole member of our board who attended the annual general meeting of shareholders.

Consideration of Director Nominees

Shareholder Nominations and Recommendations. Our articles of association set forth the procedure for the proper submission of shareholder nominations for membership on the board of directors as previously discussed. In addition, the nominating and corporate governance committee may consider properly submitted shareholder recommendations for candidates for membership on the board of directors. A shareholder may make such a recommendation by submitting the following information to the secretary of the company at the offices of Mellanox Technologies, Inc., 350 Oakmead Parkway, Suite 100, Sunnyvale, California 94085: the candidate's name and address; a representation that the recommending shareholder is a holder of record of our ordinary shares and is entitled to vote at the meeting, and intends to appear in person or by proxy at the meeting to nominate the candidate; if applicable, a description of all arrangements or understandings between the shareholder and each nominee pursuant to which nominations are to be made by the shareholder; such other information regarding each nominee as would be required to be included in a proxy statement had the nominee been nominated or intended to be nominated by the board of directors; the consent of each nominee to serve as a director if so elected; and a declaration signed by each nominee declaring that there is no limitation under the Companies Law for the appointment of such nominee. The chairman of the board of directors may refuse to acknowledge the nomination of any person not made in compliance with these procedures.

Director Qualifications. Members of the board of directors should have the highest professional and personal ethics and values, and conduct themselves in a manner that is consistent with our Code of Business Conduct and Ethics. While the nominating and corporate governance committee has not established specific minimum qualifications for director candidates, the committee believes that candidates and nominees must reflect a board of directors that comprises directors who have: personal and professional integrity, ethics and values; experience in corporate management, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today's business environment; experience in the company's industry and with relevant social policy concerns; experience as a board member of another publicly held company; academic expertise in an area of the company's operations; and practical and mature business judgment, including ability to make independent analytical inquiries.

Identifying and Evaluating Director Nominees. Although candidates for nomination to the board of directors typically are suggested by existing directors or by our executive officers, candidates may come to the attention of the board of directors through professional search firms, shareholders or other persons. The nominating and corporate governance committee reviews the qualifications of any candidates who have been properly brought to the committee's attention. Such review may, at the committee's discretion, include a review solely of information provided to the committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the committee deems proper. The nominating and corporate governance committee considers the suitability of each candidate, including the current members of the board of directors, in light of the current size and composition of the board of directors. In evaluating the qualifications of the candidates, the committee considers many factors, including issues of character, judgment, independence, age, expertise, diversity of experience, length of service, other commitments and other similar factors. The committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by shareholders are evaluated by the committee using the same criteria as other candidates. In addition, under the Companies Law, if at the time for the appointment of outside directors all

Table of Contents

members of the board of directors are of the same gender, then at least one of the outside directors to be appointed must be of the other gender.

Involvement in Certain Legal Proceedings

SEC regulations require us to describe certain legal proceedings, including bankruptcy and insolvency filings, involving nominees to our board of directors or corporations of which a nominee was an executive officer at or within two years before the time of such filing. Ms. Dorchak served as chairman and chief executive officer of Value America, Inc., an online retailer, from September 1998 until November 2000. In October 2000, Value America, Inc. voluntarily filed for reorganization under Chapter 11 of the U.S. Bankruptcy Code.

Code of Business Conduct and Ethics

We are committed to maintaining the highest standards of business conduct and ethics. Our Code of Business Conduct and Ethics reflects our values and the business practices and principles of behavior that support this commitment. The code applies to all of our officers, directors and employees and satisfies SEC rules for a code of ethics required by Section 406 of the Sarbanes-Oxley Act of 2002, as well as the NASDAQ listing standards requirement for a code of conduct. The code is available on our website at www.mellanox.com under Investor Relations Corporate Governance. We will post any amendment to the code, as well as any waivers that are required to be disclosed by the rules of the SEC or The NASDAQ Stock Market, on our website.

Risk Assessment and Compensation Practices

Our management assessed and discussed with our compensation committee and board of directors the company's compensation policies and practices for our employees as they relate to our risk management and, based upon this assessment, we believe that any risks arising from such policies and practices are not reasonably likely to have a material adverse effect on the company in the future.

Our employees' base salaries are fixed in amount and thus we do not believe that they encourage excessive risk-taking. While performance-based cash bonuses and sales commissions focus on achievement of short-term or annual goals, which may encourage the taking of short-term risks at the expense of long-term results, we believe that our internal controls help mitigate this risk and our performance-based cash bonuses and sales commissions are limited, representing a small portion of the total compensation opportunities available to most employees. We also believe that our performance-based cash bonuses and sales commissions appropriately balance risk and the desire to focus our employees on specific short-term goals important to our success, and do not encourage unnecessary or excessive risk-taking.

A significant proportion of the compensation provided to our employees is in the form of long-term equity-based incentives that are important to help further align our employees' interests with those of our shareholders. We do not believe that these equity-based incentives encourage unnecessary or excessive risk taking because their ultimate value is tied to our share price. In addition, we generally stagger grants of equity-based awards and subject them to long-term vesting schedules to help ensure that employees have significant value tied to the long-term performance of our ordinary shares.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee has at any time been one of our executive officers or employees. None of our executive officers currently serves, or in the past fiscal year has served, as a member of the

Table of Contents

board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Certain Relationships and Related Transactions

In our last fiscal year, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any of our directors, executive officers, holders of more than 5% of our ordinary shares or any members of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest.

Family Relationships

There are no family relationships among any of our directors or executive officers.

Communications with the Board of Directors

We provide a process for shareholders to send communications to our board of directors, any committee of our board of directors or any individual director, including non-employee directors. Shareholders may communicate with our board of directors by writing to: Board of Directors, c/o Corporate Secretary, Mellanox Technologies, Inc., 350 Oakmead Parkway, Suite 100, Sunnyvale, California 94085. The secretary will forward correspondence to our board of directors, one of the committees of our board of directors or an individual director, as the case may be, or, if the secretary determines in accordance with his best judgment that the matter can be addressed by management, then to the appropriate executive officer.

Director Compensation

In October 2006, our board of directors adopted a compensation program for non-employee directors which became effective on February 6, 2007 and was amended at our 2008 Annual General Meeting of shareholders with respect to the annual retainer amount we pay Mr. Weatherford for his service as chairperson of our audit committee. Pursuant to this program, each member of our board of directors who is not our employee will receive the following cash compensation for board services, as applicable:

\$20,000 per year for service as a board member;

\$25,000 per year for service as chairperson of the audit committee and \$5,000 per year each for service as chairperson of the compensation and of the nominating and corporate governance committees;

\$5,000 per year for service as a member of the audit committee and \$2,500 per year each for service as a member of the compensation and of the nominating and corporate governance committees; and

\$750 for each board or committee meeting attended in person (\$500 for meetings attended by video or telephone conference).

The foregoing amounts represent the annual compensation we paid to non-employee directors for fiscal year 2009.

Effective January 1, 2010, except with respect to outside directors under the Companies Law, for whom the following change will be effective only from the date of their reappointment as outside directors, our board of directors and our audit committee adopted a cash compensation program for non-employee directors subject to

\$25,000 per year for service as chairperson of the audit committee and \$7,000 per year each for service as chairperson of the compensation and of the nominating and corporate governance committees;

\$5,000 per year for service as a member of the audit committee and \$3,000 per year each for service as a member of the compensation and of the nominating and corporate governance committees; and

No fees to be paid for each board or committee meeting attended.

In addition to cash compensation, each of our non-employee directors receive initial and annual, automatic, non-discretionary grants pursuant to our Non-Employee Director Option Grant Policy, which was established under our Global Share Incentive Plan (2006), of nonqualified share options, in the case of non-employee directors who are U.S. taxpayers, and options that qualify in accordance with Section 102 of the Israeli Tax Ordinance, 1961, in the case of non-employee directors who are Israeli taxpayers. On January 26, 2010, the board of directors amended the Non-Employee Director Grant Policy, effective as of the date of the annual general meeting, subject to shareholder approval of Proposal Eight of this proxy statement. Prior to the proposed amendment, each new non-employee director received an option to purchase 57,142 ordinary shares as of the date he or she first became a non-employee director, and, thereafter, following the date of each annual general meeting, each individual who continued to serve as a non-employee director on such date received an automatic option grant to purchase 11,428 ordinary shares. These option grants vested in equal monthly installments over three years following their respective dates of grant. Following the proposed amendment to the Non-Employee Director Grant Policy, each new non-employee director will receive an option to purchase 50,000 ordinary shares as of the date he or she first becomes a non-employee director, which will begin vesting immediately in equal monthly increments over the thirty-six months following such appointment and will be 100% vested on the thirty-six month anniversary of such appointment provided the director continues to serve as a non-employee director. In addition, following the date of each annual general meeting, each individual who continues to serve as a non-employee director on such date will receive an award of 5,000 restricted stock units, which will begin vesting immediately in equal monthly increments over the twelve months following such meeting and will be 100% vested on the twelve month anniversary of the grant date provided the director continues to serve as a non-employee director.

The exercise price of each equity award granted to a non-employee director will be equal to 100% of the fair market value on the date of grant of the shares covered by such award. Equity awards will have a maximum term of ten years measured from the grant date, subject to earlier termination in the event of the optionee's cessation of service to our company.

Under our Non-Employee Director Option Grant Policy, our directors will have a three-month period following cessation of service to our company in which to exercise any outstanding vested options, except in the case of a director's death or disability, in which case the options will be exercisable by the director or his or her estate or beneficiary for a 12-month period following the cessation of services. Options granted to our non-employee directors pursuant to our Non-Employee Director Option Grant Policy will fully vest and become immediately exercisable upon a change in control of our company.

The compensation of our outside directors, Ms. Johnson and Mr. Riordan, is subject to restrictions imposed by Israeli law, and cannot be greater than the average compensation paid to all other non-executive directors nor less than the lowest compensation paid to any other non-executive director at the time of determination of the outside directors

compensation.
