The Total Consideration (as to each Series) payable per \$1,000 principal amount of Notes validly tendered and not validly withdrawn prior to 5:00 p.m., New York City time, on August 1, 2007 (the Consent Payment Deadline) and accepted for payment pursuant to an Offer will be a price equal to (a) the present value on the payment date of the sum of (i) the amount the issuer would be required to pay on Notes on the date on which Notes become redeemable at a set redemption price as set forth in the table above (as to each Series, the Repayment Price and Repayment Date, respectively) and (ii) the amount of interest that would accrue and be payable from the last date on which interest has been paid to the Repayment Date, where, in the case of (i) and (ii), the present value is determined on the basis of a yield to the Repayment Date equal to the sum of (x) the bid-side yield (as to each Series, the Reference Yield) on the applicable U.S. Treasury Note set forth in the table above (as to each Series, the Reference Security), as calculated by Wachovia Securities in accordance with standard market practice, based on the bid price for the Reference Security, as of 2:00 p.m., New York City time, on August 3, 2007, which is ten business days preceding the scheduled Expiration Time, subject to adjustment as provided in the tender offer documents, as displayed on the applicable Reference Page of the Bloomberg Government Pricing Monitor Page set forth in the table above, plus (y) 50 basis points, such price being rounded to the nearest cent per \$1,000 principal amount of Notes, minus (b) accrued and unpaid interest. The Tender Offer Consideration (as to each Series) payable per \$1,000 principal amount of Notes validly tendered after the Consent Payment Deadline, not validly withdrawn and accepted for payment pursuant to an Offer is equal to the Total Consideration minus the \$30 per \$1,000 principal amount consent payment.

The Company will pay accrued and unpaid interest up to, but not including, the payment date. Each holder who validly tenders its Notes and delivers consents prior to the Consent Payment Deadline will be entitled to a consent payment, which is included in the total consideration above, of \$30 for each \$1,000 principal amount of Notes tendered by such holder if such Notes are accepted for purchase pursuant to the tender offer. Holders who tender Notes are required to consent to the proposed amendments to the indenture and the Notes. Holders who tender Notes after the Consent Payment Deadline will not receive the consent payment.

The Company's obligation to accept for purchase, and to pay for, Notes validly tendered and not validly withdrawn pursuant to the tender offers and the consent

solicitations is subject to the satisfaction or waiver of certain conditions, including, among others, the consummation of the mergers contemplated by the Agreement and Plan of Merger among the Company, Universal Compression Holdings, Inc. (Universal), Exterran Holdings, Inc. (formerly Iliad Holdings, Inc.) and Exterran s subsidiaries, dated February 5, 2007, as amended, the receipt of sufficient funds to consummate the tender offers and the receipt of sufficient consents with respect to the proposed amendments to the indentures and execution of the supplemental indentures for the Notes. Each tender offer and consent solicitation is independent of the others, and the complete terms and conditions of the tender offers and the consent solicitations are set forth in the tender offer documents, which are being sent to holders of Notes. Holders of Notes are urged to read the tender offer documents carefully.

The tender offers are part of the refinancing plan of the Company and Universal being implemented in anticipation of the closing of their pending merger, which is currently expected to occur on or about August 20, 2007, if the conditions to the closing set forth in the Agreement and Plan of Merger have been satisfied as of that date. . As part of the refinancing plan, Exterran Holdings, Inc., which will be the publicly traded holding company following the completion of the merger, has engaged Wachovia Capital Markets, LLC (Wachovia Securities) and J. P. Morgan Securities Inc. to arrange and syndicate a senior secured credit facility, consisting of a revolving credit facility and a term loan, and has engaged Wachovia to provide a new asset-backed securitization facility to Exterran. The primary purpose of these new facilities will be to fund the redemption or repurchase of all of the Company s and Universal s outstanding debt other than the Company s convertible debt securities and the credit facility of Universal s publicly traded subsidiary, Universal Compression Partners, L.P. The new facilities will replace the Company s and Universal s existing bank lines and Universal s existing asset-backed securitization facility. The closing of the new facilities is subject to, among other things, the receipt of sufficient commitments from participating lenders and the execution of mutually satisfactory documentation.

All statements in this release (and oral statements made regarding the subjects of this release) other than historical facts are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements rely on a number of assumptions concerning future events and are subject to a number of uncertainties and factors, many of which are outside Hanover's control, which could cause actual results to differ materially from such statements. Forward-looking information includes, but is not limited to, statements regarding the ability of Universal and Hanover to complete their proposed merger, the expected timing of the closing of the merger, Universal's and Hanover's plans for and the timing of the refinancing of certain of their outstanding debt obligations and Exterran's plans for and the timing of its entering into a new credit facility and asset-backed securitization facility. While Hanover believes that the assumptions concerning future events are reasonable, it cautions that there are inherent difficulties in predicting certain important factors that could impact the future performance or results of its or Exterran's business. Among the factors that could cause results to

differ materially from those indicated by such forward-looking statements are the failure to receive the approval of the merger by the shareholders of Hanover and Universal and satisfaction of various other conditions to the closing of the merger contemplated by the merger agreement, the possible inability to obtain sufficient commitments to the credit facility from participating lenders or the inability to reach agreement with participating lenders on mutually satisfactory documentation for the credit facility or the securitization facility.

These forward-looking statements are also affected by the risk factors, forward-looking statements and challenges and uncertainties described in Hanover's Annual Report on Form 10-K for the year ended December 31, 2006, as amended by Amendment No. 1 thereto, and those set forth from time to time in Hanover's filings with the Securities and Exchange Commission (SEC), which are available through www.hanover-co.com.
