PART I

Item 1. Business

Company Overview

Sara Lee Corporation (Sara Lee, we, our or the Company) is a global manufacturer and marketer of high-quality, brand-name products for consumers throughout the world. With headquarters in Chicago, Sara Lee has operations in 55 countries and markets products in nearly 200 nations. The Company was organized in Baltimore, Maryland in 1939 as the C.D. Kenny Company and adopted its current name in 1985.

Sara Lee organizes its businesses into three global business segments Food and Beverage, Intimates and Underwear, and Household Products. For financial reporting purposes, Sara Lee's businesses are divided into five industry segments Sara Lee Meats, Sara Lee Bakery, Beverage, Household Products and Intimates and Underwear. The Company's products and services include fresh and frozen baked goods, processed meats, coffee and tea, beverage systems, intimate apparel, underwear, activewear, legwear and other apparel, and personal, household and shoe care products.

In August 2001, Sara Lee completed the acquisition of The Earthgrains Company, one of the largest fresh bread companies in the United States based on dollar sales with fiscal 2001 sales of approximately \$2.6 billion. The acquisition, which was the largest in Sara Lee's history with a purchase price of approximately \$1.9 billion in cash plus the assumption of approximately \$1.0 billion of Earthgrains' outstanding debt, tripled the size of Sara Lee's bakery operations. The transaction was structured as a cash tender offer for all of Earthgrains' common stock at a price of \$40.25 per share. Following the completion of the tender offer, Earthgrains was merged with a wholly-owned subsidiary of Sara Lee. Earthgrains' operations were combined with Sara Lee's existing bakery business to form the Sara Lee Bakery Group.

Sara Lee Food and Beverage

Food and Beverage's primary focus is packaged meats, bakery products and coffee and tea beverages. The Sara Lee Foods business consists of packaged meats (55.5% of the business's total sales in fiscal 2002) and baked goods (44.5% of the business's total sales in fiscal 2002). Sara Lee Meats processes and sells pork, poultry and beef products to supermarkets, warehouse clubs, national chains and institutions throughout the world, with emphasis on the United States, Europe and Mexico. Sara Lee believes it is one of the largest processed meats companies in the world. Sales are transacted through Sara Lee's own sales force, brokers and institutional buyers.

Some of the more prominent brands in the United States within this category include *Ball Park*, *Hillshire Farm*, *Jimmy Dean*, *Sara Lee*, *Best's Kosher*, *Bryan*, *Kahn's*, *State Fair* and *Galileo*. Sara Lee's more prominent European brands include *Aoste*, *Justin Bridou* and *Cochonou* in France, *Stegeman* in the Netherlands, and *Nobre* in Portugal. During fiscal 2002, media advertising for Sara Lee Meats was increased by 26% in support of key brands such as *Sara Lee*, *Jimmy Dean*, *Ball Park* and *Hillshire Farm*.

The products offered by the Sara Lee Meats business include smoked sausage, bacon, hot dogs, breakfast sausage, breakfast sandwiches, premium deli and luncheon meats, ham, turkey, and packaged lunch combinations. The ingredients pork, turkey and beef are purchased by Sara Lee from a variety of sources. The prices of these raw materials fluctuate, depending primarily on supply and demand. Because of the range of sources from which these raw materials are available, Sara Lee believes that it will continue to have access to adequate supplies.

Starting in fiscal 2001, Sara Lee introduced a new program for products sold in the deli counter. This program, which is called the Red Wave to leverage Sara Lee's well-known red logo, presents a comprehensive selection of *Sara Lee* products, including newly introduced presliced deli meats and super-premium breads. As of the end of fiscal 2002, the Red Wave program had been introduced in more than 1,600 stores. Sara Lee also continued to role out innovative meat products in fiscal 2002, including *Jimmy Dean Fresh Taste. Fast!* premium, precooked breakfast goods and *Hillshire Farm Ultra-Thin Deli Select* meats.

Also during fiscal 2002, Sara Lee made significant changes in the structure of its U.S. Meats business, including the combination of ten distinct business units into three, the establishment of a single divisional headquarters and the creation of common order entry, manufacturing, distribution and customer service systems.

The meats business is highly competitive, with an emphasis on product quality, price, advertising and promotion, and customer service. Sara Lee's competitors include international, national, regional and local companies.

Most of Sara Lee's Meats operations are regulated by the U.S. Department of Agriculture, whose focus is the quality, sanitation and safety of meat products, and to a lesser extent by state and local government agencies. Sara Lee's Meats operations in Europe and Mexico are regulated by local authorities.

Sara Lee Bakery Group produces a wide variety of fresh and frozen baked and specialty items. Its core products are bread, specialty breads, refrigerated dough, bagels, frozen and fresh pies, pound cakes, cheesecakes, danishes and specialty dessert bites. These products are sold through supermarkets, foodservice distributors, bakery-deli and direct channels throughout the United States, Mexico, Spain, France, Portugal and Australia. Sales are transacted through Sara Lee's sales force and independent wholesalers and distributors. The key ingredients for these products—butter, milk, sugar, fruits, eggs and flour—are purchased from suppliers at prices that are subject to such influences as supply and demand, weather, and government price supports. Because of the number of sources from which such raw materials are generally available, Sara Lee believes it will continue to have access to adequate supplies.

In August 2001, Sara Lee completed the acquisition of The Earthgrains Company, one of the largest fresh bread companies in the United States based on dollar sales, with fiscal 2001 sales of approximately \$2.6 billion. This business was combined with Sara Lee's existing bakery operations and was renamed Sara Lee Bakery Group. The acquisition of Earthgrains, in combination with Sara Lee's existing bakery business, created a bakery business that generated sales of \$3.0 billion in fiscal 2002. Management believes the Sara Lee Bakery Group will provide significant opportunities for expanding the *Sara Lee* name into the fresh bakery market, particularly by utilizing Earthgrains' direct-store delivery system to merchandise *Sara Lee* branded products.

Sara Lee Bakery Group's U.S. brands include *Sara Lee*, *Colonial*, *Earth Grains*, *IronKids*, *Rainbo*, *Heiner's*, *Grandma Sycamore's*, *Master*, *San Luis Sourdough*, *Redding French Bakery* and *Break Cake*. Products are also sold in the U.S. under licensed brands, including *Sunbeam*, *Roman Meal*, *Country Hearth*, *Sun Maid*, *Holsum*, *Taystee*, *Grant's Farm*, *Healthy Choice*, *D'Italiano*, *Pillsbury*, *Mother's*, *Old Home* and *Kern's*. Sara Lee Bakery Group's European brands include *Bimbo*, *Silueta*, *Semilla de Oro*, *Martínez*, *CroustiPâte* and *Madame Brioche*. New products introduced by Sara Lee Bakery Group during fiscal 2002 include *Ball Park* hot dog buns and *IronKids Crustless Bread*.

In the United States, Sara Lee Bakery Group products are subject to regulation by the Food and Drug Administration, the federal agency charged with, among other things, enforcing laws pertaining to food processing, content and labeling, and to a lesser extent, by state and local government agencies.

Competition in the bakery business is strong, with a large number of participants. Sara Lee competes in these markets by offering superior quality and value, utilizing marketing strategies that are designed to reinforce and build brand recognition, and by providing superior customer service.

Sara Lee's Beverage business includes retail and food service coffee and tea sales in major markets around the world. It has a significant presence in the United States, Brazil, the Netherlands, the United Kingdom, Belgium, France, Denmark, Hungary, Poland, Spain and Australia. While *Douwe Egberts* is Sara Lee's European flagship brand, our other premium European coffee brands include *Maison du Café*, *Marcilla*, *Merrild* and *Prima* in Europe, and *Café do Ponto*, *Pilão* and *Caboclo* in South America. Sara Lee's *Pickwick* brand is an important brand in the European tea market. Key brands within the United States include *Chock full o' Nuts*, *Chase & Sanborn*, *Hills Bros* and *Superior*. Tea brands include *Hornimans*, *Pickwick*, *Sueños de Oro* in Spain and the *Paradise* iced tea brand in the United States foodservice market.

The beverage business is very competitive with the other participants consisting primarily of other large multi-national companies. Sara Lee competes by offering its customers superior quality and value. During fiscal 2002, Sara Lee's retail coffee market shares increased in the Company's major European markets, including the Netherlands, Belgium, the United Kingdom, Denmark and Hungary.

Also during fiscal 2002, Sara Lee continued its successful rollout across Europe of the *Senseo* coffee maker. This next-generation in-home coffee machine, introduced by Douwe Egberts and Phillips Electronics, provides customers with one or two cups of superior-quality fresh coffee in less than a minute.

Sara Lee also holds a leading position in the global out-of-home coffee service business, based on unit volumes. Its Douwe Egberts Coffee Systems business provides coffee and dispensing equipment in Europe, while its Superior Coffee business provides similar products and services in the United States.

The significant cost item in the production of coffee products is the price of green coffee, which varies depending on such factors as weather (which affects the quality and quantity of available supplies), consumer demand, the political climate in the producing nations, unilateral pricing policies of producing nations, speculation on the commodities market, and the relative valuations and fluctuations of the currencies of producer versus consumer countries. These factors also generally affect Sara Lee's competitors. In fiscal 2002, green coffee prices declined, which resulted in lower prices to customers. Sara Lee anticipates that green coffee prices will continue to be affected by uncertainties over the availability of future supplies. Sara Lee mitigates the effect of fluctuating green coffee prices through careful inventory management and hedging strategies.

Sara Lee's Food and Beverage business accounted for 52.3%, 43.9% and 44.3% of Sara Lee's consolidated revenues during fiscal 2002, fiscal 2001 and fiscal 2000, respectively.

Intimates and Underwear

Sara Lee's Intimates and Underwear business, which is one of the largest apparel businesses in the world, focuses on basic, branded innerwear products—intimates, underwear and legwear. Based on sales volume, Sara Lee holds leading share positions in intimate apparel, underwear and legwear in North America, Europe and several Latin American countries with a portfolio of well-known brands including *Hanes*, *Hanes Her Way*, *Playtex*, *L'eggs*, *Dim*, *Bali*, *Just My Size*, *Wonderbra* and *Lovable*.

Distribution channels for intimate apparel range from department and specialty stores for such premium brands as *Bali* to warehouse clubs and mass-merchandise outlets for some of the value-priced brands. Sales are effected through Sara Lee's sales force. During fiscal 2002, Wal-Mart named Sara Lee its Intimate Apparel Vendor of the Year, based on strong sales of the *Hanes Her Way* brand, and Sock Vendor of the Year, based on the strength of *Hanes*.

The intimate apparel market is very competitive and manufacturers rely on their products' brand recognition, quality and price and customer loyalty. Sara Lee competes by offering superior value, making use of low-cost sourcing, marketing activities and utilizing its megabrands strategy. The megabrands strategy entails marketing various products through common packaging, promotion and advertising. During fiscal year 2002, Sara Lee maintained its number-one position in the U.S. bra category with a 30% share based on dollar sales.

Sara Lee's underwear business sources, manufactures and distributes men's, women's and children's underwear in North America, South and Central America, Europe and the Asia-Pacific countries. These products are sold through Sara Lee's sales force to department stores, mass merchandisers and discount chains. Principal brands in the underwear category include *Champion*, *Hanes*, *Hanes Her Way* and *Rinbros* in North America, and *Abanderado*, *Princesa*, *Dim* and *Unno* in Europe. Sara Lee believes that it is a leader in both the women's and girls' panties category in the United States, and in the heavily branded category of men's and boys' underwear in the United States, and has a leading position in men's and boys' underwear in Mexico, Spain and Italy, based on sales or unit volumes. *Hanes Classics* was recently introduced to mid-tier retailers and is now the fastest growing men's underwear brand in the mid-tier market, with sales increases of 15% over last year.

Sara Lee's activewear business sources, manufactures and distributes basic fleece, T-shirts, sportshirts and other jersey products for casualwear. The activewear business consists of three divisions: Casualwear, Hanes Printables and Champion Activewear. Activewear is marketed under Sara Lee's *Hanes* and *Champion* lines and is marketed and sold across multiple distribution channels.

The principal raw materials in this product category are cotton yarn and cotton-based textiles. Sara Lee currently purchases a significant portion of its cotton-based textiles from a domestic manufacturer under supply contracts with terms that do not exceed 90 days. There are also numerous other domestic and international sources for these products that Sara Lee can utilize for comparable raw materials.

Sara Lee sells legwear in countries throughout the world. Sara Lee is a leader in the legwear category in North America and is a leader in the hosiery category in North America and Western Europe, based on unit volumes sold. Sara Lee's products consist of a wide variety of branded, packaged consumer products, including pantyhose, stockings, combination panty and pantyhose garments, tights, knee-highs and socks. These products are sold in the United States under such brand names as *Hanes*, *Hanes Her Way*, *L eggs*, *Just My Size*, *Champion*, *Donna Karan* and *DKNY* (the last two being licensed), and abroad under such labels as *Dim*, *Pretty Polly*, *Elbeo*, *Nur Die*, *Bellinda*, *Filodoro* and *Philippe Matignon*.

Sara Lee hosiery and legwear products are sold by Sara Lee's sales force in channels ranging from department and specialty stores (for premium brands such as *Hanes*, *Donna Karan* and *DKNY* in the United States, and *Dim* outside the United States), to supermarkets, warehouse clubs, discount chains and convenience stores for brands like *L eggs* and some *Dim* products aimed at the price-conscious consumer. Legwear also is distributed through catalog sales and Sara Lee stores.

The sheer hosiery business is very competitive in both the United States and Europe and worldwide demand for sheer hosiery products has declined over the last several years. In the United States, Sara Lee's major competitors are other hosiery companies, and the primary methods of competition are quality, value and function. In Europe, where most of Sara Lee's competitors are small companies who compete in the unbranded sector of the market, the primary focus is on quality.

Products introduced by Sara Lee's Intimates and Underwear business during fiscal 2002 include: *barely there Body Revolution*, *Bali Shoulder Spa*, *Dim Body Touch*, *Hanes Beefy Silver*, *Hanes Her Way Invisible*, *Hanes Her Way Body Creations*, *Hanes Body Enhancers*, *Playtex Body Zen*, *Playtex Magic Feeling*, *Champion Double Dry* sports bras and outerwear and *Champion Body Balance* yoga tops/pants.

Raw materials—nylon, spandex, and cotton—and manufacturing sources for the products in this category are readily available to Sara Lee.

Sara Lee's Intimates and Underwear business accounted for 36.6%, 44.6% and 43.8% of Sara Lee's consolidated revenues during fiscal 2002, fiscal 2001 and fiscal 2000, respectively.

Household Products

Household Products is Sara Lee's most global line of business, marketing branded consumer products in over 170 countries. The Household Products business includes Sara Lee's leading household and personal care products as well as its Direct Selling division. Household Products is composed of four core product categories: body care items led by the *Sanex* brand, and also including *Duschdas*, *Badedas*, *Radox* and *Monsavon*; air care led by the *Ambi Pur* brand; shoe care led by a worldwide line of *Kiwi* products; and insecticides sold internationally under the *Catch*, *Good Knight*, *Vapona* and *Ridsect* brand names. Body care items are marketed principally in Europe as well as into the Asia-Pacific and Latin America markets, and insecticides are marketed principally in Europe and Asia. These products are sold through a variety of retail channels including supermarkets. This is a very competitive business and Sara Lee competes by offering its customers superior quality and value. Based on sales volume, at the end of fiscal 2002, Sara Lee held a number one position in the bath and shower products category in Europe, and also held leading positions in air fresheners and insecticides. Additionally, through the global *Kiwi* brand, Sara Lee has a leading position in the shoe care category worldwide.

Products introduced by Sara Lee's Household Products business during fiscal 2002 include: Energy for Body and Mind shower gels (introduced in Germany, Italy and the United Kingdom under the *Duschdas*, *Badedas* and *Radox* brands, respectively), *Ambi-Pur Home Fragrance*, *Ambi-Pur LiquiFresh Perfume Selections*, *Badedas* Body Towels, *Sanex Press Control* deodorant, *Sanex Body Gel*, *Good Knight Jumbo Coil* and *Bloom Outdoor Coil*. In addition, *Ambi Pur Car* achieved strong double-digit growth as it continued to expand across Europe during fiscal 2002. *Kiwi Express*, supported by a successful advertising campaign, was also introduced into the U.S., transforming a shoe care market decline of five percent into a growth of three percent, and was further rolled out in Europe, Canada and Asia.

Sara Lee's Direct Selling business, which is part of Household Products, distributes a wide range of products—cosmetics, fragrances, jewelry, toiletries, apparel and nutritional supplements—through a network of independent sales representatives to

consumers in 17 countries. The Direct Selling division has an independent sales force of more than 875,000 representatives and we are one of the largest direct selling companies, based on worldwide sales. Sara Lee Direct Selling includes the Nutrimetics business in Australia, the House of Fuller business in Mexico and Argentina, the House of Sara Lee businesses in Indonesia and the Philippines, and the Avroy Shlain business in South Africa. Sara Lee also operates direct selling organizations in Japan and Uruguay.

Sara Lee's Household Products business accounted for 11.1%, 11.5% and 11.9% of Sara Lee's consolidated revenues during fiscal 2002, fiscal 2001 and fiscal 2000, respectively.

Customers

Sara Lee considers major mass retailers and supermarket chains in both the United States and Europe to be significant customers across one or more business segments, and it has developed specific approaches to working with these individual customers. Net sales to Wal-Mart Stores Inc. were \$1.8 billion, or 10.5% of Sara Lee's net sales, in fiscal 2002. The Intimates and Underwear business recognized approximately \$1.2 billion of net sales to Wal-Mart Stores Inc. and the Sara Lee Meats business and Sara Lee Bakery Group were primarily responsible for the remaining \$0.6 billion. Although no other single customer accounts for 10% or more of Sara Lee's consolidated revenues, the loss of one of our major retailer or supermarket chain customers could have a material adverse effect on one or more of our business segments.

Trademarks

Sara Lee is the owner of over 30,000 trademark registrations and applications in over 180 countries and believes that, as it pursues its strategy of building brands globally, its trademarks are among its most valuable assets. Although the laws vary by jurisdiction, trademarks generally are valid as long as they are in use and/or their registrations are properly maintained and have not been found to have become generic. Trademark registrations generally can be renewed indefinitely as long as the trademarks are in use. Sara Lee believes that its core brands are covered by trademark registrations in most countries of the world in which Sara Lee does business, and Sara Lee has an active program to ensure that its marks and other intellectual property rights are registered, renewed, protected and maintained. Some of Sara Lee's products are sold under brands that have been licensed from third parties. Sara Lee also owns a number of valuable patents; however, it does not regard any segment of its business as being dependent upon any single patent or group of related patents. In addition, Sara Lee owns numerous copyrights, both registered and unregistered, and proprietary trade secrets, technology, know-how processes, and other intellectual property rights that are not registered.

Seasonality

Within the Sara Lee Food and Beverage business, sales of hot dogs are typically higher in summer months while sales of certain other meat products are higher during the fall/winter holiday season. Bakery products, particularly pies, have a higher level of sales during the fall/winter holiday season. The Intimates and Underwear business has slightly higher sales in the first quarter of each year as result of back-to-school purchases. Hosiery sales are somewhat seasonal in nature with reduced demand in the summer months. In total during fiscal 2002, 24% of Sara Lee's consolidated sales were recognized in the first quarter, 27% in the second quarter, 24% in the third quarter and 25% in the fourth quarter.

Regulations

Sara Lee's United States Meats and Bakery operations, food products and packaging materials are subject to regulations administered by the U.S. Department of Agriculture and the Food and Drug Administration. Among other things, these agencies enforce statutory prohibitions against misbranded and adulterated foods; establish safety standards for food processing; establish standards for ingredients and manufacturing procedures for certain foods; establish standards for identifying certain foods; determine the safety of food additives; and establish labeling standards and nutrition labeling requirements for food products. In addition, various states regulate our Meats and Bakery businesses by enforcing federal and state standards of identity for selected food products, grading food products, inspecting plants and imposing their own labeling requirements on food products.

Sara Lee buys livestock, meat and poultry products and processed food ingredients from numerous sources based on factors such as price, quality and availability. Many of these products and processed food ingredients are subject to governmental agricultural programs. These programs have substantial effects on prices and supplies and are subject to U.S. Congressional and administrative review.

The food industry is highly regulated on a worldwide basis, and Sara Lee's food operations outside of the U.S. are subject to local and national regulations that are similar in nature to those applicable to our U.S. businesses. In some cases, Sara Lee's food products are subject to international regulatory provisions, such as those of the European Union relating to labeling, packaging, food content, pricing, marketing and advertising and related areas.

Sara Lee's operations, like those of similar businesses, also are subject to various federal, state, and local environmental laws and regulations including the Clean Water Act, Clean Air Act, Solid Waste Disposal Act (as amended by the Resource Conservation and Recovery Act), Comprehensive Environmental Response, Compensation and Liability Act, Emergency Planning Community Right-to-Know Act, Safe Drinking Water Act, Toxic Substances Control Act, and the Federal Insecticide, Fungicide, and Rodenticide Act, and related state and local laws and regulations (collectively "Environmental Laws"). These Environmental Laws require permits for the discharge of pollutants into the air or water; impose limitations on the discharge of pollutants into the air or water; require the installation of pollution control equipment; establish standards for the treatment, storage, transportation, and disposal of solid and hazardous wastes; impose obligations to investigate and remediate contamination in certain circumstances; govern underground storage tanks; require reporting of certain information to the public; and impose other requirements intended to protect public health and the environment.

While Sara Lee expects to make capital and other expenditures in compliance with Environmental Laws, it does not anticipate that such compliance will have a material adverse effect on its consolidated results of operations, financial position or cash flows. Sara Lee has an ongoing program to monitor compliance with Environmental Laws.

Employees

Sara Lee employs approximately 154,900 employees worldwide.

Item 2. Properties

Sara Lee's corporate headquarters are located in leased facilities in Chicago, Illinois. In addition, Sara Lee operates over 500 food processing and consumer product manufacturing plants, warehouses and distribution facilities, each containing more than 20,000 square feet in building area. Sara Lee or its subsidiaries own most of these facilities, and most of the leased facilities are subject to lease terms of less than ten years. Management believes that Sara Lee's facilities are maintained in good condition and are generally suitable and of sufficient capacity to support Sara Lee's current business operations, and that the loss of any single facility would not have a material adverse effect on the operations or financial results of Sara Lee or any of its lines of business.

The following table identifies the locations of all Sara Lee facilities containing more than 20,000 square feet in building area by line of business.

Item 3. Legal Proceedings

In June 2000, The Earthgrains Company (Earthgrains) received an information request from the United States Environmental Protection Agency (EPA) relating to Earthgrains compliance with the requirements of 40 C.F.R. Part 82 governing ozone-depleting substances. Earthgrains was acquired by Sara Lee in August 2001 and now constitutes part of the Sara Lee Bakery Group. The Company has cooperated with the EPA with respect to the information request. The EPA has referred the results of its investigation to the Department of Justice (DOJ), and Sara Lee, the EPA and the DOJ currently are engaged in settlement discussions regarding this matter. Although it remains unclear whether a settlement will be reached, Sara Lee has offered to pay a stipulated penalty under certain conditions. The amount of any such penalty would depend upon a number of variables, and the terms and conditions of settlement, and cannot be reasonably estimated at this time. The Company's management, however, believes that, whether or not the Company agrees to settle, the ultimate liability, if any, arising from this matter will not have a material adverse effect on Sara Lee's consolidated results of operations, financial position or cash flows.

Sara Lee is a party to various pending legal proceedings and claims. Some of the proceedings and claims against Sara Lee are for alleged environmental contamination, and arise under the federal Comprehensive Environmental Response, Compensation and Liability Act (CERCLA or Superfund). CERCLA imposes liability, regardless of fault, on certain classes of parties that are considered to be responsible for contamination at a site. Although any one party can be held responsible for all the costs of investigation and cleanup, those costs are usually allocated among parties based on a variety of factors, such as the amount of waste each contributed to the site. Although the outcome of the pending legal proceedings, including Superfund claims, cannot be determined with certainty, Sara Lee believes that the final outcomes should not have a material adverse effect on Sara Lee's consolidated results of operations, financial position or cash flows.

Item 8. Financial Statements and Supplementary Data

The consolidated Financial Statements and related Notes to Financial Statements of Sara Lee on pages 41 through 67 of the Company's 2002 Annual Report to Stockholders are incorporated herein by reference.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

On March 14, 2002, Sara Lee dismissed its independent public accountants, Arthur Andersen LLP and, on March 18, 2002, Sara Lee retained PricewaterhouseCoopers LLP as its new independent public accountants. The change in accountants was ratified and approved by Sara Lee's Board of Directors, upon the recommendation of the Audit Committee of the Board of Directors.

During Sara Lee's 2000 and 2001 fiscal years, and the subsequent interim periods through March 14, 2002, there were no disagreements between Sara Lee and Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen LLP's satisfaction, would have caused Arthur Andersen LLP to make reference to the subject matter of the disagreement in connection with its reports on Sara Lee's financial statements for such periods. None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred during Sara Lee's two most recent fiscal years ended June 30, 2001, or during any subsequent interim period through March 14, 2002.

The audit reports issued by Arthur Andersen LLP on Sara Lee's consolidated financial statements as of and for the fiscal years ended July 1, 2000 and June 30, 2001 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. Sara Lee provided Arthur Andersen LLP with a copy of the foregoing disclosures, and a letter from Arthur Andersen LLP confirming its agreement with these disclosures was filed as an exhibit to Sara Lee's Current Report on Form 8-K, filed with the SEC on March 20, 2002.

During Sara Lee's two most recent fiscal years ended June 30, 2001 and through March 14, 2002, Sara Lee did not consult with PricewaterhouseCoopers LLP with respect to the application of accounting principles to a specified transaction or regarding any of the other matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

PART III

**Report of Independent Accountants on
Financial Statement Schedule**

To the Board of Directors of Sara Lee Corporation:

Our audit of the consolidated financial statements referred to in our report dated July 31, 2002 appearing in the 2002 Annual Report to Shareholders of Sara Lee Corporation (which report and consolidated financial statements are incorporated by reference in this Annual Report on Form 10-K) also included an audit of the financial statement schedule for the year ended June 29, 2002 listed in Item 14(a)(2) of this Form 10-K. In our opinion, the financial statement schedule for the year ended June 29, 2002 presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. The financial statement schedules of Sara Lee Corporation for the years ended June 30, 2001 and July 1, 2000, were audited by other independent accountants who have ceased operations. Those independent accountants expressed an unqualified opinion on those financial statement schedules in their report dated July 27, 2001.

Report of Predecessor Auditor (Arthur Andersen LLP) on Financial Statement Schedule

The following report is a copy of a report previously issued by Arthur Andersen LLP and has not been reissued by Arthur Andersen LLP. This report applies to supplemental Schedule II Valuation and Qualifying Accounts for the years ended July 1, 2000 and June 30, 2001.

To the Board of Directors and Management of SARA LEE CORPORATION:

We have audited in accordance with auditing standards generally accepted in the United States, the consolidated financial statements of Sara Lee Corporation included in this Form 10-K, and have issued our report thereon dated July 27, 2001. Our audit was made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The supplemental Schedule II is the responsibility of the Corporation's management and is presented for purposes of complying with the Securities and Exchange Commission's rules and is not part of the basic consolidated financial statements. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, fairly states in all material respects the financial data required to be set forth therein in relation to the basic consolidated financial statements taken as a whole.
