PART I

ITEM 1. BUSINESS

PROLOGIS TRUST

ProLogis Trust ("ProLogis") is a real estate investment trust ("REIT") that operates a global network of industrial distribution facilities. ProLogis owns (directly, through consolidated entities or through investments in other real estate entities accounted for under the equity method) 171.7 million square feet of industrial distribution facilities operating or under development in North America and Europe. Additionally, ProLogis owns, operates under lease agreements or has under development 369.9 million cubic feet of temperature-controlled distribution facilities (including 35.5 million cubic feet of dry distribution space located in temperature-controlled distribution facilities) located in the United States and Europe. This network of distribution facilities makes ProLogis the largest publicly held U.S.-based global owner and lessor of industrial distribution and temperature-controlled distribution facilities. The ProLogis Operating System(TM), comprised of the Market Services Group, the Global Services Group, the Global Development Group and the Integrated Solutions Group, combined with ProLogis' international network of distribution facilities, enables ProLogis to meet its customers' distribution space needs globally. ProLogis believes it has distinguished itself from its competition by developing an organizational structure and service delivery system built around its customers. ProLogis believes that its service approach, which combines international scope and expertise and a strong local presence in each of its target markets, makes it attractive to its targeted customer base that includes the largest global users of distribution facilities. ProLogis is organized under

Edgar Filing: PROLOGIS TRUST - Form 10-K

Maryland law and has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code").

ProLogis' business strategy is designed to: (i) achieve long-term sustainable growth in cash flow; (ii) minimize the need to issue direct public debt or public equity capital; and (iii) increase the overall return on equity for shareholders. ProLogis has organized its business into three operating segments in order to achieve its objectives. For a discussion of certain financial information regarding each segment see Note 10 to ProLogis' Consolidated Financial Statements in Item 8. ProLogis' three operating segments are:

- Property Operations -- The long-term ownership, management and leasing of industrial distribution facilities in North America and Europe, primarily distribution space that is adaptable for both distribution and light manufacturing or assembly uses. This operating segment generates income from rents and reimbursement of property operating expenses from unaffiliated customers and earns management fees from entities in which ProLogis has an ownership interest. As of December 31, 2000, in this operating segment ProLogis owned and operated (directly or through its consolidated and unconsolidated entities) 161.5 million square feet of operating facilities at an investment of \$6.0 billion. Of the total, 126.3 million square feet at an investment of \$4.3 billion are owned directly by ProLogis and its consolidated entities. Facilities in this operating segment located in North America aggregate 145.4 million square feet of the total with the remaining 16.1 million square feet located in Europe.
- Corporate Distribution Facilities Services Business ("CDFS Business") -- The development of industrial distribution facilities to be disposed of to unaffiliated customers or entities in which ProLogis has an ownership interest in North America and Europe or for a development fee for unaffiliated customers in North America and Europe. Income from this operating segment is derived from the profit resulting from the disposition of the facilities developed and from fees paid by customers for the development of facilities on their behalf. The development activities in this segment are performed directly by ProLogis, directly by a consolidated entity in which ProLogis recognizes substantially all of the economic benefits or through an unconsolidated entity, accounted for under the equity method, in which ProLogis recognizes substantially all of the economic benefits. Once an entity in which ProLogis has an ownership interest acquires the facilities from ProLogis or its consolidated and unconsolidated entities, the operations of these facilities and the management fees earned by ProLogis related to these facilities are reflected in ProLogis' property operations segment. As of December 31, 2000, ProLogis had (directly or through its consolidated and unconsolidated entities) 10.2 million square feet of distribution facilities under development with a total budgeted cost of \$491.4 million. Of the total, 8.7 million square feet at

1

4

a total budgeted development cost of \$355.2 million were owned directly by ProLogis and its consolidated entity. Also, as of December 31, 2000, ProLogis owned or controlled (directly or through its consolidated and unconsolidated entities) 5,126 acres of land with the capacity for developing approximately 85.7 million square feet of distribution facilities. Of the total, 3,279 acres of land with the capacity for developing approximately 57.4 million square feet of distribution facilities were owned directly by ProLogis and its consolidated entity. Land positions in North America aggregated 2,385

Edgar Filing: PROLOGIS TRUST - Form 10-K

acres with the remaining 2,741 acres located in Europe. Upon completion, ProLogis expects to dispose of the facilities developed to unaffiliated customers or to entities in which ProLogis has an ownership interest.

- Temperature-Controlled Distribution Operations -- The operation of temperature-controlled distribution facilities earning revenues from unaffiliated customers for various services associated with a temperature-controlled distribution environment. Such services include: (i) total supply chain management; (ii) management of customer inventory and related services, (i.e. case picking, sorting, labeling, shrink-wrapping and blast freezing); (iii) temperature-controlled product consolidation and transportation services; and (iv) third-party logistics services and facility management for leading grocery retailers. In this operating segment, ProLogis recognizes substantially all of the economic benefits of two companies that are accounted for under the equity method. As of December 31, 2000, ProLogis' unconsolidated entities owned or operated under lease agreements 363.6 million cubic feet of temperature-controlled distribution space (including 35.5 million cubic feet of dry distribution space located in temperature-controlled distribution facilities) and had 6.3 million cubic feet of temperature-controlled distribution facilities under development. Of the total cubic feet in operation, 175.9 million cubic feet are located in the United States and 187.7 million cubic feet are located in Europe. The facilities under development are located in Anaheim (4.0 million cubic feet) and Houston (2.3 million cubic feet).

2000 Operating Performance

Total funds from operations increased by \$56.5 million from \$320.2 million in 1999 to \$376.7 million in 2000. This increase was driven by ProLogis' successful operating and investment strategies. The contribution to total funds from operations by ProLogis' operating segments for 2000 and 1999 is as follows (see Note 10 to ProLogis' Consolidated Financial Statements in Item 8):

- 69.6% and 70.6% of total funds from operations is attributable to the property operations segment in 2000 and 1999, respectively;
- 27.5% and 20.3% of total funds from operations is attributable to the CDFS business segment in 2000 and 1999, respectively; and
- 2.9% and 9.1% of total funds from operations is attributable to the temperature-controlled distribution operations segment in 2000 and 1999, respectively.

Funds from operations is a performance measure used by REITs and it is defined and discussed in "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations -- Liquidity of Capital Resources -- Funds from Operations".

ProLogis' net earnings attributable to Common Shares increased to \$157.7 million in 2000 from \$124.0 million in 1999. ProLogis generated earnings from operations of \$241.8 million in 2000, an increase of \$75.3 million over 1999. ProLogis' cash flow provided by operating activities for 2000 was \$336.8 million, an increase of \$65.4 million over 1999. See ProLogis' Consolidated Financial Statements in Item 8.

BUSINESS STRATEGY AND OPERATING SEGMENTS

Business Strategy

ProLogis was originally formed in 1991 with the objective of building a distribution and light manufacturing asset base at costs significantly below

Edgar Filing: PROLOGIS TRUST - Form 10-K

replacement cost and a land inventory for the future development of industrial distribution facilities. Additionally, ProLogis intended to create a national operating company that

2

5

would differentiate itself from its competition through its ability to meet a corporate customer's distribution facility requirements on a national, regional and local basis. In 1997, ProLogis expanded its property operations into Mexico and Europe to meet the needs of its targeted national and international customers as they expanded and reconfigured their distribution facility requirements globally. In December 1998, ProLogis added 54 operating facilities aggregating 5.2 million square feet in France to its European portfolio. To enhance its North American property operations and service platform, ProLogis completed a merger with Meridian Industrial Trust Inc. ("Meridian"), a publicly held REIT, in 1999 adding 32.2 million square feet of operating facilities and 228 acres of land for future development to ProLogis' holdings. See Note 11 to ProLogis' Consolidated Financial Statements in Item 8.

Having established its core property operations business, in 1997 and 1998 ProLogis expanded its service platform by acquiring an international temperature-controlled distribution network. Additionally, the merger with Meridian added 15.2 million cubic feet of temperature-controlled distribution facilities to ProLogis' holdings in 1999. Also, to enhance its corporate distribution facilities services business, ProLogis acquired an industrial distribution facility development company with extensive holdings in the United Kingdom in August 1998.

To further its objective of increasing cash flows without raising additional capital through direct public debt and public equity offerings, ProLogis formed four ventures in 1999 and 2000. Each of the ventures owns operating facilities acquired primarily from ProLogis with equity contributed by third party investors. ProLogis maintains an ownership interest (from 20.0% to 50.0% as of December 31, 2000) in each of the ventures. ProLogis utilizes the ProLogis Operating System(TM) to provide asset and property management services to the ventures for a fee. In North America, ProLogis has an ownership interest in three ventures. These ventures own, on a combined basis, 20.9 million square feet of operating facilities at a combined investment of \$927.0 million as of December 31, 2000. ProLogis European Properties Fund, formed in 1999, has enabled ProLogis to take advantage of the growth opportunities in the European industrial distribution market by allowing ProLogis to access over 1.06 billion euros (the currency equivalent of approximately \$986.3 million as of December 31, 2000 based on currency exchange rates quoted by Reuters) of third party equity capital that has been committed by a group of institutional investors to ProLogis European Properties Fund through 2002. ProLogis European Properties Fund owns 14.4 million square feet of operating facilities at an investment of \$792.3 million as of December 31, 2000. See "Item 2. Properties -- Unconsolidated Entities -- Property Operations" and Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

Also in 1999, ProLogis formed the Integrated Solutions Group (see " -- ProLogis Operating System(TM) -- Integrated Solutions Group") with the objective of increasing ProLogis' service income thereby growing cash flows in a less capital intensive manner. In 2000, ProLogis made investments in two logistics technology companies and began earning license fees for the non-exclusive use of the ProLogis Operating System(TM) by these companies.

ProLogis believes that its network of distribution facilities along with the ProLogis Operating System(TM) have positioned it to become the global leader in the industrial distribution facility industry. ProLogis' three operating segments are discussed in further detail below.

Edgar Filing: PROLOGIS TRUST - Form 10-K

Property Operations Segment

Investments

In the property operations segment, ProLogis owned and operated (directly or through its consolidated and unconsolidated entities) 1,461 operating facilities aggregating 161.5 million square feet as of December 31, 2000. ProLogis' investment strategy with respect to the property operations segment is to focus primarily on generic distribution facilities with an average office finish level of less than 10%. ProLogis' distribution facilities are adaptable for both distribution and light manufacturing or assembly uses. ProLogis has invested in selected distribution markets in North America and Europe where it believes the distribution dynamics are strong and supply and demand factors allow for high occupancy levels and increasing rental rates. In making its investment decisions, ProLogis evaluates market conditions that would indicate favorable distribution growth prospects. Such conditions include: (i) growth in imports and exports; (ii) long-term cost and quality of labor advantages for domestic and international manufacturers (such as markets benefiting from the U.S./Mexico twin plant program);

3

6

(iii) proximity to large regional and local population centers with good access to transportation networks; and (iv) a high ratio of distribution space per capita.

Property operations segment investment activities in 2000 included:

- During 2000, ProLogis European Properties Fund acquired operating facilities aggregating 11.2 million square feet and disposed of a 161,000 square foot operating facility. Of the operating facilities acquired in 2000, 9.6 million square feet were acquired from ProLogis or its consolidated and unconsolidated entities. These acquisitions include 60 facilities aggregating 6.6 million square feet owned by ProLogis European Properties S.a.r.l., a wholly owned entity of ProLogis until January 7, 2000 when ProLogis contributed 50.1% of its common stock to ProLogis European Properties Fund for an equity interest. The remaining 49.9% of the common stock of ProLogis European Properties S.a.r.l. was contributed to ProLogis European Properties Fund by ProLogis for an additional equity interest on January 7, 2001. As of December 31, 2000, ProLogis' ownership in ProLogis European Properties Fund was 34.4% (increasing to 45.6% as of January 7, 2001). See "Item 2. Properties -- Unconsolidated Entities -- Property Operations Segment" and Note 4 to ProLogis' Consolidated Financial Statements in Item 8.
- In North America, ProLogis North American Properties Fund I LLC and ProLogis Iowa I LLC ("ProLogis Principal") were formed in 2000. These ventures own 8.0 million and 0.4 million square feet of operating facilities, respectively, that were all previously owned by ProLogis or its consolidated entities. ProLogis California I LLC ("ProLogis California"), which was formed in 1999, grew from 11.5 million square feet of operating facilities as of December 31, 1999 to 12.4 million square feet of operating facilities as of December 31, 2000. The increase in 2000 is the net result of the acquisition of an additional operating facility from ProLogis, the completion of two developments and the disposition of three operating facilities.
- ProLogis acquired five operating facilities in 2000, four facilities aggregating 138,000 square feet located in Dallas and a 125,000 square foot facility located in Juarez, Mexico for a total investment of \$8.7

Edgar Filing: PROLOGIS TRUST - Form 10-K

million. The four facilities in Dallas were acquired to complete a tax-deferred exchange transaction.

Operations

The property operations segment generated approximately 81% of ProLogis' total income in 2000 (including amounts recognized under the equity method with respect to ProLogis' unconsolidated entities). This operating segment generated approximately 85% and 94% of ProLogis' total income in 1999 and 1998, respectively, (including amounts recognized under the equity method with respect to ProLogis' unconsolidated entities). See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations -- Results of Operations -- Property Operations" and Notes 4 and 10 to ProLogis' Consolidated Financial Statements in Item 8.

Operational achievements in this operating segment in 2000 included:

- ProLogis' stabilized operating facilities aggregating 155.0 million square feet (including facilities owned by ProLogis and its consolidated and unconsolidated entities) was 96.2% leased (95.4% occupied) as of December 31, 2000. Also, as of December 31, 2000, ProLogis' total operating portfolio of 161.5 million square feet (including facilities owned by ProLogis and its consolidated and unconsolidated entities) was 94.1% leased (92.9% occupied). Stabilized facilities are those in which capital improvements, repositioning, new management and new marketing programs (or development and marketing, in the case of newly developed facilities) have been in effect for a sufficient period of time (generally 12 months) to achieve stabilized occupancy (typically 93%, but ranging from 90% to 95%, depending on the submarket and product type).
- During 2000, ProLogis and its consolidated and unconsolidated entities leased 36.3 million square feet of distribution space in 1,137 transactions. Rental rates on both new and renewed leases of previously leased space increased 15.5% in 2000 and ProLogis' weighted average customer retention rate was 65.7% in 2000.

4

7

- ProLogis' "same store" portfolio of operating facilities (facilities owned by ProLogis and its consolidated and unconsolidated entities that were in operation throughout both 2000 and 1999) aggregated 105.6 million square feet. The net operating income (rental revenues less net rental expenses) of the "same store" portfolio increased by 5.94% in 2000 over 1999.

Market Presence

As of December 31, 2000, the operating facilities in the property operations segment that are owned by ProLogis (directly or through its consolidated entities) are located in 42 cities in 24 states and the District of Columbia in the United States, 4 cities in Mexico and 6 cities in 4 countries in Europe. No individual market represents more than 10% of ProLogis' total real estate assets. ProLogis' largest markets (based on cost) are Dallas/Fort Worth (9.2%), Chicago (7.3%), Atlanta (6.5%), San Francisco (South Bay) (5.4%), San Francisco (East Bay) (5.2%) and Houston (5.1%).

The 77 operating facilities owned by ProLogis California as of December 31, 2000 are all located in the Los Angeles/Orange County market. The 33 operating facilities owned by ProLogis North American Properties Fund I as of December 31, 2000 are located in 17 cities in 12 states. The three operating facilities owned by ProLogis Principal as of December 31, 2000 are all located in the Dallas/Ft.

Edgar Filing: PROLOGIS TRUST - Form 10-K

Worth market. The 104 operating facilities owned by ProLogis European Properties Fund (including facilities owned by ProLogis European Properties S.a.r.l.) as of December 31, 2000 are located in 15 cities in 6 countries in Europe (including 55 buildings in Paris, France). See "Item 2. Properties -- Facilities" and "Item 2. Properties -- Unconsolidated Entities -- Property Operations".

ProLogis has sought to achieve significant market presence through the development and acquisition of distribution facilities and master-planned distribution parks in its target market cities and selected submarkets of those cities. The target market cities and submarkets are selected when ProLogis' market research indicates that the long-term demand for distribution and light manufacturing space is stable to strong. ProLogis defines market presence not only in terms of square feet of facilities and acres of development land owned, but also by the extent ProLogis has developed relationships with customers in such markets. ProLogis' operating strategy is designed to meet the needs of today's distribution space users, which means providing functional, cost-effective facilities with a comprehensive level of service. ProLogis believes that by being a significant local owner and developer in a given market, it can generate high relative rental rates and occupancy levels, primarily because it has the ability to reduce turnover by meeting its customers' needs to either expand or contract. With its network of distribution facilities and land positions, ProLogis is able to either relocate customers within its existing inventory of distribution space or develop new facilities to meet the customer's needs.

A strong market presence provides ProLogis with increased access to potential leasing and CDFS business segment transactions. ProLogis' experience has been that many members of the industrial brokerage community and many corporate users are motivated to develop relationships with the significant owners and developers in a particular market to facilitate their respective distribution needs. Having the opportunity to compete for a large percentage of the distribution space requirements in each target market is a crucial factor in achieving ProLogis' operating objectives.

Competition

In general, there are numerous other industrial distribution facilities located in close proximity to ProLogis' facilities. The amount of rentable distribution space available in any market could have a material effect on ProLogis' ability to rent space and on the rents that ProLogis can charge. In addition, in many of ProLogis' submarkets, institutional investors and owners and developers of industrial distribution facilities (including other REITs) compete for the acquisition, development and leasing of distribution space. Many of these entities have substantial resources and experience. Competition for acquisition of existing distribution facilities and land, both from institutional capital sources and from other REITs, has increased over the past several years.

5

8

Property Management

ProLogis provides active and effective property management to directly serve its customers at the local level; a strategy that ProLogis believes will enhance the long-term economic performance of its operating facilities and increase cash flow. ProLogis' property management group seeks to provide exceptional customer service and attention to customer needs by developing and implementing proprietary operating, recruiting and training systems to achieve consistent levels of performance and professionalism throughout the ProLogis network. Of the operating facilities owned by ProLogis (directly or by its consolidated and unconsolidated entities) as of December 31, 2000, ProLogis'

Edgar Filing: PROLOGIS TRUST - Form 10-K

property management group was managing 97.5% of the North American operating facilities and 100.0% of the European operating facilities.

Customers

One of ProLogis' objectives is to develop a customer base in each market that is diverse in terms of industry concentration and represents a broad spectrum of international, national, regional and local distribution space users. As of December 31, 2000, ProLogis (including its consolidated and unconsolidated entities) had over 3,500 customers in 150.1 million square feet of occupied distribution space. ProLogis believes that having a large number of customers with generic space requirements in each submarket reduces its exposure to overall occupancy declines. ProLogis' largest customer (based on rental income) accounted for 1.5% of ProLogis' 2000 rental income (on an annualized basis) for the year ended December 31, 2000. The annualized base rent for ProLogis' 25 largest customers (based on rental income) accounted for 13.2% of ProLogis' 2000 rental income (on an annualized basis) for the year ended December 31, 2000.

Employees

ProLogis and its consolidated entities directly employ approximately 640 persons in North America and Europe. Of the total, approximately 350 employees are assigned directly to the property operations segment. ProLogis' other employees may provide assistance in this operating segment. ProLogis believes its relationship with its employees to be good. ProLogis' employees are not represented by a collective bargaining agreement.

Seasonal Nature of the Business

The demand for industrial distribution space is not seasonal.

Future Plans

ProLogis believes that its current level of investment in the property operations segment in North America enables it to serve its customers at a high level and increase returns to shareholders. ProLogis' business plan for the property operations segment in North America calls for the expansion of its network of operating facilities to: (i) address the specific expansion needs of its customers; (ii) enhance its market presence in specific submarkets; or (iii) take advantage of opportunities where ProLogis believes it has the ability to achieve favorable returns, including the formation of ventures such as ProLogis North American Properties Fund I that will acquire facilities developed within the CDFS business segment.

ProLogis' market research and customer feedback continue to reflect strong demand for distribution space in Europe as cross-border trade continues to increase and many companies continue to move toward consolidation and reconfiguration of their distribution networks. Consolidation and the emergence of dominant regional distribution centers have provided, and ProLogis believes will continue to provide, opportunities for ProLogis as a single-source pan-European provider of distribution facilities. Consequently, ProLogis' business plan for the property operations segment in Europe emphasizes growth in key distribution markets, primarily from the development of facilities within ProLogis' CDFS business segment that will be acquired by ProLogis European Properties Fund and then managed by ProLogis.

ProLogis intends to self-fund its future investment activities in the property operations segment in 2001 with operating cash flow and the proceeds from dispositions of facilities to third parties and real estate entities in which ProLogis maintains an ownership interest. See the discussion of factors that could affect the future plans

of ProLogis and its consolidated and unconsolidated entities in the property operations segment at "Item 7. Management's Discussion and Analysis of Results of Operations and Financial Condition -- Risk Factors".

CDFS Business Segment

Investments

ProLogis operates its CDFS business segment in North America directly and through ProLogis Development Services Incorporated ("ProLogis Development Services"), a consolidated entity in which ProLogis realizes substantially all of the economic benefits. See "Item 2. Properties -- Consolidated Entities -- ProLogis Development Services". In Europe (excluding the United Kingdom), ProLogis directly operates the CDFS business segment. In the United Kingdom, the CDFS business segment is operated by Kingspark S.A. and its wholly owned subsidiary, Kingspark Group Holdings Limited ("ProLogis Kingspark") (collectively "the Kingspark entities"). Kingspark S.A. is an unconsolidated entity in which ProLogis recognizes substantially all of the economic benefits under the equity method through its ownership of 100% of Kingspark S.A.'s preferred stock. On January 2, 2001, ProLogis acquired an ownership interest in the common stock of Kingspark S.A. This transaction resulted in ProLogis having control of Kingspark S.A. Accordingly, the accounts of the Kingspark entities will be consolidated in ProLogis' financial statements along with ProLogis' other majority-owned and controlled subsidiaries and partnerships as of that date. See "Item 2. Properties -- Unconsolidated Entities -- CDFS Business" and Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

Within this operating segment, ProLogis, ProLogis Development Services and the Kingspark entities develop distribution facilities with the intent to dispose of the facilities to customers, third parties or entities in which ProLogis maintains an ownership interest. Also within this operating segment, ProLogis, ProLogis Development Services and the Kingspark entities develop facilities for customers or third parties for a development fee. Proceeds from the disposition of these facilities are redeployed into land acquisitions and other development opportunities. ProLogis addresses specific needs of customers with respect to a specialized facility or the need to have a facility in a market that ProLogis does not consider to have favorable dynamics by developing the facility on a fee development basis or through a pre-sale agreement within this operating segment.

As of December 31, 2000, all of ProLogis' development activities were part of the CDFS business segment. As of December 31, 2000, ProLogis, ProLogis Development Services and the Kingspark entities had 10.2 million square feet of facilities under development with a total budgeted development cost of \$491.4 million. Of the total, 8.7 million square feet with a total budgeted development cost of \$355.2 million are owned directly by ProLogis and ProLogis Development Services. Facilities under development in North America aggregated 6.3 million square feet at a total budgeted cost of \$257.5 million and facilities under development in Europe aggregated 3.9 million square feet at a total budgeted cost of \$233.9 million. These facilities are being developed with the objective of disposing of the facility to a third party or to an entity in which ProLogis has an ownership interest. To the extent the facilities are acquired by entities in which ProLogis has an ownership interest, ProLogis' continuing interest in the operations of these facilities will be included in its property operations segment (see "-- Property Operations Segment"). ProLogis Development Services and the Kingspark entities also earn fees under development management agreements. During 2000, 2.7 million square feet were developed under such agreements generating development fees of \$11.5 million.

Edgar Filing: PROLOGIS TRUST - Form 10-K

ProLogis, ProLogis Development Services and the Kingspark entities have land positions (land owned or controlled through option, letter of intent, development rights agreement or contingent contract) aggregating 5,126 acres with the capacity for developing approximately 85.7 million square feet of distribution facilities. Of the total land positions, 3,279 acres, with the capacity for developing approximately 57.4 million square feet of distribution facilities, are owned or controlled by ProLogis and ProLogis Development Services. Land positions in North America total 2,385 acres with the capacity for developing approximately 42.3 million square feet of distribution facilities and land positions in Europe total 2,741 acres with the capacity for developing approximately 43.4 million square feet of distribution facilities.

CDFS business segment investment activities in 2000 included:

- Development starts aggregated 13.7 million square feet at a total budgeted cost of \$651.6 million. Of the total, 12.6 million square feet at a total budgeted cost of \$509.8 million were started by ProLogis and ProLogis Development Services. Development starts in North America in 2000 aggregated 8.0 million square feet at a total budgeted cost of \$329.6 million and development starts in Europe aggregated 5.7 million square feet at a total budgeted cost of \$322.0 million.
- Development completions aggregated 15.2 million square feet at a total budgeted cost of \$736.9 million. Of the total, 13.1 million square feet at a total budgeted cost of \$512.0 million were completed by ProLogis and ProLogis Development Services. Development completions in North America in 2000 aggregated 9.8 million square feet at a total budgeted cost of \$360.2 million and development completions in Europe aggregated 5.4 million square feet at a total budgeted cost of \$376.7 million.
- Land acquisitions in 2000 aggregated 1,158 acres, 846 acres in North America and 312 acres in Europe. This land can be used for the development of approximately 24.3 million square feet of distribution facilities.

Operations

The primary source of income in the CDFS business segment is the profits from dispositions of facilities developed and development management fees earned by ProLogis Development Services and the Kingspark entities. In 2000, the CDFS business generated \$121.9 million of ProLogis' total income as compared to 1999 and 1998 when the CDFS business generated \$70.5 million and \$20.5 million of ProLogis' total income, respectively. As a percentage of total income, this operating segment has increased in each of the last three years (to 18.9% in 2000 from 12.4% and 5.6% in 1999 and 1998, respectively). ProLogis' share of the net earnings of the Kingspark entities recognized under the equity method is included in this segment's total income (\$43.8 million in 2000, \$23.9 million in 1999 and \$2.9 million for the period from acquisition on August 14, 1998 to December 31, 1998).

The CDFS business segment generated funds from operations of \$126.8 million in 2000 (\$60.4 million in North America and \$66.4 million in Europe); \$76.5 million in 1999 (\$28.9 million in North America and \$47.6 million in Europe); and \$22.2 million in 1998 (\$17.3 million in North America and \$4.9 million in Europe). See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations -- Results of Operations -- CDFS Business", "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations -- Funds from Operations" and Notes 4 and 10 to ProLogis'

Edgar Filing: PROLOGIS TRUST - Form 10-K

Consolidated Financial Statements in Item 8.

Operational achievements in this operating segment in 2000 included:

- ProLogis, ProLogis Development Services and the Kingspark entities disposed of 11.8 million square feet of distribution facilities developed and land parcels generating net proceeds of \$672.4 million.
- ProLogis Development Services and the Kingspark entities developed 2.7 million square feet of distribution facilities on behalf of customers under development management agreements. Fees and other miscellaneous income in the CDFS business segment aggregated \$18.7 million in 2000.

Market Presence

ProLogis' CDFS business spans substantially all of ProLogis' property operations markets. As of December 31, 2000, ProLogis had facilities under development in 16 cities in 11 states and the District of Columbia in the United States, 2 cities in Mexico and 8 cities in 4 countries in Europe. As of December 31, 2000, ProLogis' land positions were located in 30 cities in 19 states and the District of Columbia in the United States, 4 cities in Mexico and 8 cities in 7 countries in Europe.

8

11

Competition

There are a number of other national, regional and local developers engaged in industrial distribution facility development in the same North American markets that ProLogis conducts business. Competition for land acquisitions, from both institutional capital sources and other REITs, has increased over the past several years. The disposition market in North America is competitive and is driven by the supply of new developments, access to capital and interest rate levels.

ProLogis believes that there are no other REITs or pan-European real estate operating companies in direct competition with its operations in Europe. However, there are a number of local and regional developers in ProLogis' target markets. As in North America, the disposition market in Europe is competitive and driven by the supply of new developments, access to capital and interest rate levels. However, the formation of ProLogis European Properties Fund provides ProLogis and the Kingspark entities with a source of capital that will allow them to dispose of the facilities they develop in the CDFS business segment at independently appraised values.

ProLogis believes that it, ProLogis Development Services and the Kingspark entities have a significant competitive advantage based upon the strategic locations of the extensive land positions owned or under control. Also, as the only distribution facilities and services provider operating on a national and pan-European basis, ProLogis believes it has differentiated itself from many of its competitors.

Customers

ProLogis leverages off its existing customer relationships, primarily within the property operations segment and utilizes the ProLogis Operating System(TM) in identifying and marketing its CDFS business. See "-- Property Operations -- Customers" and "-- ProLogis Operating System(TM)".

Employees

Edgar Filing: PROLOGIS TRUST - Form 10-K

ProLogis and its consolidated entities directly employ approximately 640 persons in North America and Europe. Of the total, approximately 90 employees are assigned directly to the CDFS business segment. ProLogis' other employees may provide assistance in this operating segment. ProLogis believes its relationship with its employees to be good. ProLogis' employees are not represented by a collective bargaining agreement.

The Kingspark entities employ approximately 60 persons and these employees do not participate in a collective bargaining agreement. The Kingspark entities believe their relationship with their employees to be good.

Seasonal Nature of the Business

The demand for the industrial distribution facilities that are developed by ProLogis' CDFS business is not impacted on a seasonal basis. However, the development process can be impeded by weather, particularly during the winter months in certain markets, which can potentially delay construction completions.

Future Plans

ProLogis' objective is to utilize the capital generated in the CDFS business to self-fund future CDFS business activities in North America and Europe. In addition, proceeds from the disposition of operating facilities in the property operations segment to third parties can also be re-invested in new development facilities within the CDFS business segment. ProLogis believes that the reconfiguration of supply chains, necessitated by the need for customers to add efficiencies within their distribution networks, in both North America and Europe could favorably impact demand for the distribution facilities and distribution-related services provided by ProLogis within its CDFS business segment. Additionally, a limited supply of new state-of-the-art distribution space in Europe could also provide opportunities within this operating segment. See the discussion of factors that could affect the future plans of ProLogis, ProLogis Development Services and the Kingspark entities in the CDFS business segment at "Item 7. Management's Discussion and Analysis of Results of Operations and Financial Condition -- Risk Factors".

Temperature-Controlled Distribution Operations

Investments

ProLogis recognizes substantially all of the economic benefits of ProLogis Logistics Services Incorporated ("ProLogis Logistics") through its ownership of 100% of ProLogis Logistics' preferred stock. ProLogis Logistics owns 100% of CS Integrated LLC ("CSI"), a temperature-controlled distribution company operating in the United States. As of December 31, 2000, CSI owned or operated under lease agreements 59 temperature-controlled distribution facilities aggregating 175.9 million cubic feet (including 35.5 million cubic feet of dry distribution space located in temperature-controlled distribution facilities) and had 6.3 million cubic feet under development in Anaheim (4.0 million cubic feet) and Houston (2.3 million cubic feet). Additionally, ProLogis recognizes substantially all of the economic benefits of Frigoscandia S.A. through its ownership of 100% of Frigoscandia S.A.'s preferred stock. Frigoscandia S.A. owns, through its wholly owned subsidiaries, 100% of Frigoscandia AB ("Frigoscandia"), a temperature-controlled distribution company operating in Europe. As of December 31, 2000, Frigoscandia owned or operated under lease agreements 89 temperature-controlled distribution facilities aggregating 187.7 million cubic feet in 10 European countries. ProLogis accounts for its investments in ProLogis Logistics/CSI and Frigoscandia S.A./Frigoscandia under the equity method. See "Item 2. Properties -- Unconsolidated Entities -- Temperature-Controlled

Edgar Filing: PROLOGIS TRUST - Form 10-K

Distribution Operations" and Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

In order to provide value-added supply chain management services to its customers, CSI and Frigoscandia leverage their existing temperature-controlled distribution facilities network with information technology investments that increase the velocity and visibility of inventory and information throughout the entire supply chain. CSI added 8.3 million cubic feet of operating capacity in 2000, including a 4.8 million cubic feet facility that was developed by CSI in Atlanta. Frigoscandia's operating capacity has remained virtually constant over the past three years (187.7 million as of December 31, 2000, 192.3 million as of December 31, 1999 and 192.0 million as of December 31, 1998). This trend reflects Frigoscandia's emphasis on serving its key customers through improvements and upgrades to technology systems and its existing facilities rather than increasing its operating capacity.

During 1999 and 2000, both CSI and Frigoscandia enhanced and improved their logistics information technology systems. These systems are being coordinated on a global basis which enables CSI and Frigoscandia to maximize synergies within and between the North American operations and European operations, while still maintaining operational independence. CSI's non-asset based retail dedicated business segment, where CSI provides all warehouse logistics services to supermarket retailers in distribution facilities not owned by CSI, has enabled CSI to increase its revenues without significantly increasing its invested capital. Retail-dedicated revenues are earned through fees charged to the retailer based on volume with no fixed costs attributable to the retail-dedicated operations.

Operations

ProLogis recognizes its share of the net earnings of ProLogis Logistics/CSI and Frigoscandia S.A./Frigoscandia under the equity method as a component of its total income. ProLogis' share of the net earnings of ProLogis Logistics/CSI was \$12.0 million in 2000, \$10.8 million in 1999 and \$7.3 million in 1998. In each year, 1998 to 2000, Frigoscandia S.A./Frigoscandia generated net losses with ProLogis' share aggregating \$20.3 million in 2000, \$4.4 million in 1999 and \$7.5 million in 1998.

ProLogis' share of the combined funds from operations of ProLogis Logistics/CSI and Frigoscandia S.A./Frigoscandia was \$27.0 million in 2000 as compared to \$46.1 million in 1999 and \$45.7 million in 1998. See "Item 7. Management's Discussion and Analysis of Results of Operations and Financial Condition -- Results of Operations -- Temperature-Controlled Distribution Operations", "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations -- Funds From Operations" and Notes 4 and 10 to ProLogis' Consolidated Financial Statements in Item 8.

10

13

Market Presence

Market presence in the temperature-controlled distribution industry is generally defined by the volume available for storage of frozen and chilled foods in addition to the transportation network in place to serve customers. ProLogis believes that CSI and Frigoscandia are well positioned to provide supply-chain management services to major food manufacturers and retailers across multiple markets. With 59 facilities aggregating 175.9 million cubic feet in operation (including 35.5 million cubic feet of dry distribution space operated in temperature-controlled distribution facilities), CSI has the third largest network in the United States (based on cubic feet in operation). CSI's largest markets (based on cubic feet in operation) are Phoenix (16.9%), Southern

Edgar Filing: PROLOGIS TRUST - Form 10-K

California (16.2%), Southeastern Pennsylvania (14.5%) and Atlanta (12.2%). Frigoscandia is the largest temperature-controlled distribution company in Europe with 89 facilities aggregating 187.7 million cubic feet in operation in 10 countries. Frigoscandia's largest markets (based on cubic feet in operation) are France (34.1%), the United Kingdom (24.5%) and Germany (13.7%).

Competition

ProLogis believes that the temperature-controlled distribution industry has significant barriers to entry due to its capital-intensive nature, which limits competition. In the United States, CSI competes directly with several national temperature-controlled distribution companies. However, CSI's primary competition in many markets is from local, and considerably smaller, warehouse operators. In Europe, Frigoscandia has a distinct advantage over its competitors as few other European temperature-controlled distribution companies have operations in more than one country (as compared to the 10 countries in which Frigoscandia operates). Additionally, Frigoscandia is the largest operator of temperature-controlled distribution facilities in Europe (based on cubic feet in operation), with a temperature-controlled storage volume of approximately three times that of its closest competitor. Like CSI, Frigoscandia's primary competition in many markets is from local, and considerably smaller, warehouse operators.

Customers

CSI has approximately 950 customers including some of the nation's leading supermarket retailers in the United States. Of CSI's total revenues, approximately 69% were derived from its 25 largest customers and CSI's largest customer accounted for approximately 36% of its total revenues. Excluding the fees generated by CSI's retail-dedicated operations where CSI provides warehouse logistics services in the distribution facilities that are owned by the customer, the 25 largest customers accounted for approximately 48% of total revenues with the largest customer accounting for approximately 6% of total revenues. See "-- Investments".

Frigoscandia has approximately 7,000 customers. Of Frigoscandia's total revenues, approximately 49% were derived from its 25 largest customers and Frigoscandia's largest customer accounted for approximately 8% of its total revenues.

Employees

CSI and Frigoscandia directly employ all employees in the temperature-controlled distribution operations segment. CSI employs approximately 3,835 persons in the United States, of whom approximately 58% participate in collective bargaining agreements. Frigoscandia employs approximately 2,665 persons in 10 European countries, of whom approximately 80% participate in collective bargaining agreements. Both CSI and Frigoscandia believe their relationships with their employees to be good.

Seasonal Nature of the Business

Temperature-controlled distribution operations are seasonal, in that demand for temperature-controlled distribution facilities is stronger during the third quarter of the calendar year and is at its lowest level in the first quarter of the calendar year. The seasonal nature of temperature-controlled distribution operations coincides with the lower demand for frozen foods, such as ice cream, during the winter months and the timing of the harvests of various food crops in the third quarter of the year, which increases the demand for temperature-controlled storage capacity during that time.

Edgar Filing: PROLOGIS TRUST - Form 10-K

Future Plans

There will be a continued strong emphasis in 2001 on the global marketing of the varied service offerings that CSI and Frigoscandia can provide to customers who can benefit from a single-source global temperature-controlled logistics provider. CSI and Frigoscandia will continue to leverage off their investments in information technology in 1999 and 2000 to increase their service offerings to customers, including integrated supply chain management and transportation services. Additionally, both companies will focus on operational issues to increase operating efficiencies in 2001. In particular, Frigoscandia is addressing occupancy issues and other operational issues including transportation services. See "Item 7. Management's Discussion and Analysis of Results of Operations and Financial Condition -- Results of Operations -- Temperature-Controlled Distribution Operations" for a discussion of operating performance of this business segment and see the discussion of factors that could affect the future plans of ProLogis, CSI and Frigoscandia at "Item 7. Management's Discussion and Analysis of Results of Operations and Financial Condition -- Risk Factors".

ProLogis views its investments in CSI and Frigoscandia as a temperature-controlled distribution network delivering worldwide temperature-controlled logistics solutions to its United States and European customers. Expansion into new markets or within existing markets in the United States will be considered only to the extent that such expansion is necessary to enable CSI to expand its services to the major food manufacturers and retailers that operate across multiple markets. Expansion within the European operations will be considered on a limited basis to address specific customer needs. The funds for such expansions are expected to come principally from internally generated capital from this operating segment's operations.

FINANCING STRATEGY

In order to build its network of distribution facilities, ProLogis accessed the public debt and public equity markets through the second quarter of 1999. Since that time, ProLogis has funded its capital requirements primarily with internally generated funds from its operations and from the disposition of facilities to third parties and to entities in which ProLogis maintains an ownership interest. Additionally, ProLogis has utilized, and will continue to utilize, the borrowing capacity available through its unsecured lines of credit to finance investment opportunities pending completion of asset dispositions and, as needed, longer-term debt or equity financing arrangements.

ProLogis' financing activities in 2000 included:

- ProLogis, ProLogis Development Services and the Kingspark entities generated \$806.0 million of proceeds from the disposition of facilities and land parcels in 2000. These dispositions were primarily within the CDFS business segment (\$672.3 million of proceeds) but also included dispositions within the property operations segment (\$133.7 million of proceeds). Of the total proceeds of \$806.0 million, \$55.7 million was received in the form of equity interests in the entities acquiring the facilities.
- ProLogis restructured its U.S. dollar denominated revolving credit facilities during 2000. ProLogis' previous \$550.0 million unsecured line of credit was reduced to \$475.0 million, with the ability to increase the borrowing capacity to \$500.0 million. Additionally, provisions were included in the new agreement that allows for direct borrowings by ProLogis Development Services and ProLogis Logistics. Also, ProLogis increased its borrowing capacity under its U.S. dollar denominated discretionary line of credit from \$25.0 million to \$55.0 million (with

Edgar Filing: PROLOGIS TRUST - Form 10-K

the additional \$30.0 million of borrowings available only in foreign currency equivalents).

- The formation of ProLogis North American Properties Fund I provided ProLogis the opportunity to access over \$300.0 million of third party debt and equity capital, including 10-year secured, non-recourse debt financing of \$232.6 million within the venture.
- From September 1999 to December 31, 2000, ProLogis has accessed 325.6 million euros (the currency equivalent of approximately \$302.9 million as of December 31, 2000 based on currency exchange rates quoted by Reuters) of third party equity capital provided by a group of institutional investors to ProLogis European Properties Fund through 2002. As of December 31, 2000, an additional 734.7 million euros (the currency equivalent of approximately \$683.4 million as of December 31, 2000 based on currency

12

15

exchange rates quoted by Reuters) has been committed to ProLogis European Properties Fund by this investor group through 2002. This capital is to be used to fund acquisitions of operating facilities in Europe from ProLogis, the Kingspark entities or third parties.

ProLogis' revolving credit facilities (the U.S. dollar denominated unsecured borrowing arrangements aggregating \$530.0 million of capacity and ProLogis' multi-currency borrowing arrangement that allows for the currency equivalent of 325.0 million euros of borrowings) provide ProLogis with significant financial flexibility. As of December 31, 2000, ProLogis' outstanding combined revolving credit facility borrowings of \$439.8 million were at an average interest rate of 6.79% and ProLogis' total debt as a percentage of total undepreciated book capitalization (excluding accumulated comprehensive income adjustments) was 43.5%.

PROLOGIS OPERATING SYSTEM(TM)

The cornerstone of ProLogis' business strategy is the ProLogis Operating System(TM), comprised of the Market Services Group, the Global Services Group, the Global Development Group and the Integrated Solutions Group. The ProLogis Operating System(TM) is a customer service delivery system that has been designed to provide substantial benefits to existing and prospective ProLogis customers. The customer focus of the ProLogis Operating System(TM) provides for a high-quality service level and a single point of contact for distribution solutions on a global basis and positions ProLogis to build customer relationships that will generate additional business opportunities.

Market Services Group

The Market Services Group is comprised of approximately 350 property management and leasing employees including 20 market officers. ProLogis' market officers have extensive experience in marketing industrial distribution space and are responsible for understanding the needs of existing and prospective customers in their respective markets. To meet such needs, market officers utilize their extensive knowledge of local market conditions, including the cost and availability of alternative space, and are supported by their team of property management and leasing professionals. A key role of the market officers is assisting the Global Services Group in identifying ProLogis' customers with multiple market requirements. ProLogis believes that the market officers' access to national and pan-European ProLogis resources improves their ability to serve customers in the local market.

Market officers do not develop projects or borrow or commit capital. Their

Edgar Filing: PROLOGIS TRUST - Form 10-K

focus is strictly on managing the facilities in their markets, creating and maintaining relationships with distribution space users and industrial brokers, marketing ProLogis products and identifying potential acquisition, development and leasing opportunities in their target markets.

Global Services Group

The Global Services Group, comprised of 18 employees, is dedicated to providing service to the largest users of distribution space that ProLogis has identified as targeted customers, with the primary focus on making ProLogis the preferred provider of distribution space to these companies. The Global Services Group is headquartered in Denver and Amsterdam and has regional offices in Atlanta, Chicago and the New York City metropolitan area. ProLogis' multi-market presence permits it to accommodate the reconfiguration needs of its customers by relocating an existing customer within a market or between markets in North America or in Europe. ProLogis' development program, land inventory and existing facilities allow the Global Services Group to assist existing and prospective customers whose growing business needs require them to expand their distribution facilities. The expansion can result in relocating the customer to larger ProLogis spaces or in developing a facility specifically for the customer.

Global Services Group professionals build long-term relationships with ProLogis' customers and provide a single point of contact for multi-location global users of distribution facilities to simplify and streamline the execution of such customers' distribution space plans. ProLogis' experience to date suggests that many major corporate customers are limiting the number of services providers that they work with to meet their distribution

13

16

facility requirements. An ancillary benefit of this extensive contact with customers is the ability to be on the forefront of international and national distribution and logistics trends.

Global Development Group

The Global Development Group, comprised of approximately 90 employees, focuses substantial research and development efforts on creating industry-leading distribution facilities and master-planned distribution parks. Members of the Global Development Group have extensive experience in the development and construction of generic facilities that will appeal to a wide variety of customers and the development of facilities that will meet a specific customers needs. ProLogis incorporates the latest technology with respect to building design and building systems and has developed consistent standards and procedures that it strictly adheres to in the development of all facilities.

The Global Development Group is comprised principally of architects, engineers and construction professionals who oversee every aspect of the land planning and building design processes. These professionals also monitor the construction process and oversee the performance of third-party general contractors. The Global Development Group's development specialists and project managers operate regionally to better serve their markets. The project managers supervise each project with oversight from ProLogis' management, pursuant to uniform standards, procedures and specifications that have been carefully designed to achieve consistent quality.

ProLogis believes the depth and breadth of experience within the Global Development Group enhances the effectiveness of the Global Services Group and provides the market officers in the Market Services Group with a distinct competitive advantage for development opportunities in their respective markets.

Edgar Filing: PROLOGIS TRUST - Form 10-K

Integrated Solutions Group

The Integrated Solutions Group, currently comprised of three employees, coordinates a menu of value-added distribution-related services to customers, including network optimization tools, strategic site selection, business location services (including tax incentive analysis and tax negotiation consulting) and design consulting services. The Integrated Solutions Group was formed in August 1999 to allow ProLogis to address all areas of its customers' distribution needs. ProLogis believes that by offering these additional services, ProLogis will be able to deepen its customer relationships and increase cash flows with relatively small additional capital requirements.

PROLOGIS MANAGEMENT

ProLogis' success depends upon its management's ability to provide strategic and day-to-day management, research, investment analysis, acquisition and due diligence, development, marketing, asset management, capital markets, asset disposition, management information systems support and legal and accounting services. ProLogis believes that the quality of its management should be assessed in light of the following factors:

- Management Depth -- ProLogis has several senior executives with the leadership, operational, investment and financial skills and experience to oversee the entire operation of the company. See " -- Executive Officers and Trustees" and " -- Senior Officers".
- Strategic Vision -- ProLogis' management has demonstrated a strategic vision in determining an operating and investment focus that has provided favorable initial yields and long-term growth prospects. ProLogis' business strategy has focused on acquiring (at prices below replacement cost) and developing an international distribution facility network and a land inventory at attractive prices in selected distribution markets. Through the ProLogis Operating System(TM), ProLogis believes it is the first international operating company that has been able to address and service a corporate customer's distribution space requirements on an international, national, regional and local basis. Additionally, since mid-1999, ProLogis has focused on self-funding its investment activities utilizing cash generated by operations and the proceeds from the disposition of facilities, primarily to entities in which ProLogis maintains an ownership interest.
- Research Capability -- ProLogis divides its target market cities into numerous submarkets for analysis purposes. ProLogis' management has emphasized a submarket by submarket research-based approach in determining appropriate investment opportunities.

14

17

- Investment Committee Process -- An internal investment committee provides ProLogis with discipline and guidance to allow ProLogis to achieve its investment goals. The members of ProLogis' investment committee have extensive experience in the real estate industry. The internal investment committee evaluates all prospective investments pursuant to uniform underwriting criteria prior to submission of investment recommendations to the investment committee of ProLogis' Board of Trustees (the "Board").
- Acquisitions Capability/Due Diligence Process/Asset Dispositions -- ProLogis has experienced senior personnel who perform disciplined and thorough due diligence in determining whether potential investments and divestitures meet ProLogis' long-term objectives. ProLogis has developed extensive uniform systems and procedures for analysis and due diligence to ensure that it maximizes its investment and

Edgar Filing: PROLOGIS TRUST - Form 10-K

divestiture opportunities.

- Development Capability -- By internally developing projects, ProLogis has captured additional value that normally escapes through sales premiums paid to third party developers. ProLogis' development employees have significant development experience. ProLogis has engaged in substantial development of distribution facilities since its inception in 1991 (64.0 million square feet at a total investment of \$2.4 billion developed).
- Operating Capability -- ProLogis believes that management can substantially improve operating performance and achieve long-term sustainable growth in cash flow by actively and effectively managing assets. ProLogis conceived of and developed the ProLogis Operating System(TM) to effectively operate ProLogis' business and provide customers with an exceptional level of coordinated, comprehensive services, including property management, leasing and development management services. ProLogis also provides comprehensive asset management services to entities in which ProLogis has an ownership interest.
- Capital Markets Capability -- ProLogis has been able to effectively raise public debt and public equity capital that has allowed it to achieve strong growth in cash flows from its investments. ProLogis enhances its ability to raise capital by its ability to effectively communicate ProLogis' business strategy and performance to investors and the financial media.

Previously, certain of ProLogis' administrative functions were supplemented by or provided by Security Capital Group Incorporated ("Security Capital"), ProLogis' largest shareholder, pursuant to an administrative services agreement. These functions included payroll and human resources, cash management, accounts payable, specified information systems support, research and insurance services. ProLogis began transferring these functions from Security Capital to ProLogis personnel during 2000. As of December 31, 2000, all functions except the cash management and certain information systems support functions had been assumed by ProLogis. These remaining functions are expected to be assumed by ProLogis personnel during the first quarter of 2001.

Executive Officers and Trustees

K. Dane Brooksher -- 62 -- Mr. Brooksher has served as a Trustee since October 1993. Mr. Brooksher has been Chairman and Chief Executive Officer of ProLogis since March 1999 and he was Co-Chairman and Chief Operating Officer of ProLogis from November 1993 to March 1999 (through September 1997 he was employed by ProLogis' former management company). Prior thereto, Mr. Brooksher was Area Managing Partner and Chicago Office Managing Partner of KPMG Peat Marwick (now KPMG LLP), independent public accountants, where he served on the Board of Directors and Management Committee and as International Development Partner for Belgium and the Netherlands. Mr. Brooksher is a Director of Vizional Technologies, Inc. (an entity in which ProLogis has invested) and Butler Manufacturing Company and he serves as an Advisory Board Member of the J.L. Kellogg Graduate School of Management of Northwestern University. Mr. Brooksher's term as Trustee expires in 2002.

Irving F. Lyons, III -- 51 -- Mr. Lyons has served as a Trustee since March 1996. Mr. Lyons has been President of ProLogis since March 1999 and Chief Investment Officer of ProLogis since March 1997. Mr. Lyons was Co-Chairman of ProLogis from March 1997 to March 1999 and from December 1993 to March 1997, he was a Managing Director with ProLogis (through September 1997 he was employed by ProLogis' former management company). Prior thereto, Mr. Lyons was the Managing Partner of King & Lyons, a San Francisco Bay Area

industrial real estate development and management company, since its inception in 1979. Mr. Lyons' term as Trustee expires in 2003.

C. Ronald Blankenship -- 51 -- Mr. Blankenship has served as a Trustee since June 2000. Mr. Blankenship has been Director, Vice Chairman and Chief Operating Officer of Security Capital since May 1998. ENVIRONMENTAL MATTERS

Under various federal, state and local laws, ordinances and regulations, a current or previous owner, developer or operator of real estate may be liable for the costs of removal or remediation of certain hazardous or toxic substances at, on, under or in its property. The costs of removal or remediation of such substances could be substantial. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the release or presence of such hazardous substances. The presence of such substances may adversely affect the owner's ability to sell such real estate or to borrow using such real estate as collateral. ProLogis has not been notified by any governmental authority of any non-compliance, liability or other claim in connection with any of the properties owned or being acquired at December 31, 2000, and ProLogis is not aware of any environmental condition with respect to any of its properties that is likely to be material. ProLogis or the predecessor owners have subjected each of its properties to an environmental assessment (which does not involve invasive procedures such as soil sampling or ground water analysis) by independent consultants. While some of these assessments have led to further investigation and sampling, none of the environmental assessments has revealed, nor is ProLogis aware of, any environmental liability (including asbestos-related liability) that ProLogis believes would have a material adverse effect on its business, financial condition or results of operations. No assurance can be given, however, that these assessments and investigations reveal all potential environmental liabilities, that no prior owner or operator created any material environmental condition not known to ProLogis or the independent consultants or that future uses or conditions (including, without limitation, customer actions or changes in applicable environmental laws and regulations) will not result in unreimbursed costs relating to environmental liabilities.

INSURANCE COVERAGE

ProLogis and its consolidated and unconsolidated entities currently carry comprehensive insurance coverage including property, liability, fire, flood, earthquake, environmental, extended coverage and rental loss, as appropriate for the markets where each entities facilities and business operations are located. The insurance coverage contains policy specifications and insured limits customarily carried for similar facilities. ProLogis believes its facilities and the facilities of its consolidated and unconsolidated entities are adequately insured; however, an uninsured loss could result in loss of capital investment and anticipated profits.

ITEM 2. PROPERTIES

INDUSTRIAL DISTRIBUTION FACILITIES

ProLogis and its consolidated entities (see -- "Consolidated Entities") have invested primarily in generic industrial distribution facilities with an average office finish level of less than 10%. Due to the costs associated

19

22

with retrofitting customer spaces, service center product has been acquired only on a very limited basis, generally as part of portfolio acquisitions in which the majority of product being acquired was bulk distribution. ProLogis' industrial distribution facilities is typically used for storage, packaging, assembly, distribution and light manufacturing of consumer and industrial products.

- Distribution. -- ProLogis' distribution facilities are adaptable for both bulk distribution and light manufacturing or assembly uses. Based upon

Edgar Filing: PROLOGIS TRUST - Form 10-K

square footage, ProLogis' operating portfolio was comprised of 88.5% bulk distribution and 10.4% light manufacturing facilities as of December 31, 2000.

- Service Center and Other -- Under ProLogis' definition, service centers are multi-customer buildings that have a higher percentage of office space than distribution facilities and only have grade-level loading as opposed to truck dock loading. As of December 31, 2000, service center product constituted approximately 0.9% of the square feet in ProLogis' operating portfolio and other miscellaneous facilities, primarily office facilities acquired as part of portfolio acquisitions, constituted 0.2% of the square feet in ProLogis' operating portfolio.

GEOGRAPHIC DISTRIBUTION

ProLogis and its consolidated entities (see -- "Consolidated Entities") have direct ownership of 1,285 industrial distribution facilities (operating and under development) in North America and Europe as of December 31, 2000. In the United States, ProLogis' facilities are located in 42 cities in 24 states and the District of Columbia. ProLogis' facilities in Mexico are located in four cities. In Europe, ProLogis' facilities are located in 11 cities in 5 countries. The table below demonstrates the geographic distribution of ProLogis' portfolio (operating facilities and facilities under development). The table excludes land held for future development, which is less than 5% of ProLogis' total investment, based on cost as of December 31, 2000 and 1999. The table does not include facilities that are owned by ProLogis' unconsolidated entities which are discussed under "--Unconsolidated Entities".

- (4) In 2000, includes one facility each in Akron, Ohio, Detroit, Michigan and Norfolk, Virginia. In 1999, includes one facility each in Akron, Ohio, Boston, Massachusetts and Norfolk, Virginia and 21 facilities in Detroit, Michigan, 20 of which were disposed of during 2000.
- (5) In January 2001, ProLogis contributed two additional facilities located in France (Lyon and Paris) to ProLogis European Properties Fund. These facilities aggregated 0.4 million square feet and generated net proceeds of \$16.1 million.
- (6) Does not include facilities owned by the Kingspark entities (13 operating facilities and 12 facilities under development as of December 31, 2000 and 15 operating facilities and 14 facilities under development as of December 31, 1999). Beginning January 2, 2001, the accounts of the Kingspark entities will be consolidated in ProLogis' financial statements along with ProLogis' other majority-owned and controlled subsidiaries and partnerships. See "-- Unconsolidated Entities -- CDFS Business" and Note 4 to ProLogis' Consolidated Financial Statements in Item 8.
- (7) On January 7, 2000, ProLogis contributed 50.1% of the common stock of ProLogis European Properties S.a.r.l., one of its wholly owned European entities, to ProLogis European Properties Fund in exchange for an equity interest. ProLogis European Properties S.a.r.l. owned 60 facilities (54 facilities in Paris, four facilities in Warsaw, one facility in Lyon and one facility in Rotterdam) as of December 31, 2000. The remaining 49.9% of the common stock of ProLogis European Properties S.a.r.l. was contributed to ProLogis European Properties Fund by ProLogis on January 7, 2001 in exchange for an additional equity interest.
- (8) ProLogis is committed to contribute substantially all of its stabilized facilities in Europe to ProLogis European Properties Fund, subject to meeting specified criteria.
- (9) Includes 41 facilities under development as of December 31, 2000 and 51 facilities under development as of December 31, 1999.

FACILITIES

The information in the following table is as of December 31, 2000 for the facilities owned by ProLogis and its consolidated entities in North America and Europe. No individual facility or group of facilities operated as a single business unit amounted to 10% or more of ProLogis' consolidated total assets as of December 31, 2000 or generated gross revenue equal to 10% or more of ProLogis' consolidated gross revenues for the year ended December 31, 2000. The table does not include facilities that are owned by ProLogis' unconsolidated entities which are discussed under "-- Unconsolidated Entities".

- (3) Certain facilities are pledged as collateral under ProLogis' mortgage notes, securitized debt and assessment bonds as of December 31, 2000. See Schedule III -- Real Estate and Accumulated Depreciation to ProLogis' Consolidated Financial Statements in Item 8 for specific facilities pledged.
- (4) All assets are utilized in the property operations segment. See "Item 1 -- Business -- ProLogis Trust".
- (5) In January 2001, ProLogis acquired three operating facilities in Memphis, Tennessee aggregating 0.7 million square feet for \$16.6 million. These facilities were acquired to complete a tax-deferred exchange transaction.
- (6) In January 2001, ProLogis contributed three facilities to ProLogis North American Properties Fund I in exchange for an additional equity interest of \$34.1 million. The three facilities, one located in Atlanta and two located in Dallas/Ft. Worth, aggregated 0.9 million square feet.
- (7) In January 2001, ProLogis contributed two additional facilities located in France (Lyon and Paris) to ProLogis European Properties Fund. These facilities aggregated 0.4 million square feet and generated net proceeds of \$16.1 million.
- (8) ProLogis is committed to contribute substantially all of its stabilized facilities in Europe to ProLogis European Properties Fund, subject to meeting specified criteria.
- (9) Does not include 13 operating facilities with an investment of \$139.2 million and 12 facilities under development with a total budgeted cost of \$136.2 million owned by the Kingspark entities in the United Kingdom as of December 31, 2000. Beginning January 2, 2001, the accounts of the Kingspark entities will be consolidated in ProLogis' financial statements along with ProLogis' other majority-owned and controlled subsidiaries and partnerships. See "-- Unconsolidated Entities -- CDFS Business" and Note 4 to ProLogis' Consolidated Financial Statements in Item 8.
- (10) Represents an office building acquired as part of a portfolio acquisition.
- (11) Represents the total budgeted development cost at completion for facilities under development, which includes the cost of land, fees, permits, payments to contractors, architectural and engineering fees and interest and property taxes to be capitalized during construction, rather than costs incurred to date.
- (12) All of the facilities under development are expected to be utilized in the CDFS business segment. See "Item 1 -- Business -- ProLogis Trust".
- (13) Includes 0.8 million square feet in the design and permitting stage.
- (14) All of the land held for future development is expected to be utilized in the CDFS business segment for the development of approximately 36.2 million square feet of distribution facilities. See "Item 1 -- Business -- ProLogis Trust". Does not include 1,232 acres of land controlled under option, letter of intent or contingent contract with the capacity of developing approximately 21.2 million square feet of distribution facilities.
- (15) Does not include 332 acres of land owned and 1,515 acres of land under control by the Kingspark entities in the United Kingdom as of December 31, 2000 which has the combined capacity for the development of approximately 28.3 million square feet of distribution facilities.

Edgar Filing: PROLOGIS TRUST - Form 10-K

(16) See Schedule III -- Real Estate and Accumulated Depreciation to ProLogis' Consolidated Financial Statements in Item 8 for a reconciliation of this amount to ProLogis' total investment in real estate.

CONSOLIDATED ENTITIES

Partnerships

As of December 31, 2000, ProLogis held a majority interest in and controlled five partnerships (collectively, the "Partnerships"), which are consolidated with the accounts of ProLogis. Generally, pursuant to the Partnership agreements, ProLogis or one of its wholly owned entities, is the sole controlling general partner and has full responsibility for the management and control of the Partnerships. The limited partners have no authority to transact business for, or, except as noted below, participate in the management decisions of, the Partnerships. However, any decision to amend certain provisions of the applicable partnership agreement, to dissolve a Partnership prior to the term set forth in the applicable partnership agreement or to enter into certain extraordinary transactions would require the consent of all limited partners. Pursuant to the partnership agreements, ProLogis, or its wholly owned entity, as the case may be, may not voluntarily withdraw from the

26

29

applicable Partnership or transfer or assign its interests in the Partnership without the consent of all of the limited partners thereto. The limited partners may freely transfer their Partnership units to affiliates, provided that such transfer does not cause a termination of the Partnership for federal income tax purposes and does not cause ProLogis to cease to comply with requirements under the Code for qualification as a REIT. Each of the Partnership agreements grants to the limited partners the right to exchange their Partnership units for ProLogis common shares of beneficial interest, par value \$0.01 per share, ("Common Shares"), subject to certain conditions. For financial reporting purposes, the assets, liabilities, results of operations and cash flows of each of the Partnerships are included in ProLogis' consolidated financial statements, and the interests of the limited partners are reflected as minority interest. See Note 6 to ProLogis' Consolidated Financial Statements in Item 8. The Partnerships, which are part of the property operations segment, are as follows as of December 31, 2000:

without the consent of the limited partners thereto, other than in tax-deferred exchange transactions.

- (2) Facilities are located in the San Francisco (both South Bay and East Bay) and Tampa markets.
- (3) Convertible into Common Shares on a one for one basis.
- (4) Facilities are located in the Charlotte, Dallas/Ft. Worth, Denver, El Paso, San Francisco (East Bay), St. Louis and Washington, D.C./Baltimore markets.
- (5) Facilities are located in the Chicago, Ft. Lauderdale/Miami, Norfolk, Orlando, San Antonio and Tampa markets.
- (6) ProLogis Limited Partnership-IV was formed through a cash contribution from a wholly owned subsidiary of ProLogis, ProLogis-IV, Inc., and the contribution of distribution facilities from the limited partner. ProLogis Limited Partnership-IV and ProLogis-IV, Inc. are legal entities separate and distinct from ProLogis, its affiliates and each other, and each has separate assets, liabilities, business functions and operations. The sole assets of ProLogis-IV, Inc. are its general partner advances to and its interest in ProLogis Limited Partnership-IV. As of December 31, 2000, ProLogis Limited Partnership-IV had outstanding borrowings from ProLogis-IV, Inc., of \$0.4 million and ProLogis-IV, Inc. had outstanding borrowings from ProLogis and its affiliates of \$0.4 million.
- (7) Facilities are located in the Akron, Cincinnati, Dallas/Ft. Worth, Ft. Lauderdale/Miami, I-95 New Jersey Corridor, Orlando and Tampa markets.
- (8) Acquired in merger with Meridian in March 1999. See Note 11 to ProLogis' Consolidated Financial Statements in Item 8.
- (9) Facility is located in the Los Angeles/Orange County market.
- (10) Convertible into Common Shares on a 1.1 for one basis, plus \$2.00.

ProLogis Development Services

ProLogis Development Services, which is part of the CDFS business segment, develops distribution facilities that are often disposed of to customers, third parties or entities in which ProLogis maintains an ownership interest. ProLogis Development Services also contracts on a fee basis to develop distribution facilities for customers or third parties. ProLogis owns 100% of the preferred stock of ProLogis Development Services and realizes substantially all economic benefits of its activities. Because ProLogis advances mortgage loans to ProLogis Development Services to fund its acquisition, development and construction activities, ProLogis

27

30

Development Services is consolidated with ProLogis. ProLogis Development Services' real estate assets represented 9.7% of ProLogis' total real estate assets (at cost) as of December 31, 2000. ProLogis Development Services is not a qualified REIT subsidiary of ProLogis under the Code. Accordingly, provisions for federal and state income taxes are recognized, as appropriate.

UNCONSOLIDATED ENTITIES

As of December 31, 2000, ProLogis' investments in and advances to unconsolidated entities totaled \$1.45 billion. These investments were structured to either allow ProLogis to comply with the requirements of the Code to qualify

Edgar Filing: PROLOGIS TRUST - Form 10-K

as a REIT or to further ProLogis' objective of increasing cash flows without raising additional capital through direct public debt and public equity offerings.

ProLogis invested in the nonvoting preferred stock of certain entities that have ownership interests in companies that produce income that is not REIT "qualifying" income (i.e., rental income and mortgage interest income) under the Code. To maintain its qualification as a REIT, ProLogis can collectively invest in these entities in amounts up to 25% of the fair market value of ProLogis' total assets, with a maximum per company investment of 5% of the fair market value of ProLogis' total assets. Of these investments, ProLogis Development Services, ProLogis Logistics, Frigoscandia S.A. and the Kingspark entities all own properties. ProLogis accounts for the investments in ProLogis Logistics, Frigoscandia S.A. and the Kingspark entities under the equity method. These entities' investments in properties are discussed under "-- CDFS Business" and "-- Temperature-Controlled Distribution Operations". Because ProLogis advances mortgage loans to ProLogis Development Services to fund its acquisition, development and construction activities, ProLogis Development Services is consolidated with ProLogis. Properties owned by ProLogis Development Services are included in the tables in "-- Geographic Distribution" and "-- Facilities" and ProLogis Development Services is discussed in "-- Consolidated Entities--ProLogis Development Services". See also "Item 7 -- Management's Discussion and Analysis of Financial Condition and Results of Operations -- New Tax Legislation".

The entities discussed below under "-- Property Operations" were all formed to allow ProLogis to generate capital for future development activities while still maintaining an ownership position in the facilities. All of ProLogis' unconsolidated entities are discussed in Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

Property Operations

As of December 31, 2000, ProLogis had a 50.0% ownership interest in ProLogis California, a 34.4% ownership interest in ProLogis European Properties Fund, a 20.0% ownership interest in ProLogis North America Properties Fund I and a 20.0% ownership interest in ProLogis Principal. See "Item 1. Business -- Business Strategy and Operating Segments -- Property Operations Segment", "Item 7. Management's Discussion and Analysis of Financial Conditions and Results of Operations -- Results of Operations -- Property Operations" and Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

- (7) ProLogis had a 20.0% ownership interest in ProLogis Principal as of December 31, 2000.
- (8) Includes all of the facilities owned by ProLogis European Properties S.a.r.l., which is owned by ProLogis European Properties Fund (50.1%) and ProLogis (49.9%). ProLogis European Properties S.a.r.l. owned 60 operating facilities aggregating 6.6 million square feet in three countries (54 of the facilities are located in France) as of December 31, 2000. On January 7, 2001, ProLogis contributed its 49.9% of the common stock of ProLogis European Properties S.a.r.l. to ProLogis European Properties Fund in exchange for an additional equity interest bringing its ownership interest in ProLogis European Properties Fund to 45.6%.
- (9) In January 2001, ProLogis European Properties Fund acquired four facilities from ProLogis and the Kingspark entities. The two facilities acquired from ProLogis aggregated 0.4 million square feet and are located in Lyon and Paris, France. The two facilities acquired from the Kingspark entities aggregated 0.7 million square feet and are located in Birmingham, United Kingdom. The total acquisition price for the four facilities was \$87.0 million, of which \$8.7 million was received by ProLogis and the Kingspark entities in the form of an additional equity interest.
- (10) ProLogis had a 34.4% ownership interest in ProLogis European Properties Fund as of December 31, 2000.

CDFS Business

ProLogis recognizes substantially all of the economic benefits of the Kingspark entities. As of December 31, 2000, the Kingspark entities owned 13 operating facilities aggregating 1.6 million square feet at an investment of \$139.2 million and 12 facilities under development aggregating 1.5 million square feet with a total budgeted development cost of \$136.2 million. In addition, the Kingspark entities owned 332 acres and controlled 1,515 acres of land through purchase option, letter of intent, development rights agreement or contingent contract as of December 31, 2000. This land has the combined capacity for the future development of approximately 28.3 million square feet of distribution facilities. The Kingspark entities' facilities and land acreage are located in 12 cities or counties in the United Kingdom. On January 2, 2001, ProLogis acquired an ownership interest in the common stock of Kingspark S.A. This transaction resulted in ProLogis having control of Kingspark S.A.

Edgar Filing: PROLOGIS TRUST - Form 10-K

Accordingly, the accounts of the Kingspark entities will be consolidated in ProLogis' financial statements along with ProLogis' other majority-owned and controlled subsidiaries and partnerships as of that date. See "Item 1. Business -- Business Strategy and Operating Segments -- CDFS Business Segment", "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations -- Results of Operations -- CDFS Business" and Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

Temperature-Controlled Distribution Operations

- ProLogis recognizes substantially all of the economic benefits of ProLogis Logistics, which owns 100% of CSI. As of December 31, 2000, CSI owned or operated under lease agreements 59 facilities aggregating 175.9 million cubic feet of temperature-controlled distribution facilities (including 35.5 million cubic feet of dry distribution space located in temperature-controlled distribution facilities) in 28 cities in the United States and had 6.3 million cubic feet under development in Anaheim (4.0 million cubic feet) and Houston (2.3 million cubic feet).
- ProLogis recognizes substantially all of the economic interest in Frigoscandia S.A., which owns, through its subsidiaries, 100% of Frigoscandia. Frigoscandia owned or operated under lease agreements 89 facilities aggregating 187.7 million of cubic feet of temperature-controlled distribution facilities in 10 countries in Europe as of December 31, 2000.

On March 16, 2001, ProLogis had approximately 173,560,729 Common Shares outstanding, which were held of record by approximately 10,617 shareholders.

On January 11, 2001, ProLogis announced a Common Share repurchase program under which it may repurchase up to \$100.0 million of its Common Shares. The Common Shares will be repurchased from time to time in the open market and in privately negotiated transactions, depending on market prices and other conditions. On February 12, 2001, ProLogis announced its call for the redemption of all of the outstanding Series B cumulative convertible redeemable preferred shares at a price of \$25.00 per share, plus \$0.442 in accrued and unpaid dividends, for an aggregate redemption price of \$25.442 per preferred share. The redemption date is March 20, 2001. On or prior to March 13, 2001, the Series B preferred shares could be converted into Common Shares at a conversion rate of 1.282 Common Shares for each Series B preferred share.

In 2000, 1999 and 1998, ProLogis issued 238,000, 14,000 and 20,000 Common Shares, respectively, upon exchange of limited partnership units in one or more of the Partnerships. See "Item 2. Properties -- Facilities -- Consolidated Entities". The Common Shares were issued in transactions exempt from registration under Section 4(2) of the Securities Act.

DISTRIBUTIONS AND DIVIDENDS

In order to qualify as a REIT under the Code, ProLogis is required to make distributions (other than capital gain distributions) to its shareholders in amounts at least equal to (i) the sum of (a) 95% of its "REIT taxable income" computed without regard to the dividends paid deduction and its net capital gain (changed to 90% as a result of the RMA -- see "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations -- New Tax Legislation") and (b) 95% of the net income (after tax), if any, from foreclosure property, minus (ii) the sum of certain items of noncash income. ProLogis' distribution strategy is to distribute what it believes is a conservative percentage of its cash flow, permitting ProLogis to retain funds for capital improvements and other investments.

Edgar Filing: PROLOGIS TRUST - Form 10-K

ProLogis announces the following year's projected annual Common Share distribution level after the annual budget review and approval by the Board in December of each year. At a meeting in December 2000, the Board announced a projected increase in the annual distribution level for 2001 from \$1.34 to \$1.38 per Common Share. The payment of distributions is subject to the discretion of the Board and is dependent upon the financial condition and operating results of ProLogis and may be adjusted at the discretion of the Board during the year. Also at the December meeting, the Board declared a distribution of \$0.345 per Common Share for the first quarter of 2001. This distribution was paid on February 23, 2001 to holders of Common Shares on February 9, 2001.

For federal income tax purposes, distributions may consist of ordinary income, capital gains, non-taxable return of capital or a combination thereof. Distributions that exceed ProLogis' current and accumulated earnings and profits (calculated for tax purposes) constitute a return of capital rather than a distribution and reduce the shareholder's basis in the Common Shares. To the extent that a distribution exceeds both current and accumulated earnings and profits and the shareholders basis in the Common Shares, it will generally be treated as gain from the sale or exchange of that shareholder's Common Shares. ProLogis annually notifies shareholders of the taxability of distributions paid during the preceding year. The following summarizes the taxability of distributions on Common Shares (amounts for 2000 are estimated):

	YEAR ENDED DECEMBER 31,

On May 3, 1999, ProLogis paid a distribution to holders of Meridian common stock as of March 19, 1999. This distribution, which was declared by the Meridian Board of Directors prior to the closing of the merger with Meridian, related to the first quarter of 1999 and aggregated \$11.1 million. This liability was assumed by ProLogis in connection with the merger with Meridian. See Note 11 to ProLogis' Consolidated Financial Statements in Item 8.

Annual dividends per preferred share were as follows:

	YEAR ENDED DECEMBER 31,		
	2000 (1)	1999 (2)	1998 (3)
Series A Cumulative Redeemable Preferred Shares.....	\$2.35	\$2.35	\$2.35

Series D Cumulative Redeemable Preferred Shares.....	1.98	1.98	1.42 (4)
Series E Cumulative Redeemable Preferred Shares.....	2.19	1.64 (5)	--

-
- (1) For federal income tax purposes, \$2.08 of the Series A dividend, \$1.55 of the Series B dividend, \$3.78 of the Series C dividend, \$1.75 of the Series D dividend and \$1.94 of the Series E dividend are treated as ordinary income. The remaining portion of each dividend represents capital gains.

32

35

- (2) For federal income tax purposes \$1.65 of the Series A dividend, \$1.23 of the Series B dividend, \$3.00 of the Series C dividend, \$1.39 of the Series D dividend and \$1.15 of the Series E dividend are treated as ordinary income. The remaining portion of each dividend represents capital gains.
- (3) For federal income tax purposes these dividends are treated as ordinary income to the holders.
- (4) For the period from date of issuance to December 31, 1998.
- (5) For the period from date of issuance to December 31, 1999.

On April 30, 1999, ProLogis paid an aggregate dividend of \$1.1 million on the Series E preferred shares (\$0.5469 per share), of which \$729,200 related to Meridian's series D preferred stock that was accrued by Meridian and was assumed by ProLogis in connection with the merger with Meridian. See Note 11 to ProLogis' Consolidated Financial Statements in Item 8.

Pursuant to the terms of its preferred shares, ProLogis is restricted from declaring or paying any distribution with respect to the Common Shares unless all cumulative dividends with respect to the preferred shares have been paid and sufficient funds have been set aside for dividends for the then-current dividend period with respect to the preferred shares.

ProLogis' tax return for the year ended December 31, 2000 has not been filed. The taxability information for 2000 is based upon the best available data. ProLogis' tax returns for prior years have not been examined by the Internal Revenue Service. Consequently, the taxability of distributions and dividends is subject to change.

Under federal income tax rules, ProLogis' earnings and profits are first allocated to its preferred shares, which increases the portion of the Common Shares distribution classified as return of capital. The portion of distributions characterized as return of capital results primarily from the excess of distributions over earnings and profits primarily because non-cash charges such as depreciation are not considered in determining distribution levels. See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations -- Results of Operations."

DIVIDEND REINVESTMENT AND SHARE PURCHASE PLAN

In March 1995, ProLogis adopted a Dividend Reinvestment and Share Purchase Plan (the "1995 Plan"), which commenced in April 1995. The 1995 Plan allowed holders of Common Shares the opportunity to acquire additional Common Shares by automatically reinvesting distributions. Holders of Common Shares who do not participate in the 1995 Plan continue to receive distributions as declared. The 1995 Plan also allowed participating holders of Common Shares to purchase a limited number of additional Common Shares by making optional cash payments, without payment of any brokerage commission or service charge. Common Shares are acquired pursuant to the 1995 Plan at a price equal to 98% of the market price

Edgar Filing: PROLOGIS TRUST - Form 10-K

of such Common Shares, without payment of any brokerage commission or service charge.

The 1995 Plan was amended in June 1999 by the 1999 Dividend Reinvestment and Share Purchase plan (the "1999 Plan"). The primary change effective with the 1999 Plan allows persons who are not holders of Common Shares to participate in the share purchase plan.

- (1) Earnings from operations, net earnings attributable to Common Shares and funds from operations attributable to Common Shares for 1999 and 1998 reflect \$0.9 million and \$26.1 million, respectively, of mark to market expense associated with two interest rate hedge agreements that, due to changing market conditions, no longer qualified for hedge accounting treatment under generally accepted accounting principles ("GAAP"). See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations -- Liquidity and Capital Resources -- Derivative Financial Instruments". Earnings from operations and funds from operations attributable to Common Shares for 1997 reflect the one-time, non-cash charge of \$75.4 million associated with the costs incurred in acquiring ProLogis' management companies from Security Capital in September 1997.
- (2) For 1999, net earnings attributable to Common Shares includes a one-time expense of \$1.4 million related to unamortized organization and start-up costs. See "Item 7. Management's Discussion and Analysis of

Financial Condition and Results of Operation -- Other Income and Expense Items -- Cumulative Effect of Accounting Change".

- (3) For 1999, includes \$11.1 million paid to Meridian shareholders. See "Item 5.

Edgar Filing: PROLOGIS TRUST - Form 10-K

Market for the Registrant's Common Equity and Related Stockholder Matters -- Distributions and Dividends".

- (4) Does not include dividends paid to Meridian shareholders. See "Item 5. Market for the Registrant's Common Equity and Related Stockholder Matters -- Distributions and Dividends".
- (5) Amounts presented for the years 1996 through 1999 have been restated from amounts previously presented to reflect a change in the definition of funds from operations effective in 2000. Funds from operations is discussed and defined in "Item 7 -- Management's Discussion and Analysis of Financial Conditions and Results of Operations -- Funds from Operations". Funds from operations does not represent net income or cash from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs, which is presented in the Consolidated Statement of Cash Flows in ProLogis' Consolidated Financial Statements in Item 8. Cash distributions paid to shareholders are presented above in the "Operating Data" section of this table. Funds from operations should not be considered as an alternative to net income as an indicator of ProLogis' operating performance or as an alternative to cash flows from operating, investing or financing activities as a measure of liquidity. Additionally, the funds from operations measure presented by ProLogis will not necessarily be comparable to similarly titled measures of other REITs. ProLogis considers funds from operations to be a useful supplemental measure of comparative period operating performance and as a supplemental measure to provide management, financial analysts, potential investors and shareholders with an indication of ProLogis' ability to fund its capital expenditures and investment activities and to fund other cash needs.
- (6) In calculating the weighted average Common Shares for funds from operations purposes, weighted average Series B convertible preferred shares and weighted average limited partnership units are considered common stock equivalents. The weighted average Series B cumulative convertible redeemable preferred shares included are 8,417,000, 9,221,000 and 10,055,000 for 2000, 1999 and 1998, respectively. The amount of dividends associated with the Series B cumulative convertible redeemable preferred shares are \$11,358,000, \$12,523,000 and \$13,668,000 and for 2000, 1999 and 1998, respectively. The effect of the Series B cumulative convertible preferred shares in 1997 and 1996 was anti-dilutive. The weighted average limited partnership units included are 5,348,000, 5,461,000, 5,070,000, 5,190,000 and 5,194,000 for 2000, 1999, 1998, 1997 and 1996, respectively. The minority interest share of earnings associated with these limited partnership units are \$5,586,000, \$4,979,000, \$4,681,000, \$3,560,000 and \$3,326,000 for 2000, 1999, 1998, 1997 and 1996, respectively.
- (7) As of March 16, 2001, ProLogis had \$208.0 million of borrowings outstanding (including \$125.0 million that was borrowed by ProLogis Logistics and guaranteed by ProLogis) under its U.S. dollar denominated unsecured revolving credit facilities resulting in \$322.0 million of borrowing capacity available. As of March 16, 2001, ProLogis had the currency equivalent of approximately \$226.2 million (based on currency exchange rates quoted by Reuters) outstanding on its multi-currency unsecured revolving credit facility resulting in the currency equivalent of \$66.1 million (based on currency exchange rates quoted by Reuters) of borrowing capacity available.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with ProLogis's Consolidated Financial Statements and the notes thereto included in Item 8 of this report.

Edgar Filing: PROLOGIS TRUST - Form 10-K

The statements contained in this discussion that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are based on current expectations, estimates and projections about the industry and markets in which ProLogis operates, management's beliefs, and assumptions made by management. Words such as "expects", "anticipates", "intends", "plans", "believes", "seeks", "estimates", variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve certain risks,

36

39

uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. Factors which may affect outcomes and results include: (i) changes in general economic conditions in ProLogis' markets that could adversely affect demand for ProLogis' facilities and the creditworthiness of ProLogis' customers, (ii) changes in financial markets, interest rates and foreign currency exchange rates that could adversely affect ProLogis' cost of capital and its ability to meet its financial needs and obligations, (iii) increased or unanticipated competition for distribution facilities in ProLogis' target market cities; and (iv) those factors discussed under "-- Risk Factors".

RESULTS OF OPERATIONS

ProLogis' net earnings attributable to Common Shares were \$157.7 million in 2000, \$124.0 million in 1999 and \$62.2 million in 1998. Basic and diluted per share net earnings attributable to Common Shares were \$0.96 per share in 2000, \$0.81 per share in 1999 and \$0.51 per share in 1998.

In 1998, ProLogis' business activities primarily involved the property operations segment with 93.7% of ProLogis' total income generated by this operating segment. Income from ProLogis' CDFS business generated 5.6% of ProLogis' total income while ProLogis recognized a loss of \$186,000 from its temperature-controlled distribution operations in 1998. Through the first quarter of 1999, the property operations segment continued to grow as the merger with Meridian was completed in March 1999 adding 32.2 million square feet of operating facilities to ProLogis' holdings. See Note 11 to ProLogis' Consolidated Financial Statements in Item 8. After completing this transaction, including a public debt offering of \$500.0 million in April 1999, ProLogis' focus on its CDFS business segment increased as this segment provided ProLogis with a means to increase shareholder value while minimizing the need for additional direct public debt and public equity capital. The CDFS business segment income increased by \$50.0 million in 1999 over 1998 and provided capital for ProLogis to utilize for its investing activities. The CDFS business segment income increase was due to the recognition of income from the Kingspark entities for an entire year (the Kingspark entities were acquired in August 1998) and to an increase in the number of facilities developed and disposed of to third parties and to ProLogis European Properties Fund in 1999. ProLogis' income from its temperature-controlled distribution operations segment increased by \$6.6 million in 1999 over 1998 and ProLogis recognized gains from the disposition of facilities utilized in the property operations segment of \$39.0 million in 1999, primarily on dispositions to ProLogis California, an increase of \$33.4 million over the gains recognized in 1998. Dispositions in the property operations segment also provided capital that was used for ProLogis' investment activities.

The CDFS business segment was at the core of ProLogis' business strategy in 2000 -- providing capital for ProLogis to redeploy into its development

Edgar Filing: PROLOGIS TRUST - Form 10-K

activities as well as generating profits that contribute to ProLogis' total income. ProLogis' income from this segment increased by \$51.4 million in 2000 over 1999, primarily the result of the number of dispositions of facilities developed by ProLogis, ProLogis Development Services and the Kingspark entities to entities in which ProLogis maintains an ownership interest, as well as to third parties. ProLogis North American Properties Fund I, formed in June 2000, acquired \$326.6 million of facilities that were previously owned by ProLogis and ProLogis Development Services. Income from ProLogis' temperature-controlled distribution operations decreased in 2000 from 1999 by \$14.8 million, primarily due to losses incurred in the European operations. Also in 2000, the property operations segment's net income increased by \$41.6 million over 1999. This operating segment's net income includes rental income and net rental expenses from facilities directly owned by ProLogis and also its share of the income of its unconsolidated entities such as ProLogis California, ProLogis European Properties Fund and ProLogis North American Properties Fund I that engage in property operations segment activities. See "-- Property Operations", "-- CDFS Business" and "-- Temperature-Controlled Distribution Operations".

(1) Includes operating facilities owned by ProLogis and its consolidated entities. See "Item 2. Properties -- Facilities" and "Item 2. Properties -- Consolidated Entities". The increase in 1999 over 1998 is primarily attributable to the 247 additional facilities acquired as a part of the merger with Meridian (see Note 11 to ProLogis' Consolidated Financial Statements in Item 8) offset by the operating facilities that were previously directly owned by ProLogis that were acquired by ProLogis California and ProLogis European Properties Fund in 1999. The decrease in 2000 from 1999 represents the growth of ProLogis European Properties Fund in 2000, a significant portion of which is a result of acquiring operating

Edgar Filing: PROLOGIS TRUST - Form 10-K

facilities from ProLogis, and the formation of ProLogis North American Properties Fund I in 2000 whose entire portfolio consists of operating facilities that were previously directly owned by ProLogis and ProLogis Development Services.

- (2) ProLogis has a 50.0% ownership interest in ProLogis California. ProLogis California began operations on August 26, 1999.
- (3) ProLogis had a 20.0% ownership interest as of December 31, 2000 in both entities that were both formed on June 30, 2000. All operating facilities owned by these entities were previously directly owned by ProLogis and ProLogis Development Services. In January 2001, ProLogis contributed three additional operating facilities aggregating 0.9 million square feet to ProLogis North American Properties Fund I for an additional equity interest of \$34.1 million, increasing its ownership interest to 41.3%.
- (4) As of December 31, 2000, includes 44 operating facilities aggregating 7,751,072 square feet owned directly by ProLogis European Properties Fund in which ProLogis had a 34.4% ownership interest and 60 operating facilities aggregating 6,633,751 square feet owned by ProLogis European Properties S.a.r.l, which is owned by ProLogis European Properties Fund (50.1%) and ProLogis (49.9%). ProLogis European Properties Fund began operations on September 23, 1999. The 50.1% interest in the common stock of ProLogis European Properties S.a.r.l. was contributed to ProLogis European Properties Fund by ProLogis on January 7, 2000 for an equity interest. The remaining 49.9% of the common stock of ProLogis European Properties S.a.r.l was contributed to ProLogis European Properties Fund by ProLogis on January 7, 2001 for an additional equity interest, thereby increasing ProLogis' ownership interest in ProLogis European Properties Fund to 45.6%. As of December 31, 1999, all facilities were owned directly by ProLogis European Properties Fund in which ProLogis had a 19.7% ownership interest.
- (5) As of December 31, 1998, ProLogis had an investment in Garonor Holdings S.A. ("Garonor Holdings") which owned Garonor S.A. ("ProLogis Garonor"), a real estate operating company in France. Under the equity method, ProLogis recognized substantially all of the economic benefits of ProLogis Garonor and Garonor Holdings for the period from its acquisition by ProLogis on December 29, 1998 to June 29, 1999. On June 29, 1999, ProLogis Garonor became a wholly owned subsidiary of ProLogis. ProLogis Garonor was directly owned by ProLogis during the period from June 29, 1999 to January 7, 2000 and its results of operations were consolidated in ProLogis' financial statements along with ProLogis' other wholly owned

38

41

subsidiaries and majority owned and controlled partnerships. ProLogis Garonor is part of ProLogis European Properties S.a.r.l. See Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

ProLogis' property operations segment income consists of the: (i) net operating income from the operating facilities that are owned by ProLogis directly or through its consolidated entities, and (ii) the income recognized by ProLogis under the equity method from its investments in unconsolidated entities engaged in property operations. See Note 10 to ProLogis' Consolidated Financial Statements in Item 8. The amounts recognized under the equity method are based on the net earnings of each unconsolidated entity and include: interest income and interest expense, depreciation and amortization expenses, general and administrative expenses, income taxes and foreign currency exchange gains and losses (with respect to ProLogis Garonor, ProLogis European Properties Fund and ProLogis European Properties S.a.r.l.). ProLogis' net operating income from the property operations segment was as follows for 2000, 1999 and 1998 (in

Edgar Filing: PROLOGIS TRUST - Form 10-K

thousands) (see Note 10 to ProLogis' Consolidated Financial Statements in Item 8):

(1) Rental expenses, net of recoveries from tenants, decreased by \$6.3 million in 2000 from 1999 and increased by \$6.4 million in 1999 from 1998. The fluctuations in rental expenses between years is primarily the result of the changes in the composition of the directly owned facilities in each year in addition to increased rental expense recoveries (as a percentage of total rental expenses) in each year. Rental expenses, before recoveries from tenants, has remained constant at 24.8% of rental income for 2000, 24.7% of rental income for 1999 and 24.5% of rental income for 1998. However, total rental expense recoveries were 77.1%, 72.4% and 67.9% of total rental expenses in 2000, 1999 and 1998, respectively. The increase in rental expense recoveries as a percentage of total rental expenses reflects ProLogis' emphasis on on-site property management teams and the effectiveness of the ProLogis Operating System(TM).

(2) ProLogis' share of the income of ProLogis European Properties Fund and ProLogis European Properties S.a.r.l. includes net foreign currency gains of \$2.3 million and \$2.4 million, respectively, in 2000. ProLogis' share of ProLogis Garonor's loss in 1999 includes the recognition of a net foreign currency exchange loss of \$13.0 million.

The facilities that ProLogis develops are not always pre-leased at the start of construction. In addition, ProLogis may acquire facilities that are underleased at the time of acquisition. While these situations will reduce ProLogis' overall occupancy rate below its stabilized level in the short-term, they do provide opportunities to increase revenues. The term "stabilized" means that capital improvements, repositioning, new management and new marketing programs (or development and marketing, in the case of newly developed facilities) have been in effect for a sufficient period of time (generally 12 months) to achieve stabilized occupancy (typically 93%, but ranging from 90% to 95%, depending on the submarket and product type). ProLogis has been successful in increasing occupancies on acquired and developed facilities during their initial months of operation, resulting in an occupancy rate of 95.4% and a

Edgar Filing: PROLOGIS TRUST - Form 10-K

leased rate of 96.2% for stabilized facilities owned by ProLogis and its consolidated and unconsolidated entities as of December 31, 2000. The average increase in rental rates for both new and renewed leases on previously leased space (36.3 million square feet) for all facilities including those owned by ProLogis' consolidated and unconsolidated entities during 2000 was 15.5%. During 2000, the net

39

42

operating income (rental income less net rental expenses) generated by ProLogis' "same store" portfolio of operating facilities (facilities owned by ProLogis and its consolidated and unconsolidated entities that were in operation throughout both 2000 and 1999) increased by 5.94% over 1999. The net operating income (rental income less net rental expenses) generated by ProLogis' "same store" portfolio of operating facilities in 1999 (facilities owned by ProLogis and its consolidated and unconsolidated entities that were in operation throughout both 1999 and 1998) increased by 4.00% over 1998.

There has been minimal impact of the California energy situation and the attendant increase in utility costs on ProLogis' income from the property operations segment. ProLogis' customers are responsible for their direct utility bills and ProLogis' facilities have minimal common utility charges, which are generally included in amounts recovered from customers under the terms of the lease agreements. Given the typical use of ProLogis' distribution facilities (bulk distribution and light manufacturing and assembly uses), ProLogis believes that its customers' total utility expenses are a small portion of the total expenses related to the operations within ProLogis' facilities. See "Item 2. Properties -- Industrial Distribution Facilities".

CDFS Business

Income from ProLogis' CDFS business segment consists primarily of: (i) the profits from the disposition of land parcels and facilities that were developed by ProLogis or ProLogis Development Services and disposed of to customers or to entities in which ProLogis has an ownership interest; (ii) development fees earned by ProLogis Development Services; and (iii) income recognized under the equity method from ProLogis' investment in the Kingspark entities. The Kingspark entities engage in CDFS business activities in the United Kingdom similar to those activities performed directly by ProLogis and ProLogis Development Services. ProLogis recognizes 95% of the net earnings of the Kingspark entities that includes: interest income and interest expense (net of capitalized amounts), general and administrative expense (net of capitalized amounts), income taxes and foreign currency exchange gains and losses. See Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

The CDFS business segment operations have increased in volume in each year; consequently, ProLogis' income from this segment has increased in each year. The CDFS business segment income is comprised of the following (in thousands):

	YEAR ENDED DECEMBER 31,

 - 1998: 67 acres; 2.0 million square feet; \$82.6 million of proceeds.
- (2) The Kingspark entities were acquired on August 14, 1998. The Kingspark entities' income includes:
- Gains from the disposition of land parcels and facilities developed as follows:
 - 2000: 11 acres; 1.2 million square feet; \$180.5 million of proceeds; net gains of \$30.5 million;
 - 1999: 97 acres; 1.1 million square feet; \$155.4 million of proceeds; net gains of \$23.4 million; and
 - 1998: 15 acres; \$13.8 million of proceeds; net gains of \$2.0 million;
 - Development fees and other miscellaneous income of \$11.9 million in 2000, \$10.1 million in 1999 and \$5.3 million for the period from August 14, 1998 to December 31, 1998;

- Deferred and current income tax expense of \$2.6 million in 2000, \$7.7 million in 1999 and \$0.2 million for the period from August 14, 1998 to December 31, 1998; and
- Foreign currency exchange gains of \$0.3 million in 2000 and foreign currency exchange losses of \$1.5 million in 1999 and \$0.9 million for the period from August 14, 1998 to December 31, 1998.

The enactment of the REIT Modernization Act ("RMA") on January 1, 2001 eliminates the restrictions on the amount of common stock ownership a REIT can have in certain taxable subsidiaries. This restriction applied to the Kingspark entities. On January 2, 2001, ProLogis acquired an ownership interest in the common stock of Kingspark S.A. This transaction resulted in ProLogis having control of Kingspark S.A. Accordingly, ProLogis will consolidate the Kingspark entities in its financial statements beginning in 2001. See "-- New Tax Legislation" and Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

Temperature-Controlled Distribution Operations

ProLogis recognizes income from the temperature-controlled distribution operations segment of its business under the equity method. ProLogis' share of the net income or loss of ProLogis Logistics and Frigoscandia S.A. was as follows (in thousands) (see Notes 4 and 10 to ProLogis' Consolidated Financial

Edgar Filing: PROLOGIS TRUST - Form 10-K

Statements in Item 8):

	YEAR ENDED DECEMBER 31,		
	2000	1999	1998
Income from ProLogis Logistics.....	\$ 11,950	\$10,791	\$ 7,349
Loss from Frigoscandia S.A.	(20,298)	(4,364)	(7,535)
Total temperature-controlled distribution operations segment.....			
	\$ (8,348)	\$ 6,427	\$ (186)

The net income or loss of ProLogis Logistics and Frigoscandia S.A. includes interest income and interest expense, depreciation and amortization expense, general and administrative expense, income taxes and foreign currency exchange gains and losses (with respect to Frigoscandia). ProLogis recognizes 95% of the net earnings of each entity.

ProLogis Logistics acquired CSI on April 24, 1997 and owned between 60.0% and 77.1% until June 12, 1998, at which time ProLogis Logistics became CSI's sole owner. The increase in ProLogis' share of ProLogis Logistics' net earnings from 1999 to 2000 and from 1998 to 1999 of \$1.2 million and \$3.4 million, respectively is primarily attributable to the increase in cubic feet capacity in operation. See "Item 1. Business -- Business Strategy and Operating Segments -- Temperature-Controlled Distribution Operations -- Operations".

ProLogis invested in Frigoscandia S.A. on January 16, 1998. Frigoscandia's operating capacity was virtually constant in 1998, 1999 and 2000. ProLogis' share of Frigoscandia S.A.'s net losses includes net foreign currency exchange losses of \$0.8 million, \$1.3 million and \$11.4 million in 2000, 1999 and 1998, respectively. Excluding these foreign currency exchange losses, ProLogis recognized \$16.4 million less income under the equity method in 2000 than it recognized in 1999 from its investment in Frigoscandia S.A. The increase in Frigoscandia S.A.'s net loss in 2000 from the loss recognized in 1999 is primarily due to: (i) lower occupancy levels, principally the result of the reduction in inventories of beef and pork products by the German and French governments; (ii) a weak European vegetable harvest due to high rainfall levels during the summer months resulting in reduced inventories of frozen vegetables; and (iii) increases in fuel prices and expenses incurred related to trucker strikes in August and September. In 1999, Frigoscandia S.A.'s net loss was primarily the result of lower occupancy levels as compared to 1998. In 1998, Frigoscandia S.A. recognized a net foreign currency exchange loss of \$11.4 million. Excluding the effect of this foreign currency exchange loss, ProLogis would have recognized income of \$3.9 million from its investment in Frigoscandia S.A. in 1998.

ProLogis believes that the factors that contributed to the decline in operating performance of Frigoscandia are temporary and can be partially mitigated in the short-term by reductions in general and administrative costs and other operating costs. However, there is no assurance that these factors are temporary or that some or all of these factors will not continue past 2001. ProLogis and Frigoscandia are currently monitoring the recent outbreak of foot and mouth disease in Europe. At this time, the effect (positive or negative), if any, on the demand for

Edgar Filing: PROLOGIS TRUST - Form 10-K

temperature-controlled distribution services and the related transportation services offered by Frigoscandia cannot be determined.

Other Income and Expense Items

Interest Income

Interest income was \$7.3 million in 2000, an increase of \$0.9 million over the interest income recognized in 1999. Interest income increased by \$3.6 million in 1999 over 1998. The increases in interest income are primarily the result of higher average cash balances.

General and Administrative Expense

General and administrative expense was \$45.0 million in 2000, \$38.3 million in 1999 and \$22.9 million in 1998. The increase in general and administrative expense in 2000 over 1999 is attributable to new business initiatives in both North America and Europe. The increase in general and administrative expense in 1999 over 1998 is primarily related to ProLogis' expanded operational infrastructure in Europe and also because ProLogis began expensing costs related to start-up activities and organization costs under a new accounting pronouncement in 1999 (see "-- Cumulative Effect of Accounting Change").

Depreciation and Amortization

Depreciation and amortization expense was \$151.5 million in 2000, \$152.4 million in 1999 and \$100.6 million in 1998. The fluctuations in this expense between years is primarily attributable to the number of operating facilities directly owned by ProLogis and its consolidated entities in each year. See "-- Property Operations".

Interest Expense

Interest expense was \$172.2 million in 2000, \$170.7 million in 1999 and \$77.7 million in 1998. The increases in each year are primarily the result of the increased use of debt to finance investment activities in each year, particularly in 1999 when ProLogis increased its secured debt balances to \$695.6 million as of December 31, 1999 (of which \$90.1 million was assumed in the merger with Meridian; see "-- Merger with Meridian") from \$227.8 million as of December 31, 1998. In addition, ProLogis issued senior unsecured notes in the amounts of \$500.0 million in April 1999, \$125.0 million in October 1998 and \$250.0 million in July 1998. In conjunction with the merger with Meridian, ProLogis also assumed \$160.0 million of senior unsecured notes.

Interest expense recognized on borrowings is offset by interest capitalized with respect to ProLogis' development activities. Capitalized interest increased by \$2.5 million to \$18.5 million in 2000 from \$16.0 million in 1999 and decreased by \$3.2 million to \$16.0 million in 1999 from \$19.2 million in 1998. Capitalized interest levels are reflective of ProLogis' cost of funds and the level of development activity in each year.

Interest Rate Hedge Expense

See "-- Liquidity and Capital Resources -- Derivative Financial Instruments" for a discussion of this expense.

Other Expenses

Other expenses were \$5.9 million in 2000, \$4.9 million in 1999 and \$6.2 million in 1998. Included as "Other Expenses" are land holding costs, the write-off of previously capitalized pursuit costs and costs associated with the

Edgar Filing: PROLOGIS TRUST - Form 10-K

name change to ProLogis in 1998.

Land holding costs were \$2.1 million in 2000, \$2.0 million in 1999 and \$2.2 million in 1998. Pursuit cost write-offs were \$3.8 million in 2000, \$2.9 million in 1999 and \$2.3 million in 1998. Non-recurring costs associated with the name change were \$1.7 million in 1998.

42

45

Gain on Disposition of Real Estate

Gain on disposition of real estate represents the net gains from the disposition of operating facilities that were acquired or developed within the property operations segment. Generally, ProLogis disposes of facilities in the property operations segment because such facilities are considered to be non-strategic facilities or to complement the portfolio of developed facilities that are acquired by entities in which ProLogis maintains an ownership interest. Non-strategic facilities are assets located in markets or submarkets that are no longer considered target markets as well as assets that were acquired as part of previous portfolio acquisitions that are not consistent with ProLogis' core portfolio based on the asset's size or configuration.

Property operations segment dispositions were as follows:

- 2000: 3.5 million square feet; \$133.7 million of proceeds; net gains of \$1.3 million;
- 1999 (excluding ProLogis California): 2.6 million square feet; \$99.5 million of proceeds; net gains of \$13.4 million; and
- 1998: 1.1 million square feet; \$26.7 million of proceeds; net gains of \$5.6 million.

In August 1999, in connection with the formation of ProLogis California, ProLogis disposed of 78 operating facilities and two facilities under development to ProLogis California. The net sales proceeds from this disposition were \$538.3 million and ProLogis recognized a gain of \$25.6 million on the transaction, which is net of \$25.6 million that was deferred because it did not qualify for income recognition due to ProLogis' continuing ownership in ProLogis California. ProLogis received an equity interest in ProLogis California of \$148.2 million and ProLogis California assumed \$199.3 million of ProLogis' debt. The remaining proceeds were received in cash.

Foreign Currency Hedge Income

Foreign currency hedge income of \$2.0 million recognized in 1998 resulted from the final settlement of two foreign currency hedge contracts related to the acquisition of Frigoscandia in January 1998. The settlement of these contracts, which did not qualify for hedge accounting treatment, resulted in a total loss of \$4.0 million, including a mark to market loss of \$6.0 million recognized by ProLogis in 1997.

Foreign Currency Exchange Gains (Losses)

ProLogis recognized net foreign currency exchange losses of \$17.9 million and \$16.8 million for 2000 and 1999, respectively. A net foreign currency exchange gain of \$2.9 million was recognized in 1998. Foreign currency exchange gains and losses are primarily the result of the remeasurement and settlement of intercompany debt and the remeasurement of third party debt of ProLogis' foreign subsidiaries. Fluctuations in the foreign currency exchange gains and losses recognized in each period are a product of movements in certain foreign currency

Edgar Filing: PROLOGIS TRUST - Form 10-K

exchange rates, primarily the euro and the pound sterling and the level of intercompany and third party debt outstanding that is denominated in currencies other than the U.S. dollar. During 2000 and 1999, the euro and pound sterling depreciated against the U.S. dollar which is the primary cause of the remeasurement losses recognized in these years. During 1998, the currencies of ProLogis' foreign subsidiaries, primarily the French franc and Dutch guilder, strengthened against the U. S. dollar resulting in the net remeasurement gain that year. ProLogis began utilizing foreign currency put options to hedge its foreign currency exchange risk in September 1999. See "-- Liquidity and Capital Resources -- Derivative Financial Instruments".

Income Taxes

ProLogis is taxed as a REIT for federal income tax purposes and is not required to pay federal income taxes if minimum distribution and income, asset and shareholder tests are met. ProLogis Development Services is not a qualified REIT subsidiary for tax purposes. Also, the foreign countries in which ProLogis operates do not recognize REITs under their respective tax laws. Accordingly, ProLogis recognizes income taxes as appropriate and in accordance with GAAP with respect to the taxable earnings of ProLogis Development Services and its foreign subsidiaries.

43

46

Total income tax expense recognized in 2000, 1999 and 1998 was \$5.1 million, \$1.5 million and \$2.2 million, respectively, of which the deferred component was \$4.2 million, zero and \$1.8 million in 2000, 1999, and 1998, respectively. ProLogis' deferred tax component of total income taxes is a function of each year's temporary differences (items that are treated differently for tax purposes than for book purposes) as well as the need for a deferred tax valuation allowance to adjust certain deferred tax assets (primarily deferred tax assets created by tax net operating losses) to their estimated realizable value. In 1999, the effect of the current year's temporary differences were entirely offset by adjustments to the valuation allowance resulting in no net deferred tax expense being recognized.

Cumulative Effect of Accounting Change

Through 1998, ProLogis capitalized costs associated with start-up activities and organization costs and amortized such costs over an appropriate period, generally five years. Statement of Position 98-5 "Reporting on the Costs of Start-Up Activities", which requires that costs associated with organizational, pre-opening, and start-up activities be expensed as incurred, was adopted by ProLogis on January 1, 1999. Accordingly, ProLogis expensed \$1.4 million of unamortized organization and start-up costs as a cumulative effect of accounting change in the first quarter of 1999. All such costs incurred since 1999 have been expensed (see "-- General and Administrative").

Merger with Meridian

On March 30, 1999, Meridian, a publicly traded REIT that owned industrial distribution facilities in the United States, was merged with and into ProLogis. In accordance with the terms of the Agreement and Plan of Merger dated as of November 16, 1998, as amended, the approximately 33.8 million outstanding shares of Meridian common stock were exchanged (on a 1.1 for one basis) into approximately 37.2 million ProLogis Common Shares. In addition, the holders of Meridian common stock received \$2.00 in cash per outstanding share, approximately \$67.6 million in total. The holders of Meridian's Series D cumulative redeemable preferred stock received a new series of ProLogis cumulative redeemable preferred shares, Series E preferred shares, on a one for one basis. The Series E preferred shares have an 8.75% annual dividend rate

Edgar Filing: PROLOGIS TRUST - Form 10-K

(\$2.1875 per share) and an aggregate liquidation value of \$50.0 million. The total purchase price of Meridian was approximately \$1.54 billion, which included the assumption of the outstanding debt and liabilities of Meridian as of March 30, 1999 and the issuance of approximately 1.1 million stock options, each to acquire 1.1 ProLogis Common Shares, plus \$2.00 in cash. The total assets acquired from Meridian aggregated approximately \$1.54 billion, including \$1.42 billion of real estate assets and an interest in a temperature-controlled distribution business of \$28.7 million. The transaction was structured as a tax-free merger and was accounted for under the purchase method. See Note 11 to ProLogis' Consolidated Financial Statements in Item 8.

ENVIRONMENTAL MATTERS

ProLogis has not experienced any environmental condition on its facilities, which materially adversely affected its results of operations or financial position nor is ProLogis aware of any environmental liability that ProLogis believes would have a material adverse effect on its business, financial condition or results of operations. See "-- Risk Factors -- Potential Environmental Liability".

LIQUIDITY AND CAPITAL RESOURCES

Overview

ProLogis considers its liquidity and ability to generate cash from operations as well as its financing capabilities (including proceeds from the disposition of facilities) to be adequate and expects it to continue to be adequate to meet its anticipated development, acquisition, operating and debt service needs as well as its shareholder distribution requirements.

ProLogis' future investing activities are expected to consist of: (i) acquisitions of existing facilities in key distribution markets in the property operations segment; (ii) the acquisition of land for future development and the development of distribution facilities in the CDFS business segment for future disposition to entities in which

44

47

ProLogis maintains an ownership interest or to third parties; and (iii) certain temperature-controlled distribution facility expansions and, to a limited extent, investments in additional temperature-controlled distribution facilities. Temperature-controlled investments will be made as deemed necessary to achieve strategic objectives with respect to targeted markets in the United States or to address specific customer needs in the United States and Europe. ProLogis' future investing activities are expected to be primarily funded with:

- cash generated by operations;
- the proceeds from the disposition of facilities developed to third parties;
- the proceeds from the disposition of facilities to entities in which ProLogis maintains an ownership interest, such as ProLogis European Properties Fund or other entities that may be formed in the future; and
- utilization of ProLogis' revolving credit facilities.

In the short-term, borrowings on and subsequent repayments of ProLogis' unsecured revolving credit facilities will provide ProLogis with adequate liquidity and financial flexibility to efficiently respond to market opportunities. As of March 16, 2001, on a combined basis, ProLogis had

Edgar Filing: PROLOGIS TRUST - Form 10-K

approximately \$388.1 million of short-term borrowing capacity available under its U.S. dollar denominated and multi-currency unsecured revolving credit facilities (see "-- Credit Facilities"). ProLogis' U.S. dollar denominated unsecured line of credit agreement allows ProLogis to increase the available commitment by \$25.0 million to a total of \$500.0 million. ProLogis has \$608.0 million of shelf-registered securities which can be issued in the form of debt securities, preferred shares, Common Shares, rights to purchase Common Shares and preferred share purchase rights on an as-needed basis, subject to ProLogis' ability to effect an offering on satisfactory terms. ProLogis will continue to evaluate the public debt markets with the objective of reducing its short-term borrowings and extending debt maturities on favorable terms.

Within ProLogis European Properties Fund, ProLogis has access to 734.7 million euros (the currency equivalent of approximately \$683.4 million as of December 31, 2000 based on currency exchange rates quoted by Reuters) of third party equity capital in Europe that has been committed primarily by institutional investors through 2002 to fund acquisitions of ProLogis' completed stabilized European developments and acquisitions of other facilities from third parties. ProLogis European Properties Fund has a multi-currency secured, revolving credit facility in the currency equivalent of 500.0 million euros that is utilized in conjunction with the committed equity to provide additional capital for its acquisitions. As of December 31, 2000, 118.2 million euros and 62.6 million pound sterling (the currency equivalent of approximately \$205.5 million based on currency exchange rates quoted by Reuters) was outstanding on the 500.0 million euro credit facility. ProLogis European Properties Fund expects to obtain secured, term financing to refinance borrowings outstanding on the 500.0 million euro credit facility.

Cash Operating Activities

Net cash provided by operating activities was \$336.8 million in 2000, \$271.4 million in 1999 and \$238.3 million in 1998. These increases are primarily the result of the increased number of operating facilities in each year. See "-- Results of Operations -- Property Operations". Cash provided by operating activities exceeded the cash distributions paid on Common Shares in 2000, 1999 and 1998.

Cash Investing and Cash Financing Activities

For 2000, 1999 and 1998, ProLogis used net cash of \$393.2 million, \$34.4 million, and \$1.26 billion, respectively in its investing activities. Such activities consisted primarily of investments in real estate (including recurring capital expenditures and tenant improvements and lease commissions on previously leased space) of \$683.2 million in 2000, \$512.3 million in 1999 and \$716.6 million in 1998. In addition, investments in unconsolidated entities were \$188.8 million in 2000, \$141.0 million in 1999 and \$657.5 million in 1998. Net cash generated from the dispositions of facilities and land parcels was \$496.7 million, \$570.0 million and \$109.3 million in 2000, 1999 and 1998, respectively.

ProLogis' financing activities in 2000 consisted primarily of \$341.1 million of short-term borrowings and \$30.7 million of proceeds from Common Share transactions. In 1999, ProLogis' primary financing activities involved the completion of secured and unsecured long-term debt transactions generating net cash of \$966.1 million. Proceeds from these debt transactions were the primary source of the funds for the net repayment of short-term borrowings of \$724.0 million in 1999 (including \$328.4 million repayment of short-term borrowings assumed in the merger with Meridian). See "-- Results of Operations -- Merger with Meridian and Note 11 to ProLogis' Consolidated Financial Statements in Item 8. ProLogis' financing activities in 1998 included net short-term borrowings of

Edgar Filing: PROLOGIS TRUST - Form 10-K

\$494.3 million, proceeds from Common Share and preferred share transactions of \$371.9 million and secured and unsecured long-term debt transactions generating net cash of \$440.5 million.

Common Share cash distributions were \$219.3 million, \$209.0 million (including \$11.1 million paid to Meridian shareholders) and \$151.1 million in 2000, 1999 and 1998, respectively. Dividends paid on preferred shares were \$56.8 million in 2000, \$56.8 million in 1999 (including \$0.7 million paid to Meridian shareholders in 1999) and \$49.1 million in 1998. See "-- Distribution and Dividend Requirements".

Credit Facilities

ProLogis has an unsecured credit agreement with Bank of America, N.A. ("Bank of America"), Commerzbank AG and Chase Bank of Texas, National Association, as agents for a bank group that provides for a \$475.0 million unsecured revolving line of credit. The credit agreement allows ProLogis to increase the available commitment by \$25.0 million to a total of \$500.0 million. ProLogis Logistics and ProLogis Development Services may also borrow under the credit agreement, with such borrowings guaranteed by ProLogis. ProLogis' borrowings under the agreement generally bear interest at LIBOR plus an applicable margin (based upon ProLogis' current senior unsecured debt ratings). ProLogis' borrowings in 2000 were primarily at the 30-day LIBOR rate plus 0.75% (7.31% as of December 31, 2000). Additionally, the credit agreement provides for a facility fee of 0.15% per annum. The credit agreement matures on June 6, 2003 and may be extended for an additional year at ProLogis' option. As of December 31, 2000, ProLogis had \$184.7 million of borrowings outstanding on the unsecured line of credit and ProLogis was in compliance with all covenants contained in the credit agreement. As of December 31, 2000, ProLogis Logistics and ProLogis Development Services had not borrowed under the credit agreement.

In addition, ProLogis has a \$55.0 million unsecured discretionary line of credit with Bank of America that matures on June 6, 2001. Of the total, ProLogis can borrow the currency equivalent of \$30.0 million in certain foreign currencies with U.S. dollar borrowings limited to \$25.0 million. By agreement between ProLogis and Bank of America, the rate of interest on and the maturity date of each advance are determined at the time of each advance. There were \$25.0 million of borrowings outstanding on the discretionary line of credit as of December 31, 2000.

ProLogis has a credit agreement that provides for a 325.0 million euro multi-currency, unsecured revolving line of credit (the currency equivalent of approximately \$302.3 million as of December 31, 2000 based on currency exchange rates quoted by Reuters) through a group of 17 banks, on whose behalf ABN AMRO Bank, N.V. acts as agent. Borrowings under the line of credit bear interest at Euribor plus 0.75% or Sterling LIBOR plus 0.75% (borrowings outstanding as of December 31, 2000 were at a weighted average interest rate of 6.23%). The credit agreement provides for an unused commitment fee of 0.375% per annum. As of December 31, 2000, there were 247.4 million euros (the currency equivalent of approximately \$230.1 million based on currency exchange rates quoted by Reuters) of borrowings outstanding on the line of credit and ProLogis was in compliance with all covenants contained in the credit agreement.

Derivative Financial Instruments

ProLogis uses derivative financial instruments as hedges to manage well-defined risk associated with interest and foreign currency rate fluctuations on existing or anticipated obligations and transactions. ProLogis does not use derivative financial instruments for trading purposes.

The primary risks associated with derivative instruments are market risk and credit risk. Market risk is defined as the potential for loss in the value

Edgar Filing: PROLOGIS TRUST - Form 10-K

of the derivative due to adverse changes in market prices (interest

46

49

rates or foreign currency rates). The use of derivative financial instruments allows ProLogis to manage the risks of increases in interest rates and fluctuations in foreign currency exchange rates with respect to the effects these fluctuations would have on ProLogis' income and cash flows.

Credit risk is the risk that one of the parties to a derivative contract fails to perform or meet their financial obligation under the contract. ProLogis does not obtain collateral to support financial instruments subject to credit risk but monitors the credit standing of counterparties. ProLogis does not anticipate non-performance by any of the counterparties to its derivative contracts. Should a counterparty fail to perform, however, ProLogis would incur a financial loss to the extent of the positive fair market value of the derivative instruments, if any.

As of December 31, 2000, ProLogis had foreign currency put option contracts outstanding in the notional amount of 47.1 million euros (the currency equivalent of approximately \$43.8 million based on currency exchange rates quoted by Reuters) related to its operations in Europe. The put option contracts provide ProLogis with the option to exchange euros for U.S. dollars at a fixed exchange rate such that if the euro were to depreciate against the U.S. dollar to predetermined levels (as set by the contract), ProLogis could exercise its options and mitigate its foreign currency exchange losses. The outstanding contracts do not qualify for hedge accounting treatment and were marked to market through income as of December 31, 2000. ProLogis recognized aggregate income of \$627,000 on various put option contracts, including realized income of \$1,481,000 and a mark to market expense of \$854,000, in 2000.

ProLogis entered into two interest rate protection agreements with a combined notional amount of \$150.0 million in October 1997 in anticipation of public debt offerings to be completed in 1998. During 1998, the interest rate protection agreements no longer qualified for hedge accounting treatment under GAAP. Accordingly, ProLogis began marking these agreements to market through income and, for the year ended December 31, 1998, ProLogis recognized a non-cash expense of \$26.1 million related to these agreements. These agreements were terminated in February 1999 at a total cost of \$27.0 million (an additional \$0.9 million expense was recognized in 1999). ProLogis used these agreements to set the interest rate on \$200.0 million of privately placed secured debt that was obtained in 1999.

See "-- Results of Operations -- Other Income and Expense Items -- Foreign Currency Hedge Income (Expense)" for a discussion of foreign currency hedge contracts entered into in 1997 and terminated in 1998 related to the acquisition of Frigoscandia.

Commitments

As of December 31, 2000, ProLogis had letters of intent or contingent contracts, subject to ProLogis' final due diligence, for the acquisition of 1.7 million square feet of operating facilities at an estimated acquisition cost of \$41.4 million. The foregoing transactions are subject to a number of conditions, and ProLogis cannot predict with certainty that they will be consummated. In January 2001, ProLogis acquired three of these operating facilities aggregating 0.7 million square feet at a total acquisition costs of \$16.6 million. In addition, as of December 31, 2000, ProLogis had \$355.2 million of budgeted development costs for developments in process, of which \$169.2 million was unfunded.

On January 11, 2001, ProLogis announced a Common Share repurchase program

Edgar Filing: PROLOGIS TRUST - Form 10-K

under which it may repurchase up to \$100.0 million of its Common Shares. The Common Shares will be repurchased from time to time in the open market and in privately negotiated transactions, depending on market prices and other conditions. On February 12, 2001, ProLogis announced its call for redemption of all outstanding Series B cumulative redeemable convertible preferred shares at a price of \$25.00 per share, plus \$0.442 in accrued and unpaid dividends, for an aggregate redemption price of \$25.442 per preferred share. The redemption date is March 20, 2001. On or prior to March 13, 2001, the Series B preferred shares can be converted into Common Shares at a conversion rate of 1.282 Common Share for each Series B preferred share. ProLogis intends to fund the Common Share repurchase program and the redemption of the Series B cumulative redeemable convertible preferred shares through borrowings on its unsecured revolving credit facilities.

ProLogis has entered into a subscription agreement to make additional capital contributions to ProLogis European Properties Fund (excluding the remaining 49.9% of the common stock of ProLogis European

47

50

Properties S.a.r.l.) of 93.2 million euros (the currency equivalent of approximately \$86.7 million as of December 31, 2000 based on currency exchange rates quoted by Reuters) through 2002. Also, ProLogis is committed to invest \$8.0 million in the non-cumulative preferred stock of PhatPipe Inc. by March 31, 2001 (\$2.5 million of which was funded on January 4, 2001). See Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

As of March 1, 2001, ProLogis has guaranteed 100% of the outstanding borrowings under Frigoscandia's multi-currency revolving credit agreement (increased from 25% as of December 31, 2000). The agreement allows for the currency equivalent of 360.0 million Deutsche marks of borrowings and the currency equivalent of approximately \$168.1 million was outstanding as of December 31, 2000 (based on currency exchange rates quoted by Svenska Handelsbanken). The loan will be due on March 31, 2001 and bears interest at the relevant index (LIBOR or Euribor based on the currency borrowed) plus 1.15%. Frigoscandia is negotiating a new credit agreement that will provide for the currency equivalent of 185.0 million euros of borrowing capacity with interest charged at the relevant index plus 0.90%, to mature on December 31, 2001. ProLogis will guarantee 100% of the borrowings under the new agreement.

The Kingspark entities have a line of credit agreement with a bank in the United Kingdom that has been guaranteed by ProLogis and provides for borrowings of up to 15.0 million pounds sterling (the currency equivalent of approximately \$22.4 million as of December 31, 2000 based on currency exchange rates quoted by Reuters). As of December 31, 2000 no borrowings were outstanding on the line of credit. However, as of December 31, 2000, the Kingspark entities had the currency equivalent of approximately \$13.8 million of letters of credit outstanding (based on currency exchange rates quoted by Reuters) that reduce the amount of available borrowings on the line of credit.

ProLogis European Properties Fund has an agreement with two international banks for a multi-currency, secured revolving credit facility in the currency equivalent of 500.0 million euros that matures in October 2002. The facility is secured by certain assets of ProLogis European Properties Fund. Borrowings can be denominated in sterling currencies or the euro, and will bear interest at rates above the relevant index (LIBOR or Euribor). As of December 31, 2000, 118.2 million euros and 62.6 million pound sterling were outstanding on the line (the currency equivalent of approximately \$205.5 million based on currency exchange rates quoted by Reuters). Of the total borrowings outstanding as of December 31, 2000, ProLogis has guaranteed the currency equivalent of approximately \$93.0 million (based on currency exchange rates quoted by

Edgar Filing: PROLOGIS TRUST - Form 10-K

Reuters).

ProLogis has guaranteed a 140.0 million French franc (the currency equivalent of approximately \$19.9 million as of December 31, 2000 based on currency exchange rates quoted by Reuters) unsecured loan outstanding of ProLogis European Properties S.a.r.l.

Distribution and Dividend Requirements

ProLogis' current distribution policy is to pay quarterly distributions to shareholders based upon what it considers to be a reasonable percentage of cash flow and at the level that will allow ProLogis to continue to qualify as a REIT for tax purposes. Because depreciation is a non-cash expense, cash flow typically will be greater than earnings from operations and net earnings. Therefore, annual distributions are expected to be consistently higher than annual earnings.

Cash distributions paid in 2000, 1999 and 1998 were \$1.34 per Common Share, \$1.30 per Common Share and \$1.24 per Common Share, respectively. The Board set a projected annual distribution rate for 2001 of \$1.38 per Common Share. ProLogis paid a distribution for the first quarter of 2001 of \$0.345 per Common Share on February 23, 2001 to holders of Common Shares as of February 9, 2001. The payment of distributions is subject to the discretion of the Board and is dependent upon the financial condition and operating results of ProLogis and may be adjusted at the discretion of the Board during the year.

The annual dividend rates on ProLogis' preferred shares (excluding the Series B cumulative convertible redeemable preferred shares) are \$2.35 per Series A cumulative redeemable preferred share, \$4.27 per Series C cumulative redeemable preferred share, \$1.98 per Series D cumulative redeemable preferred share and \$2.19 per Series E cumulative redeemable preferred share. ProLogis will pay an accrued dividend of \$0.442 per Series B

48

51

cumulative convertible redeemable preferred share when these shares are redeemed on March 20, 2001. See "-- Commitments".

Pursuant to the terms of its preferred shares, ProLogis is restricted from declaring or paying any distribution with respect to the Common Shares unless and until all cumulative dividends with respect to the Preferred Shares have been paid and sufficient funds have been set aside for dividends for the then current dividend period with respect to the preferred shares.

Conversion to the Euro

Effective January 1, 1999, eleven of the fifteen member countries of the European Monetary Union launched the new monetary unit, the euro, as the single currency for the member countries of the European Monetary Union. During the period from January 1, 1999 to January 1, 2002, a transition period will be in effect during which time the euro will be available for non-cash transactions. However, transactions can continue to be denominated in the old national currencies. After January 1, 2002, all transactions must be denominated in the euro. The targeted exchange rates of the old national currencies to the euro were determined in May 1998. Conversion to the euro has not had, nor is management aware of any future effects of the conversion to the euro that will have, a material impact on its business operations or results of operations.

NEW TAX LEGISLATION

Due to the previous limitations in the Code, certain of ProLogis' taxable

Edgar Filing: PROLOGIS TRUST - Form 10-K

subsidiaries (those entities whose operations generated income that was restricted under the REIT rules) were formed as entities in which ProLogis owned 100% of the preferred stock and a third party owned 100% of the voting common stock. Accordingly, ProLogis accounted for these types of investments (ProLogis Logistics, Frigoscandia S.A. and Kingspark S.A.) under the equity method rather than consolidating the investments in its balance sheet and results of operations (ProLogis Development Services is consolidated with ProLogis because ProLogis makes mortgage loans to ProLogis Development Services to fund its investment activities). The RMA, which was effective on January 1, 2001, modifies certain provisions of the Code with respect to the taxation of REITs. Primarily, the RMA allows for the creation of Taxable REIT Subsidiaries ("TRS") which will allow ProLogis and other REITs to own up to 100% of a TRS (previously limited to 10% of the voting stock). However, certain state law restrictions have prevented ProLogis from changing the ownership structures such that ProLogis owns 100% of these entities. See Note 4 to ProLogis' Consolidated Financial Statements in Item 8.

FUNDS FROM OPERATIONS

Funds from operations attributable to Common Shares increased \$56.5 million to \$376.7 million for 2000 from \$320.2 million for 1999. Funds from operation attributable to Common Shares increased \$117.5 million from 1998 to 1999.

Funds from operations does not represent net income or cash from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs, which is presented in the Consolidated Statement of Cash Flows in ProLogis' Consolidated Financial Statements in Item 8. Funds from operations should not be considered as an alternative to net income as an indicator of ProLogis' operating performance or as an alternative to cash flows from operating, investing or financing activities as a measure of liquidity. Additionally, the funds from operations measure presented by ProLogis will not necessarily be comparable to similarly titled measures of other REITs. ProLogis considers funds from operations to be a useful supplemental measure of comparative period operating performance and as a supplemental measure to provide management, financial analysts, potential investors and shareholders with an indication of ProLogis' ability to fund its capital expenditures and investment activities and to fund other cash needs.

Funds from operations is defined by the National Association of Real Estate Investment Trusts ("NAREIT") generally as net income (computed in accordance with GAAP), excluding real estate related depreciation and amortization, gains and losses from sales of properties, except those gains and losses from sales of properties upon completion or stabilization under pre-sale agreements and after adjustments for unconsolidated entities to

49

52

reflect their funds from operations on the same basis. ProLogis includes gains and losses from the disposition of its CDFS business segment assets in funds from operations.

Funds from operations, as used by ProLogis, is modified from the NAREIT definition. ProLogis' funds from operations measure does not include: (i) deferred income tax benefits and deferred income tax expenses of ProLogis' taxable subsidiaries; (ii) foreign currency exchange gains and losses resulting from debt transactions between ProLogis and its consolidated and unconsolidated entities; (iii) foreign currency exchange gains and losses from the remeasurement (based on current foreign currency exchange rates) of third party debt of ProLogis' foreign consolidated and unconsolidated entities; and (iv) mark to market adjustments related to derivative financial instruments utilized to manage ProLogis' foreign currency risks. These adjustments to the NAREIT

Edgar Filing: PROLOGIS TRUST - Form 10-K

definition are made to reflect ProLogis' funds from operations on a comparable basis with the other REITs that do not engage in the types of transactions that give rise to these items.

Effective in 2000, NAREIT's definition of funds from operations was changed to include non-recurring items as a component of funds from operations. The 1999 and 1998 amounts presented below have been restated to reflect this change. The effect of the restatement is an increase of \$2,000 and a decrease of \$25.7 million from amounts previously presented to funds from operations attributable to Common Shares for the years ended December 31, 1999 and 1998, respectively.

RISK FACTORS

Risks factors include the occurrence of any of the events described below that could adversely affect ProLogis' ability to achieve its projected returns on acquisitions and facilities under development and could hinder ProLogis' ability to make expected distributions to equity holders.

ProLogis is Exposed to the General Economic Conditions of the Markets in which it Owns Property

ProLogis' operating performance depends on the economic conditions of

markets in which its facilities are concentrated. ProLogis' operating performance could be adversely affected if conditions, such as an oversupply

50

53

of distribution space or a reduction in demand for industrial distribution facilities, in ProLogis' larger markets become less favorable relative to other geographic areas. Any material oversupply of distribution space or material reduction of demand for distribution space could adversely effect ProLogis' operating income and the value of its Common Shares.

ProLogis' Investments Are Subject To Risks Particular To Real Estate

Value of Real Estate Dependent on Numerous Factors

Real property investments are subject to varying degrees of risk. Real estate values are affected by a number of factors, including:

- changes in the general economic climate;
- local conditions, such as an oversupply of space or a reduction in demand for real estate in an area;
- the quality and philosophy of management;
- competition from other available space;
- the ability of the owner to provide adequate maintenance and insurance;
- the ability of the owner to control variable operating costs;
- governmental regulations;
- interest rate levels;
- the availability of financing; and
- potential liability under, and changes in, environmental, zoning, and other laws.

Restrictions on, and Risks of, Unsuccessful Development Activities

ProLogis intends to continue to pursue development activities as opportunities arise. Such development activities generally require various government and other approvals. ProLogis may not receive such approvals. ProLogis will be subject to risks associated with any such development activities. These risks include:

- the risk that development opportunities explored by ProLogis may be abandoned;
- the risk that construction costs of a facility may exceed original estimates, possibly making the project less profitable than originally estimated;
- limited cash flow during the construction period; and
- the risk that occupancy rates and rents of a completed project will not be sufficient to make the project profitable.

In case of an unsuccessful development project, ProLogis' loss could exceed

Edgar Filing: PROLOGIS TRUST - Form 10-K

its investment in the project.

Tenant Default

ProLogis' income and distributable cash flow would be adversely affected if a significant number of ProLogis' tenants are unable to meet their obligations to ProLogis, or if ProLogis is unable to lease, on economically favorable terms, a significant amount of space in its industrial distribution facilities. In the event of default by a significant number of tenants, ProLogis may experience delays and incur substantial costs in enforcing its rights as landlords.

Real Estate Investments Are Not As Liquid As Other Types Of Assets

Real estate investments are not as liquid as other types of assets and therefore may tend to limit the ability of ProLogis to react promptly to changes in economic or other conditions. In addition, significant expenditures associated with real estate investments, such as mortgage payments, real estate taxes and maintenance costs, are

51

54

generally not reduced when circumstances cause a reduction in income from the investments. Like other companies qualifying as REITs under the Code, ProLogis must comply with the safe harbor rules, relating to the number of facilities disposed of in a year, their tax bases and the cost of improvements made to the facilities, or meet other tests which enable a REIT to avoid punitive taxation on the sale of assets. Thus, ProLogis' ability to sell assets, or contribute assets to entities in which ProLogis has an ownership interest, at any time to change its asset base may be restricted.

Share Prices May Be Affected By Market Interest Rates

The annual distribution rate on Common Shares as a percentage of its market price may influence the trading price of such Common Shares. An increase in market interest rates may lead investors to demand a higher annual distribution rate, which could adversely affect the market price of such Common Shares. A decrease in the market price of the Common Shares could reduce ProLogis' ability to raise additional equity capital in the public markets.

Uninsured Losses May Adversely Affect ProLogis

Some types of losses, such as from acts of war, may be uninsurable, or the cost of insuring against such losses may not be economically justifiable. If an uninsured loss occurs, ProLogis could lose both the invested capital in and anticipated revenues from the affected facility, but would still be obligated to repay any recourse mortgage indebtedness on the facility.

Potential Environmental Liability

Under various federal, state and local laws, ordinances and regulations, a current or previous owner, developer or operator of real estate may be liable for the costs of removal or remediation of hazardous or toxic substances at, on, under or in its property. The costs of removal or remediation of such substances could be substantial. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the release or presence of such hazardous substances. The presence of such substances on ProLogis' properties may adversely affect its ability to sell such properties or to borrow using such properties as collateral and may also have an adverse affect on ProLogis' ability to pay distributions to its shareholders.

Debt Financing, Increases in Interest Rates, Financial Covenants and Absence of Limitations on Debt May Result in Decreased Distribution to Shareholders

Edgar Filing: PROLOGIS TRUST - Form 10-K

Debt Financing

ProLogis is subject to risks normally associated with debt financing, including the risk that ProLogis' cash flow will be insufficient to meet required payments of principal and interest and the risk that ProLogis will not be able to refinance existing indebtedness or that the terms of such refinancings will not be as favorable as terms of the existing indebtedness. There can be no assurance that ProLogis will be able to refinance any indebtedness or otherwise obtain funds by selling assets or raising equity to make required payments on maturing indebtedness.

Requirements of Credit Facilities; Foreclosures

The terms of ProLogis' indebtedness require ProLogis to comply with a number of customary financial and other covenants, such as maintaining debt service coverage and leverage ratios, maintaining insurance coverage, etc. These covenants may limit ProLogis' flexibility in its operations, and breaches of these covenants could result in defaults under the instruments governing the applicable indebtedness even if ProLogis has satisfied its payment obligations. If ProLogis is unable to refinance its indebtedness at maturity or meet its payment obligations, the amount of cash available for distribution may be adversely affected.

52

55

No Limitations on Debt

ProLogis currently has a policy of incurring debt only, if upon such incurrence, ProLogis' debt-to-book capitalization ratio, as adjusted, would equal 50% or less. The Board could alter or eliminate this policy without shareholder approval and would do so if, for example, it were necessary in order for ProLogis to continue to qualify as a REIT under the Code. If this policy were changed, ProLogis could become more highly leveraged, resulting in an increase in debt service that could adversely affect the cash available for distribution to shareholders.

Failure to Qualify as a REIT Could Adversely Affect Shareholders

ProLogis has elected to be taxed as a REIT under the Code commencing with its taxable year ended December 31, 1993. To maintain REIT status, ProLogis must meet a number of highly technical requirements on a continuing basis. Those requirements seek to ensure, among other things, that the gross income and investments of a REIT are largely real estate related, that a REIT distributes substantially all its ordinary taxable income to shareholders on a current basis and that the REIT's ownership is not overly concentrated. Due to the complex nature of these rules, the limited available guidance concerning interpretation of the rules, the importance of ongoing factual determinations and the possibility of adverse changes in the law, administrative interpretations of the law and developments at ProLogis, no assurance can be given that ProLogis will qualify as a REIT for any particular year.

If ProLogis fails to qualify as a REIT, it will be taxed as a regular corporation, and distributions to shareholders will not be deductible in computing ProLogis' taxable income. The resulting corporate income tax liabilities could materially reduce the funds available for distribution to ProLogis' shareholders or for reinvestment. In the absence of REIT status, distributions to shareholders would no longer be required. Moreover, ProLogis might not be able to elect to be treated as a REIT for the four taxable years after the year during which ProLogis ceased to qualify as a REIT. In addition, if ProLogis later requalified as a REIT, it might be required to pay a full

Edgar Filing: PROLOGIS TRUST - Form 10-K

corporate-level tax on any unrealized gain in its assets as of the date of requalification and to make distributions to shareholders equal to any earnings accumulated during the period of non-REIT status.

Potential Adverse Effect of REIT Distribution Requirements

To maintain its qualification as a REIT under the Code, ProLogis must annually distribute to ProLogis' shareholders at least 95% of its ordinary taxable income, excluding net capital gains (changed to 90% as a result of the RMA -- see "-- New Tax Legislation"). This requirement limits ProLogis' ability to accumulate capital. ProLogis may not have sufficient cash or other liquid assets to meet the distribution requirements. Difficulties in meeting the distribution requirements might arise due to competing demands for ProLogis' funds or to timing differences between tax reporting and cash receipts and disbursements, because income may have to be reported before cash is received, because expenses may have to be paid before a deduction is allowed or because deductions may be disallowed or limited. In those situations, ProLogis might be required to borrow funds or sell facilities on adverse terms in order to meet the distribution requirements. If ProLogis fails to make a required distribution, it would cease to be a REIT.

Currency Risk

ProLogis has pursued and intends to continue to pursue growth opportunities in international markets and often invests in countries where the U.S. dollar is not the national currency. As a result, ProLogis is subject to foreign currency risk due to potential fluctuations in exchange rates between foreign currencies and the U.S. dollar. For example, a significant depreciation in the value of the foreign currencies of one or more countries where ProLogis has a significant investment may materially adversely affect ProLogis' performance. ProLogis attempts to mitigate any such effects through the use of foreign currency put option contracts, although there can be no assurance that such attempts will be successful.

53

56

Influence of ProLogis' Principal Shareholder May Impact ProLogis' Management and Operations

ProLogis and Security Capital are parties to a Third Amended and Restated Investor Agreement, dated as of September 9, 1997. Pursuant to the investor agreement, Security Capital has the right, so long as it owns between 10% and 25% of the Common Shares, to nominate one person to the Board. So long as Security Capital owns 25% or more of the Common Shares, Security Capital will be entitled to nominate a proportionate number of persons to the Board subject to a maximum of three nominees if the size of the Board does not increase above the current size of ten trustees. Under the investor agreement, so long as it owns at least 25% of the Common Shares, Security Capital also has the right of prior approval with respect to the following matters:

- the issuance of equity securities or securities convertible into equity securities, other than issuances in connection with option, dividend reinvestment and similar plans, for less than the fair market value of such securities;
- the issuance of any preferred shares which would result in the fixed charge coverage ratio being less than 1.4 to 1.0;
- adopting any employee benefit plans under which Common Shares may be issued;

Edgar Filing: PROLOGIS TRUST - Form 10-K

- the compensation of senior officers of ProLogis; and
- the incurrence of additional indebtedness which would result in the interest expense coverage ratio being less than 2.0 to 1.0.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

ProLogis is exposed to market risk from changes in interest rates and foreign currency exchange rates. On a limited basis, ProLogis uses certain derivative financial instruments, including interest rate swap agreements and foreign currency option and forward contracts to reduce its market risk. ProLogis does not use financial instruments for trading or speculative purposes and all financial instruments are entered into in accordance with Board approved policies.

ProLogis has estimated its market risk exposures using sensitivity analysis. ProLogis has defined its market risk exposure as the potential loss in future earnings and cash flow with respect to interest rate exposure and future earnings with respect to foreign currency exchange exposure of its market risk sensitive instruments assuming a hypothetical 10% adverse change in year end interest rates and foreign currency exchange rates. The results of the sensitivity analysis are summarized below. The sensitivity analysis is of limited predictive value. As a result, ProLogis' ultimate realized gains or losses with respect to interest and foreign currency exchange rate fluctuations will depend on the exposures that arise during a future period, hedging strategies at the time, and the prevailing interest and foreign currency exchange rates.

Interest Rate Risk

ProLogis' interest rate risk is related primarily to its variable rate credit facilities. ProLogis' interest rate risk management objective is to limit the impact of interest rate changes on earnings and cash flows. To achieve its objective, ProLogis primarily borrows on a fixed rate basis. Therefore, ProLogis' primary interest rate risk is created by its variable rate unsecured lines of credit and its variable rate short-term borrowing arrangements, if any. Although ProLogis has no interest rate derivatives outstanding as of December 31, 2000, ProLogis has in the past and may in the future, utilize derivative instruments as hedges in anticipation of future debt transactions to manage its interest rate exposure.

During the year ended December 31, 2000, ProLogis had weighted average outstanding borrowings of \$251.5 million on its variable rate unsecured lines of credit. Based on the results of the sensitivity analysis, which assumed a 10% adverse change in interest rates, the estimated market risk exposure for interest rate-related financial instruments was approximately \$1.6 million on both future earnings and cash flow as of December 31, 2000. The sensitivity analysis was based on the weighted average outstanding variable rate borrowings for 2000 and assumed a flat yield curve.

54

57

Foreign Currency Risk

ProLogis uses foreign currency forward and option contracts to manage foreign currency exchange rate risk related to projected net operating income (operating income net of foreign denominated interest expense) from foreign entities.

In addition, ProLogis incurs foreign currency risk related to its U.S. dollar denominated loans to its foreign consolidated subsidiaries. The

Edgar Filing: PROLOGIS TRUST - Form 10-K

remeasurement of intercompany loans results in foreign currency exchange gains or losses that are recognized by ProLogis. However, ProLogis does not incur an actual cash gain or loss until the loans are repaid. ProLogis' exposure to foreign currency exchange rates exists with the following currencies versus the U.S. dollar: euro, British pound sterling, French franc and Swedish krona.

ProLogis' foreign currency exchange sensitivity analysis included foreign currency put option contracts affected by foreign currency exchange risk, as well as U.S. dollar denominated loans to foreign consolidated entities. Based on the results of the sensitivity analysis, which assumed a 10% adverse change in foreign currency exchange rates, the estimated 2000 year-end market risk exposure to future earnings was \$23.6 million. The sensitivity analysis excluded the impact of the change in foreign currency exchange rates on the underlying projected net operating income, which has a high degree of inverse correlation with the derivative instruments used to hedge it. However, since ProLogis hedges approximately 75% of its projected net operating income from foreign entities, approximately 25% of the impact to total net operating income from its foreign entities of an adverse movement in foreign exchange rates would not be offset by derivative instruments.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Trustees and Shareholders of
ProLogis Trust

We have audited the accompanying consolidated balance sheets of ProLogis Trust and subsidiaries as of December 31, 2000 and 1999, and the related consolidated statements of earnings, shareholders' equity, and cash flows for each of the three years in the period ended December 31, 2000. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of Frigoscandia Holding AB accounted for under the equity method of accounting, in which the Trust has investments in and advances to amounting to \$171.9 million and \$196.9 million as of December 31, 2000 and 1999, respectively, and losses from unconsolidated entity of \$20.0 million, \$2.9 million and \$7.6 million in 2000, 1999 and 1998, respectively. We did not audit the financial statements of CS Integrated LLC accounted for under the equity method of accounting, in which the Trust has an investment in and advances to amounting to \$225.8 million and \$186.9 million as of December 31, 2000 and 1999 and earnings from unconsolidated entity of \$8.0 million and \$9.2 million in 2000 and 1999. These statements were audited by other auditors whose reports were furnished to us, and our opinion, insofar as it relates to the amounts included for these entities is based solely on the reports of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of ProLogis Trust and subsidiaries as of December 31, 2000 and 1999, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2000, in conformity with accounting principles generally accepted in the United States.

PROLOGIS TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2000

1. DESCRIPTION OF BUSINESS:

ProLogis Trust ("ProLogis") is a publicly held real estate investment trust ("REIT") that owns and operates a network of industrial distribution facilities in North America and Europe. The ProLogis Operating System(TM), comprised of the Market Services Group, the Global Services Group, the Global Development Group and the Integrated Solutions Group, utilizes ProLogis' international network of distribution facilities to meet its customers' distribution space needs globally. ProLogis has organized its business into three operating segments:

Edgar Filing: PROLOGIS TRUST - Form 10-K

property operations, corporate distribution facilities services business ("CDFBS business") and temperature-controlled distribution operations. See Note 10.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Principles of Financial Presentation

The accounts of ProLogis, its wholly owned subsidiaries and its majority owned and controlled partnerships are consolidated in the accompanying financial statements. All material intercompany transactions have been eliminated. Certain amounts included in the consolidated financial statements for prior years have been reclassified to conform to the 2000 financial statement presentation.

The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

REIT Organization Status

In January 1993, ProLogis was formed as a Maryland REIT and has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code").

REITs are not generally required to pay federal income taxes if minimum distribution and income, asset and shareholder tests are met. During 2000, 1999 and 1998, ProLogis was in compliance with the REIT requirements. Thus, no federal income tax provision has been reflected in the accompanying consolidated financial statements for ProLogis and its wholly owned subsidiaries which are qualified REIT subsidiaries. The foreign countries that ProLogis operates in do not recognize REITs under their respective tax laws. Accordingly, ProLogis has recognized foreign country income taxes in its results of operations, as applicable.

Real Estate and Depreciation

Real estate is carried at cost, which is not in excess of estimated fair market value. Costs directly associated with the successful acquisition, renovation or development of real estate are capitalized. Direct costs associated with unsuccessful acquisitions are expensed at the time the pursuit is abandoned.

Depreciation is computed over the estimated useful lives of depreciable property on a straight-line basis: 7 years for capital improvements, 10 years for tenant improvements, 30 years for acquired facilities and 40 years for facilities developed by ProLogis.

ProLogis' management periodically reviews long-lived assets (primarily real estate and investments in unconsolidated entities) that it owns and operates for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. In accordance with the provisions of Statement of Financial Accounting Standards ("SFAS") No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of," management's review involves comparing current and future operating performance of the assets, the most significant of which is undiscounted operating cash

Edgar Filing: PROLOGIS TRUST - Form 10-K

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

flows, to the carrying value of the assets. Based on this analysis, a provision for possible loss is recognized if necessary. In management's opinion, long-lived assets, primarily real estate assets and investments in unconsolidated entities, are not carried at amounts in excess of their estimated realizable values. Long-lived assets (primarily real estate and investments in unconsolidated entities) to be disposed of, if any, are reported at the lower of their carrying amount or fair value less cost to sell.

ProLogis acquired certain real estate through the formation of partnerships (as discussed in Note 6) wherein ProLogis contributed cash and the limited partners contributed real estate in exchange for partnership units which are ultimately exchangeable for ProLogis common shares of beneficial interest, \$0.01 par value ("Common Shares"). In consolidating the partnerships' assets, real estate cost includes the estimated fair value attributable to the limited partners' interests as of the acquisition dates.

ProLogis Development Services Incorporated ("ProLogis Development Services") develops distribution facilities that are often disposed of to customers, third parties or entities in which ProLogis maintains an ownership interest. ProLogis Development Services also contracts on a fee basis to develop distribution facilities for customers or third parties. ProLogis owns 100% of the preferred stock of ProLogis Development Services and realizes substantially all economic benefits of its activities. Because ProLogis advances mortgage loans to ProLogis Development Services to fund its acquisition, development and construction activities, ProLogis Development Services is consolidated with ProLogis. ProLogis Development Services is not a qualified REIT subsidiary of ProLogis under the Code. Accordingly, provisions for federal and state income taxes are recognized, as appropriate.

Capitalization Policy

Renovations and improvements to real estate assets are capitalized and depreciated over their estimated useful lives. Repairs and maintenance costs are expensed as incurred to the extent they are not acquisition-related renovation costs identified during ProLogis' pre-acquisition due diligence.

General and administrative costs incurred for development (including land acquisitions), renovation and leasing activities that are incremental and identifiable to a specific activity are capitalized. Prior to April 1, 1998, ProLogis also capitalized direct and incremental management costs incurred in connection with the acquisition of existing operating facilities. In accordance with Emerging Issues Task Force Issue 97-11, "Accounting for Internal Costs Relating to Real Estate Property Acquisitions," which was effective on April 1, 1998, such costs are no longer capitalized.

Costs capitalized to real estate are depreciated over the estimated useful lives of the real estate. Costs capitalized related to leasing activities are included with other assets and are amortized over the lease term. ProLogis' average lease term is between four and five years.

ProLogis capitalizes interest costs incurred during the land development or construction period of qualifying projects.

Unconsolidated Entities

ProLogis' investments in certain entities are accounted for under the equity method. Accordingly, these investments are recognized at ProLogis' cost as adjusted for ProLogis' proportionate share of the earnings or losses of the companies, distributions received and other basis adjustments, as appropriate.

Edgar Filing: PROLOGIS TRUST - Form 10-K

ProLogis' proportionate share of the earnings or losses of these companies is recognized in income. See Note 4.

Cash and Cash Equivalents

ProLogis considers all cash on hand, demand deposits with financial institutions and short-term, highly liquid investments with original maturities of three months or less to be cash equivalents.

65

68

PROLOGIS TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

Costs of Raising Capital

Costs incurred in connection with the issuance of shares are deducted from shareholders' equity. Costs incurred in connection with the incurrence or renewal of debt are capitalized, included with other assets, and amortized over the term of the related loan or the renewal term.

Minority Interest

Minority interest is carried at cost and represents limited partners' interests in various real estate partnerships controlled by ProLogis. Certain minority interests are carried at the pro rata share of the estimated fair value of the real estate contributed as of the acquisition dates, as adjusted for subsequent earnings, contributions and distributions. Common Shares issued upon exchange of limited partnership units are accounted for at the cost of the minority interest surrendered.

Financial Instruments

In the normal course of business, ProLogis uses certain derivative financial instruments for the purpose of foreign currency exchange rate and interest rate risk management. To qualify for hedge accounting, the derivative instruments used for risk management purposes must effectively reduce the risk exposure that they are designed to hedge. For instruments associated with the hedge of anticipated transactions, hedge effectiveness criteria also require that the occurrence of the underlying transactions be probable. Instruments meeting these hedging criteria are formally designated as hedges at the inception of the contract. Those risk management instruments not meeting these criteria are accounted for at fair value with changes in fair value recognized immediately in net income. See Note 16.

In assessing the fair value of its financial instruments, both derivative and non-derivative, ProLogis uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date. Primarily, ProLogis uses quoted market prices or quotes from brokers or dealers for the same or similar instruments. These values represent a general approximation of possible value and may never actually be realized. See Note 16.

ProLogis adopted SFAS No. 133, "Accounting for Derivative Instruments and for Hedging Activities," as amended, on January 1, 2001. SFAS No. 133 provides comprehensive guidelines for the recognition and measurement of derivatives and hedging activities and, specifically, requires all derivatives to be recorded on the balance sheet at fair value as an asset or liability, with an offset to accumulated other comprehensive income or income. As discussed in Note 16, ProLogis' only derivative financial instruments, the foreign currency put option contracts, were marked to market through income as of December 31, 2000. These contracts also do not qualify for hedge accounting treatment under SFAS No. 133,

Edgar Filing: PROLOGIS TRUST - Form 10-K

therefore, ProLogis will continue to mark these contracts to market through income in 2001. ProLogis' unconsolidated entities also adopted SFAS No. 133 on January 1, 2001. The effect to ProLogis of their adoption of SFAS No. 133 was immaterial as these entities utilize derivative financial instruments on a limited basis.

Foreign Currency Exchange Gains or Losses

ProLogis' consolidated subsidiaries whose functional currency is not the U.S. dollar translate their financial statements into U.S. dollars. Assets and liabilities are translated at the exchange rate in effect as of the financial statement date. Income statement accounts are translated using the average exchange rate for the period. Income statement accounts that represent significant, nonrecurring transactions are translated at the rate in effect as of the date of the transaction. Gains and losses resulting from the translation are included in accumulated other comprehensive income as a separate component of shareholders' equity. ProLogis and its foreign subsidiaries have certain transactions denominated in currencies other than their functional currency. In these instances, nonmonetary assets and liabilities are reflected at the historical exchange rate, monetary assets and liabilities are

66

69

PROLOGIS TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

remeasured at the exchange rate in effect at the end of the period, and income statement accounts are remeasured at the average exchange rate for the period. Gains and losses from remeasurement are included in ProLogis' results of operations. In addition, gains or losses are recorded in the income statement when a transaction with a third party, denominated in a currency other than the functional currency, is settled and the functional currency cash flows realized are more or less than expected based upon the exchange rate in effect when the transaction was initiated.

The net foreign currency exchange gains and losses recognized in ProLogis' results of operations were as follows for the periods indicated (in thousands of U.S. dollars):

Edgar Filing: PROLOGIS TRUST - Form 10-K

- (1) ProLogis entered into foreign currency put option contracts related to its operations in Europe for 2000 and 1999. These put option contracts do not qualify for hedge accounting treatment; therefore, ProLogis marks these contracts to market as of the end of the applicable accounting period. Upon settlement, the mark to market adjustments are reversed and the total realized gain or loss is recognized. See Note 16.

Revenue Recognition

ProLogis leases its operating facilities under operating leases and recognizes the total lease payments provided for under the leases on a straight-line basis over the lease term. A provision for possible loss is made when collection of receivables is considered doubtful.

Gains or losses on the disposition of real estate are recorded when the recognition criteria set forth under GAAP have been met, generally at the time title is transferred and ProLogis has no future obligations under the contract.

Rental Expenses

Rental expenses include costs of on-site and property management personnel, utilities, repairs and maintenance, property insurance and real estate taxes, net of amounts recovered from tenants under the terms of the respective leases.

Stock-Based Compensation

ProLogis adopted SFAS No. 123, "Accounting for Stock-Based Compensation," which allows ProLogis to continue to account for its various stock-based compensation plans using Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. Under APB No. 25, if the exercise price of the stock options issued equals or exceeds the market price of the underlying stock on the date of grant, no compensation expense is recognized. Certain pro forma earnings per share disclosures required by SFAS No. 123 are presented in Note 13.

Cost of Start-Up Activities

Statement of Position ("SOP") 98-5 "Reporting on the Costs of Start-Up Activities," which requires that costs associated with organization, pre-opening, and start-up activities be expensed as incurred was adopted by ProLogis on January 1, 1999. Through December 31, 1998, ProLogis capitalized costs associated with start-up activities and amortized such costs over an appropriate period, generally five years. ProLogis expensed all unamortized organization and start-up costs, approximating \$1.4 million, as a cumulative effect of a change in accounting principle as of January 1, 1999. Subsequent to that date, such costs incurred have been expensed.

3. REAL ESTATE

Real Estate Investments

Real estate investments consisting of income producing industrial distribution facilities, facilities under development and land held for future development, at cost, are summarized as follows (in thousands):

ProLogis European Properties S.a.r.l. owned real estate with a net book value of \$334.9 million as of December 31, 1999. ProLogis contributed the remaining 49.9% of the common stock to ProLogis European Properties Fund on January 7, 2001 for an additional equity interest. See Note 4.

ProLogis' operating facilities, facilities under development and land held for future development are located in North America (the United States and Mexico) and seven countries in Europe. No individual market represents more than 10% of ProLogis' real estate assets.

Edgar Filing: PROLOGIS TRUST - Form 10-K

Operating Lease Agreements

ProLogis leases its facilities to customers under agreements, which are classified as operating leases. The leases generally provide for payment of all or a portion of utilities, property taxes and insurance by the tenant. As of December 31, 2000, minimum lease payments on leases with lease periods greater than one year are as follows (in thousands):

- (7) Represents license fees earned for the non-exclusive use of the ProLogis Operating System(TM) under licensing agreements.
- (8) ProLogis European Properties Fund began operations on September 23, 1999. ProLogis recognizes its share of the earnings or loss of ProLogis European Properties Fund based on its average ownership interest during the period. Amounts recognized include management fees of \$5.3 million in 2000 and \$0.3 million in 1999. ProLogis began recognizing its share of the earnings or loss of ProLogis European Properties S.a.r.l. under the equity method on January 7, 2000.
- (9) On December 29, 1998, ProLogis invested in Garonor Holdings S.A. ("Garonor Holdings") by acquiring 100% of its preferred stock. Garonor Holdings, a Luxembourg company, owned Garonor S.A. ("ProLogis Garonor"), a real estate operating company in France. Security Capital Group Incorporated ("Security Capital"), ProLogis' largest shareholder, owned 100% of the common stock of Garonor Holdings. On June 29, 1999, ProLogis acquired the common stock of Garonor Holdings from Security Capital, resulting in ProLogis owning all of the outstanding common and preferred stock of Garonor Holdings. Accordingly, as of that date the accounts of Garonor Holdings were consolidated in ProLogis' financial statements along with ProLogis' other majority owned and controlled subsidiaries and partnerships. The results of operations of Garonor Holdings for the period from December 29, 1998 through June 29, 1999 are reflected by ProLogis under the equity method. ProLogis Garonor was transferred to ProLogis European Properties S.a.r.l. prior to ProLogis contributing 50.1% of the common stock of ProLogis European Properties S.a.r.l. to ProLogis European Properties Fund on January 7, 2000 for an equity interest. On January 7, 2001, ProLogis contributed the remaining 49.9% of the common stock of ProLogis European Properties S.a.r.l. to ProLogis European Properties Fund for an additional equity interest.

ProLogis Logistics

ProLogis owns 100% of the preferred stock of ProLogis Logistics Services Incorporated ("ProLogis Logistics"), representing substantially all of the economic interests. From April 24, 1997 through June 12, 1998, ProLogis Logistics owned between 60.0% and 77.1% of CS Integrated LLC ("CSI"), a temperature-controlled distribution company operating in the United States. ProLogis Logistics increased its ownership interest in CSI to 100% on June 12, 1998. As of December 31, 2000, CSI owned or operated under lease agreements temperature-controlled distribution facilities aggregating 182.2 million cubic feet (including 35.5 million cubic feet of dry distribution space located in temperature-controlled facilities). Of the total, 6.3 million cubic feet was under development.

As of December 31, 2000, ProLogis had invested \$19.9 million in the preferred stock of ProLogis Logistics and had the following notes and mortgage notes receivable outstanding:

- \$157.8 million unsecured note from ProLogis Logistics; interest at 8.0% per annum; due on April 2002;
- \$5.0 million net unsecured notes from CSI; interest at 10.4% per annum; due March 2004; and
- \$24.1 million net mortgage notes from CSI; secured by operating properties of CSI; interest at 9.5% per annum; due March 2004.

The common stock of ProLogis Logistics was owned by an unrelated party until January 2, 2001, when it was purchased by CSI/Frigo LLC, a limited

Edgar Filing: PROLOGIS TRUST - Form 10-K

liability company whose members are ProLogis and K. Dane Brooksher, ProLogis' chairman. CSI/Frigo LLC also acquired the common stock of Frigoscandia Holding S.A. ("Frigoscandia S.A.") on that date. ProLogis owns 89% of the membership interests and Mr. Brooksher owns 11% of the membership interests of CSI/Frigo LLC. Mr. Brooksher is the managing member of CSI/Frigo LLC. Additionally, ProLogis has a note agreement with CSI/Frigo LLC that allows ProLogis to participate in its earnings such that ProLogis will recognize 95% of the economic interests of CSI/Frigo LLC. This transaction did

73

76

PROLOGIS TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

not result in ProLogis acquiring control of ProLogis Logistics or Frigoscandia S.A., therefore, ProLogis will continue to account for its investments in these entities under the equity method.

On January 2, 2001, ProLogis Logistics borrowed \$125.0 million under ProLogis' U.S. dollar denominated unsecured line of credit agreement as a designated subsidiary borrower under the agreement (see Note 5), the proceeds of which were used to repay \$125.0 million of the outstanding notes and accrued interest due to ProLogis (including all of the amounts due from CSI). The remaining amounts due to ProLogis were converted to preferred stock by ProLogis as of January 2, 2001.

Frigoscandia S.A.

ProLogis owns 100% of the preferred stock of Frigoscandia S. A., representing substantially all of the economic interests. On January 16, 1998, Frigoscandia S.A., a Luxembourg company, acquired Frigoscandia AB, a temperature-controlled distribution company headquartered in Sweden by acquiring Frigoscandia Holding AB. Frigoscandia Holding AB owns 100% of Frigoscandia AB. As of December 31, 2000, Frigoscandia AB, which operates in 10 European countries, owned or operated under lease agreements 187.7 million cubic feet of temperature-controlled distribution facilities.

As of December 31, 2000, ProLogis had invested \$22.6 million in the preferred stock of Frigoscandia S.A. and had the following notes receivable outstanding:

- 776.6 million Swedish krona (the currency equivalent of approximately \$81.5 million as of December 31, 2000) unsecured note from Frigoscandia Holding AB; interest at 5.0% per annum; due on demand;
- 12.8 million euro (the currency equivalent of approximately \$11.9 million as of December 31, 2000) unsecured note from Frigoscandia Holding AB; interest at 5.0% per annum; due on demand; and
- \$115.5 million unsecured note from Frigoscandia S.A.; interest at 5.0% per annum; \$80.0 million due July 15, 2008 with the remainder due on demand.

The common stock of Frigoscandia S.A. was owned by a limited liability company in which unrelated parties owned 5% of the voting interests and Security Capital owned 100% of the non-voting interests until January 2, 2001, when the common stock was purchased by CSI/Frigo LLC.

As of December 31, 2000, Frigoscandia had a multi-currency revolving credit agreement in the currency equivalent of 360.0 million Deutsche marks through a consortium of 11 European banks. The currency equivalent of approximately \$168.1

Edgar Filing: PROLOGIS TRUST - Form 10-K

million was outstanding as of December 31, 2000 and ProLogis had guaranteed 25% of the amount outstanding (ProLogis' guarantee was increased to 100% on March 1, 2001). The loan will be due on March 31, 2001 and bears interest at the relevant index (LIBOR or Euribor based on the currency borrowed) plus 1.15%. Frigoscandia is negotiating a new credit agreement that will provide for the currency equivalent of 185.0 million euros of borrowing capacity with interest charged at the relevant index plus 0.90%, to mature on December 31, 2001. ProLogis will guarantee 100% of the borrowings under the new agreement.

Kingspark S.A.

ProLogis owns 100% of the preferred stock of Kingspark S.A., representing substantially all of the economic interests. On August 14, 1998, Kingspark S.A., a Luxembourg company, acquired an industrial distribution facility development company operating in the United Kingdom, Kingspark Group Holdings Limited ("ProLogis Kingspark") (collectively "the Kingspark entities"). As of December 31, 2000, the Kingspark entities had 1.6 million square feet of operating facilities at an investment of \$139.2 million and 1.5 million square feet of facilities under development with a total budgeted cost of \$136.2 million. Additionally, as of December 31, 2000, the Kingspark entities owned 332 acres of land and controlled 1,515 acres of land through

74

77

purchase options, letters of intent or contingent contracts. The land owned and controlled by the Kingspark entities has the capacity for the future development of approximately 28.3 million square feet of facilities.

As of December 31, 2000, ProLogis had invested \$24.0 million in the preferred stock of Kingspark S.A. and had the following notes and mortgage notes receivable outstanding:

- 187.3 million pounds sterling (the currency equivalent of approximately \$280.1 million as of December 31, 2000) outstanding on an unsecured loan facility from ProLogis to the Kingspark entities that provides for borrowings of up to 200 million pounds sterling (the currency equivalent of approximately \$299.0 million as of December 31, 2000); interest at 8.0% per annum; due on demand;
- \$129.3 million unsecured note from Kingspark S.A.; interest at 5.0% per annum; due on demand;
- 42.0 million pound sterling (the currency equivalent of approximately \$62.9 million, as of December 31, 2000) mortgage note from ProLogis Kingspark; secured by land parcels; interest at 8.0% per annum; due on demand; and
- 26.9 million pound sterling (the currency equivalent of approximately \$40.2 million as of December 31, 2000) mortgage note from the Kingspark entities; secured by land parcels and facilities under development; interest at 7.0% per annum; due on demand.

The common stock of Kingspark S.A. was owned by a limited liability company, in which unrelated third parties owned 100% of the voting interests and Security Capital owned 100% of the non-voting interests. On January 2, 2001, this common stock was acquired by a limited liability company. ProLogis owns 95% of the membership interests and Mr. Brooksher owns 5% of the membership interests of the company acquiring the common stock and Mr. Brooksher is its

Edgar Filing: PROLOGIS TRUST - Form 10-K

managing member. This transaction resulted in ProLogis having control of Kingspark S.A. Accordingly, the accounts of the Kingspark entities will be consolidated in ProLogis' financial statements along with ProLogis' other majority-owned and controlled subsidiaries and partnerships beginning on January 2, 2001.

ProLogis Kingspark has a line of credit agreement with a bank in the United Kingdom. The line of credit agreement provides for borrowings of up to 15.0 million pounds sterling (the currency equivalent of approximately \$22.4 million as of December 31, 2000) and has been guaranteed by ProLogis. As of December 31, 2000, no borrowings were outstanding on the line of credit. However, as of December 31, 2000, ProLogis Kingspark had the currency equivalent of approximately \$13.8 million of letters of credit outstanding that reduce the amount of available borrowings on the line of credit.

ProLogis California I LLC

ProLogis California began operations on August 26, 1999 as a limited liability company whose members are ProLogis and New York State Common Retirement Fund ("NYSCRF"). As of December 31, 2000, ProLogis California owned 77 operating facilities aggregating 12.4 million square feet and had one 332,000 square foot facility under development (all of which were acquired from ProLogis). All of ProLogis California's facilities are in the Los Angeles/Orange County market. ProLogis had a 50.0% ownership interest in ProLogis California as of December 31, 2000.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

Third parties (19 institutional investors) have invested 325.6 million euros (the currency equivalent of approximately \$302.9 million as of December 31, 2000) in ProLogis European Properties Fund and have committed to fund an additional 734.7 million euros (the currency equivalent of approximately \$683.4 million as of December 31, 2000) through 2002. ProLogis has also entered into a subscription agreement to make additional capital contributions (excluding the remaining 49.9% of the common stock of ProLogis European Properties S.a.r.l.) of 93.2 million euros (the currency equivalent of approximately \$86.7 million as of December 31, 2000).

ProLogis European Properties Fund intends to acquire additional stabilized operating facilities from ProLogis, the Kingspark entities and unrelated

Edgar Filing: PROLOGIS TRUST - Form 10-K

parties, including facilities to be developed by ProLogis and the Kingspark entities in the future. Stabilized facilities have been defined for purposes of ProLogis European Properties Fund as facilities that meet minimum leasing criteria and minimum net operating income yields, as defined and established by agreement for each country. ProLogis European Properties Fund has the right to refuse to acquire facilities that ProLogis and the Kingspark entities have developed if they do not meet the established criteria. ProLogis has an agreement to manage ProLogis European Properties Fund for a fee pursuant to a 20-year management agreement.

ProLogis European Properties Fund has a credit agreement with two international banks for a multi-currency, secured revolving credit facility in the currency equivalent of 500.0 million euros. The credit agreement matures in October 2002. Borrowings can be denominated in sterling currencies or the euro, and will bear interest at rates above the relevant index (LIBOR or Euribor). As of December 31, 2000, 118.2 million euros and 62.6 million pound sterling were outstanding on the line (the currency equivalent of approximately \$205.5 million as of December 31, 2000). Of the total borrowings, ProLogis has guaranteed the currency equivalent of approximately \$93.0 million as of December 31, 2000.

ProLogis European Properties S.a.r.l.

As of December 31, 2000, ProLogis owned 49.9% of the common stock of ProLogis European Properties S.a.r.l. and recognized 49.9% of the earnings of this entity under the equity method for the period from January 7, 2000 to December 31, 2000. ProLogis European Properties Fund owned the remaining 50.1% of the common stock of ProLogis European Properties S.a.r.l. and recognized 50.1% of the earnings of this entity in its income. ProLogis contributed its 49.9% ownership of ProLogis European Properties S.a.r.l. to ProLogis European Properties Fund on January 7, 2001 in exchange for an additional equity interest. Of the 6.6 million square feet of operating facilities owned by ProLogis European Properties S.a.r.l. as of December 31, 2000, 6.1 million square feet are located in France, 0.4 million square feet are located in Poland and 0.1 million square feet are located in the Netherlands. 5. BORROWINGS:

Unsecured Lines of Credit

ProLogis has an unsecured credit agreement with Bank of America, N.A. ("Bank of America"), Commerzbank AG and Chase Bank of Texas, National Association, as agents for a bank group that provides for a \$475.0 million unsecured revolving line of credit. The credit agreement allows ProLogis to increase the available commitment by \$25.0 million to a total of \$500.0 million. ProLogis Logistics and ProLogis Development Services may also borrow under the credit agreement with such borrowings guaranteed by ProLogis. ProLogis' borrowings under the agreement generally bear interest at LIBOR plus an applicable margin (based upon ProLogis' current senior unsecured debt ratings). ProLogis' borrowings in 2000 were primarily at the 30-day LIBOR rate plus 0.75% (7.31% as of December 31, 2000). Additionally, the credit agreement provides for a facility fee of 0.15% per annum. The credit agreement matures on June 6, 2003 and may be extended for an additional year at ProLogis' option. As of December 31, 2000, ProLogis had \$184.7 million of borrowings outstanding on the unsecured line of credit and ProLogis was in compliance with all covenants contained in the credit agreement. As of December 31, 2000, ProLogis Logistics and ProLogis Development Services had not borrowed under the credit agreement.

In addition, ProLogis has a \$55.0 million unsecured discretionary line of credit with Bank of America that matures on June 6, 2001. Of the total, ProLogis can borrow the currency equivalent of \$30.0 million in certain foreign currencies with U.S. dollar borrowings limited to \$25.0 million. By agreement between ProLogis and Bank of America, the rate of interest on and the maturity date of each advance are determined at the time of each advance. There were \$25.0 million of borrowings outstanding on the discretionary line of credit as of December 31, 2000.

ProLogis has a credit agreement that provides for a 325.0 million euro multi-currency, unsecured revolving line of credit (the currency equivalent of approximately \$302.3 million as of December 31, 2000) through a group of 17

Edgar Filing: PROLOGIS TRUST - Form 10-K

banks, on whose behalf ABN AMRO Bank, N.V. acts as agent. Borrowings under the line of credit bear interest at Euribor plus 0.75% or Sterling LIBOR plus 0.75% (borrowings outstanding as of December 31, 2000 were at a weighted average interest rate of 6.23%). The credit agreement provides for an unused commitment fee of 0.375% per annum. As of December 31, 2000, the currency equivalent of approximately \$230.1 million of borrowings were outstanding on the line of credit and ProLogis was in compliance with all covenants contained in the credit agreement.

A summary of ProLogis' unsecured lines of credit borrowings is as follows (dollar amounts in thousands):

6. MINORITY INTEREST:

Minority interest represents the limited partners' interests in real estate partnerships controlled by ProLogis. With respect to each of the partnerships either ProLogis or a subsidiary of ProLogis is the sole general partner with all management powers over the business and affairs of the partnership. The limited partners of each partnership generally do not have the right to participate in or exercise management control over the business and

83

86

PROLOGIS TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

affairs of the partnership. With respect to each partnership the general partner may not, without the written consent of all of the limited partners, take any action that would prevent such partnership from conducting its business, possess the property of the partnership, admit an additional partner or subject a limited partner to the liability of a general partner.

As of December 31, 2000, ProLogis or a subsidiary of ProLogis is the controlling general partner in five partnerships. In each of these partnerships, the limited partners are entitled to exchange partnership units for Common Shares. Additionally, the limited partners are entitled to receive preferential cumulative quarterly distributions per unit equal to the quarterly distributions in respect of Common Shares. The five partnerships as of December 31, 2000 are as follows:

ENTITY	FORMATION DATE	INVESTMENT IN REAL ESTATE (IN MILLIONS)	PROLOGIS' OWNERSHIP	LIMITED PARTNERSHIP UNITS OUTSTANDING
-----	-----	-----	-----	-----
ProLogis Limited Partnership-I(1)...	1993	\$211.0	68.70%	4,520,532 (2)

(1) These facilities cannot be sold, prior to the occurrence of certain events, without the consent of the limited partners thereto, other than in tax-deferred exchanges.

(2) Convertible into Common Shares on a one for one basis.

(3) ProLogis Limited Partnership-IV was formed through a cash contribution from a wholly owned subsidiary of ProLogis, ProLogis-IV, Inc. and the contribution of industrial distribution facilities from the limited partner. ProLogis Limited Partnership-IV and ProLogis-IV, Inc. are legal entities separate and distinct from ProLogis, its affiliates and each other, and each has separate assets, liabilities, business functions and operations. The sole assets of ProLogis-IV, Inc. are its general partner advances to and its

Edgar Filing: PROLOGIS TRUST - Form 10-K

interest in ProLogis Limited Partnership-IV. As of December 31, 2000, ProLogis Limited Partnership-IV had outstanding borrowings from ProLogis-IV, Inc., of \$0.4 million and ProLogis-IV, Inc. had outstanding borrowings from ProLogis and its affiliates of \$0.4 million.

(4) Acquired in merger with Meridian. See Note 11.

(5) Convertible into Common Shares on a 1.1 for one basis, plus \$2.00.

For financial reporting purposes, the assets, liabilities, results of operations and cash flows of each of the five partnerships are included in ProLogis' consolidated financial statements, and the interests of the limited partners are reflected as minority interest.

7. SHAREHOLDERS' EQUITY:

Shares Authorized

As of December 31, 2000, 275,000,000 shares were authorized. ProLogis' Board of Trustees (the "Board") may increase the number of authorized shares and may classify or reclassify any unissued shares of ProLogis stock from time to time by setting or changing the preferences, conversion or other rights, voting powers, restrictions, limitations as of distributions, qualifications and terms or conditions of redemption of such shares.

Preferred Shares

As of December 31, 2000, ProLogis had four series of cumulative redeemable preferred shares of beneficial interest outstanding (Series A, C, D and E) and one series of cumulative convertible redeemable preferred shares of beneficial interest outstanding (Series B). The Series B preferred shares are convertible at any time, unless previously redeemed, at the option of the holders thereof into Common Shares at a conversion price of \$19.50 per share (equivalent to a conversion rate of 1.282 Common Shares for each Series B preferred share).

Holders of each series of preferred shares have, subject to certain conditions, limited voting rights. The holders of the preferred shares are entitled to receive cumulative preferential dividends based upon each series' respective liquidation preference. Such dividends are payable quarterly in arrears on the last day of March, June, September and December for all series of preferred shares, with the exception of Series E, which are payable quarterly on the last day of January, April, July and October, when, and if, declared by the Board, out of funds legally available for payment of dividends. After the respective redemption dates, each series can be redeemed for a cash redemption price which (other than the portion consisting of accrued and unpaid dividends) is payable solely out of the sales proceeds of other capital shares of ProLogis, which may include shares of other series of preferred shares. With respect to payment of dividends, each series of preferred shares ranks on parity with ProLogis' other series of preferred shares.

ProLogis' preferred shares as of December 31, 2000 are summarized as follows:

(1) After this date, the preferred shares can be redeemed at ProLogis' option.

(2) During 2000 and 1999, Series B preferred shares of 764,599 and 516,897, respectively, were converted into 980,216 and 662,661 Common Shares, respectively.

(3) ProLogis will redeem these shares on March 20, 2001.

Recent Developments

On January 11, 2001, ProLogis announced a Common Share repurchase program under which it may repurchase up to \$100.0 million of its Common Shares. The Common Shares will be repurchased from time to time in the open market and in privately negotiated transactions, depending on market prices and other

conditions. On February 12, 2001 ProLogis announced its call for redemption of all outstanding Series B cumulative convertible redeemable preferred shares at a price of \$25.00 per share, plus \$0.442 in accrued and unpaid dividends, for an aggregate redemption price of \$25.442 per preferred share. The redemption date is March 20, 2001. On or prior to March 13, 2001, the Series B preferred shares could be converted into Common Shares at a conversion rate of 1.282 Common Shares for each Series B preferred share.

Issuance of Common Shares

During 2000, ProLogis generated net proceeds of \$30.3 million from the issuance of 1,479,000 Common Shares under its 1999 Dividend Reinvestment and Share Purchase Plan and issuance of 163,000 Common Shares under long-term compensation plans. See Note 13. In addition, ProLogis issued: (i) 602,000 Common Shares in connection with the acquisition agreement for the Kingspark

Edgar Filing: PROLOGIS TRUST - Form 10-K

entities (see Note 4); (ii) 980,000 Common Shares upon conversion of 765,000 cumulative convertible redeemable Series B preferred shares; and (iii) 238,000 Common Shares to the holders of 216,000 convertible limited partnership units.

Shelf Registration

ProLogis has a shelf registration statement on file with the Securities and Exchange Commission that allows ProLogis to issue securities in the form of debt securities, preferred shares, Common Shares, rights to purchase Common Shares and preferred share purchase rights on an as-needed basis. These \$608.0 million of shelf-registered securities are available for issuance, subject to ProLogis' ability to effect an offering on satisfactory terms.

Ownership Restrictions and Significant Shareholder

For ProLogis to qualify as a REIT under the Code, not more than 50% in value of its outstanding shares of stock may be owned by five or fewer individuals at any time during the last half of ProLogis' taxable year. Therefore, ProLogis' Declaration of Trust restricts beneficial ownership (or ownership generally attributed to a person under the REIT tax rules) of ProLogis' outstanding shares by a single person, or persons acting as a group, to 9.8% of ProLogis' outstanding shares. This provision assists ProLogis in protecting and preserving its REIT status and protects the interest of shareholders in takeover transactions by preventing the acquisition of a substantial block of shares.

Shares owned by a person or group of persons in excess of these limits are subject to redemption by ProLogis. The provision does not apply where a majority of the Board, in its sole and absolute discretion, waives such limit after determining that the status of ProLogis as a REIT for federal income tax purposes will not be jeopardized or the disqualification of ProLogis as a REIT is advantageous to the shareholders.

Security Capital is exempt from the ownership restrictions described above. Security Capital owned 30.2% the outstanding Common Shares as of December 31, 2000. For tax purposes, Security Capital's ownership is attributed to its shareholders.

Dividend Reinvestment and Share Purchase Plan

In March 1995, ProLogis adopted a Dividend Reinvestment and Share Purchase Plan (the "1995 Plan"), which commenced in April 1995. The 1995 Plan allowed holders of Common Shares the opportunity to acquire additional Common Shares by automatically reinvesting distributions. Holders of Common Shares who do not participate in the 1995 Plan continue to receive distributions as declared. The 1995 Plan also allowed participating holders of Common Shares to purchase a limited number of additional Common Shares by making optional cash payments, without payment of any brokerage commission or service charge. Common Shares are acquired pursuant to the 1995 Plan at a price equal to 98% of the market price of such Common Shares, without payment of any brokerage commission or service charge.

The 1995 Plan was amended in June 1999 by the 1999 Dividend Reinvestment and Share Purchase Plan (the "1999 Plan"). The primary change effective with the 1999 Plan allows persons who are not holders of Common Shares to participate in the share purchase plan.

Shareholder Purchase Rights

On December 7, 1993, the Board declared a dividend of one preferred share purchase right ("Right") for each outstanding Common Share to be distributed to all holders of record of the Common Shares on December 31, 1993. Each Right entitles the registered holder to purchase one-hundredth of a Participating Preferred Share for an exercise price of \$40.00 per one-hundredth of a Participating Preferred Share, subject to adjustment as provided in the Rights Agreement. The Rights will generally be exercisable only if a person or group (other than certain affiliates of ProLogis) acquires 20% or more of the Common Shares or announces a tender offer for 25% or more of the Common Shares. Under certain circumstances, upon a shareholder acquisition of 20% or more of the Common Shares (other than certain affiliates of ProLogis), each Right will entitle the holder to purchase, at the Right's then-current exercise price, a number of Common Shares having a market value of twice the Right's exercise price. The acquisition of ProLogis pursuant to certain mergers or other business transactions will entitle each holder of a Right to purchase, at the Right's then-current exercise price, a number of the acquiring company's common shares having a market value at that time equal to twice the Right's exercise price. The Rights held by certain 20% shareholders will not be exercisable. The Rights will expire on December 7, 2003, unless the expiration date of the Rights is extended, and the Rights are subject to redemption at a price of \$0.01 per Right under certain circumstances.

8. DISTRIBUTIONS AND DIVIDENDS:

Common Distributions

ProLogis' annual distribution per Common Share was \$1.34 in 2000, \$1.30 in 1999 and \$1.24 in 1998. For Federal income tax purposes, the following summarizes the taxability of cash distributions paid on Common Shares in 1999 and 1998 and the estimated taxability for 2000:

	YEAR ENDED DECEMBER 31,		
	2000	1999	1998
Per Common Share:			
Ordinary income.....	\$1.19	\$0.84	\$1.12

Return of capital.....	--	0.11	0.12
	-----	-----	-----
Total.....	\$1.34	\$1.30	\$1.24
	=====	=====	=====

The distribution level for 2001 was set at \$1.38 per Common Share by the Board in December 2000. Additionally, on December 15, 2000, ProLogis declared a distribution of \$0.345 per Common Share payable on February 23, 2001 to holders of Common Shares on February 9, 2001.

Edgar Filing: PROLOGIS TRUST - Form 10-K

The annual dividends per preferred share were as follows:

	YEAR ENDED DECEMBER 31,		
	2000 (1)	1999 (2)	1998 (3)
Series A Cumulative Redeemable Preferred Shares.....	\$2.35	\$2.35	\$2.35

Series D Cumulative Redeemable Preferred Shares.....	1.98	1.98	1.42 (4)
Series E Cumulative Redeemable Preferred Shares.....	2.19	1.64 (5)	--

(1) For federal income tax purposes \$2.08 of the Series A dividend, \$1.55 of the Series B dividend, \$3.78 of the Series C dividend, \$1.75 of the Series D dividend and \$1.94 of the Series E dividend are treated as ordinary income to the holders. The remaining portion of each dividend represents capital gains.

(2) For federal income tax purposes \$1.65 of the Series A dividend, \$1.23 of the Series B dividend, \$3.00 of the Series C dividend, \$1.39 of the Series D dividend and \$1.15 of the Series E dividend are treated as ordinary income to the holders. The remaining portion of each dividend represents capital gains.

(3) For federal income tax purposes these dividends are treated as ordinary income to the holders.

(4) For the period from date of issuance to December 31, 1998.

(5) For the period from date of issuance to December 31, 1999.

Pursuant to the terms of its preferred shares, ProLogis is restricted from declaring or paying any distribution with respect to the Common Shares unless all cumulative dividends with respect to the preferred shares have been paid and sufficient funds have been set aside for dividends that have been declared for the then-current dividend period with respect to the preferred shares.

ProLogis' tax return for the year ended December 31, 2000 has not been filed. The taxability information for 2000 is based upon the best available data. ProLogis' tax returns for prior years have not been examined by the Internal Revenue Service. Consequently, the taxability of distributions and dividends is subject to change.

10. BUSINESS SEGMENTS:

ProLogis has three reportable business segments:

- Property operations represents the long-term ownership and leasing of industrial distribution facilities in the United States, (portions of which are owned through ProLogis California, ProLogis North American Properties Fund I and ProLogis Principal -- See Note 4) Mexico and Europe (portions of which were owned through Garonor Holding (see Note 4), a subsidiary that was recognized under the equity method until June 29, 1999 and through ProLogis European Properties Fund in 2000 and 1999 and ProLogis European Properties S.a.r.l. in 2000 -- See Note 4); each operating facility is considered to be an individual operating segment having similar economic characteristics which are combined within the reportable segment based upon geographic location;
- Corporate distribution facilities services business ("CDFS") represents

Edgar Filing: PROLOGIS TRUST - Form 10-K

the development of industrial distribution facilities by ProLogis, ProLogis Development Services or the Kingspark entities in the United States, Mexico and Europe (see Note 4) which are often disposed of to third parties or entities in which ProLogis has an ownership interest and the development of industrial distribution facilities by ProLogis, ProLogis Development Services or the Kingspark entities on a fee basis for third parties in the United States, Mexico and Europe; the development activities of ProLogis, ProLogis Development Services and the Kingspark entities are considered to be individual operating segments having similar economic characteristics which are combined within the reportable segment based upon geographic location; and

- Temperature-controlled distribution operations represents the operation of a temperature-controlled distribution and logistics network through investments in unconsolidated entities in the United States (ProLogis Logistics) and Europe (Frigoscandia S.A.); each company's operating facilities are considered to be individual operating segments having similar economic characteristics which are combined within the reportable segment based upon geographic location. 11. MERGER WITH MERIDIAN

On March 30, 1999, Meridian Industrial Trust, Inc. ("Meridian"), a publicly traded REIT that owned industrial distribution facilities in the United States, was merged with and into ProLogis. In accordance with the terms of the Agreement and Plan of Merger dated as of November 16, 1998, as amended (the "Merger Agreement"), the approximately 33.8 million outstanding shares of Meridian common stock were exchanged (on a 1.1 for one basis) into approximately 37.2 million ProLogis Common Shares. In addition, the holders of Meridian common stock received \$2.00 in cash per outstanding share, approximately \$67.6 million in total. The holders of Meridian's Series D cumulative redeemable preferred stock received a new series of ProLogis cumulative redeemable preferred shares, Series E preferred shares, on a one for one basis. The Series E preferred shares have an 8.75% annual dividend rate (\$2.1875 per share) and an aggregate liquidation value of \$50.0 million. The total purchase price of Meridian was approximately \$1.54 billion, which included the assumption of the outstanding debt and liabilities of Meridian as of March 30, 1999 and the issuance of approximately 1.1 million stock options each to acquire 1.1 ProLogis Common Shares and \$2.00 in cash. The assets acquired from Meridian included approximately \$1.42 billion of real estate assets, an interest in a temperature-controlled distribution business of \$28.7 million and cash and other assets aggregating \$72.3 million. The transaction was structured as a tax-free merger and was accounted for under the purchase method.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

- In connection with the merger with Meridian in 1999 discussed in Note 11, ProLogis issued approximately 37.2 million Common Shares and 2.0 million Series E preferred shares, assumed approximately 1.1 million stock options and assumed outstanding debt and liabilities of Meridian for an aggregate purchase price of approximately \$1.54 billion in exchange for the assets of Meridian (including cash balances acquired of \$49.0 million).
- Series B cumulative convertible redeemable preferred shares aggregating \$19,115,000, \$12,922,000 and \$11,568,000 were converted into Common Shares in 2000, 1999 and 1998, respectively.
- Net foreign currency translation adjustments of \$(24,003,000), \$(9,788,000) and \$86,000 were recognized in 2000, 1999 and 1998, respectively.
- Limited partnership units aggregating \$8,169,000 (total minority interest of \$13,905,000 less \$5,736,000 representing amounts due to ProLogis by the holder of the units), \$205,000 and \$302,000 were converted into Common Shares in 2000, 1999 and 1998, respectively.
- Mortgage notes in the amount \$39.8 million were assumed in connection with the acquisition of real estate in 1998.
- Employee share purchase notes in the amount of \$1,796,000 were retired in 1998. See Note 13.

13. LONG-TERM COMPENSATION

Long-Term Incentive Plan and Share Option Plan for Outside Trustees

ProLogis has a long-term incentive plan (the "Incentive Plan"), which includes an employee share purchase plan, a stock option plan, a restricted share unit plan and a performance share plan. No more than 14,600,000 Common Shares in the aggregate may be awarded under the Incentive Plan and no

Edgar Filing: PROLOGIS TRUST - Form 10-K

individual may be granted awards with respect to more than 500,000 Common Shares in any one-year period. The Incentive Plan has a 10-year term. Additionally, ProLogis has 500,000 Common Shares authorized for issuance under its Share Option Plan for Outside Trustees (the "Outside Trustees Plan"). As of December 31, 2000, 4,382,000 Common Shares remain to be issued under the Incentive Plan and 406,000 Common Shares remain to be issued under the Outside Trustees Plan.

Employee Share Purchase Plan

Under the employee share purchase plan certain employees of ProLogis purchased 1,356,834 Common Shares on September 8, 1997 at a price of \$21.21875 per share. ProLogis financed 95% of the total purchase price through ten-year, recourse notes to the participants aggregating \$27.3 million. The loans, which have been recognized as a deduction from shareholders' equity, bear interest at the lower of ProLogis' annual dividend yield on Common Shares or 6% per annum. The loans are secured by the Common Shares purchased. For each Common Share purchased, participants were granted two options to purchase Common Shares at a price of \$21.21875. As of December 31, 2000, there were 930,807 Common Shares securing the employee share purchase notes. The outstanding notes receivable at December 31, 2000 of \$18,556,000 include \$16,314,000 due from officers of ProLogis.

ProLogis did not recognize compensation expense in 2000, 1999 or 1998

Edgar Filing: PROLOGIS TRUST - Form 10-K

related to stock options granted as the exercise price of all options granted was equal to the average of the high and low market price on the date of grant. Had compensation expense for these plans been determined using an option valuation model as provided in SFAS No. 123, ProLogis net earnings attributable to Common Shares and net earnings per Common Share would change as follows:

	YEAR ENDED DECEMBER 31,		
	2000	1999	1998
Net earnings attributable to Common Shares:			
As reported.....	\$157,715	\$123,999	\$62,231

Pro forma -- basic.....	0.95	0.80	0.50
Pro forma -- diluted.....	0.94	0.80	0.50

Since stock options vest over several years and additional grants are likely to be made in future years, the pro forma compensation cost may not be representative of that to be expected in future years.

The pro forma amounts above were calculated using the Black-Scholes model and the following assumptions:

Restricted Share Units ("RSUs")

RSUs in the form of Common Shares are awarded at a rate of one Common Share per RSU from time to time to employees of ProLogis. The RSUs are valued on the award date based upon the market price of the Common Shares on that date. ProLogis recognizes the value of the RSUs awarded over the applicable vesting period as compensation expense. As of December 31, 2000, there were 587,500 RSUs outstanding at a total value of \$12.6 million, of which \$4.4 million has been expensed. As of December 31, 2000, 166,250 of the outstanding RSUs are vested. The remaining RSUs will vest as follows:

2003.....	46,300

Performance Share Plan

Under the performance share plan certain employees are awarded Common Shares if performance criteria is met. On December 31, 2000, 174,675 Common Shares valued at \$3.9 million were awarded under the plan, based upon the criteria established for 2000. The entire award will vest on December 31, 2002. ProLogis will recognize the related compensation expense over the two-year vesting period beginning January 1, 2001.

Dividend Equivalent Units ("DEUs")

DEUs in the form of Common Shares are awarded at a rate of one Common Share per DEU on December 31st of each year that the underlying stock options, RSUs or performance shares are outstanding. The DEUs vest to the same extent the underlying award vests. The DEUs are valued on the award date based upon the market price of the Common Shares on that date and ProLogis recognizes that value as compensation expense over the underlying vesting period of the related award. Of the total RSUs outstanding, 167,500 RSUs do not earn DEUs but rather earn dividends at ProLogis' current Common Share distribution rate. As of December 31, 2000, there were 492,319 DEUs outstanding, of which 53,501 were vested. The DEUs outstanding have a total value of \$10.5 million, of which \$2.8 million has been expensed as of December 31, 2000.

401(k) Savings Plan and Trust

ProLogis has a 401(k) Savings Plan and Trust ("401(k) Plan"), that provides for matching employer contributions in Common Shares of 50 cents for every dollar contributed by an employee, up to 6% of the employees' annual compensation (within the statutory compensation limit). The vesting of contributed Common Shares is based on the employees' years of service, with 20% vesting each year of service, over a five-year period. Through December 31, 2000, no Common Shares have been issued under the 401(k) Plan as all matching contributions have been made with Common Shares purchased in the public market. A total of 190,000 Common Shares have been authorized for issuance under the 401(k) Plan.

Nonqualified Savings Plan

Effective January 1, 1998, ProLogis established the Nonqualified Savings Plan to provide benefits for a select group of management. The purpose of this plan is to allow highly compensated employees the opportunity to defer the receipt and income taxation of a certain portion of their compensation in excess of the amount permitted under the 401(k) Plan. ProLogis will match the lesser of (a) 50% of the sum of deferrals under both the 401(k) Plan and this plan, and (b) 3% of total compensation up to certain levels. The matching account will vest in the same manner as the 401(k) Plan.

15. RELATED PARTY TRANSACTIONS:

ProLogis leases space to Security Capital and certain of its affiliates on market terms that management believes are no less favorable to ProLogis than those that could be obtained with unaffiliated third parties.

ProLogis' rental income related to these leases were \$757,000, \$756,000 and \$717,000 for the years ended December 31, 2000, 1999 and 1998, respectively. As of December 31, 2000, 109,804 square feet were leased to related parties. The annualized rental revenues for these leases are \$763,000.

On September 8, 1997, ProLogis and Security Capital entered into an

Edgar Filing: PROLOGIS TRUST - Form 10-K

administrative services agreement (the "ASA"). Under the ASA, Security Capital provided ProLogis with certain administrative and other services as determined by ProLogis (certain services originally provided under the ASA were transferred to ProLogis employees). ProLogis' fees under the ASA were \$2.5 million, \$3.5 million and \$3.7 million for 2000, 1999 and 1998, respectively. Of these fees, \$0.4 million, \$0.6 million and \$0.7 million were capitalized in 2000, 1999 and 1998, respectively. ProLogis recognizes the ASA fees related to property management activities as a component of rental expenses. ProLogis began transitioning these functions from Security Capital during 2000 and, as of December 31, 2000, ProLogis had assumed substantially all of the functions previously provided by Security Capital. The ASA expired on December 31, 2000. Security Capital is continuing to provide the services not yet assumed by ProLogis under a month-to-month agreement until the transition is completed.

During 2000, ProLogis paid investment advisory fees of \$104,000 to Security Capital Markets Group Incorporated, a registered broker-dealer subsidiary of Security Capital, related to additional equity contributed by NYSCRF to ProLogis California during 2000 (see Note 4). During 1999, ProLogis paid investment advisory fees to Security Capital Markets Group aggregating \$15.6 million. The fees were incurred in connection with the merger with Meridian (\$1.54 billion purchase price -- see Note 11), the formation of ProLogis California which generated \$148.2 million of outside equity capital to ProLogis (see Note 4) and the formation of the ProLogis European Properties Fund (the currency equivalent of over \$1 billion as of December 31, 1999 of third party capital invested or committed -- see Note 4).

16. FINANCIAL INSTRUMENTS:

Fair Value of Financial Instruments

The following estimates of the fair value of financial instruments have been determined by ProLogis using available market information and valuation methodologies believed to be appropriate for these purposes. Considerable judgement and a high degree of subjectivity are involved in developing these estimates and, accordingly, they are not necessarily indicative of amounts ProLogis would realize upon disposition.

As of December 31, 2000 and 1999, the carrying amounts of certain financial instruments employed by ProLogis, including cash and cash equivalents, accounts receivable, accounts payable and accrued expenses were representative of their fair values because of the short-term maturity of these instruments. Similarly, the carrying values of the lines of credit balances approximate fair value as of those dates since the interest rate fluctuates based on published market rates. As of December 31, 2000 and 1999, the fair values of the senior unsecured debt and the secured debt (including mortgage notes, assessment bonds and securitized debt) have been estimated based upon quoted market prices for the same or similar issues or by discounting the future cash flows using rates currently available for debt with similar terms and maturities. The differences in the fair value of ProLogis' senior unsecured debt and secured debt from the carrying value in the table below are the result of differences in the interest rates available to ProLogis as of December 31, 2000 and 1999, from the interest rates in effect at the dates of issuance. The senior unsecured debt and many of the secured debt issues contain pre-payment penalties or yield maintenance provisions which would make the cost of refinancing exceed the benefit of refinancing at the lower rates.

Edgar Filing: PROLOGIS TRUST - Form 10-K

As of December 31, 2000 and 1999, the fair value of ProLogis' derivative financial instruments are the amounts at which they could be settled, based on quoted market prices or estimates obtained from brokers or dealers.

The following table reflects the carrying amount and estimated fair value of ProLogis' financial instruments (in thousands):

	DECEMBER 31,			
	2000		1999	
	CARRYING AMOUNT	FAIR VALUE	CARRYING AMOUNT	FAIR VALUE

Derivative Financial Instruments

ProLogis uses derivative financial instruments as hedges to manage well-defined risk associated with interest and foreign currency rate fluctuations on existing or anticipated obligations and transactions. ProLogis does not use derivative financial instruments for trading purposes.

The primary risks associated with derivative instruments are market risk and credit risk. Market risk is defined as the potential for loss in the value of the derivative due to adverse changes in market prices (interest rates or foreign currency rates). The use of derivative financial instruments allows ProLogis to manage the risks of increases in interest rates and fluctuations in foreign currency exchange rates with respect to the effects these fluctuations would have on ProLogis' income and cash flows.

100

103

PROLOGIS TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

Credit risk is the risk that one of the parties to a derivative contract fails to perform or meet their financial obligation under the contract. ProLogis does not obtain collateral to support financial instruments subject to credit risk but monitors the credit standing of counterparties. ProLogis does not anticipate non-performance by any of the counterparties to its derivative contracts. Should a counterparty fail to perform, however, ProLogis would incur a financial loss to the extent of the positive fair market value of the derivative instruments, if any.

The following table summarizes the activity in derivative financial instruments for the years ended December 31, 2000 and 1999 (in millions):

(1) ProLogis entered into foreign currency put option contracts during 2000 and 1999 related to its operations in Europe. The put option contracts provide ProLogis with the option to exchange euros for U.S. dollars at a fixed exchange rate such that if the euro were to depreciate against the U.S. dollar to predetermined levels as set by the contracts, ProLogis could exercise its options and mitigate its foreign currency exchange losses. The notional amounts of the put option contracts represent the U.S. dollar equivalent related to the put option contracts with notional amounts of 47.1 million euros and 23.0 million euros as of December 31, 2000 and 1999, respectively. The outstanding contracts do not qualify for hedge accounting treatment and were marked to market through income as of December 31, 2000 and 1999. ProLogis recognized aggregate income of \$627,000 in 2000 and aggregate expense of \$92,000 in 1999 on the put option contracts including mark to market expense of \$854,000 in 2000 and \$47,000 in 1999. See Note 1.

17. COMMITMENTS AND CONTINGENCIES:

Environmental Matters

All of the facilities acquired by ProLogis have been subjected to environmental reviews by ProLogis or predecessor owners. While some of these assessments have led to further investigation and sampling, none of the environmental assessments has revealed, nor is ProLogis aware of any environmental liability (including asbestos related liability) that ProLogis believes would have a material adverse effect on ProLogis' business, financial condition or results of operations.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Trustees and Shareholders of
ProLogis Trust:

We have audited, in accordance with auditing standards generally accepted in the United States, the financial statements of ProLogis Trust included in this Form 10-K, and have issued our report thereon dated March 15, 2001. Our

Edgar Filing: PROLOGIS TRUST - Form 10-K

audit was made for the purpose of forming an opinion on those statements taken as a whole. The supplemental Schedule III -- Real Estate and Accumulated Depreciation ("Schedule III") is presented for purposes of complying with the Securities and Exchange Commission's rules and is not part of the basic financial statements. The Schedule III has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly states in all material respects the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.
