**RELIANCE STEEL & ALUMINUM CO.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)**

**1. Basis of Presentation**

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions of Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments, consisting only of normal recurring adjustments necessary for a fair presentation with respect to the interim financial statements have been included. The results of operations for the three-months ended March 31, 2007 are not necessarily indicative of the results for the full year ending December 31, 2007. For further information, refer to the consolidated financial statements and footnotes thereto for the year ended December 31, 2006, included in Reliance Steel & Aluminum Co.'s Annual Report on Form 10-K.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingent amounts in the Company's consolidated financial statements and the accompanying notes. Actual results could differ from those estimates. Certain prior year amounts have been reclassified to conform to the current year presentation.

The Company's consolidated financial statements include the assets, liabilities and operating results of majority-owned subsidiaries. The ownership of the other interest holders of consolidated subsidiaries is reflected as minority interest. All significant intercompany accounts and transactions have been eliminated.

**2. Impact of Recently Issued Accounting Principles**

In July 2006, the Financial Accounting Standards Board ( FASB ) issued Interpretation No. 48 ( FIN No. 48 ) *Accounting for Uncertainty in Income Taxes: an interpretation of FASB Statement No. 109*. This interpretation clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements in accordance with Statement of Financial Accounting Standards ( SFAS ) No. 109, *Accounting for Income Taxes*. FIN No. 48 prescribes a recognition threshold and measurement principles for financial statement disclosure of tax positions taken or expected to be taken on a tax return. The Company adopted the provision of this interpretation effective January 1, 2007. The adoption of FIN No. 48 did not have a material impact on the Company's consolidated financial position and results of operations. See Note 6, Income Taxes, for further discussion.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements*. This Standard defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, which is the year beginning January 1, 2008 for the Company. The adoption of SFAS No. 157 is not expected to have a material impact on the Company's financial position, results of operations or cash flows.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities - Including an Amendment of FASB Statement No. 115*. SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be recognized in earnings at each subsequent reporting date. SFAS No. 159 is effective for financial statements issued for fiscal years beginning after November 15, 2007, which is the year beginning January 1, 2008 for the Company. The Company is evaluating the impact that the adoption of SFAS No. 159 will have on its consolidated results of operations and financial condition.

**3. Acquisitions**

***2007 Acquisitions***

*Acquisition of Crest Steel Corporation*

On January 2, 2007, the Company purchased all of the outstanding capital stock of Crest Steel Corporation ( Crest ), a metals service center company headquartered in Carson, California with facilities in Riverside, California and Phoenix, Arizona. Crest now operates as a wholly-owned subsidiary of RSAC Management Corp. Crest was founded in 1963 and specializes in the processing and distribution of carbon steel products including flat-rolled, plate, bars and structurals.

*Acquisition of Industrial Metals and Surplus, Inc.*

Also, on January 2, 2007, the Company's wholly-owned subsidiary, Siskin Steel & Supply Company, Inc., purchased the outstanding capital stock of Industrial Metals and Surplus, Inc. ( Industrial Metals ), a metals service center company headquartered in Atlanta, Georgia and a related company, Athens Steel, Inc. located in Athens, Georgia. Industrial Metals was founded in 1978 and specializes in the processing and distribution of carbon steel structurals, flat-rolled and ornamental iron products. Industrial Metals now operates as a wholly-owned subsidiary of Siskin. Athens Steel was merged into Industrial Metals and operates as a division of Industrial Metals. Siskin's Georgia Steel Supply Company division located in Atlanta will be combined with the Industrial Metals operations.

*Acquisition of Encore Group*

As of February 1, 2007, the Company acquired the net assets and business of the Encore Group of metals service center companies (Encore Metals, Encore Metals (USA), Inc., Encore Coils, and Team Tube in Canada) headquartered in Edmonton, Alberta, Canada. Encore was organized in 2004 in connection with the buyout by management and a private equity fund managed by HSBC Capital (Canada) Inc. of certain former Corus CIC and Corus America businesses. Encore specializes in the processing and distribution of alloy and carbon bar and tube, as well as stainless steel sheet, plate and bar and carbon steel flat-rolled products, through its 17 facilities located mainly in Western Canada. The Company acquired the Encore Group assets through RSAC Canada Limited (now Encore Group Limited), the Company's wholly-owned Canadian subsidiary, and RSAC Canada (Tube) ULC (now Team Tube Canada ULC), a subsidiary of RSAC Canada Limited. Encore Metals (USA), Inc. now operates as a wholly-owned subsidiary of Reliance.

The total cost of the acquisitions of Crest, Industrial Metals, and Encore Group of approximately \$217,348,000 was funded with borrowings on the Company's syndicated credit facility. Total debt assumed, net of cash, in connection with these acquisitions was approximately \$51,500,000. The consolidated financial statements reflect the allocations of each acquisition's purchase price, which is preliminary as of March 31, 2007 for Crest, Encore Group, and Industrial Metals.

***2006 Acquisitions***

*Acquisition of Yarde Metals, Inc.*

On August 1, 2006, the Company acquired 100% of the outstanding capital stock of Yarde Metals, Inc. ( Yarde Metals ), a metals service center company headquartered in Southington, Connecticut for approximately \$100,000,000 plus the assumption of approximately \$101,000,000 of Yarde Metals' outstanding debt, net of cash acquired. Yarde Metals was founded in 1976 and specializes in the processing and distribution of stainless steel and aluminum plate, rod and bar products. Yarde has additional metals service centers in Pelham, New Hampshire; East Hanover, New Jersey; Hauppauge, New York; High Point, North Carolina; Streetsboro, Ohio; and Limerick, Pennsylvania and a sales office in Ft. Lauderdale, Florida. Yarde Metals operates as a wholly-owned subsidiary of RSAC Management Corp.

Other current and long-term liabilities		(29,204)
 Total liabilities assumed		 (140,372)
 Net assets acquired/Purchase price	 \$	 100,161

The acquisition of Yarde Metals was funded with borrowings on the Company's syndicated credit facility and a short-term supplemental credit facility.

*Acquisition of Earle M. Jorgensen Company*

On April 3, 2006, the Company acquired Earle M. Jorgensen Company (EMJ). EMJ, headquartered in Lynwood, California, is one of the largest distributors of metal products in North America with 40 service and processing centers. The Company paid \$6.50 in cash and issued 0.1784 of a share of Reliance common stock for each outstanding share of EMJ common stock. The fraction of the share of Reliance common stock issued in exchange for each share of EMJ common stock as a result of the acquisition was determined by the average daily closing sale price for Reliance common stock reported on the New York Stock Exchange for the 20-day trading period ending with and including the second complete trading day prior to the date that the acquisition became effective (Average Stock Price). The Average Stock Price for that 20-day period exceeded the upper limit of the 15% symmetrical collar established in the merger agreement. In accordance with this formula, Reliance issued 8,962,268 shares of its common stock in exchange for the 50,237,094 shares of outstanding EMJ common stock. The recorded value of the cash and stock consideration, in accordance with purchase accounting rules, was \$13.64 per EMJ share, the stock portion of which was calculated using a Reliance per share price of \$40.00 which was the 3-day average closing price as of the date the Average Stock Price exceeded the upper limit of the collar. The purchase also included the assumption of approximately \$252,900,000 of EMJ outstanding debt, including \$250,000,000 of 9.75% senior secured notes and \$2,900,000 of other debt. In addition, the Company cashed out certain EMJ stock option holders for aggregate consideration of approximately \$29,456,000 and incurred direct acquisition costs of approximately \$12,882,000.

The Company assumed an EMJ stock option plan and converted the outstanding EMJ options to options to acquire 287,886 shares of Reliance common stock on the same terms and conditions as were applicable to such options under the EMJ plan, with adjusted exercise price and number of shares to reflect the difference in the value of the stock. The Company also assumed an obligation resulting from EMJ's settlement with the U.S. Department of

(UNAUDITED)

Labor to contribute 258,006 shares of Reliance common stock to EMJ's Retirement Savings Plan. At March 31, 2007 the remaining obligation to contribute cash to a phantom stock plan supplementing the EMJ Retirement Savings Plan consisted of the cash equivalent of 163,474 shares of Reliance common stock. This obligation will be satisfied by future contributions as allowed under the Internal Revenue Code and ERISA requirements. EMJ now operates as a wholly-owned subsidiary of Reliance.

The total cost of the acquisition, including cash and stock consideration, direct acquisition costs and value of vested options assumed, and allocation of the total purchase price to the fair values of the assets acquired and liabilities assumed is as follows:

	<b>As of April 3, 2006 (In thousands)</b>
Cash consideration	\$ 326,546
Value of common stock and vested stock options	360,453
Cash out of certain EMJ stock options	29,456
Direct acquisition costs	12,882
 Total purchase price	 \$ 729,337
 Allocation of the total purchase price to the fair values of assets acquired and liabilities assumed:	
Cash	\$ 46,091
Accounts receivable	191,203
Inventory	344,446
Property, plant and equipment	185,366
Goodwill	351,480
Intangible assets subject to amortization	93,800
Intangible assets not subject to amortization	187,900
Other current and long-term assets	69,023
 Total assets acquired	 1,469,309
 Current and long-term debt	 (274,745)
Deferred income taxes	(157,938)
Other current and long-term liabilities	(307,289)
 Total liabilities assumed	 (739,972)
 Net assets acquired/Purchase price	 \$ 729,337

The cash portion of the acquisition was funded with borrowings on the Company's syndicated credit facility.

*Acquisition of Flat Rock Metal Processing L.L.C.*

In March 2006, Precision Strip, Inc., a wholly-owned subsidiary of the Company, acquired certain assets and business of Flat Rock Metal Processing L.L.C. ( Flat Rock ) based in Flat Rock, Michigan. Flat Rock was founded in 2001 and was a privately held toll processing company with facilities in Perrysburg, Ohio; Eldridge, Iowa; and Portage, Indiana.

The Flat Rock facilities in Perrysburg, Ohio and Eldridge, Iowa began operating as Precision Strip locations immediately after the acquisition date. The Portage, Indiana location became operational in September 2006. In July 2006, Precision Strip made a decision to close the Eldridge, Iowa facility and did so by the end of November 2006. Costs associated with the closure were minimal. Both Perrysburg, Ohio and Portage, Indiana locations process and deliver carbon steel, aluminum and stainless steel products on a toll basis, processing the metal for a fee, without taking ownership of the metal. The purchase was funded with borrowings under the Company's line of credit.

*Acquisition of Everest Metals (Suzhou) Co., Ltd.*

Also in March 2006, Reliance Pan Pacific Pte., Ltd. completed its purchase of Everest Metals, a metals service center company based near Shanghai, China. Reliance Pan Pacific is a joint venture company formed in October 2005 that is 70% owned by Reliance and 30% owned by Manufacturing Network Pte. Ltd., a Singapore based company. Manufacturing Network sold its 100% interest in Everest Metals to Reliance Pan Pacific on March 1, 2006. Everest Metals was formed in 2001 and began processing and distributing primarily aluminum products to the electronics industry in 2002.

*Acquisition of the minority interest in American Steel, L.L.C.*

In January 2006, the Company purchased the remaining 49.5% of American Steel L.L.C., from American Industries, Inc., the holder of the minority interest. As a result, effective January 3, 2006 the Company includes 100% of American Steel's income in its financial results. American Steel operates as a wholly-owned subsidiary of Reliance.

*Purchase price allocations*

The acquisitions of all the companies have been accounted for under the purchase method of accounting and, accordingly, the purchase price has been allocated to the assets acquired and liabilities assumed based on the estimated fair values at the date of each acquisition. The Company utilized the services of a third-party valuation specialist to assist in identifying and determining the fair market values and economic lives of acquired tangible and intangible assets. The accompanying consolidated statements of income include the revenues and expenses of each acquisition since its respective acquisition date.

*Pro forma financial information*

The following unaudited pro forma summary financial results present the consolidated results of operations as if our significant acquisitions, Crest, EMJ, Encore Group, Industrial Metals, and Yarde Metals, had occurred at the beginning of each reporting period, after the effect of certain adjustments, including increased depreciation expense resulting from recording fixed assets at fair value, interest expense on the acquisition debt, amortization of certain identifiable intangible assets, debt premium amortization from recording the EMJ senior notes at fair value, and a provision for income taxes for the companies that were previously taxed as S-Corporations under Section 1361 of the Internal Revenue Code. The pro forma results have been presented for comparative purposes only and are not indicative of what would have occurred had these acquisitions been made as of January 1, 2007 or January 1, 2006, or of any potential results which may occur in the future.

**6. Income Taxes**

On January 1, 2007, the Company adopted the provisions of FIN No. 48. As a result of the implementation of FIN No. 48, the Company recognized no material adjustment to the liability for unrecognized income tax benefits. At the adoption date of January 1, 2007, the Company had approximately \$5,030,000 of unrecognized tax benefits. At March 31, 2007, the Company had approximately \$4,760,000 of unrecognized tax benefits all of which would impact the effective tax rate if recognized.

Reliance and its subsidiaries file numerous consolidated and separate income tax returns in the United States federal jurisdiction and in many state and foreign jurisdictions. Except for various pre-acquisition periods of newly acquired subsidiaries, the Company is no longer subject to U.S. federal, state and local, or foreign income tax examinations for years before 2002.

The Internal Revenue Service ( IRS ) is currently examining the Company s 2002 through 2004 federal income tax returns. No formal adjustments have been issued by the IRS at this time. The IRS has issued a proposed adjustment of approximately \$4,800,000 for a pre-acquisition refund claim filed by one of our subsidiaries. The Company is also under audit by various state and foreign jurisdictions but does not anticipate any material adjustments from these examinations. Reliance does not anticipate that any proposed IRS adjustments would result in a material charge to its results of operations or financial condition and expects to resolve any pending issues with the IRS in a manner that will not have a material impact on its results of operations or financial condition.

The Company recognizes interest and penalties related to uncertain tax positions in income tax expense. As of January 1, 2007 and March 31, 2007, there were approximately \$770,000 and \$1,380,000, respectively, of accrued interest and penalties related to uncertain tax positions.

The Company also has two separate revolving credit facilities for operations in Canada with a combined credit limit of CDN\$35,000,000. There were no borrowings outstanding on these credit facilities at March 31, 2007 and December 31, 2006.

At March 31, 2007, the Company had \$32,303,000 of letters of credit outstanding under the syndicated credit facility with availability to issue an additional \$92,697,000 of letters of credit. The syndicated credit facility includes a commitment fee on the unused portion, at an annual rate of 0.125% at March 31, 2007.

On November 20, 2006, the Company entered into an Indenture (the Indenture ), for the issuance of \$600,000,000 of unsecured debt securities which are guaranteed by all of the direct and indirect, wholly-owned domestic subsidiaries of the Company and any entities that become such subsidiaries during the term of the Indenture (collectively, the Subsidiary Guarantors ). None of Reliance's foreign subsidiaries or its non-wholly-owned domestic subsidiaries is a guarantor. The total debt issued was comprised of two tranches, (a) \$350,000,000 aggregate principal amount of senior unsecured notes bearing interest at the rate of 6.20% per annum, maturing on November 15, 2016 and (b) \$250,000,000 aggregate principal amount of senior unsecured notes bearing interest at the rate of 6.85% per annum, maturing on November 15, 2036. The notes are senior unsecured obligations of Reliance and rank equally with all other existing and future unsecured and unsubordinated debt obligations of Reliance. Reliance, at its option, may redeem all or part of the notes of either series at any time prior to their maturity by paying a redemption price equal to the greater of 100% of the aggregate principal amount of the notes to be redeemed or the sum of the present values of the remaining scheduled payments (as defined in the Indenture), plus, in each case, accrued and unpaid interest thereon to, but not including, the redemption date. The proceeds from the notes were used to pay down outstanding borrowings on the \$1,100,000,000 credit facility. In April 2007, these notes were exchanged for publicly traded notes registered with the Securities and Exchange Commission.

The Company also has \$278,000,000 of outstanding senior unsecured notes issued in private placements of debt. The outstanding senior notes bear interest at an average fixed rate of 6.0% and have an average remaining life of 3.9 years, maturing from 2008 to 2013.

The \$1,100,000,000 syndicated credit agreement and the senior unsecured note agreements require the Company to maintain a minimum net worth and interest coverage ratio and a maximum leverage ratio, and include a change of control provision, among other things.

**8. Shareholders' Equity**

On May 17, 2006, Reliance's Board of Directors declared a two-for-one stock split in the form of a 100% stock dividend on the Company's common stock. The common stock split was effected by issuing one additional share of common stock for each share held by shareholders of record on July 5, 2006. The additional shares were distributed on July 19, 2006. All share and per share data, including prior period data as appropriate, have been adjusted to reflect this split.

Additionally, during the three months ended March 31, 2007, the Company issued 297,149 shares of common stock in connection with the exercise of employee stock options for total proceeds of approximately \$5,339,000. Also, 6,244 shares of common stock valued at approximately \$280,000 were issued to division managers of the Company in March 2007 under the Key Man Incentive Plan for 2006. The Company has not repurchased any shares of its common stock since 2000.

On February 14, 2007, the Company's Board of Directors declared a 33% increase in the regular quarterly cash dividend and approved a dividend of \$.08 per share of common stock.

SFAS No. 130, *Reporting Comprehensive Income*, defines comprehensive income (loss) as non-stockholder changes in equity. Comprehensive income for each of the three-month periods ended March 31, 2007 and 2006, included the following:

	<b>Three Months Ended March</b>	
	<b>31,</b>	
	<b>2007</b>	<b>2006</b>
	<b>(In thousands)</b>	
Net income	\$ 111,696	\$ 71,855
Other comprehensive income:		
Foreign currency translation income	2,414	418
Unrealized gain on investments, net of tax	1	38
Total other comprehensive income	2,415	456
Total comprehensive income	\$ 114,111	\$ 72,311

Accumulated other comprehensive income/(loss) included the following:

	<b>March</b>	<b>December</b>
	<b>31,</b>	<b>31,</b>
	<b>2007</b>	<b>2006</b>
	<b>(In thousands)</b>	
Foreign currency translation adjustments	\$ 5,135	\$ 2,721

Minimum pension liability, net of tax	(4,597)	(4,597)
Total accumulated other comprehensive income/(loss)	\$ 784	\$ (1,631)

Foreign currency translation adjustments are not generally adjusted for income taxes as they relate to indefinite investments in foreign subsidiaries. The adjustments to unrealized gain on investments and minimum pension liability are net of deferred income taxes of (\$151,000) and \$2,836,000, respectively, as of March 31, 2007 and December 31, 2006.

### **9. Employee Benefits**

#### *Defined Benefit and Supplemental Executive Retirement Plans*

The Company maintains a Supplemental Executive Retirement Plan ( SERP ), which is a nonqualified pension plan that provides post-retirement and certain pre-retirement pension benefits to key officers of the Company. Separate SERP plans exist for three of the Company's subsidiaries, each of which provides post-retirement benefits to its respective key employees.

The Company maintains, through various subsidiaries, defined benefit pension plans for certain of its employees. These plans generally provide benefits of stated amounts for each year of service or provide benefits based on the participant's hourly wage rate and years of service.

The net periodic pension costs for the SERP and defined benefit plans were as follows (in thousands):

<b>Three Months Ended March 31,</b>	<b>SERP Plans</b>		<b>Defined Benefit Plans</b>	
	<b>2007</b>	<b>2006</b>	<b>2007</b>	<b>2006</b>

Net periodic pension cost	\$ 995	\$ 590	\$ 162	\$ 254

In addition to the Company's defined benefit pension plans as noted above, EMJ sponsors a defined benefit health care plan that provides post-retirement medical and dental benefits to eligible full time employees and their dependents (the Post-retirement Plan). The Post-retirement Plan is fully insured, with retirees paying a percentage of the annual premium. Such premiums are adjusted annually based on age and length of service of active and retired participants. The Post-retirement Plan contains other cost-sharing features such as deductibles and coinsurance. The Company recognizes the cost of future benefits earned by participants during their working careers, as determined using actuarial assumptions. Gains and losses realized from the remeasurement of the plan's benefit obligation are amortized to income over three years.

Components of the net periodic pension expense associated with the Company's Post-retirement Plan are as follows (in thousands):

	<b>Three Months Ended March 31, 2007</b>
Service Cost	\$ 123
Interest Cost	110
Expected return on assets	
Amortization of prior service cost	
Amortization of net loss	21
Net periodic pension cost	\$ 254

The Company previously disclosed in its financial statements for the year ended December 31, 2006, included in its Annual Report on Form 10-K, that it expected to contribute \$1,515,000 to its defined benefit plans in 2007. As of March 31, 2007, no contributions had been made.

*Share based compensation*

On March 2, 2007, the Company granted 1,026,500 options to acquire its common stock to key employees with an exercise price equal to the fair market value. The stock options vest ratably over a period of four years and expire seven years after the date of grant. The fair value of stock options granted was estimated using the Black-Scholes option-pricing model with the following assumptions: Expected life 4.75 years; Volatility 39.6%; Dividend yield 0.7%; Risk-free interest rate 4.5%; Grant date option fair value \$17.11.

*Supplemental Bonus Plan*

In 2005, prior to Reliance's acquisition, EMJ reached a settlement with the U.S. Department of Labor regarding a change in its methodology for annual valuations of its stock while it was a private company, for the purpose of making contributions in stock to its retirement plan. This resulted in a special additional contribution to the plan in shares of EMJ common stock. During the first quarter of 2007, EMJ paid out cash of \$242,000 in lieu of 6,558 Reliance shares to terminated employees. At March 31, 2007 the remaining obligation to contribute cash to a phantom stock plan supplementing the EMJ Retirement Savings Plan consisted of the cash equivalent of 163,474 shares of Reliance common stock. This obligation will be satisfied by future contributions as allowed under the Internal Revenue Code and ERISA requirements.

**10. Earnings Per Share**

The Company calculates basic and diluted earnings per share as required by SFAS No. 128, *Earnings Per Share*. Basic earnings per share exclude any dilutive effects of options, warrants and convertible securities. Diluted earnings per share are calculated including the dilutive effects of warrants, options, and convertible securities, if any. The following table sets forth the computation of basic and diluted earnings per share:

	<b>Three Months Ended March 31,</b>	
	<b>2007</b>	<b>2006</b>
	<b>(In thousands, except per share amounts)</b>	
Numerator:

Earnings per share from continuing operations - diluted	\$ 1.46	\$ 1.07
Earnings per share from continuing operations - basic	\$ 1.47	\$ 1.08

The computations of earnings per share for the three months ended March 31, 2007 do not include 1,068,500 shares reserved for issuance upon exercise of stock options because their inclusion would have been anti-dilutive. There were no anti-dilutive shares reserved for issuance upon exercise of stock options for the three months ended March 31, 2006.

**11. Condensed Consolidating Financial Statements**

In November 2006, the Company issued senior unsecured notes in the aggregate principal amount of \$600,000,000 at fixed interest rates that are guaranteed by its wholly-owned domestic subsidiaries. The accompanying combined and consolidating financial information has been prepared and presented pursuant to Rule 3-10 of SEC Regulation S-X

Financial Statements of Guarantors and Issuers of Guaranteed Securities Registered or Being Registered. The guarantees are full and unconditional and joint and several obligations of each of the guarantor subsidiaries. There are no significant restrictions on the ability of the Company to obtain funds from any of the guarantor subsidiaries by dividends or loan. The supplemental consolidating financial information has been presented in lieu of separate financial statements of the guarantors as such separate financial statements are not considered meaningful. Certain prior year amounts have been adjusted to conform to current year presentation.

**2007 Acquisitions***Acquisition of Crest Steel Corporation*

On January 2, 2007, the Company purchased all of the outstanding capital stock of Crest Steel Corporation (Crest), a metals service center company headquartered in Carson, California with facilities in Riverside, California and Phoenix, Arizona. Crest now operates as a wholly-owned subsidiary of RSAC Management Corp. Crest was founded in 1963 and specializes in the processing and distribution of carbon steel products including flat-rolled, plate, bars and structurals. Crest's net sales for the year ended December 31, 2006 were approximately \$133 million.

*Acquisition of Industrial Metals and Surplus, Inc.*

Also, on January 2, 2007, the Company's wholly-owned subsidiary, Siskin Steel & Supply Company, Inc., purchased the outstanding capital stock of Industrial Metals and Surplus, Inc. (Industrial Metals), a metals service center company headquartered in Atlanta, Georgia and a related company, Athens Steel, Inc. located in Athens, Georgia. Industrial Metals was founded in 1978 and specializes in the processing and distribution of carbon steel structurals, flat-rolled and ornamental iron products. Industrial Metals now operates as a wholly-owned subsidiary of Siskin. Athens Steel was merged into Industrial Metals. Siskin's Georgia Steel Supply Company division located in Atlanta will be combined with the Industrial Metals operations. Net sales for Industrial Metals (including Athens Steel) for the year ended December 31, 2006 were approximately \$105 million.

*Acquisition of Encore Group*

As of February 1, 2007, the Company acquired the net assets and business of the Encore Group of metals service center companies (Encore Metals, Encore Metals (USA), Inc., Encore Coils, and Team Tube in Canada) headquartered in Edmonton, Alberta, Canada. Encore was organized in 2004 in connection with the buyout by management and a private equity fund managed by HSBC Capital (Canada) Inc. of certain former Corus CIC and Corus America businesses. Encore specializes in the processing and distribution of alloy and carbon bar and tube, as well as stainless steel sheet, plate and bar and carbon steel flat-rolled products, through its 17 facilities located mainly in Western Canada. The Company acquired the Encore Group assets through RSAC Canada Limited (now Encore

Group Limited), the Company's wholly-owned Canadian subsidiary, and RSAC Canada (Tube) ULC (now Team Tube Canada ULC), a subsidiary of RSAC Canada Limited. Encore Metals (USA), Inc. now operates as a wholly-owned subsidiary of Reliance. Encore Group's net sales for the year ended December 31, 2006 were approximately CDN\$259 million.

**2006 Acquisitions**

*Acquisition of Yarde Metals, Inc.*

On August 1, 2006 we acquired Yarde Metals, Inc. ( Yarde Metals ), a metals service center company headquartered in Southington, Connecticut. We paid \$100 million in cash and assumed approximately \$101 million of net debt for all of the outstanding common stock of Yarde Metals. Yarde Metals was founded in 1976 and specializes in the processing and distribution of stainless steel and aluminum plate, rod and bar products. Yarde Metals has additional metals service centers in Pelham, New Hampshire; East Hanover, New Jersey; Hauppauge, New York; High Point, North Carolina; Streetsboro, Ohio; and Limerick, Pennsylvania and a sales office in Ft. Lauderdale, Florida. Yarde's net sales for the five months ended December 31, 2006 were approximately \$182 million.

*Acquisition of Earle M. Jorgensen Company*

On April 3, 2006 we acquired Earle M. Jorgensen Company ( EMJ ), which was our first acquisition of a public company. EMJ, headquartered in Lynwood, California, is one of the largest distributors of metal products in North America with 40 service center facilities. The transaction was valued at approximately \$984 million, including the assumption of EMJ's net debt. We paid \$6.50 in cash and issued 0.1784 of a share of Reliance common stock for each share of EMJ common stock outstanding. This also was the first acquisition where we used our stock as consideration. EMJ's net sales for the nine months ended December 31, 2006 were approximately \$1.45 billion.

*Acquisition of Flat Rock Metal Processing L.L.C.*

On March 27, 2006, through Precision Strip, Inc. ( Precision Strip ), a wholly-owned subsidiary, we completed the acquisition of certain assets and business of Flat Rock Metal Processing, L.L.C. ( Flat Rock ). The Flat Rock toll processing business in Perrysburg, Ohio and Portage, Indiana are operated by Precision Strip.

*Acquisition of Everest Metals (Suzhou) Co., Ltd.*

In October 2005, we formed Reliance Pan Pacific Pte., Ltd. ( RPP ) with our joint venture partner Manufacturing Network Pte. Ltd. ( MNPL ). We own 70% of RPP and MNPL owns the remaining 30%. On March 1, 2006, RPP acquired 100% of the outstanding equity interest in Everest Metals (Suzhou) Co., Ltd. ( Everest Metals ), a metals service center company near Shanghai, People's Republic of China, from MNPL. Everest Metals was formed in 2001 and began processing and distributing primarily aluminum products to the electronics industry in 2002. Everest's net sales for the ten months ended December 31, 2006 were approximately \$6 million.

*Acquisition of the minority interest in American Steel, L.L.C.*

In January 2006, we purchased the remaining 49.5% of American Steel, L.L.C. ( American Steel ), from American Industries, Inc., the holder of the minority interest. As a result, effective January 3, 2006, we include 100% of American Steel's income in our financial results.

**Three Months Ended March 31, 2007 Compared to Three Months Ended March 31, 2006**

Our 2007 first quarter consolidated sales were a record \$1.84 billion, which includes a 50.2% increase in our tons sold and a 26.1% increase in our average selling price per ton sold compared to the 2006 first quarter (tons sold and average selling price per ton sold amounts exclude the sales of Precision Strip). Our 2006 and 2007 acquisitions were the primary factor in our increase in tons, especially our acquisitions of EMJ and Yarde Metals. These acquisitions also contributed to the increase in our average selling price per ton sold as our product mix shifted to higher percentages of aluminum, alloy and stainless steel products. The continued increases in stainless steel prices also contributed to the increase in our average selling price per ton sold.

**Table of Contents**

Same-store sales, which exclude the sales of our 2006 and 2007 acquisitions, were \$1.09 billion in the 2007 first quarter, up 10.1% from the 2006 first quarter, with a 0.9% increase in our tons sold and a 9.9% increase in our average selling price per ton sold. Again, the increase in our average selling price per ton sold was mainly due to increased pricing for stainless steel products.

Our 2007 first quarter gross profit was a record \$472.5 million. Our gross profit as a percentage of sales in the 2007 first quarter was 25.7% compared to 27.3% in the 2006 first quarter. Our gross profit margin was lower than the 2006 first quarter mainly because of competitive pressures in the market resulting from high inventory levels in the service center industry. We also saw generally lower margins for our aerospace products due to increased supply availability. Although the margins on our aerospace products are not as high as they were in the 2006 first quarter when supply was extremely tight, they are still at very healthy levels based on historical amounts.

In the 2007 first quarter, LIFO expense was \$18.75 million, or \$.15 earnings per diluted share, mainly because of continued cost increases for stainless steel products. We currently estimate our full year 2007 LIFO expense to be \$75 million based on our expectations of fluctuations in the various costs of the products that we sell as of December 31, 2007 compared to our beginning of year costs. In the 2006 first quarter we recorded LIFO expense of \$5.0 million, or \$.05 earnings per diluted share. LIFO expense is included in our cost of sales.

Our 2007 first quarter warehouse, delivery, selling, general and administrative ( S,G,&A ) expenses were 13.9% as a percentage of sales, consistent with the 2006 first quarter. Our increase in expense dollars of \$118.5 million was mainly due to our 2006 and 2007 acquisitions, along with general cost increases.

Operating profit in the 2007 first quarter was \$200.8 million, or 10.9%, compared to \$122.1 million, or 12.4%, in the 2006 first quarter. Our operating profit dollars increased because of our acquisitions, but our operating profit margin declined mainly due to our lower gross profit margins in the 2007 first quarter.

Interest expense increased \$14.4 million in the 2007 first quarter compared to the 2006 first quarter mainly due to our increased borrowings to fund our 2006 and 2007 acquisitions.

Our effective income tax rate for the 2007 first quarter was 37.5%, down from 38.5% in the 2006 first quarter. Our 2006 full year tax rate was 37.9%. The slight decrease from our 2006 full year rate was mainly due to our increased international earnings which are being taxed at lower rates and tax benefits from certain of our 2006 and 2007 acquisitions.

**Liquidity and Capital Resources**

At March 31, 2007, our working capital was \$1.26 billion, up from \$1.12 billion at December 31, 2006. The overall increase was primarily from the additional working capital of Crest, Encore, and IMS. Excluding the initial effect of acquisitions, the increase in working capital is mainly due to an increase in our accounts receivable of \$113.6 million and an increase in our inventory of \$61.3 million resulting from improved sales volume. This was offset by an increase in accounts payable and accrued expenses of \$118.3 million mainly because our working capital needs increased in the first quarter following our normal fourth quarter seasonal slowness and also due to the continued increase in stainless steel costs.

To manage our working capital, we focus on our days sales outstanding to monitor accounts receivable and on our inventory turnover rate to monitor our inventory levels, as receivables and inventory are our two most significant elements of working capital. As of March 31, 2007 our days sales outstanding were approximately 41 days, consistent with our 2006 year-end rate. (We calculate our days sales outstanding as an average of the most recent two-month period.) Our inventory turn rate during the 2007 first quarter was about 4.2 times (or 2.8 months on hand), down slightly from 4.4 times (or 2.7 months on hand) during 2006. Our 2006 and 2007 inventory turn rates were negatively impacted by our acquisitions of EMJ and Yarde Metals because they carry many products that do not typically turn at rates as high as many of our other products. Excluding EMJ and Yarde, our inventory turn rate was approximately 4.5 times during the 2007 first quarter compared to 4.9 times in 2006. As demand and pricing for our products increase or decrease, our working capital needs increase or decrease, respectively. We expect to finance increases in our working capital needs through operating cash flow or with borrowings on our syndicated credit facility.

**Table of Contents**

Our primary sources of liquidity are generally from internally generated funds from operations and our revolving line of credit. Cash flow provided by operations was \$70.8 million in 2007 compared to \$41.0 million in 2006. The most significant factor in the increase was our additional earnings from our 2006 and 2007 acquisitions.

Our outstanding debt (including capital lease obligations) at March 31, 2007 was \$1.3 billion, up from \$1.1 billion at December 31, 2006, mainly due to the financing of our 2007 acquisitions. At March 31, 2007, we had \$417 million borrowed on our \$1.1 billion revolving line of credit, which includes \$20 million to pay off private placement notes that matured in 2007. Our net debt-to-total capital ratio was 40.6% at March 31, 2007, up from our 2006 year-end rate of 37.6% (net debt-to-total capital is calculated as total debt, net of cash, divided by shareholders' equity plus total debt, net of cash). The increase was mainly due to the borrowings made to fund the 2007 acquisitions. On January 2, 2007 we funded our acquisitions of Crest and Industrial Metals with borrowings on our credit facility. On February 1, 2007, we borrowed additional funds under our credit facility for the purchase of the net assets and business of the Encore Group.

In the 2007 first quarter we used our borrowings and operating cash flow to fund our increased working capital needs, capital expenditures of approximately \$24.7 million and acquisitions of approximately \$217.3 million. Our March 31, 2007 financial statements include preliminary purchase price allocations for our 2007 acquisitions.

At March 31, 2007, we also had \$278 million of outstanding senior unsecured notes issued in private placements of debt and \$600 million of outstanding senior unsecured notes.

The \$278 million of outstanding private placement notes bear interest at an average fixed rate of 6.0% and have an average remaining life of 3.9 years, maturing from 2008 to 2013.

The \$600 million unsecured debt securities are comprised of two tranches, (a) \$350 million aggregate principal amount of senior unsecured notes bearing interest at the rate of 6.20% per annum, maturing on November 15, 2016 and (b) \$250 million aggregate principal amount of senior unsecured notes bearing interest at the rate of 6.85% per annum, maturing on November 15, 2036. In April 2007, these notes were exchanged for publicly traded notes registered with the Securities and Exchange Commission.

We also have two separate revolving credit facilities for operations in Canada with a combined credit limit of CDN\$35 million. There were no borrowings outstanding on these credit facilities at March 31, 2007 and December 31, 2006.

Our \$1.1 billion syndicated credit facility and our senior unsecured notes require that we maintain a minimum net worth and interest coverage ratio, and a maximum leverage ratio and include change of control provisions, among other things.

Proceeds from the issuance of common stock upon the exercise of stock options during the 2007 first quarter were \$5.3 million.

On May 17, 2006 our Board of Directors declared a two-for-one stock split, in the form of a 100% stock dividend on our common stock. The common stock split was effected by issuing one additional share of common stock for each share held by shareholders of record on July 5, 2006. The additional shares were distributed on July 19, 2006. On February 14, 2007, our Board of Directors declared a 33% increase in the regular quarterly cash dividend to \$.08 per share of common stock.

In May 2005, our Board of Directors amended and restated our stock repurchase program authorizing the repurchase of up to an additional 12.0 million shares of our common stock. Repurchased shares are treated as authorized but unissued shares. As of March 31, 2007, and prior to the additional authorization in May 2005, we had repurchased a total of 11.0 million shares of our common stock under this plan, at an average cost of \$7.47 per share. We have not repurchased any shares of our common stock since 2000. We believe such purchases, given appropriate circumstances, enhance shareholder value and reflect our confidence in the long-term growth potential of our Company.

**Table of Contents**

Capital expenditures were \$24.7 million for the three months ended March 31, 2007 compared to \$26.1 million during the same prior year period. We have budgeted approximately \$130 million for our 2007 capital expenditures, excluding acquisitions. Our 2007 budget includes several growth initiatives to expand or relocate existing facilities and to add or upgrade equipment. We had no material changes in commitments for capital expenditures, operating lease obligations or purchase obligations as of March 31, 2007, as compared to those disclosed in our table of contractual obligations included in our Annual Report on Form 10-K for the year ended December 31, 2006, except the 2007 acquisitions discussed above. We anticipate that funds generated from operations and funds available under our \$1.1 billion credit facility will be sufficient to meet our working capital, capital expenditure and senior debt repayment needs in the near term. We also anticipate that we will be able to fund acquisitions with borrowings under our line of credit.

**Inflation**

Our operations have not been, and we do not expect them to be, materially affected by general inflation. Historically, we have been successful in adjusting prices to our customers to reflect changes in metal prices.

**Seasonality**

Some of our customers may be in seasonal businesses, especially customers in the construction industry. As a result of our geographic, product and customer diversity, however, our operations have not shown any material seasonal trends except that revenues in the months of July, November and December traditionally have been lower than in other months because of a reduced number of working days for shipments of our products, resulting from vacation and holiday closures at some of our customers. We cannot assure you that period-to-period fluctuations will not occur in the future. Results of any one or more quarters are therefore not necessarily indicative of annual results.

**Goodwill**

Goodwill, which represents the excess of cost over the fair value of net assets acquired, amounted to \$932.3 million at March 31, 2007, or approximately 22.9% of total assets or 50.0% of consolidated shareholders' equity. Under Statement of Financial Accounting Standards (SFAS or Statement) No. 142, *Goodwill and Other Intangible Assets*, goodwill deemed to have indefinite lives is no longer amortized but is subject to annual impairment tests in accordance with the Statement. Our annual impairment tests of goodwill were performed as of November 1, 2006 and it was determined that the recorded amounts for goodwill are recoverable and that no impairment existed. We are not aware of any significant events or changes that would affect the recoverability of those amounts as of March 31, 2007.

**Critical Accounting Policies**

Management's Discussion and Analysis of Financial Condition and Results of Operations discusses our unaudited Consolidated Financial Statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. When we prepare these financial statements, we are required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, we evaluate our estimates and judgments, including those related to accounts receivable, inventories, deferred tax assets, goodwill and intangible assets and long-lived assets. We base our estimates and judgments on historical experience and on various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for our judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

For further information regarding the accounting policies that we believe to be critical accounting policies and that affect our more significant judgments and estimates used in preparing our consolidated financial statements see our December 31, 2006 Annual Report on Form 10-K. We do not believe that any of our acquisitions completed during 2007 or new accounting standards implemented during 2007 changed our critical accounting policies.

**Item 3. Quantitative And Qualitative Disclosures About Market Risk**

In the ordinary course of business, we are exposed to various market risk factors, including fluctuations in interest rates, changes in general economic conditions, domestic and foreign competition, foreign currency exchange rates, and metals pricing and availability. Please refer to Item 7A Quantitative and Qualitative Disclosures About Market Risk, contained in the Company's December 31, 2006 Annual Report on Form 10-K for further discussion on quantitative and qualitative disclosures about market risk.

**Item 4. Controls And Procedures**

Under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, the Company carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to and as defined in Rule 13a-15(e) or 15d-15(e) under the Securities Act of 1934, as amended. Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that, as of the end of the period covered in this report, the Company's disclosure controls and procedures are effective. There have been no changes in the Company's internal control over financial reporting during the quarter ended March 31, 2007, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

*This Form 10-Q may contain forward-looking statements relating to future financial results. Actual results may differ materially as a result of factors over which Reliance Steel & Aluminum Co. has no control. These risk factors and additional information are included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006.*
