Table of Contents**NOTES TO CONDENSED FINANCIAL STATEMENTS**

Note 1 The information shown with respect to the three months ended May 31, 2007 and 2006, which is unaudited, includes all adjustments which in the opinion of Management are considered to be necessary for a fair presentation of earnings for such periods. The adjustments reflected in the financial statements represent normal recurring adjustments. The results of operations for the three months ended May 31, 2007 and 2006, respectively, are not necessarily indicative of the results to be expected at year end due to seasonality of the product sales.

These financial statements and notes are prepared pursuant to the rules and regulations of the Securities and Exchange Commission for interim reporting and should be read in conjunction with the Financial Statements and accompanying notes contained in our Annual Report to Shareholders for the Fiscal Year ended February 28, 2007.

Note 2 Effective June 30, 2007 we signed a Ninth Amendment to the Credit and Security Agreement with Arvest Bank which provided a \$5,000,000 line of credit through June 30, 2008. Interest is payable monthly at the Wall Street Journal prime-floating rate minus 0.75% (7.25% at May 31, 2007) and borrowings are collateralized by substantially all the assets of the Company. At May 31, 2007 the Company had no debt outstanding under this agreement. Available credit under the revolving credit agreement was \$5,000,000 at May 31, 2007. No borrowings were outstanding under the agreement during the first quarter ended May 31, 2007.

This agreement also contains a provision for our use of the Bank's letters of credit. The Bank agrees to issue, or obtain issuance of commercial or standby letters of credit provided that no letters of credit will have an expiry date later than June 30, 2008 and that the sum of the line of credit plus the letters of credit would not exceed the borrowing base in effect at the time.

Note 3 Inventories consist of the following:

	2007	
	May 31.	February 28,
Current:		
Book inventory	\$ 11,534,100	\$ 12,421,400
Inventory valuation allowance	(35,000)	(33,400)
Inventories net current	\$ 11,499,100	\$ 12,388,000
Noncurrent:		
Book inventory	\$ 808,000	\$ 808,000
Inventory valuation allowance	(325,000)	(348,900)
Inventories net noncurrent	\$ 483,000	\$ 459,100

We occasionally purchase book inventory in quantities in excess of what will be sold within the normal operating cycle due to minimum order requirements of our primary supplier. These amounts are included in non-current inventory.

Significant portions of our inventory purchases are concentrated with an England-based publishing company. Purchases from this company were approximately \$1.7 million and \$1.8 million the three months ended May 31, 2007 and 2006, respectively. Total inventory purchases from all suppliers were approximately \$1.7 million and \$2.0 million for the three months ended May 31, 2007 and 2006, respectively.

Note 4 Basic earnings per share (EPS) is computed by dividing net earnings by the weighted average number of common shares outstanding during the period. Diluted EPS is based on the combined weighted average number of common shares outstanding and dilutive potential common shares issuable which include, where appropriate, the assumed exercise of options. In computing diluted EPS we have utilized the treasury stock method.

Table of Contents

The computation of weighted average common and common equivalent shares used in the calculation of basic and diluted earnings per share (EPS) is shown below.

Earnings Per Share:

	Three Months Ended May 31,	
	2007	2006
Net earnings applicable to common shareholders	\$ 585,300	\$ 696,600

Shares:

Weighted average shares outstanding basic	3,760,101	3,756,461
Assumed exercise of options	118,874	130,478

Weighted average shares outstanding diluted	3,878,975	3,886,939
--	-----------	-----------

Basic Earnings Per Share	\$ 0.16	\$ 0.19
---------------------------------	---------	---------

Diluted Earnings Per Share	\$ 0.15	\$ 0.18
-----------------------------------	---------	---------

In April 2004, our Board of Directors authorized us to purchase up to 500,000 additional shares of our common stock under a plan initiated in 1998. This plan has no expiration date. During the first quarter of fiscal year 2008, we did not repurchase any share of common stock. The maximum number of shares that may be repurchased in the future is 146,939.

Note 5 We account for stock-based compensation whereby share-based payment transactions with employees, such as stock options and restricted stock, are measured at estimated fair value at date of grant and recognized as compensation expense over the vesting period.

Note 6 Freight costs and handling costs incurred are included in operating & selling expenses and were \$593,400 and \$559,000 for the three months ended May 31, 2007 and 2006, respectively.

Note 7 We have two reportable segments: Publishing and Usborne Books at Home (UBAH). These reportable segments are business units that offer different methods of distribution to different types of customers. They are managed separately based on the fundamental differences in their operations. The Publishing Division markets its products to retail accounts, which include book, school supply, toy and gift stores and museums, through commissioned sales representatives, trade and specialty wholesalers and an internal telesales group. The UBAH Division markets its product line through a network of independent sales consultants through a combination of direct sales, home shows, book fairs and the Internet.

The accounting policies of the segments are the same as those of the rest of the company. We evaluate segment performance based on earnings (loss) before income taxes of the segments, which is defined as segment net sales reduced by direct cost of sales and direct expenses. Corporate expenses, depreciation, interest expense and income taxes are not allocated to the segments, but are listed in the other column. Corporate expenses include the executive department, accounting department, information services department, general office management and building facilities management. Our assets and liabilities are not allocated on a segment basis.

Information by industry segment for the three months ended May 31, 2007 and 2006 follows:

	Publishing	UBAH	Other	Total
2007				

Edgar Filing: EDUCATIONAL DEVELOPMENT CORP - Form 10-Q

Net revenues	\$2,031,400	\$5,575,000	\$	\$7,606,400
Earnings (loss) before income taxes	615,100	1,204,000	(881,300)	\$ 937,800

2006

Net revenues	\$2,071,200	\$6,035,800	\$	\$8,107,000
Earnings (loss) before income taxes	658,400	1,325,100	(893,000)	\$1,090,500

Note 8 The Financial Accounting Standards Board (FASB) periodically issues new accounting standards in a continuing effort to improve standards of financial accounting and reporting. We have reviewed the recently issued pronouncements and concluded that the following new accounting standards are applicable to us.

In February 2006, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 155 Accounting for Certain Hybrid Financial Instruments amending SFAS No. 133 and SFAS No. 140. SFAS No. 155 eliminates the exemption from applying SFAS No. 133 to securitized financial assets. The provisions of SFAS No. 155 are to be applied to financial instruments issued or acquired during fiscal periods beginning after September 15, 2006. The adoption of SFAS No. 155 did not have a material impact on our financial position or results of operations.

FASB Interpretation No. 48 Accounting for Uncertainty in Income Taxes (FIN 48) was issued in June 2006. It clarifies recognition and derecognition criteria for tax positions taken in a return that may be subject to challenge upon audit. If it is more likely than not, that the tax position will be sustained upon examination, the benefit is to be recognized in the financial statements. Conversely, if the position is less likely than not to be sustained, the benefit should not be recognized. The recognition/derecognition decision should be reflected in the first interim period when the status changes and not deferred to a future settlement upon audit. General tax reserves to cover aggressive positions taken in filed returns are no longer allowable. Each issue must be judged on its own merits and a recognition/derecognition decision recorded in the financial statements. FIN 48 is effective for fiscal years beginning after December 15, 2006. This Interpretation did not have a material effect on our financial position or results of operations in future periods.

In September 2006, the FASB issued SFAS No. 157 Fair Value Measurements which amends and puts in one place guidance on the use of fair value measurements which had been spread through four APB Opinions and 37 FASB Standards. No extensions of the use of fair value measurements are contained in this new pronouncement, and with some special industry exceptions (e.g., broker-dealers), no significant changes in practice should ensue. The standard is to be applied to financial statements beginning after November 15, 2007. The adoption of SFAS No. 157 is not expected to have a material impact on our financial position or results of operations.

In February 2007, the FASB issued SFAS No. 159 Fair Value Option for Financial Assets and Financial Liabilities including an amendment of FASB Statement No. 115 . This standard permits the use of fair value measurement of financial assets and liabilities in the balance sheet with the net change in fair value recognized in periodic net income. The Standard is effective for fiscal years beginning after November 15, 2007. The adoption of this standard is not expected to have a material effect on our financial position or results of operations.

Table of Contents**ITEM 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS****Factors Affecting Forward Looking Statements**

MD&A contains statements that are forward-looking and include numerous risks which you should carefully consider. Additional risks and uncertainties may also materially and adversely affect our business. You should read the following discussion in connection with our consolidated financial statements, including the notes to those statements, included in this document. Our fiscal years end on February 28.

Overview

We operate two separate divisions, Publishing and Usborne Books at Home (UBAH), to sell the Usborne line of children's books. These two divisions each have their own customer base. The Publishing Division markets its products on a wholesale basis to various retail accounts. The UBAH Division markets its products to individual consumers as well as school and public libraries.

The following table shows consolidated statement of income data as a percentage of total revenues.

Earnings as a Percent of Total Revenues
For the quarter ended May 31,

	2007	2006
Net revenues	100.0%	100.0%
Cost of sales	35.6%	35.5%
Gross margin	64.4%	64.5%
Operating expenses:		
Operating & selling	24.1%	22.7%
Sales commissions	22.8%	23.1%
General & administrative	5.4%	5.3%
Interest	0.0%	0.0%
Total operating expenses	52.3%	51.1%
Income from Operations	12.2%	13.4%
Other income	0.2%	0.0%
Earnings before income taxes	12.3%	13.4%
Income taxes	4.6%	4.8%
Net earnings	7.7%	8.6%

Operating Results for the Three Months Ended May 31, 2007

We earned income before income taxes of \$937,800 for the three months ended May 31, 2007 compared with \$1,090,500 for the three months ended May 31, 2006.

Revenues

	For the Three Months Ended May			%
	2007	2006	\$ Increase/ (decrease)	Increase/ (decrease)
Gross sales	\$ 10,136,100	\$ 10,743,400	\$ (607,300)	(5.7)%
Less discounts & allowances	(2,905,600)	(3,041,600)	136,000	(4.5)%
Transportation revenue	375,900	405,200	(29,300)	(7.2)%

Edgar Filing: EDUCATIONAL DEVELOPMENT CORP - Form 10-Q

Net revenues	\$ 7,606,400	\$ 8,107,000	\$ (500,600)	(6.2)%
--------------	--------------	--------------	--------------	--------

The UBAH Division's gross sales decreased 8.1% or \$521,800 during the three month period ending May 31, 2007 when compared with the same quarterly period a year ago. This decrease consists of a 12% decrease in home party sales, a 5% decrease in direct sales and a 7% decrease in school and library sales, offset by a 29% increase in Internet sales. The decline in home party sales is attributed primarily to a 7% decline in the total number of home shows held and a \$10 decrease in average per order sales. The decline in home party sales and direct sales occurred as more consultants replaced these with Internet orders. The decline in school and library sales is due to the decline in funding received by the schools.

Table of Contents

The Publishing Division's gross sales decreased 1.8% or \$79,500 during the three month period ending May 31, 2007 when compared with the same quarterly period a year ago. We attribute this to a 41.3% increase in sales to the smaller books stores, offset by a 31.3% decrease in sales to the national chains and a 20.1% increase in sales to other accounts.

The UBAH Division's discounts and allowances were \$706,200 and \$795,500 for the quarterly periods ended May 31, 2007 and 2006, respectively. The UBAH Division is a multi-level selling organization that markets its products through independent sales representatives (consultants). Sales are made to individual purchasers and school and public libraries. Most sales in the UBAH Division are at retail. As a part of the UBAH Division's marketing programs, discounts between 40% and 50% of retail are offered on selected items at various times throughout the year. The discounts and allowances in the UBAH Division will vary from year to year depending upon the marketing programs in place during any given year. The UBAH Division's discounts and allowances were 11.9% of UBAH's gross sales for the quarterly period ended May 31, 2007 and 12.4% for the quarterly period ended May 31, 2006.

The Publishing Division's discounts and allowances are a much larger percentage of gross sales than discounts and allowances in the UBAH Division due to the different customer markets that each division targets. The Publishing Division's discounts and allowances were \$2,199,500 and \$2,246,000 for the quarterly periods ended May 31, 2007 and 2006, respectively. The Publishing Division sells to retail book chains, regional and local bookstores, toy and gift stores, school supply stores and museums. To be competitive with other wholesale book distributors, the Publishing Division sells at discounts between 48% and 55% of the retail price, based upon the quantity of books ordered and the dollar amount of the order. The Publishing Division's discounts and allowances were 52.0% of Publishing's gross sales for the quarterly period ended May 31, 2007 and 52.1% for the quarterly period ended May 31, 2006.

The decrease in transportation revenues for the three months ended May 31, 2007 proportionate to the decrease in sales for the period.

Expenses

	For Three Months Ended May 31,			%
	2007	2006	\$ Increase/ (decrease)	Increase/ (decrease)
Cost of sales	2,706,500	\$ 2,879,400	\$ (172,900)	(6.0%)
Operating & selling	1,835,900	1,841,700	(5,800)	(0.3%)
Sales commissions	1,730,600	1,873,200	(142,600)	(7.6%)
General & administrative	408,800	425,000	(16,200)	(3.8%)
Interest		2,700	(2,700)	(100%)
Total	\$ 6,681,800	\$ 7,022,000	\$ (340,200)	(4.8%)

Cost of sales decreased 6.0% for the three months ended May 31, 2007, consistent with the decrease in sales for the quarter. Cost of sales as a percentage of gross sales was 26.7% for the three months ended May 31, 2007 and for the three months ended May 31, 2006 was 26.8%. Cost of sales is the inventory cost of the product sold, which includes the cost of the product itself and inbound freight charges. Purchasing and receiving costs, inspection costs, warehousing costs, and other costs of our distribution network are included in operating and selling expenses. These costs totaled \$293,100 in the quarter ended May 31, 2007 and \$290,700 in the quarter ended May 31, 2006. Readers should be cautious when comparing our gross margins with the gross margins of other companies, since some companies include the costs of their distribution networks in cost of sales.

In addition to costs associated with our distribution network (noted above), operating and selling costs include expenses of the Publishing Division, the UBAH Division and the order entry and customer service functions. Operating and selling expenses decreased because of a \$4,400 decrease in the estimated costs of the travel contests held by the UBAH

Table of Contents

Division and a decrease in sales incentives offered by the UBAH Division totaling \$7,400. These increases were offset by a \$9,100 increase in postage and freight. Advertising costs in the Publishing Division decreased \$42,400 as we did not participate in cooperative advertising programs with the major book chains that we participated in last year. This decrease was partially offset by an increase in postage and freight of \$32,600 due to higher fuel costs and free shipping specials offered during the quarter. Operating and selling expenses as a percentage of gross sales were 18.1% for the quarter ended May 31, 2007 and 17.1% for the quarter ended May 31, 2006.

Sales commissions in the Publishing Division increased 25.3% to \$35,000 for the three months ended May 31, 2007. Publishing Division sales commissions are paid on net sales and were 1.7% of net sales for the three months ended May 31, 2007 and 1.4% of net sales for the three months ended May 31, 2006. Sales commissions in the Publishing Division will fluctuate depending upon the amount of sales made to our house accounts, which are the Publishing Division's largest customers and do not have any commission expense associated with them, and sales made by our outside sales representatives.

Sales commissions in the UBAH Division decreased 8.1% to \$1,695,600 for the three months ended May 31, 2007, the direct result of decreased sales from home shows and school and library sales in this division. UBAH Division sales commissions are paid on retail sales and were 32.6% of retail sales for the three months ended May 31, 2007 and 34.6% of retail sales for the three months ended May 31, 2006. The fluctuation in the percentages of commission expense to retail sales is the result of the type of sale. Home shows, book fairs, school and library sales and direct sales have different commission rates. Also contributing to the fluctuations in the percentages is the payment of overrides and bonuses, both dependent on consultants' monthly sales and downline sales.

Our effective tax rate was 36.2% and 36.1% for the quarterly periods ended May 31, 2007 and 2006, respectively. These rates are higher than the federal statutory rate due to state income taxes.

Liquidity and Capital Resources

Our primary source of cash is operating cash flow. Our primary uses of cash are to purchase property and equipment and pay dividends. We utilize our bank credit facility to meet our short-term cash needs when necessary.

Our Board of Directors has adopted a stock repurchase plan in which we may purchase up to 2,500,000 shares as market conditions warrant. Management believes the stock is undervalued and when stock becomes available at an attractive price, we will utilize free cash flow to repurchase shares. Management believes this enhances the value to the remaining stockholders and that these repurchases will have no adverse effect on our short-term and long-term liquidity. We did not repurchase any shares during the quarter ended May 31, 2007.

We have a history of profitability and positive cash flow. We can sustain planned growth levels with minimal capital requirements. Consequently, cash generated from operations is used to liquidate any existing debt and then to repurchase shares outstanding or capital distributions through dividends.

Our primary source of liquidity is cash generated from operations. During the first three months of fiscal year 2008 we experienced a positive cash flow from operating activities of \$436,400. Cash flow from operating activities was increased primarily by a decline in inventory of \$865,000 and an increase in income taxes payable of \$198,900. Offsetting this was a decrease in accounts payable and accrued expenses of \$1,163,300. Fluctuations in inventory involve the timing of shipments received from our principal supplier. We believe that the inventory levels are at an adequate level to meet sales requirements and do not foresee increasing inventory significantly during fiscal year 2008. Fluctuations in accounts payable and accrued expenses involve timing of shipments received from our principal supplier and the payments associated with these shipments.

We believe that in fiscal year 2008 we will experience a positive cash flow and that this positive cash flow along with the bank credit facility will be adequate to meet its liquidity requirements for the foreseeable future.

Cash used in investing activities during the quarter ended May 31, 2007 was \$101,600 to replace our office and warehouse building roof and purchase PC equipment. We estimate that total cash used in investing activities for fiscal year 2008 will be less than \$250,000. This would consist of software and hardware enhancements to our existing data processing equipment, property improvements and additional warehouse equipment.

Cash used in financing activities was \$757,400, comprised of \$68,600 received from the sale of treasury stock and payment of \$826,000 in cash dividends.

Table of Contents

As of May 31, 2007 we did not have any commitments in excess of one year.

Bank Credit Agreement

Effective June 30, 2007 we signed an Ninth Amendment to the Credit and Security Agreement with Arvest Bank which provided a \$5,000,000 line of credit through June 30, 2008. Interest is payable monthly at the Wall Street Journal prime-floating rate minus 0.75% (7.25% at May 31, 2007) and borrowings are collateralized by substantially all of our assets. At May 31, 2007 we had no debt outstanding under this agreement. Available credit under the revolving credit agreement was \$5,000,000 at May 31, 2007. No borrowings were outstanding under the agreement during the first quarter ended May 31, 2007.

This agreement also contains a provision for our use of the Bank's letters of credit. The Bank agrees to issue, or obtain issuance of commercial or standby letters of credit provided that no letters of credit will have an expiry date later than June 30, 2008 and that the sum of the line of credit plus the letters of credit would not exceed the borrowing base in effect at the time.

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an on-going basis, we evaluate our estimates, including those related to our valuation of inventory, allowance for uncollectible accounts receivable, allowance for sales returns, long-lived assets and deferred income taxes. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources.

Actual results may materially differ from these estimates under different assumptions or conditions. Historically, however, actual results have not differed materially from those determined using required estimates. Our significant accounting policies are described in the notes accompanying the financial statements included elsewhere in this report. However, we consider the following accounting policies to be more significantly dependent on the use of estimates and assumptions.

Revenue Recognition

Sales are recognized and recorded when products are shipped. Products are shipped FOB shipping point. The UBAH Division's sales are paid before the product is shipped. These sales accounted for 72% of net revenues for the quarter ended May 31, 2007 and 74% for the quarter ended May 31, 2006. The provisions of the SEC Staff Accounting Bulletin No.104, Revenue Recognition in Financial Statements, have been applied, and as a result, a reserve is provided for estimated future sales returns.

Our sales return policy allows the customer to return all purchases for an exchange or refund for up to 30 days after the customer receives the item. Estimated allowances for sales returns are recorded as sales are recognized and recorded. Management uses a moving average calculation to estimate the allowance for sales returns. We are not responsible for product damaged in transit. Damaged returns are primarily from the retail stores. The damages occur in the stores, not in shipping to the stores. It is industry practice to accept returns from wholesale customers. Transportation revenue, the amount billed to the customer for shipping the product, is recorded when products are shipped. Management has estimated and included a reserve for sales returns of \$84,000 as of May 31, 2007 and \$78,000 as of February 28, 2007.

Allowance for Doubtful Accounts

We maintain an allowance for estimated losses resulting from the inability of our customers to make required payments. An estimate of uncollectable amounts is made by management based upon historical bad debts, current customer receivable balances, age of customer receivable balances, the customer's financial condition and current economic trends. If the actual uncollected amounts significantly exceed the estimated allowance, then our operating results would be significantly adversely affected. Management has estimated and included an allowance for doubtful accounts of \$72,500 and \$81,000 as of May 31, 2007 and February 28, 2007, respectively.

Table of Contents

Inventory

Management continually estimates and calculates the amount of non-current inventory. Non-current inventory arises due to occasionally purchasing book inventory in quantities in excess of what will be sold within the normal operating cycle due to minimum order requirements of our primary supplier. Non-current inventory was estimated by management using the current year turnover ratio by title. All inventory in excess of 2 1/2 years of anticipated sales was classified as noncurrent inventory. Noncurrent inventory balances, before valuation allowance, were \$808,000 at both May 31, 2007 and February 28, 2007.

Inventories are presented net of a valuation allowance. Management has estimated and included a valuation allowance for both current and noncurrent inventory. This reserve is based on management's identification of slow moving inventory on hand at May 31, 2007 and February 28, 2007. Management has estimated a valuation allowance for both current and noncurrent inventory of \$360,000 and \$382,200 as of May 31, 2007 and February 28, 2007, respectively.

Stock- Based Compensation

We account for stock-based compensation whereby share-based payment transactions with employees, such as stock options and restricted stock, are measured at estimated fair value at date of grant and recognized as compensation expense over the vesting period.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We do not have any material market risk.

Item 4 CONTROLS AND PROCEDURES

An evaluation was performed of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(e) and 15d-15(e) as of February 28, 2007. This evaluation was conducted under the supervision and with the participation of our management, including our Chief Executive Officer and our Controller/Corporate Secretary (Principal Financial and Accounting Officer).

Based on that evaluation, these officers concluded that our disclosure controls and procedures were effective to ensure that information required to be disclosed in reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported in accordance within the time periods specified in Securities and Exchange Commission rules and forms. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

During the fiscal quarter covered by this report on Form 10-Q, there have been no changes in our internal control over financial reporting that have materially affected or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents**PART II OTHER INFORMATION****Item 1A RISK FACTORS**

No material changes occurred in the risk factors discussed in our Fiscal Year 2007 Form 10-K.

Item 2 UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table shows repurchases of our Common Stock during the first quarter ended May 31, 2007.

ISSUER PURCHASES OF EQUITY SECURITIES

		(a) Total Number of Shares (or Units) Purchased (1)	(b) Average Price Paid per Share (or Unit)	(c) Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs (2)	(d) Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet Be Purchased Under the Plans or Programs
Period					
March 1, 2007	March 31, 2007				146,939
April 1, 2007	April 30, 2007				146,939
May 1, 2007	May 31, 2007				146,939

Total

(1) All of the shares of common stock set forth in this column (a) were purchased pursuant to a publicly announced plan as described in footnote 2 below.

(2) In April 2004 the Board of Directors authorized us to purchase up to an additional 500,000 shares

of our common
stock under a
repurchase plan.
Pursuant to the
plan, we may
purchase a total
of 2,500,000
shares of our
common stock
until 2,500,000
shares have
been
repurchased.

- (3) There is no
expiration date
for the
repurchase plan.

Item 5 OTHER INFORMATION

None.
