PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

May 9, 2006

This Proxy Statement is being sent to stockholders on or about April 10, 2006, in connection with the solicitation of the accompanying proxy by the Board of Directors of the Company. Only stockholders of record at the close of business on March 31, 2006, are entitled to notice of and to vote at the meeting. The Company has retained Morrow & Co., Inc., a firm specializing in the solicitation of proxies, to assist in the solicitation at a fee estimated to be \$6,000 plus expenses. Officers of the Company may make additional solicitations in person or by telephone. Expenses incurred in the solicitation of proxies will be borne by the Company. If the accompanying form of proxy is executed and returned in time or you vote your shares by telephone or via the Internet as set forth in the enclosed proxy, the shares represented thereby will be voted. A proxy may be revoked at any time prior to its voting by execution of a later dated proxy or by voting in person at the annual meeting.

As of March 31, 2006, the Company had outstanding 8,974,841 shares of the Company's Common Stock (the "Common Stock") and such shares are the only shares entitled to vote at the annual meeting. Each holder of Common Stock is entitled to one vote per share on all matters to come before the meeting. For purposes of the meeting, a quorum means a majority of the outstanding shares. In determining whether a quorum exists, all shares represented in person or by proxy will be counted.

Directors will be elected by a plurality of the votes cast at the meeting by the holders of shares represented in person or by proxy. It is intended that the named proxies will vote in favor of the election of directors of the nominees listed below, except as otherwise indicated on the proxy form. If any nominee should become unavailable for election as a director (which is not contemplated), the proxies will have discretionary authority to vote for a substitute. In the absence of a specific direction from the stockholders, proxies will be voted for the election of all named director nominees. The ratification of Ernst & Young LLP as the Company's independent registered public accounting firm requires the approval of the affirmative vote of a majority of the shares of common stock present or represented by proxy and voting at the meeting. A properly executed proxy card marked "Abstain" with respect to this proposal will constitute a vote against this proposal.

Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting. Broker non-votes will not affect the determination of the outcome of the vote on the election of directors or the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm. A broker non-vote occurs when a broker holding shares registered in street name is permitted to vote, in the broker's discretion, on routine matters without receiving instructions from the client, but is not permitted to vote without instructions on non-routine matters, and the broker returns a proxy card

Table of Contents

with no vote on the non-routine matter. Under the rules and regulations of the primary trading markets applicable to most brokers, the election of directors and the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm are a routine matters on which a broker has the discretion to vote if instructions are not received from the client in a timely manner.

Proposal 1: Election of Directors

Stockholders are entitled to cumulative voting in the election of directors. Under cumulative voting, each stockholder is entitled to that number of votes equal to the number of directors to be elected, multiplied by the number of shares such stockholder owns, and such stockholder may cast its votes for one nominee or distribute them in any manner it chooses among any number of nominees. Unless otherwise indicated on the proxy card, votes may, in the discretion of the proxies, be equally or unequally allocated among the nominees named below. Directors will be elected by a plurality of the votes cast at the meeting by the holders of shares represented in person or by proxy. Thus, assuming a quorum is present, the three persons receiving the greatest number of votes will be elected as directors and votes that are withheld will have no effect.

The By-Laws of the Company provide that the Board of Directors shall consist of such number of members, between five and nine, as the Board of Directors determines from time to time. The size of the Board of Directors is currently set at nine members. The Board of Directors is divided into three classes, with one class being elected each year for a three-year term. At the annual meeting, three directors are to be elected to serve until 2009 and until their successors are elected and qualified. The Board of Directors has nominated and recommends to the stockholders James T. Brophy, Thomas S. Postek and Mitchell H. Saranow to serve until the 2009 annual meeting of directors and until such time as their respective successors are duly elected and qualified. Mr. Postek was initially recommended to the Nominating and Governance Committee by the Company's Chief Executive Officer.

You must submit the nominee's consent to be elected and to serve. The Nominating and Governance Committee may require any nominee to furnish any other information, within reason, that may be needed to determine the eligibility of the nominee. The Nominating and Governance Committee will follow procedures which the committee deems reasonable and appropriate in the identification of candidates for election to the Board of Directors and evaluating the background and qualifications of those candidates. Those processes include consideration of nominees suggested by an outside search firm, by incumbent Board of Directors members and by stockholders. The committee will seek candidates having experience and abilities relevant to serving as a director of the Company and who represent the best interests of stockholders as a whole and not any specific interest group or constituency. The committee will consider a candidate's qualifications and background, including, but not limited to responsibility for operating a public company or a division of a public company, international business experience, a candidate's technical background or professional qualifications and other public company Boards of Directors on which the candidate is a director. The committee will also consider whether the candidate would be independent for purposes of the Nasdaq National Market and the rules and regulations of the Securities and Exchange Commission. The committee may from time to time engage the service of a professional search firm to identify and evaluate potential nominees.

Report of the Audit Committee of the Board of Directors

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors in 2004 include providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent auditors and management to review accounting, auditing, internal controls, and financial reporting matters. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent auditors.

With regard to the 2005 audit, the Audit Committee discussed with the Company's independent auditors the scope, extent and procedures for their audits. Following the completion of the audit, the Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, the cooperation received by the auditors during the audit examination, their evaluation of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting.

The Audit Committee reviewed and discussed the audited financial statements included in the 2005 Annual Report on Form 10-K with management. Management has confirmed to us that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and (ii) have been prepared in conformity with accounting principles generally accepted in the United States.

We have discussed with Ernst & Young LLP, our independent auditors, the matters required to be discussed by SAS 61 (Communications with Audit Committee). SAS 61 requires our independent auditors to provide us with additional information regarding the scope and results of their audit of the Company's financial statements with respect to (i) their responsibility under auditing standards generally accepted in the United States, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

We have received from Ernst & Young LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) with respect to any relationships between Ernst & Young LLP and the Company that in its professional judgment may reasonably be thought to bear on independence. Ernst & Young LLP has discussed its independence with us. Ernst & Young LLP confirmed in its letter, that in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2005 Annual Report on Form 10-K, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K.

Table of Contents

The Audit Committee has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2006, and the Board of Directors has concurred with such selection.

The Audit Committee also reviewed management's process designed to achieve compliance with Section 404 of the Sarbanes-Oxley Act of 2002 and received periodic updates regarding management's progress.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States. That is the responsibility of management and the Company's independent auditors. In giving our recommendation to the Board of Directors, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and (ii) the report of the Company's independent auditors with respect to such financial statements.

Report of the Compensation Committee of the Board of Directors

Overview

The objectives of the Compensation Committee in establishing executive compensation are to provide compensation that will both attract and retain superior talent and align the interests of the Company's executive officers with the financial success of the Company. The criteria used to determine the compensation of the Chief Executive Officer are also used in determining compensation for the other executive officers.

Section 162(m) of the Internal Revenue Code limits the deductibility of certain items of compensation paid to the Chief Executive Officer and other executive officers to \$1 million annually. The Committee does not expect that Section 162(m) will limit the deductibility of compensation expected to be paid by the Company in the foreseeable future. In the event the proposed compensation for any of the Company's executive officers is expected to exceed the \$1 million limitation, the Committee will balance the benefits of tax deductibility with its responsibility to hire, retain and motivate executive officers with competitive compensation programs.

Executive Officer Compensation Program

The Company's executive officer compensation program is comprised of base salary, short-term incentive compensation, long-term incentive compensation (in the form of stock options, stock appreciation rights and a Long-Term Capital Accumulation Plan) and various benefits, including medical and profit sharing plans, generally available to employees of the Company.

Executive Officer Base Salary. Base salary for the executive officers, other than the Chief Executive Officer, was set pursuant to employment agreements described elsewhere in this Proxy Statement or by the Chief Executive Officer with the consent of the Compensation Committee. In setting these compensation levels, the Compensation Committee considered a variety of factors, including competitive market levels, levels of responsibility, and the unique abilities and individual experience and performance of each officer. In addition, certain of the employment agreements provide for discretionary increases in base salary. Generally, these salary increases are determined annually by the Chief Executive Officer with the consent of the Compensation Committee based on performance and general market factors.

Chief Executive Officer Compensation. In setting Mr. Washlow's compensation for 2005, the Compensation Committee considered a variety of factors, including competitive market levels, his level of responsibility and his unique ability and individual experience and performance. In addition, the Compensation Committee was also advised by an independent compensation consultant retained by the Compensation Committee. Mr. Washlow's base salary for 2005 was \$688,500, and he received a bonus of \$779,868. Mr. Washlow's bonus consisted of \$389,868 and 10,000 shares of stock with a fair market value of \$390,000 on December 13, 2005, the date that the shares were awarded to Mr. Washlow. In determining Mr. Washlow's bonus for 2005, the Compensation Committee considered, among other factors, Mr. Washlow's performance against certain management objectives set by the Compensation Committee for Mr. Washlow. Mr. Washlow also received an award of 105 SVARs (as defined below) pursuant to the Plan described below. For 2006, Mr. Washlow's base salary is set at \$650,000 pursuant to his employment agreement. In addition, Mr. Washlow is eligible to participate in the Incentive Compensation Program, the Incentive Stock Option Program, the Stock Performance Plan and the Long-Term Capital Accumulation Plan.

Incentive Compensation Program. In 1995, the Board of Directors adopted the Lawson Products, Inc. Annual Incentive Compensation Program (the "Program"). Under the Program the Compensation Committee establishes annual corporate, company and individual target performance levels for each of the participating employees (which includes each of the Named Officers except Sidney L. Port and Robert J. Washlow). Each participant will then be granted an

Table of Contents

annual incentive award based upon the base salary at the beginning of the year for that participant and the degree to which the participant's predetermined targets are achieved during the year.

Incentive Stock Option Program. The Company issues stock appreciation rights and stock awards to officers, key employees and directors under the Lawson Products, Inc. Incentive Stock Plan (the "Stock Plan"). The objectives of the Stock Plan are to align executive and stockholder long-term interests by creating a link between executive compensation and stockholder return and to enable executives and other key employees to develop and maintain a long-term stock ownership position in the Company. Under the Stock Plan, the Compensation Committee determines the identity of recipients and the amount of benefits to be received by each recipient. Generally, options are granted at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant and have ten year terms. The Compensation Committee did not grant awards under the Stock Plan in 2005.

Stock Performance Plan. In 2000, the Board of Directors adopted the Lawson Products, Inc. Stock Performance Plan under which the Compensation Committee may grant key management employees stock performance rights which will entitle the holders to receive, in cash, the appreciation in the fair market value of the Company's Common stock from the date of the initial grants up to the date the rights are exercised. The Compensation Committee primarily uses stock performance rights for long term incentive compensation for its key employees. The Compensation Committee did not grant stock performance rights in 2005.

Long-Term Capital Accumulation Plan. In 2004, the Board of Directors adopted the Lawson Products, Inc. Long-Term Capital Accumulation Plan (the "Plan"). The Plan provides long-term incentive compensation to key executives of the Company selected by the Compensation Committee of the Company. The Plan covers a five-year performance period running from January 1, 2004 through December 31, 2008, and the amount of compensation to be paid to the participants in the Plan will be based upon the degree of improvement, during the performance period, in (a) the consolidated earnings of the Company before adjustment for interest, income taxes, depreciation and amortization ("EBITDA") and (b) the net value of certain non-operating assets and liabilities of the Company, as described in the Plan. The compensation payable to a participant in the Plan will be a percentage of an overall pool amount for the Plan. Under the Plan, the Compensation Committee determines the recipients and the amount of each award of Shareholder Value Appreciation Rights or "SVARs" awarded under the Plan. The Compensation Committee granted 300 SVARs in 2005.

Other Benefits. The Company maintains an Executive Deferral Plan for certain executives. The Company also provides a variety of other benefits including a Profit Sharing Plan, which are generally available to Company employees.

The Report of the Compensation Committee of the Board of Directors and the Stock Price Performance Graph shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Certain Relationships and Related Party Transactions

Superior and Sedgwick Associates, an Illinois limited partnership (the Partnership), entered into a Real Estate Sales Agreement, dated October 24, 2005 (the Real Estate Sale Agreement), with the City of Chicago pursuant to an option to purchase certain real estate described therein held by the City of Chicago. The Company was the limited partner of the Partnership and as such owned approximately 98.5% of the total Partnership interests. The real property was the sole asset of the Partnership. Robert J. Washlow, Chairman of the Board and Chief Executive Officer of the Company, was the general partner of the Partnership and owned approximately 1.5% of the total Partnership interests. The partnership was formed in 1984, prior to Mr. Washlow becoming an executive officer of the Company. Pursuant to the Agreement of Limited Partnership dated November 1, 1984 governing the Partnership (the Partnership Agreement), the general partner was entitled to be paid reasonable fees as compensation for managing the affairs of the Partnership. The fees were to be comparable to those charged by real estate management firms in the Chicago metropolitan area. The Company's Board of Directors established a special committee of disinterested directors to consider the management fees to be paid pursuant to the Partnership Agreement. The special committee engaged advisors of its own selection to assist in its evaluation of the management fees, and on October 24, 2005 the special committee concluded that the appropriate management fees pursuant to the Partnership Agreement were \$2,000,000, to be paid by the Partnership to Mr. Washlow on October 31, 2005. On October 24, 2005, the audit committee of the board of directors considered and approved the management fees. Also on October 24, 2005, the management fees approved by the special committee were ratified by the Board of Directors, with Mr. Washlow abstaining. In addition, Mr. Washlow also received net cash proceeds of approximately \$270,500 due to his 1.5% partnership interest. The Company received net cash proceeds of approximately \$15,707,000 and realized a net gain of \$12,189,000 due to the 98.5% partnership interest. The Partnership was dissolved on December 22, 2005.
