THE BOARD OF DIRECTORS

The business and affairs of RTI are under the general direction of the Board of Directors. The Board presently consists of ten members, eight of whom are neither officers nor employees of RTI or its subsidiaries. The Board of Directors has determined that Craig R. Andersson, Neil A. Armstrong, Daniel I. Booker, Donald P. Fusilli, Jr., Ronald L. Gallatin, Charles C. Gedeon, Robert M. Hernandez and Edith E. Holiday all meet the New York Stock Exchange rules and listing standards relating to independence generally and for all committees on which they serve. None of the independent directors has a relationship with the Company that is material.

The Board met five times during 2004. All of the directors attended more than 75% of the total number of meetings of the Board and of the committees on which they serve. The Chairman of The Board chairs the regularly-scheduled executive sessions of the non-management directors. In the Chairman's absence, the chairperson of the Nominating/Corporate Governance Committee chairs the meeting.

It is the policy of the Nominating/Corporate Governance Committee to consider recommendations by shareholders, directors, officers, employees, and others for nominees for election as director. Recommendations, together with the nominee's qualifications and consent to be considered as a nominee, should be sent to the Secretary of RTI for presentation to the Committee. Board Membership criteria considered by the Committee is discussed below under the caption "Nominating/Corporate Governance Committee" and is set forth in the Company's Corporate Governance Guidelines, available on the RTI Website, www.rtiintl.com.

There are four principal committees of the Board of Directors. Committee membership, the functions of the committees and the number of meetings held during 2004 are described below.

EXECUTIVE COMMITTEE

The members of the Executive Committee are Robert M. Hernandez (Chairman), Craig R. Andersson, Charles C. Gedeon, John H. Odle and Timothy G. Rupert.

The Executive Committee assists the Board in the discharge of its responsibilities and may act on behalf of the Board when emergencies or scheduling make it difficult to convene the Board. All actions taken by the Committee must be reported at the Board's next meeting. During 2004, the Executive Committee held two meetings.

AUDIT COMMITTEE

The members of the Audit Committee are Robert M. Hernandez (Chairman), Craig R. Andersson, Neil A. Armstrong, Donald P. Fusilli, Ronald L. Gallatin, and Charles C. Gedeon. All of the members of this Committee meet the New York Stock Exchange's rules and listing standards for audit committee independence. The Board has determined that Messrs. Hernandez, Fusilli, and Gallatin are each qualified as an audit committee financial expert within the meaning of Securities and Exchange Commission regulations and that each of the members of the Audit Committee has accounting or financial management expertise within the meaning of the listing standards of the New York Stock Exchange.

The Audit Committee assists the Board in overseeing RTI's financial reporting

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

process and systems of internal accounting control, RTI's compliance with legal and regulatory requirements and qualifications, independence and performance of RTI's internal auditors and independent registered public accounting firm. The Committee has direct responsibility for the appointment, compensation, retention and oversight of RTI's independent registered public accounting firm. The Committee has adopted, and the Board has approved, the Committee charter, available on the RTI Website, www.rtiintl.com.

The Audit Committee held ten meetings in 2004.

5

HUMAN RESOURCES COMMITTEE

The members of the Human Resources Committee are Craig R. Andersson, Neil A. Armstrong, Daniel I. Booker, Donald P. Fusilli, Ronald L. Gallatin, Charles C. Gedeon and Edith E. Holiday. All of the members of this Committee meet the NYSE's rules and listing standard for independence for purposes of this Committee.

The Committee discharges the Board's duties concerning executive compensation and prepares the report on such compensation required by the Securities and Exchange Commission.

The Human Resources Committee is responsible for review and approval of RTI's compensation philosophy; executive compensation programs, plans and awards; and policies, principles and procedures for selection and performance review of the CEO and other top management; and for establishing the CEO and other top management's compensations levels based on the Committee's evaluation of their performance. The Committee also administers RTI's long term incentive plans and stock or stock-based plans. The Committee has adopted, and the Board has approved, a Committee charter which is available on the RTI Website, www.rtiintl.com.

The Human Resources Committee held five meetings in 2004.

NOMINATING/CORPORATE GOVERNANCE COMMITTEE

The members of the Nominating/Corporate Governance Committee are Daniel I. Booker (Chairman), Robert M. Hernandez and Edith E. Holiday. All of the members of this committee meet the New York Stock Exchange's rules and listings standards for independence for purposes of this committee.

The Nominating/Corporate Governance Committee is responsible for identifying individuals qualified to serve as directors; recommending to the Board candidates for election to the Board at the Annual Meeting of Shareholders or by the Board to fill vacancies occurring on the Board; and also considering RTI's director compensation from time to time. The Committee considers director candidates submitted by directors, officers, employees, shareholders and other constituencies. The Committee is also responsible for developing and recommending to the Board corporate governance principles applicable to RTI as well as their periodic review. The Committee has adopted, and the Board has approved, a Committee Charter that is available on the RTI Website, www.rtiintl.com.

The Nominating/Corporate Governance Committee annually reviews the skills and attributes of board members within the context of the current make-up of the full Board. Board members should have individual backgrounds that when combined provide a portfolio of experience and knowledge that well serve RTI's governance and strategic needs. Board candidates may be suggested by members of the Committee as well as other directors, management, shareholders, and others, and

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

will be considered on the basis of a range of criteria including broad-based business knowledge and contacts, prominence, diversity of talents and background and sound reputation in their fields as well as a global business perspective and commitment to corporate citizenship. Additional information concerning director candidates is contained in RTI's Corporate Governance Guidelines, available on the RTI Website at www.rtiintl.com.

The Nominating/Corporate Governance Committee held four meetings in 2004.

COMPENSATION OF DIRECTORS

Non-employee directors (except for the Chairman) receive an annual retainer for their service on the Board of \$60,000 and Mr. Hernandez receives an annual retainer of \$110,000 as non-employee Chairman of the Board. One-half of these retainers are paid in cash and one-half through awards of restricted stock under the 2004 Stock Plan (as approved by the Shareholders at the 2004 Annual Meeting). In addition, the Audit Committee Chairperson receives an annual cash retainer of \$10,000 and other committee chairpersons receive an annual cash retainer of \$5,000. No fees are paid for Board or committee meetings attended except that if, in the opinion of the Chairman of the Board, circumstances require that an extra-ordinary number of Board meetings be held, non-employee directors will receive a meeting fee of \$1,000 for each meeting attended thereafter. During 2004, no additional fees were paid to directors for meeting attendance.

At each regularly scheduled, quarterly meeting, the Audit Plan and fees incurred to date are reviewed, and any fees above the estimate are reviewed and approved at the meeting. In addition, the Chairman of the Audit Committee has been delegated authority by the full Committee to preapprove additional audit and non-audit fees between meetings, subject to review by the full Committee at the next regularly scheduled meeting.

10

THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF
PRICEWATERHOUSECOOPERS LLP AS
RTI'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2005.

AUDIT COMMITTEE REPORT

The committee met with management, PricewaterhouseCoopers LLP and the internal auditors frequently throughout the year to consider the adequacy of RTI's internal control over financial reporting and the objectivity of its financial reporting, including compliance with Section 404 of the Sarbanes-Oxley Act of 2002. We also discussed with RTI's management and PricewaterhouseCoopers LLP the process used for certifications by RTI's chief executive officer and chief financial officer that are required for certain of RTI's filings with the Securities and Exchange Commission. We have reviewed and discussed RTI's 2004 audited financial statements with management and with PricewaterhouseCoopers LLP. The committee also discussed with the independent accountants the matters required to be communicated by Statement on Auditing Standard (SAS) No. 61 as amended by SAS No. 90 (Communications With Audit Committees).

In addition, the committee received from the independent accountants the written disclosures required by Independence Standards Board Standard No. 1 and discussed with them their independence from RTI and its management. We have considered whether the provision by PricewaterhouseCoopers LLP of the professional services described above was compatible with the maintenance by PricewaterhouseCoopers LLP of its independent status and have determined that it was.

Based on these reviews and discussions, we recommended to RTI's Board of Directors, and the Board has approved, that the Audited Financial Statements be included in RTI's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

HUMAN RESOURCES COMMITTEE REPORT ON EXECUTIVE COMPENSATION

OVERVIEW

This Committee administers RTI's stock-based compensation plans and is also responsible for all other executive compensation matters. RTI had adopted a comprehensive statement entitled "Pay Philosophy and Guiding Principles Governing Officer Compensation" (the "Pay Statement") which is applicable to RTI's President and CEO, Executive Vice President and each Vice President. Principal components of the Pay Statement are as follows:

The philosophy set forth in the Pay Statement is to have RTI's officer compensation programs:

- Promote achievement of RTI's business objectives and reinforce its strategies;
- Align the interests of the Company's officers with those of its shareholders; and
- Provide pay that is externally competitive and internally equitable, that rewards accomplishment to the extent identifiable and measurable, and that delivers significant rewards for exceptional performance.

The Pay Statement includes specific guiding principles. These include pay program characteristics of:

- **Variability:** A large portion of total compensation will be based upon Company performance, recognizing the highly cyclical nature of the Company's business. While salaries will generally be maintained at competitive levels, the major opportunities for significant upward shifts in total compensation will be provided through short-term and long-term incentive programs.
- **Clarity:** Performance objectives for short-term and long-term incentive programs will be clearly articulated to executives and normally the objectives will be predetermined and related performance evaluations will thus be straightforward. However, if deemed necessary by the Company's board, after-the-fact discretionary judgment will be applied.
- **Communicability:** Officers will be aware of and fully understand their earnings potential for a given year and what specific actions and results are needed to achieve these earnings.
- **Strategic Emphasis:** The Pay Statement sets out the approximate proportion of total direct compensation to be represented by salary, short-term (bonus) and long-term incentives assuming both short-term and long-term incentives are paid at target levels by classes of officer as follows:
 - President and CEO-35% salary, 20% bonus and 45% long-term incentives.
 - Executive Vice President-40% salary, 20% bonus and 40% long-term incentives.
 - Vice Presidents-45% salary, 15% bonus and 40% long-term incentives.

15

The Pay statement provides that RTI's officers compensation should range at

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

about the average or median of the remuneration paid by the Company's comparator group when aspects of performance are at target levels.

SALARY

Executive salary is to be paid to reward performance and accomplishment in recognition of consistent excellent performance over a number of years. An individual's salary may fall anywhere in a range the midpoint of which for each position will be maintained near the median of that for similar positions at appropriate comparator companies with a maximum near the seventy-fifth percentile of the comparator group. However, individual salary increase levels will reflect a variety of factors including relevant experience, time in position and individual performance as measured in an annual performance review.

BONUSES

The major role of annual incentive, or bonus payments is to motivate officers through the recognition of attainment of specific key objectives and/or other strategic milestones or operational goals. Bonuses are to be paid pursuant to the following guidelines and maintained near the median for that for similar positions at appropriate comparator companies:

- President and CEO-Bonus may range from 0 to 120% of annual salary with a target of 60% of annual salary.
- Executive Vice President-Bonus may range from 0 to 100% of annual salary with a target of 50% of annual salary.
- Vice Presidents-Bonus may range from 0 to 80% of annual salary with a target of 40% of annual salary.

No bonus will be paid to an officer whose performance is judged to be unacceptable regardless of the level of corporate performance. Likewise, the Board may pay bonuses to recognize exceptional individual performance regardless of the level of corporate performance.

LONG-TERM INCENTIVES

Long-term incentive awards are designed specifically to reward increases in shareholder wealth as measured by the price of the Company's common stock as well as improvement in earnings per share. Long-term incentive grants will be made pursuant to the Company's 2004 Stock Plan and may be made in a combination of stock (which may be restricted shares, performance shares, phantom stock or non-restricted shares) and stock options. The total projected value of long-term incentive grants are to be divided roughly between stock and options and in the ranges as follows:

- President and CEO-Long-term incentives should be split roughly 80% stock and 20% stock options and should range in value between 90 and 130% of annual salary.
- Executive Vice President-Long-term incentives should be split roughly 75% stock and 25% stock options and should range in value between 80% and 120% of annual salary.
- Vice Presidents-Long-term incentives should be split roughly 70% stock and 30% stock options and should range in value between 40% and 80% of annual salary.

COMPARATIVE DATA

The Pay Statement recognizes that there is a dearth of U.S. companies that

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

compete directly with RTI and because managerial talent can be found in organizations other than competing companies, the compensation data selected for use in company and/or individual position comparisons should include information on a broad group of U.S. industrial companies similar to RTI in terms of sales

16

volume, or as appropriate, assets, total capital, market value or number of employees. When appropriate and available, data specific to the metals industry or a specific position should be used.

COMPENSATION OF THE PRESIDENT AND CHIEF EXECUTIVE OFFICER

The Human Resources Committee meets each year to evaluate the performance of Mr. Rupert the results of which are used to determine his compensation. On January 30, 2004, the Committee set Mr. Rupert's salary for 2004. This year the Committee met on January 28, 2005 to review Mr. Rupert's 2004 performance, award him his bonus and long-term awards pursuant to the Pay Statement, and set his 2005 salary.

Market conditions in the titanium industry were severely impacted by the terrorist attacks on September 11, 2001. During 2002 and 2003, the commercial aerospace business remained weak and contributed to the decline in titanium mill product demand during this time frame and into 2004. Mr. Rupert and the rest of the management team focused on cutting production costs and expanding the Company's capabilities and markets for its products.

After review of Mr. Rupert's performance in 2003 against his objectives, RTI operating and financial performance, cash flow, return on assets and shareholder return, in January 2004, the Committee set Mr. Rupert's 2004 annual salary at \$435,000. Mr. Rupert's percentage increase in his annual salary from 2003 to 2004 was approximately 4.8%.

In January 2005 the Committee reviewed Mr. Rupert's 2004 performance. The Committee considered Mr. Rupert's performance leading the Company through the labor negotiations with respect to the Company's Niles, Ohio facility as outstanding. The Committee believes that tremendous value was built with the new labor contract and an outstanding job was done serving the Company's customers and our shareholders during the work stoppage. The Committee recognized that shareholder value as expressed by the company's common stock price increased approximately 22% during 2004. It was also noted that Mr. Rupert continued to grow the Company in 2004 as evidenced by the acquisition of Claro Precision and an 8% increase in sales during the year. The Committee also reviewed the financial performance of the Company in 2004 and recognized that the Company suffered a loss for the year. However, the Committee noted that the loss was primarily attributable to the costs of implementation of Section 404 of Sarbanes-Oxley, as well as certain non-reoccurring write-offs.

Overall the Committee believes that Mr. Rupert exceeded his predetermined objectives for 2004 and as a result the Committee award Mr. Rupert a bonus for 2004 of \$375,000 which is approximately 86% of his annual salary which is within the range set by the Pay Statement and above the 60% target. Mr. Rupert's long-term awards were commensurate with the high end of the Pay Statement and are reflective of the Committee's belief that Mr. Rupert brought considerable long-term value to the RTI in 2004 as well as our desire to continue to provide incentive to the Company's top management to continue to build long-term value.

RETIREMENT BENEFITS

PENSION PLAN

RTI's Pension Plan is a defined benefit plan which first became effective at RMI Company (a predecessor of RTI) in 1971. The Pension Plan recognizes, for pension benefits, services and compensation with RTI, RMI Titanium Company, RMI Company, Reactive Metals, Inc. (a predecessor of RMI Company), United States Steel Corporation, USX Corporation, Quantum Chemical Corporation, or subsidiaries of each. The amounts payable under the Pension Plan will be paid monthly after a participant retires. The table below shows the annual pension benefits for retirement at age 65 (or earlier under certain circumstances) for various levels of eligible earnings which would be payable to employees retiring with the years of service shown. The benefits are based on a formula which provides under normal retirement amounts equal to 1.25% of the average monthly earnings multiplied by continuous years of service up to and including 30 years; plus 1.35% of the average monthly earnings multiplied by continuous years of service in excess of 30 years of a specified percentage (dependent on years of service) of average annual eligible earnings in the five consecutive years of the ten years prior to retirement in which such earnings are highest. Eligible earnings includes only base salary. Incentive awards and similar benefits are excluded, although the amount of such benefits is included in the Summary Compensation Table. Benefits payable under the Pension Plan, and amounts reflected in the following table are subject to offsets for social security benefits and, in certain instances, pensions payable under the U.S. Steel and the Quantum

Under the employment agreement dated as of August 1, 1999 between RTI and Mr. Odle, RTI agreed that if he continues in active employment with RTI until either age 65, or such earlier date as the RTI Board of Directors may approve, RTI at his retirement will pay him a one time lump sum payment of the then present value of the 9.16 years of non-pensionable service attributable to periods he was employed by U.S. Steel (3.58 years) and the Company (5.58 years) which pre-date his current period of employment, calculated pursuant to the RTI Pension Plan and its Supplemental Pension Program.

SUPPLEMENTAL PENSION PROGRAM

Officers participating in the Incentive Compensation Plan are also eligible for the RTI Supplemental Pension Program. If they retire or otherwise terminate employment after age 60, or prior to age 60 with RTI consent, they will be entitled to receive the benefits shown in the table below based on bonuses paid under the Incentive Compensation Plan.

RTI has agreed with Mr. Rupert that his continuous service for purposes of the

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

Supplemental Pension Program shall include his service with USX Corporation and its predecessor U.S. Steel. As of December 31, 2004, Mrs. Hickton had 7 credited years of service, and Mr. Jacobs 6, Mr. Odle 27, Mr. Berkstresser 5 and Mr. Rupert 36. Average annual bonus as of December 31, 2004, for purposes of the pension benefits under the RTI Supplemental Pension Program for each of the

19

following named executive officers are as follows: Mrs. Hickton, \$88,000; Mr. Jacobs, \$60,000; Mr. Odle, \$140,000; Mr. Berkstresser, \$58,000 and Mr. Rupert, \$330,000.

The benefits shown above are based on a formula whereby the average annual bonus for the highest five years in the preceding ten year period are multiplied times a factor. The factor is determined by multiplying 1.5% for each year of continuous service. Participants in the plan may elect to have the monthly benefit as a result of the formula paid monthly for life or receive a lump sum distribution based on the present value of the amounts payable. The plan provides for surviving spouse benefits at a reduced rate.

In order to comply with the limitations of the Internal Revenue Code, pension benefits will be paid directly by RTI when they exceed the amounts permitted by the Code to be paid from federal income tax qualified pension plans.

EMPLOYMENT AGREEMENTS

On August 1, 1999, RTI entered into employment agreements with Mrs. Hickton and Messrs. Jacobs, Odle and Rupert covering their employment for an initial four year term and for additional one year terms each year thereafter until the officer attains age 65 unless terminated prior thereto by either party on 120 days notice. Under the agreements, each officer will be paid the annual salary set forth, subject to increases from time to time in the sole discretion of RTI. RTI may terminate the services of the officer at any time for "cause" as defined in the agreement. Officers each agree not, for a period of 24 months after the end of the employment period or employment termination, whichever occurs first, to be employed by, or otherwise participate in, any business which competes with RTI. This restriction does not apply if the officer terminates employment with RTI under certain circumstances following a "change in control" of RTI as defined.

The employment agreements also provide that the officer will be entitled to certain severance benefits in the event of termination of employment under certain circumstances following a "change in control" as defined.

These are:

- a cash payment of up to three times the sum of the officer's current salary plus the highest bonus in the four years before the date of termination,
- all unvested restricted stock and options will vest immediately,
- life, disability, accident and health insurance benefits for 24 months after termination,
- a cash payment of the amount necessary to insure that the payments listed above are not subject to net reduction due to the imposition of federal excise taxes.

The severance benefits are payable if, any time after a change in control, the officer's employment is terminated by the officer for good reason or by RTI

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

other than for cause or disability. In addition the benefits are payable to Mr. Odle or Mr. Rupert in the event either of them terminates employment within 90 days after a change in control.

The definition of a change in control for purposes of these agreements is complex but is summarized as follows. It includes any change in control required to be reported in response to Item 6(e) of Schedule 14A under the Securities Exchange Act of 1934 and provides that a change in control will have occurred if:

- any person not affiliated with RTI acquires 20 percent or more of the voting power of our outstanding securities,
- the Board no longer has a majority made up of (1) individuals who were directors on the date of the agreements and (2) new directors (other than directors who join the Board in connection with an election contest) approved by two-thirds of the directors then in office who

20

(a) were directors on the date of the agreements or (b) were themselves previously approved by the Board in this manner.

- RTI merges with another company and RTI's shareholders end up with less than 50 percent of the voting power of the new entity,
- our shareholders approve a plan of complete liquidation of RTI, or
- we sell all or substantially all of RTI's assets.

On November 1, 1999 RTI entered into an employment agreement with Mr. Berkstresser covering his employment for an initial four year term and for additional one year terms each year thereafter until he attains age 65 unless terminated prior thereto by either party on 120 days notice. Under the agreement, he will be paid the annual salary set forth, subject to increases from time to time in the sole discretion of RTI. The agreement contains the other terms and conditions described above as being contained in the agreements with Mrs. Hickton and Mr. Jacobs.

On December 6, 2003, RTI entered into a letter agreement with Mr. Rupert (the "2003 Letter") with respect to Mr. Rupert's retirement benefits. The 2003 Letter provided for an amendment to the RTI Supplemental Pension Program allowing the benefits payable to Mr. Rupert under the RTI Supplemental Pension Program to be calculated in a manner that includes Mr. Rupert's service with USX Corporation and its predecessor U.S. Steel, and with RTI. This amendment was effected in January 2004. RTI's obligations toward such benefit shall continue notwithstanding any termination of the RTI Supplemental Pension Program. The 2003 Letter superceded a previous letter agreement with respect to Mr. Rupert's benefits dated April 13, 1992, between Mr. Rupert and RMI Titanium Company, signed by L.F. Gieg, Jr. In addition, the 2003 Letter provides that Mr. Rupert's pension under the RTI Pension Plan is calculated based solely upon the terms of the RTI Pension Plan, using Mr. Rupert's combined years of service with the USX and RTI, reduced by the amount of any retirement benefits payable under the U.S. Steel Pension Plan. Mr. Rupert further agreed in the 2003 Letter that RTI will not have an obligation to make up any difference in (a) any pension benefit Mr. Rupert would have received from the U.S. Steel Pension Plan had Mr. Rupert remained employed by USX and (b) the actual combined pension benefit Mr. Rupert will receive from the U.S. Steel Plan and RTI.
